

Kaipātiki Local Grants Programme 2017/2018

Our Local Grants Programme aims to provide contestable and discretionary community grants to local communities.

Outcomes

Our grants programme will be targeted towards supporting the following outcomes, as outlined in our local board plan:

- Our people identify Kaipātiki as their kāinga (home)
- Our natural environment is protected for future generations to enjoy
- Our people are active and healthy
- Getting to and around Kaipātiki is easy
- Our urban centres are vibrant
- Our community facilities and infrastructure are high quality and well managed
- Services are well managed and meet community needs

Our priorities for grants

The Kaipātiki Local Board welcomes grant applications that align with the following local board plan priorities:

Note: these priorities relate to the local board objectives as outlined in the local board plan.

- People have a sense of belonging, are connected to one another and are proud to live in Kaipātiki
- People can get to and take pleasure in the Kaipātiki coastline, green spaces and waterways. Our community acts as kaitiaki (guardian) of the environment so that future generations can do the same
- It's easy to make healthy lifestyle choices in Kaipātiki
- Kaipātiki has many transport options, and it's easy to move around and find your way
- Villages, town centres and business areas provide local employment and bring people together
- The many great community facilities are well looked after and continue to meet community needs
- Residents are able to benefit from relevant and high-quality community services and events

All applicants are expected to outline in their application how their project will contribute to one or more of the Kaipātiki local board's priorities as set out in the local board plan.

Note: In making decisions on grant applications the local board wishes to make the best use of what the community has already got, though sustainable asset management and working in partnership with the community. The local board will also give some weight in its decision making to the contribution that the applicant will be bringing to their project in terms of resources (people, physical assets, money and other partners).

Higher Priority for eligibility:

A higher priority will be given to grant applications that provide opportunities for all members of the community to benefit from the proposed project or activity and where access is not restricted to members of the organisation making the application.

Lower Priorities for eligibility:

We will also consider applications for other services, projects, events and activities. However, these may be considered a lower priority.

- Travel and accommodation outside Auckland, unless we are convinced there will be a tangible benefit for Auckland ratepayers
- Retrospective costs (where the activity has already taken place), unless this is necessary as a condition of the grant, or we are satisfied there are other mitigating circumstances

- Fundraising events or activities, especially where the beneficiary is a third party (e.g. charity events, sponsored walks), unless we determine the event has a wider community benefit beyond its primary purpose as a fundraiser.
- Food – the board is prepared to provide funding for food as part of an application, but expects to see evidence as to how the provision of food will enable the project outcomes to be achieved.
- Schools and churches – unless clear benefits to the wider community can be demonstrated e.g. community access to facilities and assets out of school hours and during weekends and holidays which helps fill a gap in council's own provision.
- Groups based outside the Kaipātiki local board area, unless the applicant can clearly demonstrate the benefit to Kaipātiki community members.
- Activities taking place outside the Kaipātiki local board area, unless the applicant can clearly demonstrate the benefit to Kaipātiki community members.
- Applications for large amounts where other funders haven't been approached

Eligibility Exclusions:

A range of activities are excluded from consideration of funding by Auckland Council's overarching Community Grants Policy. These exclusions are:

- Debt servicing or repayment
- Legal expenses
- Activities that promote religious ministry or political purposes
- Medical expenses
- Public services that are the responsibility of central government (e.g. core education, primary health care)
- Physical works – e.g. improvements to community buildings – that require consents or permits, prior to the necessary consents or permits being obtained (grants may be awarded in principle, but funds will not be released until all conditions are satisfied)
- Purchase of alcohol.

In addition to the eligibility criteria outlined the [Community grants policy](#), the Kaipātiki Local Board will not fund:

- private individuals,
- commercial/Private Companies will generally be ineligible to apply unless their project demonstrates clear community benefits (see paragraphs 73, 74 and 75 of the overarching Community Grants Policy)
- activities must not have already taken place before the local board has the opportunity to consider the application (unless the Board accepts there are genuine mitigating circumstances).
- groups that have failed to meet accountability obligations from previous Council grants (within the last two years) will not be funded except in exceptional mitigating circumstances.
- or accept more than one application per organisation in a grant round

Groups with no formal legal structure

Groups with no formal legal structure may apply for grants of up to \$1,000 through the Kaipātiki Local Board grants programmes; however the board expects to see some evidence e.g. minutes from meetings that an unincorporated group has community support for its activities and objectives.

Applicants in this category seeking grants over \$1,000 would need to either:

- nominate an 'umbrella' organisation which has agreed to receive and administer the grant on their behalf – the umbrella organisation would be legally accountable to Auckland Council for the expenditure of the grant; or
- apply to have the funding released retrospectively, i.e. as reimbursement for pre- approved expenses after the project or activity has been satisfactorily completed.

The Kaipātiki Local Board normally uses its community development partner, the Kaipātiki Community Facilities Trust (KCFT) as an umbrella organisation. If you are a group with no formal legal structure please discuss with the trust whether it is prepared to act as your umbrella before lodging your application.

Investment approach

Local Grants: Applicants for local grants can apply for grants over \$1000. Local grants will be available three times a year and successful applicants will sign a funding agreement.

Application dates

Local Grant rounds for 2017/2018 will be as follows

2017/18 Funding rounds	Opens	Closes	Decision made	Projects to occur after
Round three	12 February 2018	23 March 2018	16 May 2018	1 June 2018

Multi-board funding

In principle we have agreed to support multiboard applications and will consider them on a case by case basis.

Accountability and other measures

The Kaipātiki Local Board requires that for all successful applicants:

- The contribution of the board is to be acknowledged in all publicity and signage (the board brand collateral can be provided on request).
- Any events funded or partially funded by the board are to be smoke-free.

The Kaipātiki Local Board requires that all successful applicants provide within two months of the completion of the project a completed Accountability Form.
