Otaahu Town Hall Community Centre – Mums and Bubs Playgroup is a great place for mums and home-based educators to bring their little ones to mix and mingle. I enjoy all the activities like, swimming and zumba. The kids’ favorite events were the zoo last year and the Hob celebrations in last Month. Thank you Shabnam for the great job you do. We always feel that sense of belonging and welcoming with your contagious smile. Sarai and Janet who attend Primary school now still want to come to playgroup.

Maureen Britten
I have been a huge fan of Otaahu Town Hall - Playgroup for a long time. Awesome trips and opportunities to make new awesome friends. Shabnam has made coming to playgroup an eventful, friendly, helpful, caring, sharing, learning and loving place to bring family. I am so glad the Otaahu Town Hall has given us mums and babies a safe haven to belong to. I was array when I needed a place to bring my baby. 4 years later I am still Thankful. Thanks Shabnam and Otaahu Town Hall.
Shivani Velaya So

Playgroup is such an awesome group for dads, mums and bubs. You get to meet different ethnicities, culture and most importantly you get to make friends that last a lifetime. My son learnt so much from this playgroup as in sharing, caring, making friends, being confident. We have had such a huge amount of support from you Shabnam. Thank you for all your love and kindness towards me and my kids. There are so much events that we get to be part of like my favorite Matarki, pools, birthdays, vegetable plantation, year end trips etc.

Thank you Otahuhu TownHall for providing us parents the space to come together and grow as a village because I alone couldn’t have done it!

A special thank you to Shabnam Nisha for organizing and hosting this playgroup with such dedication and love. I have to admit I have been to many playgroups before I found this one and this one is the best! I just love it!

Highly recommend!!

Khan Shamsudin

I have been coming to Otahuhu Town Hall playgroup from last year and I must say I found it all was going so well with my very energetic 2 year old. Here he has learnt to topple up, play with other children, listen to other adults which is a great achievement for him. I have been part of the Zumba, yoga classes and all the events put up by the Centre which the playgroup is always encouraged by the facilitator super person Mia the Yoga instructor Delia and everyone is so wonderful. I wish the earliest days that playgroup has to be cancelled due to other hall hire but hey it is understandable! Shabnam is very active on the playgroup floor and our Facebook group is connected and informed of what we will be doing, when we will be and all upcoming events. Truly enjoyed the Chinese New Year event. That was a new experience for my boy and I. I thank you Otahuhu Townhall for providing us such amazing service.

Rochelle Amasa Seffon

I have been coming to this mum and baby group since my wee little one Quinso was just 7 months old now he is 14 months and is getting well since being here learning also in hand. I get along well with the mums and everyone there. My son is a very active toddler and when he comes here I can get the right advice and he is in a safe environment where he is supervised by everyone not just me.

Otahuhu townhall PlayGroup feedback:
My Name is Lusaare Tonga aka Lucy. My 15 month old Son Manu and I are very new to this whole playgroup experience. I can admit I love bringing my Son to this playgroup and I know Manu really enjoys attending on a daily basis for everyday there’s something new to learn. I’m glad to know with the townhall PlayGroup they provide a safe indoor and outdoor space large enough for the kids to develop their learning experience through playing with one another. I really appreciate Shamans expertise in this area she is always very welcoming towards us mother and children she is very enthusiastic and energetic providing the kids with exciting fun activities which help with developing creative thinking. I have noticed since we began attending playgroup Manu’s social skills have improved he is more confident with socialising with other children.

MANGERE EAST
Sculpture Garden

EMPOWERING THE PEOPLE OF MANGERE
TALKING RUBBISH
BUILDING OUR LEGACY
A sacred space that educates, enables, and empowers the people of Māngere East. A sacred space that contributes to our vision of a regenerative Māngere-Ōtāhuhu.
The outcome of this project is a community sculpture garden that educates, enables, and empowers the people of Māngere East. The project will engage the MEFS Early Childhood Centre, Māngere East Primary School, De la Salle College, local architecture students, and the community to plan, design and construct the sculpture garden.

The garden will include a shipping container turned art/craft booth, a community garden growing food and medicinal plants, and smaller pavilions on site that provide seating and shelter for users. The different "nests" will be implemented through educational workshops with the community based on art/crafts, horticulture, design and construction, and waste minimisation.
Horticulture workshops (planting food), art/craft workshops (designing and building sculptures, painting art murals), design and build pavilions, waste minimization workshops.

Opportunities for local students to engage in real-world, hands-on learning. A multi-capital project, creating responses from the dreams and aspirations of people in Māngere East.

Empowering our families and communities through healthy living, education opportunities, employment opportunities, regenerative thinking and processes, and a sacred space that fosters respect for people and our environment.

COMMUNITY ENGAGEMENT
APRIL 12 - MAY 01
Capturing the dreams, aspirations, and visions of our community.

DESIGN + PLAN
MAY 01 - JUNE 01
Engaged designing with local architecture students, and De La Salle College creative students.

BUILD, PAINT, & PLANT
JUNE 01 - SEPTEMBER 07
Bringing our exciting projects to life with the Māngere East community.

Item 9.2

Madam chair and local board members THANK YOU for this opportunity to address you.

I love Mangere I have lived, loved and worked here for over 50 years. I would love to Mangere with as many people as possible. Which brings me to why I am here. What I propose is upgraded and additional signage enticing people into this area, this would include direction finders on George Bolt drive.

The Directional finders would read Historic places, Te Araroa Trail, a picture of a picnic table and an arrow.

First I will touch on the Historic sites. The tufta or compressed volcanic ash, on the foreshore deposited there when Auckland was first being formed, and the fossilised forest so unique to this area.

The site of the first mission station built in Manukau.

And of course the stonefields and their wonderful history.

Villa Maria wines. St James church the first Maori owned church the stones Quarried out of Mangere Mountain.

Our mountain our wonderful Mangere Mountain and education centre.

All these tell our history. However only if people know they are there.

Secondly the Te Araroa trail advertised on the Auckland City Council website, but there are no visible markers. The walk would be the most stunning through Auckland.

Thirdly the picnic table denotes a rest area you can travel the world but the symbol is the same.

We have Cafes, shops, a waterfront walkway, Ambury Farm and so much more.

Auckland airport is the door to hundreds of people passing along George Bolt Drive. Whether you fly in from Invercargill or London, Kerikeri or Amsterdam. This would be a unique and compact site.

Economically it could and should be one of the first places to capture tourist dollars. For years we have funnelled people onto the motorways and out of our area. It really is time to stop capturing those tourist dollars would have a huge impact on our community and economy.

This has been proven by SOUL from Ihumatao have attracted over 4000 visitors during the last year to the stonefields. From Primary school children, university students and film crews.
4/18/2018

Xtra Mail Compose

The rest area would give people a chance to draw their breath remember when people fly in they cannot book into their Hotel or Motel until after 2 o clock. What better place to explore than our own back yard.

Signage. All the historic sites should have large adequate signage and a map, showing not only the sites but toilets and cafes where they can rest and fuel up.

Years ago I went to Lyell in the Nelson District and in all my travels this was the best map signage I have seen. It depicted walking tracks, cafes, toilets, historic sites and had photos of historical significance.

There is no signage on the road telling where our public toilets are it is important to have signs up that you can see from a car it is not a good impression if people cannot find a toilet. We are not a third world country we have the facilities and points of interest and to get good reviews on line we must have adequate signage so people know these are there.

In conclusion I would like this to be an Auckland City council and community driven idea.

Yours,

Bev Knowles 16 Pikitea Road Mangere Bridge ph 02102276643

Auckland Council submission: to the Governance and Administration Committee Sale and Supply of Alcohol (Renewal of Licences) Amendment Bill No.2 Additional comments from Mangere - Otahuhu Local Board

10 April 2018

2. The local board wishes to provide additional information to the Auckland Council submission, to illustrate the difference the Bill might make on renewal of off-licence. This is based on the board’s experience lodging objections to alcohol licences applications in unsuitable locations and observing the outcome of those processes.

3. The Auckland Provisional Local Alcohol Policy provides that when renewing off-licences, the District Licensing Committee should include the following conditions unless there is a good reason not to do so:
   
   - Prohibited persons: (a) ensure that no intoxicated persons are allowed to enter or to remain on the premises; (b) ensure that signs are prominently displayed detailing the statutory restrictions on the sale of alcohol to minors and intoxicated persons adjacent to every point of sale.
   
   - Register of alcohol-related incidents: The licensee must maintain a register of material alcohol related incidents, noting the date, time and details of each incident, and the steps taken by the licensee in response to the incident.

4. These conditions have not been imposed in cases the board has been involved in. As the board understands the Bill, when a licence without those conditions comes up for renewal in future, the Bill will ensure that the District Licensing Committee is able to consider imposing conditions concerning a register of alcohol-related incidents and requiring things such as CCTV or exterior lighting.

5. The board supports the Bill giving the District Licensing Committee the power to consider conditions like these. While conditions might not be imposed in every case, the board supports the consideration of such matters being enabled by the Bill.

Select committee hearings

6. The local board asks that the Select Committee schedule hearings in South Auckland. This would be appropriate due to the degree of alcohol harm in South Auckland and the high community interest in the subject.

Decisions requested

8. That the select committee endorse and recommend the Bill to the House, with the changes proposed in the Supplementary Order Paper dated 21 February 2018.

9. That the select committee hold hearings of submissions in South Auckland.
