Te take mō te pūrongo / Purpose of the report

1. To provide the local board with an opportunity to provide a submission on the Sale and Supply of Alcohol (Renewal of Licences) Amendment Bill (No 2) (the Bill) and the Supplementary Order Paper (SOP).

Ngā tūtohunga / Recommendation/s

That the Papakura Local Board:

- a) endorse the Papakura Local Board feedback on Supply of Alcohol (Renewal of Licences) Amendment Bill (No 2) (the Bill) and the Supplementary Order Paper (SOP).

Horopaki / Context

2. The Sale and Supply of Alcohol (Renewal of Licences) Amendment Bill (No 2) (Attachment A) amends the Sale and Supply of Alcohol Act 2012 by amending section 133 (Attachment B) which addresses the renewal of licences where a relevant local alcohol policy exists. The purpose of the Bill is to require the licensing authority and licensing committee to take a relevant local alcohol policy into account when considering the renewal of an alcohol licence. During the first reading on 21 February 2018, a Supplementary Order Paper was tabled. The SOP seeks to amend the Bill by limiting its application to only off-licence renewals.
3. The council has developed a local alcohol policy. The council's local alcohol policy is currently provisional and is not in force as it is subject to legal challenges. The Bill and the SOP would not affect the provisional local alcohol policy that has been developed by council, but may have implications for any future policy and the legal processes that are in progress.

Tātaritanga me ngā tohutohu / Analysis and advice

4. The memo provided by Social Policy and Bylaws on 19 March 2018 provides further information and the draft submission. This submission will be reported to the April 2018 Environment and Community Committee and is provided in Attachment C.

Ngā whakaaweawe ā-rohe me ngā tirohanga a te poari ā-rohe / Local impacts and local board views

5. Local boards have the following opportunities to provide feedback on the proposed governing body submission:
 - Informal views at a drop-in session for all elected members on 20 March 2018
 - Formal views provided as an addendum to the council submission.

Tauākī whakaaweawe Māori / Māori impact statement

6. With the short timeframes for a submission to be provided, Māori have not been specifically consulted on the contents of the Bill and SOP. Māori adults have been identified as experiencing higher rates of alcohol related harm than non-Māori adults. An outcome sought

in the Māori Report for Tāmaki Makaurau 2016 is for Māori to enjoy a high quality of life and to promote health and wellness. Māori communities may be positively impacted by having additional tools to address alcohol availability. However, this positive impact would only occur if the changes introduced through this Bill and SOP can actually result in changes to licencing decisions locally.

Ngā ritenga ā-pūtea / Financial implications

7. A decision on whether or not to provide a local board submission of this procedural nature and is not considered to have financial implications on Auckland Council.

Ngā raru tūpono / Risks

8. In some instances, local boards may wish to provide comments that are additional to those proposed in the council submission. If these additional comments aren't provided, there is a reputational risk associated with missing the opportunity to participate in a legislative process that could impact their communities.

Ngā koringa ā-muri / Next steps

9. On 10 April 2018 the Environment and Community Committee meeting will decide whether or not provide a submission on the bill and SOP.
