Project: Mosaic Drapery Direct Technique Workshop

Location:	Estuary Arts Centre, Orewa		
Summary:	Carole Choucair Oueijan, an international contemporary mosaic artist, is in New Zealand for the NZ National Mosaic Exhibition (being held in September in Orewa). While Carole is in New Zealand, she has agreed to run a mosaic workshop in Orewa to help promote the mosaic art form and help artists learn new techniques and skills. The workshop will provide aspiring and established local artists with the chance to learn and develop their mosaic techniques.		
Dates:	09/09/2018 - 11/09/2018	Rain dates:	-
People delivering:	5	People benefiting:	15 directly - unlimited number indirectly

Community benefits

Identified community outcomes:

The purpose of this event is 'to promote the mosaic art form in Hibiscus Coast and Bays, and to help artists learn new techniques and skills'. The organising committee are further guided by the following objectives:

- To enhance the sense of community amongst local mosaic artists and enthusiasts
- To encourage new artists and to involve youth, seniors and migrants in mosaic art.

Alignment with local board priorities:

Hibiscus and Bays

- artistic opportunities for our community
- opportunities for youth, seniors and migrants to participate

By providing a workshop for artists and encouraging aspiring and established artists to attend the workshop, we are providing an artistic opportunity for the community.

We are targeting 2 audiences, in order of priority:

1. New and developing artists within the local region with an interest in mosaics
2. Local artists who would like to learn mosaic techniques from an internationally renowned artist

To support local access to the workshop, we have a significant local-focused Marketing Plan – including print media, social media, targeted personal approaches to relevant groups and organisations as well as promotion to all Hibiscus based art galleries.

Project: Writing by the Estuary: Writing Workshop

Location:	Estuary Arts Centre, Orewa		
Summary:	We are running a one-day writing workshop to members of our group and the public. The morning session will cover writing, and the afternoon will cover flash fiction and short story writing.		
Dates:	24/06/2018 - 24/06/2018	Rain dates:	-
People delivering:	8	People benefiting:	30 directly, but other indirectly (if work is published and disseminated more widely).

Community benefits**Identified community outcomes:**

The event is designed to encourage writers in the North Auckland area to develop their writing skills, particularly in regard to writing about the local area. We are seeking this funding to allow us to keep the price of the event to an amount that will make it available to all who are interested, including those who are unemployed, retired or with caring responsibilities. Our goal is to inspire participants to write about their local environment and to become involved in the writing life of the community, and to form connections with other local writers. The workshops will be suitable for both beginning and more experienced writers.

Alignment with local board priorities:**Hibiscus and Bays**

- artistic opportunities for our community
- opportunities for youth, seniors and migrants to participate

The event will enable participants to develop their skills in the arts (poetry and prose writing), as well as their appreciation of the local environment. Our group contains a number of seniors and youth, and we are seeking to make the workshop more accessible to those without a full income.

Community benefits

Identified community outcomes:

No 5 Squadron (Rodney District) helps to provide a fair, safe and healthy community that supports a sense of well-being, safety and connection of our youth. We support our youth to aspire to future education and training opportunities, thus leading into skilled employment. We help to reduce crime amongst our youth and maintain fit, healthy, non-smoking young citizens within an inclusive Auckland society. We succeed in this by providing the youth in Rodney and surrounding areas with direction, community values and life skills to be good citizens.

Alignment with local board priorities:

Hibiscus and Bays

Project: Provide support to youth through the free helpline

Location:	13 Maidstone St, Grey Lynn, Auckland		
Summary:	Youthline requests funding towards the annual service delivery costs involved in providing our free crisis helpline support to youth and their families in the Hibiscus and Bays Local Board		
Dates:	01/06/2018 - 30/06/2019	Rain dates:	-
People delivering:	10 Clinical Triage Staff + Approx. 400 volunteers	People benefiting:	50,000 - 55,000 young people nationwide

Community benefits

Identified community outcomes:

Youthline services equip youth with skills and insights on how to build self-esteem and improve mental-health, how to actively problem-solve and recover from setbacks. Counsellors link them with local support services to assist their ongoing development. Through their improved emotional and self-management skills young people are less likely to fall into helplessness, depression, addictive behaviours, dangerous relationships and unemployment.

Alignment with local board priorities:

Hibiscus and Bays

- opportunities for youth, seniors and migrants to participate
- youth education and training opportunities

Youthline's vital early intervention services give young people the opportunity to seek out information, problem solve an issue and to "talk it out". The services are both a preventative intervention for young people who need to talk through stressors and concerns as well as a first point of entry for young people who are experiencing crisis such as self-harming, suicidal thoughts or behaviour, family violence and a range of other difficulties.

This early intervention service is staffed by a large team of approximately 400 helpline volunteer counsellors - supported by our Clinical Triage Team - providing immediate support, development opportunities and referral services.

CareerMum Limited

Legal status:	Limited Liability Company 6761234	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Supporting Mothers in the Workplace

Location:	Whangaparaoa Community Hub, 707 Whangaparaoa Rd, Auckland		
Summary:	CareerMum is a social enterprise focused on driving positive solutions to workplace challenges faced by career mums. CareerMum was set up in 2016 and has recently registered as a Limited Liability Company to undertake a new phase of work. We are focused on creating opportunities to support women to resume and grow their career after taking time out to start a family. This project sees us kick off a series of workshops to directly support mothers in areas of key need and support local businesses with insights that support and empower them to recognise and optimise the growth opportunity of attracting and engaging local talent from within the community of mothers.		
Dates:	25/07/2018 - 28/11/2018	Rain dates:	-
People delivering:	2-3	People benefiting:	80+

Community benefits

Identified community outcomes:

The project aims to support the local economy by:

- supporting and empowering mothers to resume and grow their career
- responding to the common challenges faced by women as they endeavour to resume and grow their career
- supporting the local business economy to engage local talent by tapping into the pool of latent and under-utilised talent of women
- raising awareness of the importance of supporting mothers from a social, business and economic perspective, and in particular drawing attention to the business opportunities of gender diversity, flexible working, and a strong focus on people.
- The initiative also has the potential to connect businesses with talent.

Alignment with local board priorities:

Hibiscus and Bays

- provide economic benefit to the local board area
- provide opportunities for place-shaping and identify what contribution you are making to the project within the local board area

CareerMum is focused on supporting social, business and economic benefit by driving positive solutions to workplace challenges faced by mothers. We are focused both on increasing the direct support available to women, and on raising awareness among businesses of the importance of supporting mothers in the workplace, and of the business benefits of providing such support. The Hibiscus and Bays Local community is home to a high number of families, and a growing business

community. This presents opportunity to support local businesses to attract local talent to support their growth via the community of parents seeking skilled, local work.

Collaborating organisation/individual	Role
The project will engage service providers for the delivery of the three CareerMum workshops. Where possible, service providers will be local. (E.g. career coach, confidence building, interview techniques, time management, health and wellbeing). Initial contact has been made, but confirmation and dates will depend on the availability of funding.	Workshop delivery

Whangaparaoa Golf Club Inc.

Legal status:	Incorporated Society 223319	Activity focus:	Environment
Conflicts of interest:	None identified. We have club members who are council employees. None to my knowledge will be directly involved, unless they assist with the work. I am part of the Forest and Bird HBC committee and we will be purchasing our bait from them as we are part of the Pest Free Peninsula programme.		

Project: Pest control and planting in the golf club's swamp.

Location:	1337 Whangaparaoa Rd, Army bay		
Summary:	We are in our 4th year of pest animal control and our 3rd year of pest plant control in our gully/swamp area. The 50 bait stations and 4 traps go through quite a large amount of bait, Almost 4,000 baits over the last 3 years. This needs to be kept up and replanting is needed in areas where pest plant control is underway.		
Focus specific:	Environmental benefits: Keep rat numbers at least in check, as the data from the last 3 years attests to. To keep trying to get rid of pest plants from the swamp so they do not choke it up and it will retain its main function of cleaning stormwater the club gets from surrounding roads and properties		
Dates:	01/07/2018 - 31/05/2019	Rain dates:	-
People delivering:	Currently 3 but more may become available	People benefiting:	All members of the golf club benefit as do some of the neighbours, so the number is probably between 500-1,000

Community benefits**Identified community outcomes:**

Reduced pest plants. Many of bait stations are next to private properties and assist in the reduction of rats in the areas. Planting areas in natives.

The areas we are targeting are mainly in the wetland or beside the stream. This is a vital part of the local community as this swamp area takes stormwater off the roads and many private properties so the better the swamp works the healthier the environment will be.

Alignment with local board priorities:**Hibiscus and Bays**

- provide benefit to or support the North-West Wildlink project
- educate our wider community on pollution prevention and stream care or undertake further stream enhancement projects

It is attempting to restrict numbers of pest plants and animals and is a part of the Pest Free Peninsula (to keep rats from getting out to Shakespeare Park). It will with enhanced planting of natives benefit native avifauna. The attempt to make the swamp healthier will lead to better downstream water and better habitat for aquatic species.

All Heart NZ Charitable Trust

Legal status:	Charitable Trust 2652651 CC54154	Activity focus:	Environment
Conflicts of interest:	None identified		

Project: We request support for our Truck costs.

Location:	40c William Pickering Dr, Rosedale, Auckland		
Summary:	<p>We have a truck that collects unwanted items from organisations and delivers refurbished items to recipient organisations.</p> <p>This is an essential part of our service and we need to operate and cover these expenses. By receiving support for operating costs, this will improve the organisations sustainability and support non-profit community groups and the creation of sustainable charitable funding.</p>		
Focus specific:	<p>Environmental benefits: 1. Increase in awareness amongst Corporate's regarding their environmental responsibility by providing a solution to their problem of ethical disposal.</p> <p>2. Significant reduction of waste to landfills thereby making a positive impact towards the aim of Zero Waste</p> <p>3. The further support of charitable work across Auckland and NZ. By redirecting redundant goods to an increasing number of Charities, Schools, Marae and NGO's we can both support their operational needs and their core purpose. Often the items are given directly to families in need.</p>

Community benefits

Identified community outcomes:

Our aim is to support non-profit community groups and the creation of sustainable charitable funding; achieved by providing a sustainability framework for corporate businesses to dispose of their no longer needed equipment. It is the sale, repurposing, and redirection of these goods that serves our purpose.

Alignment with local board priorities:

Hibiscus and Bays

- provide economic benefit to the local board area
- provide opportunities for place-shaping and identify what contribution you are making to the project within the local board area
