717	CS: ACE: Community Empowerment	Apply the empowered communities approach – connecting communities (HM)	Broker strategic collaborative relationships and resources within the community. This includes three key activity areas: 1. Engage communities – reach out to less accessible and diverse groups - focus on capacity building and inclusion 2. Enabling council – ensure that groups have access to operational and technical expertise and identify and address barriers to community empowerment 3. Report back - to local board members on progress in activity areas 1 and 2. Includes responding to the aspirations of mana whenua, mataawaka, marae and Māori organisations.	Q1;Q2	LDI: Opex	\$ -	In progress	Green	The negotiations to finalise a relationship agreement with Mana Whenua for Te Kawerau o Maki are completed. Funding agreements to the local community groups outlined in this work programme were completed in July 2017. The funding agreements allow local neighbourhood groups to undertake agreed community programmes that align with local board priorities. Staff have brokered cross council community projects to allow community groups to install improvements in local parks, e.g. Riverside Park exercise equipment and Triangle Park.	The agreed programmes for community organisations to implement local initiatives are well underway. Community organisations such as McLaren Park Henderson South Community Trust, Ranui Action Project, Ranui 135, Massey Matters, and Community Waitakere are responsible for leading and negotiating a variety of programmes within their neighbourhoods that range from placemaking, capacity building to youth initiatives. These programmes are community-led. All programmes are delivering on the agreed milestones. Cross-council relationships involving the Community Empowerment Unit; Parks, Sport and Recreation, and Community Facilities continued to support Massey Matters in leading concept improvements in Triange Park.
722	CS: ACE: Community Empowerment	Local Māori Responsiveness Action Plan (HM)	Work with mana whenua and mataawaka to create a local responsiveness action plan which includes the following: • key aspirations and priorities for Māori in the area • opportunities to work together • a plan for building strong relationships and sharing information with Māori	Q1;Q2	LDI: Opex	\$ 30,000	In progress	Green	In May 2017, Kim Penitito was contracted to complete mapping research of Maori stakeholders and their aspirations for Henderson-Massey Local Board. This research is completed and was workshopped with the local board on 26 September 2017. Negotiations are completed with Mana Whenua group, Te Kawerau o Maki for the Relationship Agreement with the Henderson-Massey Local Board.	On 29 November 2017, a hui at Hoani Waititi marae was held for all Maori stakeholders in West Auckland. Approximately 70 people attended the hui and discussed the main findings identified in the local Maori Responsiveness Plan. This plan was completed in September 2017. Themes of leadership, education, capacity building, places and spaces and kaupapa Maori were highlighted in the research as being areas that needed addressing for local Maori. This work will continue to be developed at another hui, scheduled for March 2018.
755	CS: ACE: Community Empowerment	Community-led placemaking: (NorthWest (NorSGA)) Spatial Priority Area (HM)	Engage and empower communities to ensure that they influence decision-making on spatial priority area (SPA) planning and implementation. Strengthen community-led placemaking and planning initiatives within the SPA area. Develop innovative ways to engage with communities that have not traditionally participated in council decision-making.	Q1;Q2;Q3;Q4	LDI: Opex	\$ -	In progress	Green	No significant opportunities for engagement or community-led development in this quarter. Staff continue to explore opportunities to support community-led development and engagement as housing developments progress in the Spatial Priority Area.	Staff brokered an agreement with Homes Land Community to share their experience of investing in social and community infrastructure with other developers in the area. This is proposed to occur in Q3. Staff continued to work with Plans and Places unit to support engagement with developers and communities in the Spatial Priority Area as opportunities arise.
765	CS: ACE: Community Empowerment	REGIONAL: Improve safety through community-led place making (HM)	Fund and partner with local organisations such as voluntary community patrols and Neighbourhood Support to deliver initiatives that will make the area feel safe and vibrant. Activities: • build local organisation capacity and capability to respond flexibly to any local safety issues • activate community-led responses, through a variety of place-making activities that increase the sense of community belonging and safety in their communities.	Q1;Q2;Q3;Q4	Regional	\$ -	In progress	Green	In Q1, funding agreements were drafted to deliver safety programmes across 3-west local boards, including high visibility patrols, and educational initiatives, such as Bluelight discos within primary schools. This includes draft agreements with: - Pacific Wardens Glen Eden - Community Patrols - Waitakere Pacific Wardens - Neighbourhood Support Waitakere - Waitakere Bluelight. All funding agreements will be completed in Q2.	Funding agreements with the west pacific warden groups, community patrol groups and Neighbourhood Support Waitakere have been completed. The groups provide reassurance, advice and high visibility patrols throughout west. A deployment plan has been developed and is coordinated in partnership with the police.

903	CS: ACE: Community Empowerment	Increase diverse participation: youth voice, youth-led initiatives, and Tula'i Youth Leadership – (West Auckland Pasifika Forum)	Develop three neighbourhood youth voice programmes in Henderson, Ranui and Massey that encourage and support young people to give their views to influence local board work priorities and provide input into local board decision-making on issues that affect young people. Link this neighbourhood process with the programmes and services operating from Zeal (a national youth service) to ensure a wide coverage of youth input. Implement youth-led projects and events such as Youth Week which will be planned, organised and run by youth Tula'i Youth Leadership Pasifika programme (West Auckland Pasifika Forum) Budget: \$12,000 to Tula'i Youth Leadership Pasifika programme \$5,000 - youth week \$11,000 split between three neighbourhood hubs to develop neighbourhood youth voice	Q1;Q2	LDI: Opex	\$ 28,000	In progress	Green	Funding agreements for youth voice were completed for Ranui, Massey and McLaren Park Henderson South in Q1. In August 2017, MPHS, together with Zeal, organised a youth retreat with 25 young people from the Henderson-Massey Local Board area attending. This was a collaborative project, establishing their own youth brand. The Tula'i programme had an independent review, which is currently being finalised. Initial planning for the 2018 programme is underway. Staff have secured a venue for the modules. A funding agreement is being progressed with Youth Horizons, as the fund holder for Tula'i, with the local board approving three years of funding.	The funding agreement with Youth Horizons for Tula'i was completed in late November 2017. Planning with staff and Zeal for the 2018 programme took place in December. Zeal will provide the venue to host the students through the 2018 modules. A meeting was held with Zeal to coordinate Youth Week 2018, with a Youth Week funding agreement being completed in Q3. Various neighbourhood initiatives were completed to strengthen the youth voice in the local board area. This included a youth camp in the Waitakere Ranges which catered for up to 25 youth and was led by staff from McLaren Park Henderson South. The Massey Youth Can group (who have 18 regulars and meet weekly) recently organised a Halloween party for local youth. The Youth Voice leaders from McLaren Park Henderson South met monthly to review the participants community achievements. The Henderson Youth Voice group organised after school activities for youth (not involved in sport), and a Zeal birthday celebration in October 2017. Youth Voice participants are planning a Youth Voice summer event for Q3.

This workshop builds resilience at family, street and neighbourhood levels.</li> <li>-established the community radio at Pomaria School which connects the specific community around the school.</li> <li>community arts projects from the community hub at Pomaria School continue on an on-going basis.</li> </ul>	In Q2, Community Waitakere undertook placemaking initiatives at Pomaria and Lincoln Roads in Henderson. Four events have been completed as part of the Summer Series to activate green spaces in Kingsdale, Alan, Glen Norman and Fairdene reserves. Residents in this area contributed to the weekly community radio that runs from the Pomaria Hub. Neighbourhood-led community boxing initiatives commenced and 'In Case of Emergency' workshops (civil defence) have been coordinated from the community house. A community arts project at Pomaria was developed and implemented, highlighting the importance the community places on encouraging art amongst its residents.
910	CS: ACE: Community Empowerment	Build capacity: Massey neighbourhood development	Undertake a range of community programmes and initiatives to enable the development of Massey's neighbourhoods. The following initiatives will occur: <ul style="list-style-type: none"> <li>• a free youth event organised by youth</li> <li>• continued co-lab local youth involvement with YMCA and Raise Up</li> <li>• neighbourhood exercise in parks over the summer and autumn months for families</li> <li>• street BBQs to generate neighbourly participation</li> <li>• linking with local school hubs to extend community programmes and activities</li> <li>• resident led initiatives, such as local clean ups</li> <li>• developing opportunities to partner with mana whenua and mataawaka</li> <li>• local business support for prizes and community acknowledgement</li> <li>• youth speak outs</li> <li>• local events such as the Massey Christmas party.</li> </ul>	Q1;Q2	LDI: Opex	\$ 45,000	In progress	Green	The funding for neighbourhood development in Massey Matters was completed in Q1. The children's garden was approved (Massey Matters has oversight of this) and negotiations have commenced between Massey Matters and the Men's Shed in Massey to build seating for this garden.	Massey Matters was involved in a number of community initiatives in Q2. The Triangle Park Pop Up Drop in Day attracted over 60 attendees. A successful application from Transpower was received, which funds the concept design for the community-led redesign of Triangle Park. A childrens' sensory garden was installed at the Massey Community hub, the Manutewhau community garden was established and a book trail is running. In Q3, the Triangle Park Vision Holders group will meet to further the work at Triangle Park.
911	CS: ACE: Community Empowerment	Building capacity: Match fund	Provide match funding to allow local residents to apply to Massey Matters for small grants to further local neighbourhood initiatives. Grants of up to \$1,000 can be given under the new framework that has been developed for a resident led programme. Supported workshops are available for successful candidates. Celebration events will be attached to this programme of work.	Q1;Q2	LDI: Opex	\$ 5,000	In progress	Green	In Quarter 1, the following allocations of \$1000 each were made to: <ul style="list-style-type: none"> <li>The Massey Men's Shed for Kids Workshop series</li> <li>My Backyard Garden for Massey family gardens.</li> </ul> In addition to the above, Massey Matters held three public information sessions about match funding.	In Q2, staff held two information sessions to progress the knowledge and information around the Massey Matters Match Fund. To date, there have been two recipients of the Match Funding. These include Massey Mens' Shed and Massey Presbyterian Church. There are currently three applications awaiting final decision from the allocation panel. This will occur in Q3.

Staff will commence planning for the regional hui in Q2.	The Bi-annual community centre, houses and hubs hui was held on 24 November 2017 at Western Springs Garden Hall. Unfortunately Sturges West Community House could not attend on this day. Sturges West Community House did attend one of the hui held across the region to test the vision "More successful and sustainable Community Led places". Attendee stakeholders included community-led committee members and employees, community lease holders and interested community groups. The purpose of these sessions was to uncover what works well in the current operational and funding models, where there is room for improvement, identify useful resources, and think outside the square for developing future practice. Following on from these hui there will be an opportunity in Q3 for community members to join a working group and be part of a council/community team that inputs into a "Roadmap that enables more Community Led Places". Sturges West Community House was one of the early voting locations and as a result some of the voters joined classes and groups that take place there. Sturges West Community House's annual presentation to be scheduled in Q3.

380	CS: ACE: Community Places	Evaluation of Te Atatu Peninsula, Te Atatu South and Kelston Community Centres work programme	Evaluate the work programmes of Te Atatu Peninsula, Te Atatu South and Kelston Community Centres to understand whether the centres are delivering the outcomes agreed, and what other impacts the programmes might be having.	Q1;Q2;Q3;Q4	ABS: Opex	\$ -	In progress	Green	Evaluations on a range of programmes are underway. This included activities in the Creative Lab, Crafters group at Te Atatu Peninsula Community Centre and the Matua Pasifika group at Kelston Community Centre. Staff will continue to rollout surveys in Q2 and will be able to analyse data from programmes already evaluated.	In Q2 evaluations included the annual Spring Festival and Spoken Word programme at Te Atatu Peninsula Community Centre. Staff discussed feedback from the Spoken Word programme with the tutor as part of the programme review and renewal process. Staff and the tutor also identified a gap in the programming for young women. As a result we piloted a programme called 'Find Your Voice' for young women in Q2 which was rated positively by participants with significant interest from 16-17 year olds. Based on this we will be looking to continue the programme in 2018 (dates to be confirmed).
383	CS: ACE: Community Places	Community Venues HM-participation increase	Develop a network wide marketing strategy to increase participation within community venues in the Local Board area based on relevant and current research.	Q1;Q3;Q4	ABS: Opex	\$ -	In progress	Green	Staff considered insights from research undertaken on non-users of venues for hire across the network. Key opportunities for further investigation include: - Capitalise on strengths in positioning – family friendly, local and convenient, affordable - Improve the condition and amenities of venues to meet expectations - Develop our offer and tailor to meet distinct interests - Provide easy event package options -Improve visibility of centre activities that will enable participation - Develop a digital solution to promote both venues and activities - Drive repeat business, share experiences, satisfaction and reach new customers. Staff will develop an improvement plan in Q2 and Q3.	During Q2, staff continued to work through key research insights and developing actions against these. Staff held two workshops with internal stakeholders to identify and confirm a main business objective "to create greater reach and relevance for Aucklanders so they feel connected locally". Six main focus areas remain as:  - capitalise on strengths in positioning – family friendly, local and convenient, affordable - improve the condition and amenity to meet expectations - develop our offer and tailor to meet distinct interests - provide simple package options for hirers - develop a digital solution to promote both venues and activities - drive repeat business, share experiences, satisfaction and reach new customers.  Action planning will continue in Q3.

384	CS: ACE: Community Places	Venue Hire Service Delivery - HM	Provide and manage venues for hire and the activities and opportunities they offer as follows: - manage the customer centric booking and access process - align activity to local board priorities through management of the fees and charges framework. This includes activities contributing to community outcomes offered by not-for-profit and community groups and whether the activity is of religious ministry.	Q1;Q2;Q3;Q4	ABS: Opex	\$ -	In progress	Green	Staff have identified the need and value of understanding hirer satisfaction and experiences. Staff have developed a survey which will be sent out monthly to both casual and regular hirers in Q2 to gain insights from customers experience with council managed venues. Q1 statistics are based on the first two months of FY2018 and one month of estimates. Visitor numbers are steady compared to last year.	During Q2 monthly hirer surveys were sent out to all casual hirers and a selection of regulars. Staff will be able to share results in Q3. Q2 statistics are based on the first five months of FY18 and one month estimate. Visitor numbers are steady compared to last year.

Q1;Q2;Q3;Q4	ABS: Opex	\$ 187,376	In progress	Green	Te Atatu Peninsula Community Centre: Q1 focused on building community engagement through greater presence at the centre, dedicated office hours, facilitation of Te Atatu Community Network meetings, capturing feedback from centre visitors along with the new Te Atatu Youth Voice group. A new programme of afterschool activities will be launched in Q2 including badminton. Te Atatu South Community Centre: Q1 continued to deliver programmes in partnership with Heart of Te Atatu South (HoTAS) and plans are being made for new programmes starting Q3. The refurbishment dates have been confirmed and the centre will be closed in Q2. Waitakere Cadets programme relocated to Henderson High School as they needed office and storage space. Kelston Community Centre: Q1 programmes delivered and a workshop with the local board in September raised concerns about the centre which is in need of a refurbishment.	Te Atatu South Community Centre was closed for refurbishment for most of Q2 and reopened on 18 Dec. Renewed programming and events are scheduled in Q3. A service agreement has been signed with Heart of Te Atatu South (HOT-AS) who are the primary partner at Te Atatu South. Staff have been developing the old Plunket Room at Kelston Community Centre into a Creative Lab type space with Crescendo Trust as the primary partner. A service agreement has been created and we would expect this to be effective from Q3. There are some building issues to be addressed on site. Te Atatu Peninsula Community Centre had a full programme of after school activities in term 4 and a range of gallery activities and exhibitions including art work by local students about their community. The third annual Spring Festival took place in November which was later than usual. A new four-week conversational Te Reo class could not meet the level of demand and we will look to offer something similar in 2018. The recent addition of badminton to the centre has proven popular and we will be offering an open session on Monday evenings for families and adults.

1624	CF: Operations	Henderson-Massey Maintenance Contracts	The maintenance contracts include all buildings, parks and open space assets, sports fields, tree management and maintenance, ecological restoration, pest management, riparian planting, coastal management and storm damage. The budget for these contracts is determined by the Governing Body.	Q1;Q2;Q3;Q4	ABS: Opex	\$ -	Approved	Green	The new full facilities contract started on 1 July 2017. Higher than normal precipitation has resulted in saturated ground conditions, which has presented a challenge for mower operations, including preparing for the summer sports season. There have also been some on-going challenges with security gates and loose litter, which staff are focusing on resolving. In the building space, the main challenge has been the response timeframes for reactive maintenance, this will be addressed by increasing trades personnel by the contractor and the implementation of planned preventative maintenance. Highlights have been improved garden maintenance outcomes and the trial of bin sensors, which could potentially result in more efficient and improved on the ground service delivery. Arboriculture: The beginning of the first quarter saw mobilisation of new contracts. A priority was ensuring requests for service were effectively managed, particularly after hours emergency response. Replacement tree planting was completed over July/August. Annual inspections of street and park trees has commenced which will inform proactive programmes of tree maintenance. Ecological Restoration: A key focus of the first quarter has been the commencement of site assessments and the preparation of restoration plans for sites of ecological high value, working with other council departments and understanding volunteer activity on sites.	Full facility contractors were challenged by the increased grass growth in quarter two. This which was exacerbated by the exceptionally wet ground conditions of the previous quarter. The contractor was able to rise to the challenge and on the whole mowing was completed within specification. Summer sports field preparation was completed with only minor line marking issues at McCleod Park and Moire Park. Annual gardens were planted at Te Pai Reserve, Awaroa Reserve and in the Henderson town centre and all look fantastic. Building maintenance (soft services and trades) has improved due to additional personnel being employed by the contractor. Litter and public toilet cleanliness will be key areas of focus at busy coastal sites heading into quarter three. Ecological Restoration: All site assessment reports completed, commencement of plant pest control in High Value and General sites and close to the completion of the first round of animal pest control. Arboriculture: Improved seasonal conditions has seen a movement of maintenance focus from street tree to park trees.

Infrastructure and Environmental Services										
638	I&ES: DPO	Stormwater PC15 (Totara ponds)	To acquire land and construct stormwater ponds to allow the development of plan change 15. Ponds two, three, six and seven are complete and have been handed over to council. Pond four is almost complete and planting will be finished in the planting season (from April 2017). Pond one land acquisition negotiations are nearing completion and an infrastructure funding agreement for the pond construction is ready for execution.	Not scheduled	ABS: Capex	#####	In progress	Green	Pond four is nearing completion. Pond one and open space land is likely to settle in October 2017. Negotiation continues on an Infrastructure Funding Agreement with the developer for pond one and open space physical works.	Pond four is forecast for completion in January 2018, with remaining riparian planting to be completed by May 2018. Pond one and open space land acquisition was completed in November 2017. The Infrastructure Funding Agreement has been signed for pond one, and physical works are underway.
72	I&ES: Environmental Services	Bus subsidies for participation in education for sustainability - Henderson-Massey	To provide bus subsidies for 42 schools within the Henderson-Massey Local Board area to attend education for sustainability programmes at the Zero Waste Zone, and other experience centres. The Sustainable Schools team operates six experience centres around Auckland which offer hands-on education for sustainability experiences, inspiring children to make a difference for their environment. Staff are aware, from direct teacher feedback, that the cost of buses is restricting students from being able to attend these experience centres. As a guide, \$1,500 would allow 10 schools to attend an experience centre.	Not scheduled	LDI: Opex	\$ 2,100	In progress	Amber	In quarter one marketing collateral was produced and distributed via email to principals and/or key sustainability teachers at decile 1-4 schools in the local board area. Funds will be awarded in quarters 2, 3 and 4 on a first-come-first-served basis to up to 14 schools. Schools arrange their own transport and funds are paid directly to the school following their visit.	Initially the subsidy was offered to schools decile 1 -5. This has been extended to all schools due to the low uptake. In quarter two, only one school (Henderson North) took up the offer of a subsidy. The opportunity has been advertised again and will be promoted in the new year when term one starts.
87	I&ES: Environmental Services	Love Your Streams (EcoMatters) - Henderson-Massey	EcoMatters and Auckland Council's Healthy Waters department will work together to engage and support individuals, schools and community groups to adopt a proactive approach to pollution prevention of Henderson-Massey waterways. This project will involve events to promote stream stewardship and will enable community streamside weeding bees and planting at priority sites within the Henderson-Massey Local Board area, including continuing to support weeding bees and planting events along the Manutewhau Stream and in Sunnyvale.	Not scheduled	LDI: Opex	\$ 24,000	In progress	Green	In quarter one, weeding and planting of 450 plants was undertaken across three different properties that border the Awaroa Stream in Sunnyvale involving both landowners and their neighbours. Programming for quarter two is in progress.	In quarter two, four restoration sessions were held along the streamside adjacent to Sunnyside Road. This involved 20 neighbours and volunteers removing bamboo, rubbish and weeds, new plantings, laying mulch and preparation for further planting in quarter four. Engagement continued with residents of five properties adjacent to Awaroa Stream, with two weeding sessions completed involving seven volunteers, as well as follow up weed spraying. Manutewhau Stream action included two working bees with West Harbour School students to test water quality, remove rubbish, and weeding. Further Manutewhau-related activity included a saline wedge survey and assisting with research on hedgehog environmental impacts. Other quarter two activity comprised supporting and connecting residents working on stream restoration projects in Sunhill Scenic Reserve and Rangeview Road stream, formation and initial meeting of the Henderson-Massey Restoration Network Group for the North West Wild Link, and providing support for a clean-up of Glendene Reserve in November where 20 bags of rubbish were collected. Three working bees are scheduled alongside Awaroa/Sunnyvale streams in January and a clean-up of an area of Manutewhau Stream is planned for 24 March 2018 in conjunction with Massey Matters to coincide with both EcoWest Festival and Neighbours Day.

113	I&ES: Environmental Services	Industry Pollution Prevention Programme (EcoMatters)- Henderson-Massey	To identify businesses in Henderson-Massey that could have the greatest impact on stream health, due to potential industrial discharges, contaminated storm water, or litter, and to provide pollution prevention advice to these businesses	Not scheduled	LDI: Opex	\$ 10,000	In progress	Green	In conjunction with the owner of the Sunnyvale Superette, work was carried out with Sunnyvale Primary School on a wall mural outside the Sunnyvale Shops on Sunnyside Road highlighting the importance of stream care and pollution prevention. Pollution prevention work was undertaken involving neighbours from three different properties bordering the Awaroa Stream in Sunnyvale. Industry engagement will progress in quarter two.	Development of tailored industry pollution prevention workshops has progressed as planned and these will be delivered in key industrial areas throughout Henderson-Massey in February/March 2018. In conjunction with MPHS Community Trust, work on the Sunnyvale Superette wall mural has continued with the planting of a Tecomanthe speciosa (Three Kings Vine) at the adjacent Sunnyvale Community Hall which will be trained along the top of the mural. Work with Sunnyvale School is scheduled for quarter three to develop a further panel for the mural.
114	I&ES: Environmental Services	Love Your Neighbourhood (EcoMatters) - Henderson-Massey	To provide rapid response assistance up to a value of \$500 to support volunteer-driven practical environmental initiatives (for example, environmental clean ups and restoration, community planting and food growing). This will include providing practical assistance to not-for-profit preschools to enable environmental education initiatives; in particular edible gardens and water saving and collection devices. The availability of the assistance will be promoted through appropriate networks across the Henderson-Massey Local Board area. This project responds to requests from the Henderson-Massey Local Board to support community action.	Not scheduled	LDI: Opex	\$ 11,000	In progress	Green	No applications were received in quarter one, which is consistent with the lag observed in the previous financial year between promotion of the programme and receipt of assistance applications. Promotion of the initiative is underway using Facebook and an improved poster and flyer is being developed to distribute at libraries and community centres early in quarter two. Also scheduled for quarter two is a mail out to schools, kindergartens and play centres.	Two applications were approved in quarter two. These were for Friends of Sunnyhill Scenic Reserve and Bike Te Atatu, totalling \$660. Posters advertising the Love Your Neighbourhood initiative were put up around Henderson-Massey, and a further mailout to preschools and schools is scheduled for quarter three to further encourage applications.
115	I&ES: Environmental Services	War on weeds (EcoMatters) - Henderson-Massey	War on weeds is a campaign to be run in March 2018, where jumbo bins are provided at key sites in the local board area for a four week period for community disposal of weeds.	Not scheduled	LDI: Opex	\$ 8,000	In progress	Green	Activity is planned to occur from quarter two onwards for organising this public weeding campaign (to be delivered in March 2018). EcoMatters will provide jumbo bins at sites in the local board area throughout March 2018 for community disposal of weeds and to raise awareness of weed issues. The bin sites will be determined in conjunction with the board in quarter two, prior to promotion of the campaign, in targeted media in February 2018.	Finalising bin sites for War on Weeds in conjunction with the board was rescheduled to January 2018 because of uncertainty about the availability of bins provided through the related Waitakere Ranges community weed bins initiative. This uncertainty was resolved at the end of quarter two and the organising of War on Weeds has resumed. The initiative remains on track for planned promotion in February 2018 and delivery throughout March 2018.

The workshops were part of their 'Community Project Day' and will result in them presenting their learnings to their peers. The organiser Tony Yuretich said "The students had a great time as well as learning a lot; school and I are very pleased with the results." Workshop scheduling for quarter two is underway.</p>	<p>One workshop and two events were delivered in quarter two. On 21 November 2017 'mini seminars' were provided to Year 8 and 9 students at Hobsonville Primary School as part of their Careers Day. Approximately 20 students were asked about sustainable habits their families may have, the resources and money saved by taking short showers, diverting landfill by recycling, composting, avoiding plastic bags and reusing items. EcoMatters also had a stand at the Massey Matters "Community Wellness" event held on 2 December 2017 to promote HomeWise workshops through providing a sustainable activity for event attendees. This included a kitset planter box sourced from the Wood for Good project and Massey Mens Shed, potting mix from Auckland Council's composting trial, and plants donated to Massey Matters from Living Herbs. On 6 December 2017 a public HomeWise workshop was held in conjunction with Massey Matters to provide information and discuss maintaining a healthy home via ventilation, mould removal, water and energy saving, retaining heat in the home, and free services available that support these actions. Engagement with local community groups is progressing to develop the schedule of workshops for quarters three and four.</p>

EcoMatters is on track to achieve their target of delivering at least 26 sustainability-related seminars or workshops during the funding year. A total of 12 workshops were held in the first quarter covering zero waste, gardening, fruit preserving, making reusable food wraps, reusable bags and cleaning care products, and how to upgrade a computer. All of the workshops held in August 2017 had a waste minimisation theme. Evaluations were carried out for each workshop and in quarter one 7 per cent of participants rated the workshops as excellent, 26 per cent rated them as good and none rated them average/poor. On 22 July 2017 EcoMatters held a Kiwi Bottle drive event at the Centre to promote the potential of a 'container take back scheme' to the public. The workshop and events programme for quarter two was developed and distributed prior to the end of quarter one. Quarter two commences with a "Big Little Bike Day" (family fun day event) being held on 1 October 2017.	In quarter two the Environment Centre was open to the public for 33 hours per week in line with its operating target of being open at least 30 hours per week. EcoMatters is on track to achieve their target of delivering at least 26 sustainability-related seminars or workshops during the 2017/2018 year. Thirteen workshops with a total of 283 participants were held in quarter two on topics including rain harvesting, Māori medicinal plants and gardening practices, seed swapping, and fermenting vegetables. Three cycling-related workshops/events were held in October 2017 in association with Auckland Transport's 'Biketober' initiative. Four biodiversity-related workshops/events were held during Conservation Week (14 – 22 October 2017). Evaluations were carried out for each workshop and in quarter two 98 per cent of respondents rated the workshops as excellent or good. The workshop and events programme for quarter three was developed and distributed prior to the end of quarter two. Quarter three commences with a school holiday workshop 'Making Crayons from Soil' on 17 January 2018.
120	I&ES: Environmental Services	Pā Harakeke - Kaitiaki Project - Henderson-Massey	Year three of a multi-year initiative to develop three pā harakeke (flax gardens) with Māori communities in the Henderson-Massey Local Board area. Focus will be on: <ul style="list-style-type: none"> <li>• Further developing the pā harakeke established at Harbourview-Orangihina</li> <li>• Completing a pā harakeke in Ranui</li> <li>• Working with Piringatahi Marae on pā harakeke-related planning</li> </ul>	Not scheduled	LDI: Opex	\$ 10,000	In progress	Amber	Planning with Te Ukaipo continued during quarter one for the development of a pā harakeke (flax garden) in Ranui in conjunction with the Ranui branch of the Māori Women's Welfare League and local weavers. This included the drafting of a project plan with key milestones, which will be further refined in quarter two. A key action for quarter two is engagement between Te Ukaipo and the Corban Estate Weaving Circle to establish whether the harakeke (flax) for the Ranui pā harakeke can be sourced from the existing pā harakeke in Henderson Park. Engagement with council's Community Facilities and Parks Services teams will also progress to ensure suitability of the preferred site and to work through the permissions process. Refreshing the cracked and weathered signage in the Henderson Park pā harakeke is underway and installation of signage for the new pā harakeke at Harbourview-Orangihina is scheduled for quarter two.	Land classification issues with the preferred site have prompted a review of location options for the pā harakeke in Ranui. Some of the location options being considered could result in delays to the timeline, particularly if land reclassification is required. Engagement with council's Community Facilities and Parks Services teams in quarter two identified an issue with the preferred Ulrich Esplanade site for the Ranui pā harakeke stemming from its current land classification status as an esplanade reserve. Community Facilities advised that land with a recreation reserve classification would be preferable and suggested some alternative sites. Options relating to the preferred and alternative sites are being worked through with Te Ukaipo and internal stakeholders so that the land owner approval process can proceed as planned in quarter three. Refreshing cracked and weathered signage in Henderson Park pā harakeke is underway and community stakeholders are completing final checks of the graphics prior to print. Graphics for Harbourview-Orangihina are being reviewed by community stakeholders prior to printing and installation.

121	I&ES: Environmental Services	Environmental Action Plan - Henderson-Massey	Use the information contained in the Henderson-Massey environmental action report to support a council and community dialogue to identify what council, community and stakeholders can do increase environmental action in the Henderson-Massey Local Board Area.	Not scheduled	LDI: Opex	\$ 9,900	In progress	Amber	CoSynergy used the information contained in the Henderson-Massey Environmental Action Report (HEAR) to identify high level environmental themes and to develop a set of interview questions to support a dialogue with key council and community stakeholders to identify what council, the community and other stakeholders can do to take environmental action to the next level in the Henderson-Massey Local Board area. Interviews were conducted with 11 community stakeholders and 13 council stakeholders to identify their local environmental priority areas, current successes, challenges and potential opportunities, and interest in participating in collaborative action. The findings from these interviews were incorporated into a final report, which is being reviewed by Local Board Services to provide advice about how the recommendations align with major initiatives currently underway in the local board area, particularly the Panuku-led Unlock Henderson urban eco centre project. Feedback from Local Board Services will enable development of next steps and associated timings for this initiative.	Planned activity for this initiative is being revised in conjunction with the board to mitigate risk of duplication with other initiatives currently underway.  Engagement with Local Board Services and Panuku in quarter two identified that the proposed establishment of an Eco-City Forum comprised of council and community stakeholders to further environmental action in Henderson-Massey would likely duplicate mechanisms already established/in development for initiatives such as the North West Wild Link and Unlock Henderson. A workshop with the board is being scheduled for quarter three to present work completed to date and discuss options for next steps, which will inform delivery for the balance of the current financial year and associated timings.
111	I&ES: Healthy Waters	Septic Tank Pumpout Programme	This programme manages the triennial pumpout of septic tanks within the former Waitākere City Council area.	Q1;Q2;Q3;Q4	ABS: Opex	\$ 47,716	In progress	Green	There are estimated 4,301 private on-site wastewater treatment systems that need pumping out and cleaning. These are on a triennial cycle for this service and are spread across various local boards, based on the properties paying the targeted rural sewage rate. For the period from July to September 2017 there were 57 scheduled work orders (planned triennial pump out of properties) in the Henderson Massey area.	There are approximately 4,300 private on-site wastewater treatment systems serviced on a triennial cycle by the pump out programme across the Auckland region. The septic tanks are spread across various local boards on properties paying the targeted rural sewage rate (TAR). In the Henderson Massey Local Board area for the period from October to December 2017 there were two scheduled work orders (planned triennial pump out of properties) and no unscheduled pump outs.
145	I&ES: Healthy Waters	Nga Puna Manaaki Inanga Project - Henderson-Massey	Community Waitākere will work with the local community to identify potential inanga spawning habitat within the Henderson-Massey Local Board area. Once the areas have been identified Community Waitākere will work with the local community to identify threats and issues and propose restoration solutions to optimise spawning habitat.	Not scheduled	LDI: Opex	\$ 23,000	In progress	Green	Contract to be finalised by end of September 2017 and community engagement to begin in quarter two. Community Waitakere have taken Flanshaw Road School out to Sherwood Park and carried out fish surveying in a potential Inanga spawning site. A number of Inanga were caught in minnow traps. In Quarter two with the assistance of experts from the Whitebait Connection they will continue to engage students with field sessions at Sherwood park and other identified sites, mapping the saline wedge and recording fish species that are present include pest species. Sessions will also include pest monitoring to assist students in identifying threats and opportunities for Inanga spawning success. Findings from monitoring and engagement outcomes will populate the final report.	Community Waitakere (CW) have scoped eleven tidal streams in the Local board area for potential inanga spawning sites. Nine sites have been selected as being suitable for community engagement. Six of the sites have been surveyed for salt wedge area, fish and habitat survey and Wai Care assessment. Inanga have been found at five of these sites and sites have been selected for artificial habitat installation in the third quarter. CW have held one community engagement event with " A Supported life" who wish to do a pop up art installation on inanga by Henderson Creek. In term one students will be engaged with the inanga spawning investigation at the sites identified above.

Including regional coordinated and promoted programmes: Wriggle and Rhyme, Rhymetime, Storytime, Storytime in Community Languages (e.g. Mandarin), outreach to local ECE providers and language nests, pop up activities (Funded within ABS Opex budget activity: "Library hours of service - Henderson-Massey")	Q1;Q2;Q3;Q4	ABS: Opex	\$ -	In progress	Green	Pre-school programming continues to remain popular in all of the Henderson-Massey libraries. 160 sessions were delivered with 7,016 participants. In addition to the regular Wriggle & Rhyme, Storytime and Rhymetime sessions in English, storytime sessions in Mandarin have been offered. Special Pacific storytimes this quarter have included Cook Island Māori, Tongan and Tokelauan. The Pacific Mamas drew 70 people to their performance during Cook Island Language Week. There have been 26 outreach sessions to Early Childhood Education providers (ECEs) and visits in, this quarter which has included taking Mandarin Storytime out of the library to Loving Care Kindy.	Pre-school programming remained popular in all Henderson-Massey libraries. 123 sessions were delivered with 5275 participants. There have been 20 outreach sessions for Early Childhood Education providers (ECEs) including a new partnership with Kuddles, a local home-based child care provider visiting Henderson library on a regular basis. The Pop up Library at Te Pūmanawa Square was launched in December with a range of activities delivered for preschool children including Rhymetimes, Storytimes and Wriggle and Rhyme Sessions. New connections were made with young families joining in who previously were unaware of these sessions. Bi-lingual storytimes in Fijian, Tuvalu and Niuean have featured this quarter to celebrate these languages in our communities.
1209	CS: Libraries & Information	Children and Youth engagement - Henderson-Massey	Provide children and youth activities and programming, including a programme of children's activities during school holidays, which encourage learning and literacy. Engage directly with local schools in the board area to support literacy and grow awareness of library resources. (Funded within ABS Opex budget activity: "Library hours of service - Henderson-Massey")	Q1;Q2;Q3;Q4	ABS: Opex	\$ -	In progress	Green	Visits out to schools and in-coming featured regularly and included primary through secondary levels. Massey Library offered an English Teacher's training session on teen reading trends for teachers. The July school holidays saw a variety of events being held with the theme 'What Lies Beneath'. 20 activity sessions were held with 1200 children and adults attending. The mask making sessions at Ranui and Te Atatu were inspired by Canadian artist Sandra Silberswage whose work had been studied at local schools. These sessions were a highlight with 133 participants. The artist picked up the posted artworks on Te Atatu's Facebook page and delighted, she shared it within her wider community. Other popular sessions included painting 'Westie' rocks at Massey, learning about worm farming and the 'Black Stacks' showing off their cup-stacking skills and inviting people to have a go. demonstration and the opportunity to have a go.	Visits to and from local schools continue across all levels. Our Youth librarians visited Henderson High to deliver digital literacy training on databases which specifically supports learning with positive feedback from the pupils. "Survive 24" was the theme of the school holidays with a variety of activities on offer including, nerf wars, scavenger hunts, making survival food, the amazing race challenge and visits from St Johns and local fire stations. 46 activity sessions in all with a total of 2198 people taking part. Housebound Services have recruited volunteers and have begun to work across the Henderson-Massey Board area to deliver to our customers who cannot access our libraries. Specific outreach to retirement homes and this quarter has focused on digital learning of e-book use and what Auckland Libraries offers and digital device use. To promote community connection, planning is currently underway for creating a pop-up library space for reading and relaxing with a schedule of events and activities in collaboration with the North-West Plaza Centre management. This will be offered December through March and will happen in the green space behind where the new Library/Community Centre is being built. Marketing of this will be in partnership with Centre management.	A container pop-up 'Library' was opened in Te Pumanawa Square in December in partnership with the North-West Plaza with the aim of activating the space over the Summer months. Adults and children have enjoyed a range of activities for pre-school, school age children and adults. Music, Sing-alongs, crafts, games and learning opportunities have seen a mix of people taking part. New connections were made with adults and children. Highlights include the science show, dress-up storytime, games, badgemaking and singing were all enjoyed by children and adults alike. At Henderson and Te Atatu Libraries, celebration of Diwali saw over a 150 people taking part in a range of activities including a bi-lingual storytime, henna and rangoli painting, and Dr Pooja's talks on holistic approaches to wellbeing. Local Economic Development: ATEED										
615	ATEED: Local Economic Growth	Māori Youth Enterprise	The program includes hands-on activities to identify opportunities for young Māori in the existing economy. Workshops provides the participants with tools and techniques for creative thinking, collaboration, leadership, and entrepreneurial logic which they can put into action to achieve their goals. Industry mentors and community leaders will be involved in the workshops. The program supports participants to formulate social entrepreneurial thinking and provides an opportunity to explore alternative values. Participants are motivated to start their own enterprise or social innovation initiative and briefed on the opportunities available for such ideas, keeping in mind the resources, impact and technical feasibility. Target audience for our initiative is Māori youth. The programme will run through collaboration with various communities, clubs and Youth centres.	Not scheduled	LDI: Opex	\$ 5,000	Approved	Green	Working to bring some clarity as to what this project will focus on. Keen to work closely with Waitakere Ranges who have a similar project to combine resources. Further discussion with ATEED Maori ED team to see how the project could align with their re-focused approach. Given limited funds available options are limited to i) a small scale pilot of an approach to providing access to entrepreneurship capacity building ii) research to better understand the barriers face by maori entrepreneurs or iii) work in with enterprise initiatives already planned to develop a Maori focused component e.g. the planned incubator kitchen in Henderson.	Further discussion with ATEED Maori ED team initiated following a change in staffing.
616	ATEED: Local Economic Growth	Henderson Value Proposition	The project will secure a resource to ensure that the Henderson Value Proposition work continues by providing a coordinator able to liaise with key stakeholders (council departments, Panuku, private developers, business association) to ensure activity is delivered in an integrated way and is consistent with the urban eco centre value proposition. The coordinator could be a part time short term resource to ensure momentum is not lost.	Q1;Q2;Q3;Q4	LDI: Opex	\$ 40,000	Approved	Green	In discussions with Panuku Development Auckland as to what activity would best complement and support their approach to promoting development opportunities in Henderson.	Further discussions with Panuku Development Auckland and expecting a project to be developed in January 2018 that is augments the work Panuku are able to do as part of the 'unlock' Henderson and also supports the C40 proposed developments on the council owned sites in central Henderson.
1111	ATEED: Local Economic Growth	Young Enterprise Scheme	ATEED, on behalf of the Young Enterprise Trust, delivers the Young Enterprise Scheme (YES) in Auckland. YES is a practical, year-long programme for year 12 and 13 students. Through the programme, students develop creative ideas into actual businesses, complete with real products and services and experience real profit and loss. The funding from the local board will support the delivery of the Young Enterprise Scheme Enterprise-Days in February 2018. The e-days are held in sub-regions (north, south, east, central/west) and are the first day students get to meet the Young Enterprise team, and find out about their 2018 year, what YES is all about, and what is in store for them.	Q3	LDI: Opex	\$ 2,000	Approved	Green	The Young enterprise Scheme E (Enterprise) -days are scheduled for delivery in February 2018. The use of the funds will be drawn down in quarter three to support the E-days delivery. As a result there is no update for Q1 reporting as no activity has occurred.	Auckland Chamber of CommerceAs of 1st January 2018, the Auckland Chamber of Commerce will take over as the YES regional delivery partner and ATEED will move to become a strategic partner. During January and February ATEED and the Auckland Chamber of Commerce are working together to ensure the smooth transition of the programme delivery to the Chamber. Kick Start days (formerly known as E-days) are being delivered by ATEED with support from the Auckland Chamber of Commerce, as part of this transition. ATEED's role includes management of the funds generously provided by Local Boards for the 2018 Kick Start days. As in previous years, there will be five sub-regional events delivered across the region. The new Auckland Chamber of Commerce team will be inviting you to participate either as student mentors or as observers on the day.

1063	CS: PSR: Active Recreation	HM: Leisure facilities operation programme FY17/18	Operate the West Wave Pool & Leisure Centre and the Massey Leisure Centre in a safe and sustainable manner. Deliver a variety of accessible programmes and services that get the local community active. These services include: fitness; group fitness; learn to swim; early childhood education; aquatic and recreation services. Along with core programmes that reflect the needs of the local community.	Q1;Q2;Q3;Q4	ABS: Opex	\$ -	In progress	Amber	Westwave Pool and Leisure Centre is on track to meet Local Board objectives to increase visitation and customer satisfaction. Q1 visitor numbers increased 10% on Q1 last year to 261,638. Customer satisfaction (NPS score) increased 6.1 points on prior quarter to +14.7. However this quarter's performance has been impacted by ongoing planned and unplanned maintenance issues which have disrupted operations Massey Leisure Centre's Business Plan / KPI programming targets are on track to meet the local board objectives for the first quarter. The Halberg Trust completed training with 8 centre staff to be able to provide adaptive sports programming. This will allow staff to increase sports development across the wider community and provide specialist support for physically disabled children	Visitor numbers down due to closures for maintenance and wait times to enter the facility.  Westwave Pool and Leisure Centre is on track to meet Local Board objectives to increase customer satisfaction although visitor numbers are behind prior year. YTD visitor numbers are averaging 89,059 per month 9% unfavourable on prior year impacted by planned and unplanned maintenance early in the year, although October holiday period was exceptionally busy, and membership and LTS numbers have held steady. 12 month average rolling average for customer satisfaction is down slightly to 13.0%. A number of customers have expressed dissatisfaction with wait times to enter the facility, and the value to customers of session times for access during peak periods is being assessed as an alternative.Massey Leisure Centre Year to date visitor numbers: 19.1% increase of active visits. This is largely due to the increase in stadium (recreation programme) visits. Customer Satisfaction: Q2 NPS score = 20.13, a 7.47 point increase on Q1.
