

Consultation document

Local board priorities

This section sets out the key local priorities, including the key advocacy project¹, for each local board area for 2018/2019. We are seeking your feedback on whether we have got these priorities right.

For more information about the priorities for your local area, please see section XX of the supporting information for this consultation document. For more information about activities delivered in your local area, see section XX of the supporting information of this consultation document.

Local Board	Key priorities
Māngere-Ōtāhuhu	<ul style="list-style-type: none"> • Promote waste reduction through existing partnerships with Business Improvement Districts so town centres are clean and attractive; monitoring delivery of maintenance contract outcomes and supporting projects that influence behaviour change and build capacity through education of industry and the community. • New toilets, pathway and fitness equipment in Boggust Park • Continue supporting active, healthy lifestyles and free access to swimming pools. • Continuing to improve our local parks and playgrounds so they are safe, attractive and well-used, such as the green areas near Māngere Bridge, Favona and Centre Park. • Promoting local tourism opportunities and creating gateway to the city, by leveraging local art, craft, culture and enterprise to promote Māori and Pasifika identity and our rich natural environment.. •

Key advocacy project

There is growth and development taking place in Māngere-Ōtāhuhu and now is the time to ensure coordinated planning that links places and communities as they grow. We are advocating to the Governing Body to enhance and improve the Māngere East precinct as a thriving, liveable community hub. We are asking for joined up planning and investment that makes the street environment, shopping area and community facilities are safe, connected and creates accessible open areas.

You gave a strong support for the idea in the local board plan and we are advocating to council to take this forward in its 10-year budget, with detailed planning commencing in 2018/2019.

¹ Local boards advocate to the Governing Body for funding for projects that cannot currently be accommodated in local budgets. A key advocacy project has been identified by each local board as its highest priority for consideration in the 10-year budget.
