**Subject:** RE: Lane naming Lyndhurst st: Temata Lane

Kia ora korua,,

Yes I can confirm the use of Temata Lane after getting permission from the family.

I was told they immigrated to NZ in 1960 from the Island of Rarotonga, they moved into 13 Silverton ave on Labour weekend 1964, they had 5 children in the home and all children eventually attended Tamaki College.

Chris

Hi Glen

Further to our correspondence re lane naming, I would like to nominate Temata Lane reflecting the long history of the Temata family at the head of the street and their contribution to the community.

I have ccd Chris Makoare who can speak to the family and confirm they are happy to have their name put forward. Chris can also furnish some further details regards the family history to support the application to council
