

Manukau Rovers Rugby Football Club Incorporated

Legal status:	Incorporated Society, Other: Sports Club	Activity focus:	Sport and recreation
Conflicts of interest:	None identified 0		

Project: Manukau Rovers RFC U20's team

Location:	Williams Park, 65 Viscount Street, Mangere		
Summary:	The nature of our project is to boost confidence and morale in these young players by clothing them with team tracksuits and polo shirts, as we believe that this uniformity will give the players a sense of pride of who they are, including promoting Manukau Rovers RFC in a positive way. Their confidence and strength in unity can be built by showing our support for their needs during the season in supplying them with these goods.		
Dates:	19/02/2018 - 01/10/2018	Rain dates:	-
People delivering:	28 - 30	People reached:	150
Promotion:	Not stated: If the funds are made available this will be discussed within the club organisation by way of communication through email and a meeting will be held to discuss the best way to promote the funding received.		

Community benefits

Identified need:

Yes we believe there is a need for this as the players are local boys from Mangere who love their sport but motivation and incentives to keep them interested are lacking this could lead them to going down the wrong path that is unnecessary when we are determined to help and support them in any way we can to discourage that path they may take and encourage positivity and growth in leadership within the community.

Identified community outcomes:

As the Under 20's team players are predominantly of Pacific Island descent and some from disadvantaged families we aim to encourage positivity and responsibility within the team that will extend out into the wider community.

Alignment with local board priorities:

Māngere - Otāhuhu

- communities have opportunities for active and healthy living, in safe environments that are smoke, alcohol and drug-free
- young people lead and have a voice in local matters

By encouraging our players to strive and succeed well in all that they do, this in turn will spill out into the community. Manukau Rovers often hold club fun days during registration and major sporting events where our team could participate by volunteering their time to help, promote active and healthy living within the community and outside including participating in sporting events in a smoke free and alcohol-free environment. These young men play an important part in our Polynesian

society and their voices are the future of our community by encouraging and building them up now shows support.

Collaborating organisation/individual	Role

Mangere Bridge School

Legal status:	Other: Primary School	Activity focus:	Sport and recreation
Conflicts of interest:	None identified		

Project: Bikes in School Project

Location:	Mangere Bridge School		
Summary:	This grant is to help us implement the Bikes in Schools project-namely to build bike tracks, buy a fleet of different sized children bikes and helmets, organise secure storage of the bikes and run staff training on cycle skills instruction to ensure the project is sustainable over time. Our ambition has always been to improve our school ground into a resource that benefits the whole community and most importantly our children's health and wellbeing. With diverse bike tracks properly installed and maintained we will increase the facilities we have for physical activity and fitness but also for use in break times and outside school hours.		
Dates:	06/06/2018 - 10/07/2018	Rain dates:	-
People delivering:	Teachers x 20. Bike educators x 5 Auckland council bike programmes and Travel wise team.	People reached:	400 children their immediate families and those that live in the local area.
Promotion:	Not stated Through our Facebook page, school website and newsletters		

Community benefits

Identified need:

Consultation with our community and voting by the children.

Identified community outcomes:

To promote healthy active lifestyles.

Getting students and families off the couch and doing outside activities.

For our children and community to understand road safety when using bikes and being skilled at bike riding.

To promote the use of bikes as an alternative to cars in our community.

Alignment with local board priorities:

Collaborating organisation/individual	Role
Bikes in Schools	Helmets x 45

Weetbix Tryathalon	Use of 40 bikes
Travel wise	Bike education & safety checks

Demographics

Māori outcomes: Māori involvement in the design/concept
Providing health and fitness for our Maori Whanau, bike skills & safety & wider community.

Accessible to people with disabilities: Yes -

Target ethnic groups: New Zealand European, Other European, Māori, Pacific Peoples, Chinese, Indian, Other Asian, Middle Eastern, Latin American, All/everyone

Promoting Smoke Free: Our grounds are completely smoke free. All events smoke free. Signs all around

Project: Raranga (Weaving) Workshops

Location:	Otuataua Stonefields Mangere Auckland		
Summary:	Raranga (Weaving). Based on Tikanga, Mātauranga and Te Reo. This project aims to educate and build foundations for the community through this traditional practice. Raranga has benefits that applies to everyday life, reconnecting and setting a healthy eco-friendly approach that is also becoming a stepping stone in the elevation of the Maori culture.		
Dates:	29/06/2018 - 02/07/2018	Rain dates:	-
People delivering:	3	People reached:	20
Promotion:	Not stated marketing through social media. Word of mouth.		

Community benefits

Identified need:

As a Maori descendent I believe the need for projects such as Raranga can have a significant impact on the development of ones understanding of Raranga and the significance of this art form. The benefits of Raranga are: Preservation of the art form, Teaching Maori principles and values pertaining to Raranga, the continuation of the skills and knowledge for future generations.

Identified community outcomes:

Resource Management- Harvesting Identifying which Rau (leaf) to cut. Interaction with Te Pa Harakeke (flax). identifying the Pu Harakeke (Cluster of flax).

Learning Outcomes – Tikanga (protocols), Principles and Values. A Practical approach to utilise Harakeke. Maintaining the customary practices of our indigenous culture.

Alignment with local board priorities:

Howick

- Grow our arts, culture and music
- People are supported to lead and develop projects and create opportunities for young people

Preserving the art through knowledge and practice. Following necessary guidelines in ensuring Health and safety precautions are made. Educating people in the use of and benefits of this form of art. Sustaining the cultural value of Raranga. upholding the art through awareness and practical involvement. Acknowledging that art is a significant part of culture and for the development of the next generations to be able to uphold this precious art form.

Māngere-Otāhuhu

- innovative initiatives that are community-led
- neighbourhoods and communities feel safe and connected across diverse cultures

Non-smoking and alcohol or drug environment, meaning none of those will be allowed during the workshops. All cultures are welcome to join the workshops. Our approach is that this be an opportunity to interact and connect with the people of all cultures as we live in a multi-cultural society. Kotahitanga (unity) is something we are wanting to achieve through Raranga. these workshops are a stepping stone in a positive direction for not only Maori but for all of NZ.

Manurewa

- initiatives that are aimed to preserve our heritage and important elements of our past
- initiatives that aim to protect and restore our natural heritage and resources

Raranga is a very important part of the Maori culture. Initiatives to teach Raranga will absolutely have a positive effect on how we preserve it. The need to uphold this art form is now. To educate the community in Raranga people can develop a sense of identity as well as an understanding of the Maori culture. Teaching people how to look after and maintain our resources can have a major impact on how we look after our community.

Ōtara-Papatoetoe

- Pleasant neighbourhoods, programmes, and events promoting healthy living, cultural diversity, education and environmental protection
- Enable young and old to participate in employment, education, training and community service

having workshops available to the public community so that they can be educated in this art form. Create a learning environment for those wanting to learn more and up skill. Having access to local workshops that are based on indigenous and historic practices.

Papakura

- support Māori economic development
- protect and restore our natural and built heritage

Having Raranga classes will allow people to reconnect and learn more. Give People the option to learn from a Maori perspective regardless of ethnicity. Uphold the Maori practices and keep our culture and heritage strong. Be leaders. Creating a platform for indigenous cultural practices to be accessible.

Collaborating organisation/individual	Role

Family First Welfare Trust

Legal status:	Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Umang

Location:	Otahuhu Town Hall		
Summary:	The project named as "Umang" (Meaning happiness, enthusiasm, ambition in Hindi and Urdu) would bring the women of our community from diverse and hard to reach backgrounds to come together and get involved in various kinds of activities together in a stress-free environment. It would consist of three workshops and each workshop would consist of activities such as embroidery, mindfulness exercises and creative journaling. This program will improve their emotional well-being and empower them.		
Dates:	22/08/2018 - 24/10/2018	Rain dates:	-
People delivering:	3	People reached:	50
Promotion:	Not stated Through posters, emails to our networks, our Facebook page and through creating an event on our FB page.		

Community benefits

Identified need:

FFWT has conducted various workshops with Support of Auckland Council including "Umang", "Driven to Be Empowered" & "Kaardaan". Through "UMANG" isolated women from diverse communities will get together and interact to celebrate their womanhood while learning many empowering skills. The need to empower isolated women and families through such workshops was identified during case work and FFWT also got many requests from the community to conduct the workshops of such sort. As a part of FFWT holistic social services model, FFWT conducted workshops with Auckland Council's support which got very good response from the community requesting more of Umang workshops.

Identified community outcomes:

Workshops will promote trust and understanding within diverse cultures. This program directly correlates with our 3Ten Social services holistic model as would facilitate emotional well-being in a very supportive environment which would help in improving the family relationships as relevant skills would be learned through Psycho-education. It would provide a chance to the women belonging to diverse cultural back grounds to come together on a platform to interact with each other and not only learn new things and forget their worries for some time but also to learn how to control the stress in their life and be more understanding, active and productive.

Alignment with local board priorities:

Māngere-Otāhuhu

- events for families to take part in community life, celebrate local identities and talent

- neighbourhoods and communities feel safe and connected across diverse cultures

It would provide a chance to the isolated women belonging to diverse cultural back grounds to come together on a platform to interact with each other. Through workshops, they will celebrate their womanhood together in a safe environment and not only learn new things and forget their worries for some time but also would learn self-care and to control the stress in their life and be more understanding, connected, active and productive.

Conflicts of interest:	None identified		

Project: Hosting a round robin netball match

Location:	Pulman Arena, Takanini		
Summary:	The Northern Stars host 7 home round robin matches in the ANZ Premiership in 2018 against other club teams from across New Zealand. This application is to assist in hosting one of those matches.		
Dates:	04/07/2018 - 04/07/2018	Rain dates:	-
People delivering:	60	People reached:	1600
Promotion:	Not stated Through various mediums including social media, print media and radio.		

Community benefits

Identified need:

The Northern Stars play in a national competition and is a prerequisite of participation that home matches are hosted.

Identified community outcomes:

The hosting of matches for the Northern Stars sporting team based in South Auckland with the ability to attract and influence communities and people will benefit and create positive engagement for all.

Alignment with local board priorities:

Māngere-Otāhuhu

- events for families to take part in community life, celebrate local identities and talent
- communities have opportunities for active and healthy living, in safe environments that are smoke, alcohol and drug-free

The development of the Northern Stars is vital to netball, sport and physical activity in South Auckland. The Northern Stars want to be a catalyst for significant growth in the game, in and around the region we represent. Our primary goal for the Northern Stars is to make a genuine and measurable difference, both on and off the court. We want our players to be mentors and role models that young South Aucklanders aspire to emulate. The long-term role of the Northern Stars is to capture the imagination and support of the community.

The Parenting Place

Legal status:	Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Provision of Toolbox parenting courses, focusing on Maori & vulnerable families.

Location:	Community venues, social service agencies and private homes within the Mangere-Otahuhu local board area. E.g. Te Whare Marama o Mangere: PO Box 43 092, Mangere; Te Whanau Rangimarie o Tāmaki Makaurau: 2 Cameo Court Road, Auckland; Kings College: Golf Avenue, Ōtāhuhu.		
Summary:	Our six session parenting courses provide practical skills and strategies to build strong healthy families. We request funding towards running 7 courses, which will benefit approx. 63 parents & their families. Through our 'Building Awesome Whānau' course, we aim to continue to increase the number of Māori families completing a parenting programme and reduce disparities in health and social outcomes in this sector.		
Dates:	23/07/2018 - 05/07/2019	Rain dates:	-
People delivering:	6	People reached:	63 parents and their families
Promotion:	Not stated We promote Toolbox courses on our website (www.theparentingplace.com) and the local Toolbox coordinator in each region is responsible for promoting Toolbox in their community. They visit social service agencies and other community organisations to hand out brochures and often have advertisements in local newspapers, on bulletin boards, and at local schools & community venues. They also network and foster relationships with people in the Mangere and Otahuhu areas to spread the word about Toolbox.		

Community benefits

Identified need:

Studies show raising the confidence and competence of parents through parenting programmes has positive effects in reducing negative outcomes like child abuse, teenage pregnancy, and youth suicide in our young people. Sustained increase in demand by participants, as well as the continued and enthusiasm and support for our programmes by our community partners, is evidence Toolbox parenting courses are meeting an important need. Each year more community groups request we train their people as Toolbox facilitators or run Toolbox courses on their behalf. Last year 75% of courses were run through community and social service organisations.

Identified community outcomes:

The community outcomes Toolbox courses in Mangere-Otahuhu will provide are:

1. A foundation for long-term systematic social change through its impact upon families involved. For an alarmingly large number of attendees, the material is completely new. They may be several generations removed from functional family life and for them, the knowledge presented is

revolutionary. As individual lives are transformed through parenting education, the community is transformed.

2. Ensuring that every person who wants to improve their wellbeing through parenting by attending a Toolbox course can.

3. Ensuring the courses are engaging, relevant, up-to-date, applicable to life and enjoyable so that most participants attend at least 5 out of the 6 sessions.

Alignment with local board priorities:

Māngere-Otāhuhu

- increased community capacity to prevent harm from alcohol, drugs and substance abuse
- communities have opportunities for active and healthy living, in safe environments that are smoke, alcohol and drug-free

The aim of Toolbox parenting courses is to help parents create safe, nurturing environments and strong and healthy families, by providing them with a 'toolbox' of parenting skills and strategies. By working alongside agencies like Te Whare Marama o Mangere and Te Whanau Rangimarie o Tamaki Makaurau, we are able to support and equip parents for whom drugs & alcohol abuse has been a problem in the past and help them create safe and healthy environments in which to raise their family.

When the generational cycle of poor parenting is broken the downstream social and economic costs to communities is reduced.

Collaborating organisation/individual	Role
Te Whare Marama o Mangere	Social service agency running and hosting Toolbox parenting courses
Te Whanau Rangimarie o Tāmaki Makaurau	Social service agency running and hosting Toolbox parenting courses
Kings College	School / community venue running, hosting & promoting Toolbox parenting courses.

Demographics

Māori outcomes:	Māori participation - Māori priority group, target group, high representation or Māori staff delivering The Building Awesome Whānau Toolbox course is designed specifically for Māori families. It was developed in collaboration with Māori staff, Toolbox facilitators, educators, kaumātua, social service agencies and Māori families. This Toolbox considers needs, strengths, and socio-economic nature of Māori. The best evidence-informed parenting techniques and insights are presented in a way that is understandable, relevant and culturally appropriate. Particular attention is paid to using appropriate and understandable language in all material. Although designed for Māori it has proven to have appeal and efficacy with a wide range of vulnerable families. Our ultimate aim is that it will increase the number of at-risk families completing a parenting programme and reduce disparities in health and social outcomes within this sector.
Accessible to people with disabilities:	Yes - Toolbox parenting courses are open and accessible to any parent seeking help and support.
Target ethnic groups:	All/everyone

Promoting Smoke Free: Toolbox courses aim to improve the wellbeing of Mangere-Otahuhu families and young people. Toolbox participants receive messages about the importance of creating family values and living by them. Through this process, parents are encouraged to examine their beliefs, habits, routines and home life and this often leads to a reduction in negative habits such as smoking and drinking happening in the home.

Financial information

Amount requested: \$2707.00

Requesting grant for: If successful, a grant from the Mangere-Otahuhu Local Board would be used to contribute towards additional fee subsidies for low income parents and volunteer facilitator expenses.

If full amount requested is not able to be funded:

Funding for subsidies for low-income participants (\$1268) would be the preferred part, as this ensures that as many vulnerable families as possible can attend a parenting course.

Cost of participation: Toolbox course fees are subsidised by our fundraising - participants are charged \$75 per individual and \$110 per couple (incl. GST). We often subsidise this fee further, sometimes up to 100%, if funding allows.

Chinese New Settlers Services Trust

Legal status:	Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified		

Project: CNSST Manukau Branch - Migrant Service Centre

Location:	Friendship House (20 Putney Way, Manukau City Centre)		
Summary:	<p>CNSST Manukau Branch will be developed as a migrant service centre in provision of:</p> <ul style="list-style-type: none"> - Settlement Information and Support Services (One to one consultation and community workshops) - Art and Cultural Programmes - English Language Education - Social Services Referral (Child abuse and neglect; Family Violence; Parenting, etc.) - Employment Services Referrals (new migrants, newly graduated international students, employers' support, etc.) - Auckland Council Public Consultation Survey - Asian community engagement 		
Dates:	28/07/2018 - 29/06/2019	Rain dates:	-
People delivering:	10	People reached:	500
Promotion:	Not stated Website Social Media Posters		

Community benefits

Identified need:

CNSST has organised a needs survey in Chinese community in January 2017 with the participation of 536 community people. The survey results justify the key needs of our community people:

- Language
- Not understanding about NZ law and legislations
- Housing
- Education
- Not understanding about NZ social system and public services
- Not understanding about NZ culture/Cultural Shock
- Social Isolation
- Employment
- Parenting
- Racism, Discrimination

- Transportation
- Visa/Immigration

Identified community outcomes:

These services effectively empower and support the local community with a wraparound culturally and linguistically appropriate services to address their difficulties of not understanding NZ law and legislation, not understanding NZ culture and social system, unemployment, limited language skills, child abuse/neglect, different parenting skills, family violence, etc.

We expect to serve 500 local people in the coming financial year.

The direct outcomes include

- increased employment
- extended skills
- supported families
- more engaged community

Alignment with local board priorities:

Māngere-Otāhuhu

- communities have opportunities for active and healthy living, in safe environments that are smoke, alcohol and drug-free
- innovative initiatives that are community-led

CNSST Manukau Branch Migrant Service Centre provide accessible, confidential and professional wrap-around support including the opportunities for active and healthy living, in safe environments that are smoke, alcohol and drug free. We have professional registered social workers with health promotion work experience available to support the local community in need of support.

Secondly, this is the initiative that are led by community for community. The community people will be involved in consultation, planning and support work of the migrant service centre. In the meantime, we need volunteers to support with the delivery of some activities from time to time.

Manurewa

- activities that are aimed at advancing our young people and make it easier for them to get active and be involved
- activities that are aimed to improve the overall wellbeing of the Manurewa community;

Young people are our target and priority group for education, volunteering and employment support services. They will be involved and benefited from the migrant support services.

Based on our experience, the issues of the families never come alone. Hence, the wrap-around support service model aims to improve the wellbeing of the families and community by responding to the complicated needs of one family including employment, mental health, education, cultural and language barriers, etc.

Papakura

- contribute to the economic and cultural attractiveness of Papakura town centre
- help our young people to contribute prosper and thrive

Firstly, part of our migrant services includes employment and enterprise support as well as cultural education to the local migrant community. Hence this initiative will contribute to the economic and cultural development in due course.

Secondly, Young people is the target and priority group for education, volunteering and employment support services. They will be empowered and benefited from the migrant support services to thrive and prosper.

KidsCan Charitable Trust

Legal status:	Incorporated Society, Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Food for Kids

Location:	Across 27 Schools located in the Mangere-Otahuhu region.		
Summary:	Food for Kids provides children who have no food at school with items of food. The food items are distributed discreetly and at the discretion of the teachers to ensure the children who need help receive it and without judgement from their peers.		
Dates:	01/07/2018 - 30/06/2019	Rain dates:	-
People delivering:	24	People reached:	14,000
Promotion:	Not stated		

Community benefits

Identified need:

KidsCan constantly receives feedback from principals and teachers in the community who have children in their classes with no food, footwear, warm or dry clothing and very limited access to healthcare or health items.

Identified community outcomes:

Community well-being and in particular the wellbeing of children is extremely important to KidsCan. By running our programmes through schools we are encouraging disadvantaged children to attend school, improving their educational outcomes and allowing them the greatest opportunity to reach their full potential in life. This leads to a happier community with more educated young people. Our programmes are proven to reduce anger, theft and violence - supporting youth who may be at risk can change lives and help break the poverty cycle.

Alignment with local board priorities:

Māngere-Otāhuhu

- communities have opportunities for active and healthy living, in safe environments that are smoke, alcohol and drug-free
- innovative initiatives that are community-led

Providing food, warm clothing, shoes and health care products to schools.

Collaborating organisation/individual	Role

Demographics

Māori outcomes:

- Māori participation - Māori priority group, target group, high representation or Māori staff delivering

Maori and Pasifika children make up 74.52% of children attending KidsCan partner schools. Our programmes significantly improve the well-being and educational outcomes for these children.

Accessible to people with disabilities:

Yes - KidsCan partner schools are decile 1-4, if a child has no food at school they are able to take part in our Food for Kids programme regardless whether they are able bodied or have disabilities.

Target ethnic groups: All/everyone

Promoting Smoke Free:

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female
%	%	100%

0-5 years	< 15 years	15-24 years	25-44 years	45-64 years	>65 years	All ages
%	95%	5%	%	%	%	%

Financial information

Amount requested: \$10000.00

Requesting grant for: We would love funding to purchase food for the children. Children who are hungry are not able to learn very well, they are distracted, irritable and light headed. A Massey University study completed in 2010 has proven that our programmes reduce theft and anger - as well as improving attention in class and attendance rates in schools.

If full amount requested is not able to be funded:

Any funding would be greatly appreciated and can be utilised to purchase food for the children.

Diabetes NZ Auckland Branch

Legal status:	Incorporated Society	Activity focus:	Community
Conflicts of interest:	None identified		

Project: 3 HOPE (Healthy Options = Positive Eating) Courses

Location:	214 Great South Road Otahuhu and Mangere Town Centre, 93 Bader Drive, Mangere		
Summary:	HOPE is run over four sessions by previous participants who have been empowered to deliver the programme. Participants of all ages learn about healthy food choices and physical activities that families can enjoy together. A three month follow up programme measures adherence to the family action plan. Located in community settings so that cost and accessibility issues do not prevent people from learning about diabetes, HOPE respects participants' cultures. By including the elders, HOPE reduces the social isolation that can be experienced by this age group. Participants are invited to track their activity on a pedometer and report their progress during the follow up sessions. The mobile diabetes awareness service completes health checks at the second and third follow-up sessions.		
Dates:	18/06/2018 - 15/03/2019	Rain dates:	-
People delivering:	2	People reached:	60
Promotion:	<p>Not stated The HOPE programme is promoted on Diabetes NZ Auckland Branch's website and Facebook page. Information about the programme is also available from the mobile diabetes awareness service when it is in the community and attending events.</p> <p>Using flyers and posters the HOPE champions advertise the programme within their own community and to the people that they know. They also put details of the programme in school newsletters.</p>		

Community benefits

Identified need:

It is estimated that one in four Aucklanders have diabetes or pre-diabetes. The populations with a high risk of being diagnosed with diabetes include South Asians, Pacific people and Maori. Research shows a strong causal link between poverty, obesity and type 2 diabetes and that 15% of people living in the Manukau East General Electorate District (GED) and 17.3% of those living in the Mangere GED have diabetes. The Ministry of Health (MOH) recognises the vital role that community organisations play in meeting the serious health challenges presented by diabetes. HOPE addresses four of the MOH's six priority action areas: increasing knowledge and raising awareness, supporting healthy lifestyle choices, enabling effective self-management, and detecting diabetes early.

Identified community outcomes:

- An increase in the number families from populations with a high risk of being diagnosed with diabetes incorporating healthy eating guidelines into their diets.
- An increase in physical activity among people with a high risk of being diagnosed with diabetes.
- An increase in the number of volunteer HOPE champions delivering the HOPE programme in their communities.
- Strong cohesive communities where people feel encouraged and engaged to fully participate.
- Strengthened family wellbeing.

Alignment with local board priorities:

Māngere-Otāhuhu

- communities have opportunities for active and healthy living, in safe environments that are smoke, alcohol and drug-free
- innovative initiatives that are community-led

The key tenets of the HOPE programme are to empower people to lead active healthy lives while still enjoying their cultural foods and participating fully in their community. The programme relies on community groups and community leaders to arrange suitable times and venues and to recruit participants. In many cases these community organisations request the courses to be run among their people. As HOPE Champions are empowered to lead the programme not only is HOPE’s reach expanded but the model is continually refined to reflect the needs and priorities of the local community.

Collaborating organisation/individual	Role
NZ Sikh Women Association	Promotion of the programme and assistance with logistics
Pilatomu Aerobics Fitness Group	Promotion of the programme and assistance with logistics.
Otahuhu Community Centre	Promotion of the programme and assistance with logistics.
Kalolaine Kaufusi	HOPE Champion – delivering the course

Demographics

Māori outcomes:

- Māori participation - Māori priority group, target group, high representation or Māori staff delivering

HOPE courses target populations with a high risk of being diagnosed with diabetes, including Maori. All Maori participants will benefit from receiving practical education about how to improve their physical health through adopting healthy lifestyle options. This in turn will improve their social and economic outcomes by enabling them to participate fully in the workforce and community. The cross-generational, family, fun and community focuses of the programme will also improve their social and cultural and wellbeing by bringing people of all ages together.

Accessible to people with disabilities:

Yes - All members of the community are invited to attend the programme. The rooms the courses will be held in will be accessible.

Target ethnic groups: Māori, Pacific Peoples, Indian, All/everyone

Promoting Smoke Free: While the primary focus of the programme is food and exercise, as a health focussed programme participants are discouraged from smoking when the opportunity arises.

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female

Project: Omega Family Day

Location:	372 Massey Road		
Summary:	The Omega Race is the heart of the event by allowing them to work as a family unit to instil family values in a busy social climate. The essence of this event is to create or capture beautiful memories for families but especially for our children who will benefit from this for a lifetime. Omega Family Day also allows for local businesses and community organisation stalls to show case what is available this attracts potential new clients and support local businesses. Omega Family Day draws in local talent by young people or local groups that meet cultural and life-stage needs this allows for young people to have a voice and build a sense of belonging within the community.		
Dates:	26/01/2019 - 26/01/2019	Rain dates:	26/01/2019 - 26/01/2019
People delivering:	40	People reached:	1000
Promotion:	Not stated - There is potential to have OFD promoted via the Auckland Council Events page - Promote through posting posters on local businesses window's (with permission) - Mail outs - Social Media (Facebook, Snap Chat, Instagram, Twitter etc)		

Community benefits

Identified need:

We as a team have established the need for the project by talking to families within the Mangere-Otahuhu Local board area and working in collaboration with like-minded organisations within Mangere-Otahuhu Local Board area to establish that there is a need to celebrate and acknowledge Pacific and Maori families within the area.

Identified community outcomes:

- Omega Family Day (OFD) supports Outcome 1 of the Mangere-Otahuhu Local Board Plan by having community stalls and local business stalls at OFD, This allows for partnerships to be created to identify, invite and partner with community organisations and businesses to encourage development of social enterprise to promote local products as well as arts and cultural talents to reach newer/wider markets by using spaces available temporarily, e.g. pop-ups.
- OFD supports Outcome 2 of the Mangere-Otahuhu Local Board Plan by ensuring that Maori and Pasifika culture is infused throughout the event as well as allowing our grandparents or kaumatua to participate throughout day of the events. This creates an opportunity to partner with local groups to promote local talent, learning and cultural exchange and to reach diverse audiences.

- OFD supports Outcome 6 of the Mangere-Otahuhu Local Board Plan by having local artists or local cultural groups perform for the community so that they are not only sharing their talents, but this also gives them a sense of belonging Young people are engaged, have a voice and contribute positively in local matters.

Alignment with local board priorities:

Māngere-Otāhuhu

- events for families to take part in community life, celebrate local identities and talent
- neighbourhoods and communities feel safe and connected across diverse cultures

- Refer to outcomes

Collaborating organisation/individual	Role
Affirming Works	Meeting will be set up in April to discuss further how we can work in partnership to develop a successful event for the families in the Mangere-Otahuhu Local Board area
Mangere East Access Trust	Develop a partnership to start networking within the community

Demographics

Māori outcomes:

Accessible to people with disabilities: Yes - - The event is out doors and the grounds are flat
 - There is also the potential for community stalls that target disability to be visible for families in the community
 - Not full access but working towards this

Target ethnic groups: All/everyone

Promoting Smoke Free: - There will be a health-care stall present at OFD to promote this
 - This event is promoting smoke free Auckland as it is a smoke free event
 - Stage has screen that can promote a Smoke-Free Auckland

Mangere Town Centre BID Incorporated

Legal status:	Incorporated Society	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Pila Tomu Exercise

Location:	Mangere Town Centre		
Summary:	Funding to help support the daily exercise run by Pila Tomu. Currently the Town Centre and the Market Trust fund this project. Until recently not funded properly and we want to pay for the service to the Community. Suggested fee is \$500 per week and we are seeking a subsidy of \$150 per week from the Board. We want the program to be free for the users.		
Dates:	01/06/2018 - 22/12/2018	Rain dates:	-
People delivering:	150	People reached:	Over 200 on the participants list
Promotion:	Not stated Facebook		

Community benefits

Identified need:

The exercise program has been going for several years. However, we have always only made a small contribution. To keep the service free for the public we are seeking additional funds.

Identified community outcomes:

Health is the main benefit. Most of the participants are elderly and we have seen a noticeable weight decrease in several them!

Alignment with local board priorities:

Māngere-Otāhuhu

- communities have opportunities for active and healthy living, in safe environments that are smoke, alcohol and drug-free
- events for families to take part in community life, celebrate local identities and talent

Providing the Community with free exercise program in a safe environment. Has become part of daily life and a chance to meet friends and families.

Collaborating organisation/individual	Role
Mangere Town Centre	40% of the Cost
Mangere Market Trust	30% of the Cost

Demographics

Māori outcomes:

Accessible to people with disabilities: Yes - Many people with disabilities join in. Everyone can participate to the level they feel comfortable with.

Target ethnic groups: Pacific Peoples

Promoting Smoke Free: The Town Centre is Smoke free

Pacific Islands Dance Fono (trading as Pacific Dance New Zealand)

Legal status:	Charitable Trust	Activity focus:	Arts and culture
Conflicts of interest:	None identified		

Project: Pacific Dance Festival Matinee & Exhibition season

Location:	Mangere Arts Centre		
Summary:	To provide FREE matinee shows and a dance costume exhibition at the Mangere Arts Centre for local primary and secondary school students. This comprises of children viewing an exhibition, watching a show, meeting the cast to ask questions about dance or the show and participating in a workshop.		
Dates:	12/06/2018 - 27/07/2018	Rain dates:	-
People delivering:	15	People reached:	920-1600
Promotion:	Not stated, we have a dedicated marketing officer charged with marketing the matinees. We also have a dedicated education liaison officer who will work with the local schools. We have found that our direct contact with the schools is more beneficial than general call out. We have a very established relationship with the local schools who know our brand and workshop formula. This year we have a costume exhibition that kids can also go through, as some of the costumes appear on stage so it's good for them to make the connection. As this is primarily for south Auckland schools our marketing is very focussed and direct.		

Community benefits

Identified need:

For the past 3 years we have delivered matinee shows as part of the outreach of the festival. We have always maintained great numbers and feedback from the kids and teachers have been positive with feedback about wanting to return each year for the kids. Through workshops, kids have had opportunities to learn more about artform. Schools are often unable to pay for full shows', so we offer them free. This year we have partnered with the Museum of Auckland who have loaned their rare collection of adornments from Melanesia & Micronesia. Mangere Arts Centre are keen to have us back as they see this programme as being vital and needed for the local community.

Identified community outcomes:

The community outcomes are:

children come to the theatre and experience dance

youth come to the theatre and experience dance

these matinees are free to provide access for the community and especially the kids

we have a dance costume exhibition for the community to see items outside their own cultural settings i.e. Melanesia & Micronesia

we provide access to the arts centre, so kids feel like the city has arrive in Mangere
 we have a very Pacific specific programme of various artists
 children and youth see a Fijian dance troupe from Rotuma (a rarity in Aotearoa NZ)
 the notion of Pacific is expanded, and learning takes place
 the notion of Dance is expanded and made by Pacific for Pacific
 the range of dance is from heritage to contemporary offering a diverse range of local voices
 the community see themselves on stage
 the community sees themselves through the exhibition
 the event encourages inter-generational dialogue between young and old
 the community see Pacific arts in a modern context

Alignment with local board priorities:

Māngere-Otāhuhu

- neighbourhoods and communities feel safe and connected across diverse cultures
- events for families to take part in community life, celebrate local identities and talent

Our project is delivered at the Mangere Arts Centre and this gives the kids a sense of having arts right there in front of them in a very popular and recognisable space. The centre is in the shopping centre, so kids simply walk across the centre to the theatre rather than having to leave Mangere and travel to the city etc. These events are Pacific focussed and this will allow the community to see familiar cultural experiences and though the act is from Rotuma. It will allow the community to see something that is both familiar as well as different.

Collaborating organisation/individual	Role
Mangere Arts Centre	Venue and technical staff
DANZ	Accommodation from RAKO
Auckland Museum	Costume Loan
RAKO	Matinee performers

Demographics

Māori outcomes:

Accessible to people with disabilities: Yes - We have wheel chair access to the theatre. We have hosted disability matinees in the past and work with the caregivers and the Arts Centre staff regarding safety of patrons.

Target ethnic groups: New Zealand European, Māori, Pacific Peoples

Promoting Smoke Free: Firstly, the venue has a no smoking policy which doesn't really apply to these kids. The venue itself has enforces this throughout the building. To this, dancers are generally healthy athletes. They are good role models for the kids. During the Q & A sessions we will ask the choreographers and dancers to talk about healthy living and why it's good to dance as exercise and as a fitness regime. We find that the shows will have smoke or people imitating smoking, so we will promote non-smoking through these ways.

Mobility Assistance Dogs Trust

Legal status:	Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Puppies in Prison Programme - Auckland Region Women's Corrections Facility

Location:	Auckland Region Women's Corrections Facility 20 Hautu Dr, Wiri, Manukau City 2104		
Summary:	Puppies in Prisons is an on-going programme which Mobility Assistance Dogs Trust has run in conjunction with the Department of Corrections since 2008. Prisoners are selected for a special unit where they undertake the training of our puppies (8 weeks to 2 years) under the direction of our Canine Team. We do not receive any funding from the Department of Corrections.		
Dates:	01/06/2018 - 30/09/2018	Rain dates:	-
People delivering:	30+	People reached:	1000+
Promotion:	Not stated we promote our organisation and the Puppies in Prison Programme through the use of printed collateral, branding on vehicles, social media and our website. We are also constantly in public with recipients, puppy walkers and trainers whose dogs wear identifiable jackets. This gives us a local community presence and promotes discussions with public especially when they see our clients, canine team and puppy raisers out in public with Mobility Dogs		

Community benefits

Identified need:

Since establishment in 2003, we continue to experience growing demand for a Mobility Dog to be placed with individuals along with enquiries for dogs to assist in therapeutic environments. We see an increase each year in the number of applications for Mobility Dogs from individuals living with disabilities; or their supporters, physical therapists or families. Innovative solutions like our Puppies in Prison Programme not only add significant value to the prisoners and their families involved but also allow us to economically increase the number of Mobility Dogs in training.

Identified community outcomes:

The role a Mobility Dog plays in the social and community life of an individual is profoundly important. Research has shown that equally as important as the specialist tasks (e.g. putting clothes in dryer, opening doors) are the psychosocial benefits enabling people to more actively participate in their local community.

While we focus on working directly with clients, prisoners, families and volunteer teams, our work impacts the wider community through increased visibility and participation of people living with disability within our communities. This also encourages able-bodied people to see the person beyond the disability therefore encouraging a socially just and inclusive New Zealand.

We also see clear outcomes from our Puppies in Prison Programme. Prisoners who participate in the programme report substantial changes in attitude towards peers, their families and children. Staff working with prisoners that cared for the dogs reported that the programme had benefits for the prisoners involved, including developing pro-social behaviours, building a sense of self-esteem, and instilling in them responsibility through the absolute care of the dog.

Alignment with local board priorities:

Māngere-Otāhuhu

- neighbourhoods and communities feel safe and connected across diverse cultures
- increased community capacity to prevent harm from alcohol, drugs and substance abuse

Benefits extend nationally to individuals with disabilities who have received a Mobility Dog; the dedicated prisoner/handlers at Auckland Women's Correction Facility in Wiri (and by extension their families).

The Programme is yielding positive effects like safer and connected community by giving prisoners a chance to improve their education and social skills through caring for and training a Mobility Dog. This, in turn, has positive effects for the children and families of prisoners as the skills the prisoners learn intuitively translate into their home and community environments.

Collaborating organisation/individual	Role
Department of Corrections	Support of corrections staff, Prisoner engagement, agreement to house Mobility Dogs in the prison environment.
Mobility Dogs Puppy Raisers/Walkers	Volunteers support training as dogs are cycled in and out of the prison environment to ensure adequate access to social/community environments.

Demographics

Māori outcomes:

- Māori participation - Māori priority group, target group, high representation or Māori staff delivering

Due to privacy regulations we do not hold specific data relating to individual prisoners participating in our programme - this is retained by Dept of Corrections. However, September 2017 (Dept of Corrections) statistics show that 50.7% of prisoners were identified as Maori. Given this statistic it is highly likely that at any given time there is a high representation of Maori participation on the Puppies in Prison Programme

Accessible to people with disabilities:

Yes - Our primary goal is to provide Mobility Dogs to people living with the impact of disability - this project supports training of our Mobility Dogs to achieve this goal.

Target ethnic groups: All/everyone

Promoting Smoke Free: n/a

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female
%	%	100%

0-5 years	< 15 years	15-24 years	25-44 years	45-64 years	>65 years	All ages
%	%	%	%	%	%	100%

Financial information

Amount requested: \$4000.00

Requesting grant for: We are seeking funding towards the veterinary costs of Mobility Dogs at our Puppies in Prison programme. As our dogs in training are our most valuable asset, quality veterinary care is of utmost importance. It is important that we do not send a dog into service with any serious health issues such as hip dysplasia or growth abnormalities) that could be impaired further by entering a working life.

As it is not possible to provide specific quotes we have uploaded a document regarding veterinary costs and provided examples of four recent invoices.

If full amount requested is not able to be funded:

If only partial funding is available we will continue to look at other funding options including applying to other community grants, sponsorship, donors and fundraising activities. It was difficult to determine accurate estimate of our organisations contribution as we are awaiting outcomes of pending grant applications and will continue to look for other opportunities to fund this core cost.

Action Education Incorporated

Legal status:	Incorporated Society	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Spoken Word Youth Development Workshops

Location:	Mangere College, Otahuhu College, Mc Auley High and Southern Cross		
Summary:	Our project involves facilitating 15 x two-hour, structured Spoken Word poetry workshops at schools in the Local Board area. There is no cost to the students or the schools. Participation in the workshop will introduce participants to spoken word poetry, have them gain writing and literacy skills, build their confidence and self-esteem through self-expression		
Dates:	01/06/2018 - 30/06/2018	Rain dates:	-
People delivering:	3 Fulltime Staff and approximately 18 volunteers	People reached:	300 young people
Promotion:	Not stated Through the schools that we work with, fliers, posters and through our Facebook page and poetry networks		

Community benefits

Identified need:

In 2017 Action Education worked with over 25,000 individuals throughout NZ. The need for our services is demonstrated simply by the level of demand and popularity we experience e.g. for many programmes we have waiting lists.

Our engagement and outreach are vital - where traditional education or youth development programmes have not been able to engage at risk young people; Action Education has been able to develop tools which hook young people into our services. Many schools have reported increase in attendance, attitude and literacy after young people have taken part in our programmes.

Identified community outcomes:

Action Education is a youth development organisation with an edge. We use creative and action-based methods to ignite the engagement of young people at all stages of their development. This acts as a catalyst to begin a self-motivated journey of reflection and exploration which strengthens their self-esteem, confidence and sense of identity. We use Spoken Word as a tool to engage young people. Our programmes promote communication, positive dialogue and literacy. Spoken Word poetry gives young people from every walk of life a way to express themselves. We aim to provide a safe place in which young people can express and share their own personal viewpoints. Through shared stories our intention is to empower young people to break down stereotypes and isolation.

Alignment with local board priorities:

Māngere-Otāhuhu

- neighbourhoods and communities feel safe and connected across diverse cultures
- events for families to take part in community life, celebrate local identities and talent

Poetry gives young people a safe outlet to express themselves. Poems range in topics as diverse as the race relations, poverty, or gender politics. Through shared stories Action Education's intention is to empower young people to break down stereotypes and isolation. Our work is underpinned by strong youth development processes that increase self-esteem, encourage resiliency and promote connection within peer groups, families, whanau and communities

Collaborating organisation/individual	Role
South Auckland Poets Collective	Co Facilitation/Promotion

Demographics

Māori outcomes:

- Māori participation - Māori priority group, target group, high representation or Māori staff delivering

All of our staff and volunteers are trained on the Treaty of Waitangi, Maori models of Health such as Te Whare Tapa Wha, have worked and continue to work with targets groups of rangatahi Maori. A key staff member has just finished her degree in Maori development and she supports and informs the work that we do. We are passionate about supporting young people to voice their unique view points and we embrace diversity while providing a safe learning environment.

Accessible to people with disabilities:

Yes - Our work is mainly held at secondary schools and community centres which are all well equipped to provide access for those with physical disabilities. Upon entry into our programmes we take in account the unique needs of each individual so that we can ensure they are comfortable and can fully participate

Target ethnic groups:

All/everyone

Promoting Smoke Free: We have smoke free policy's, our work takes place in smoke free environments such as schools, marae and community centres, our youth workers are trained to be able to offer support in smoking cessation.

Otahuhu Softball Club Incorporated

Legal status:	Incorporated Society	Activity focus:	Sport and recreation
Conflicts of interest:	None identified		

Project: Upkeep of Otahuhu Softball Diamonds

Location:	Sturges Park		
Summary:	To purchase a ride on mower to maintain the softball diamonds at Sturges Park and provide storage.		
Dates:	01/10/2018 - 31/12/2018	Rain dates:	-
People delivering:	10	People reached:	450
Promotion:	Not stated		

Community benefits

Identified need:

We currently have two great softball diamonds at Sturges Park which are classed as top facilities in Auckland. These diamonds host International, Premier and Social grade games but need to be upgraded and then maintained to a higher level than they currently receive. Specialised weekly maintenance is required and to do this we require a ride on mower which is also able to rake and drag the ceramic and sand surface of the inner diamond.

Identified community outcomes:

To have two specialist softball diamonds at Sturges park.

Alignment with local board priorities:

Māngere-Otāhuhu

- communities have opportunities for active and healthy living, in safe environments that are smoke, alcohol and drug-free
- communities care for and enjoy our parks, reserves and open spaces in different ways

To assist with the upkeep and care of Sturges Park while providing a community sporting facility

Collaborating organisation/individual	Role

Demographics

Māori outcomes:

Accessible to people with disabilities: Yes -

Target ethnic groups: All/everyone

Promoting Smoke Free: Our Softball Diamonds are smoke free at all times and comply with Auckland Softball Associations endorsement of being a smoke free sport.

Mangere Central Indoor Bowling Club

Under the umbrella of Manukau City Indoor Bowling Association Incorporated

Legal status:	Other: Not for Profit Community Group	Activity focus:	Sport and recreation
Conflicts of interest:	None identified		

Project: Mangere Central Indoor Bowling Club - hall hire for Mangere Central Community Hall

Location:	Mangere Central Community Hall, 244 Kirkbride Rd, Mangere, Auckland 2022		
Summary:	The funding application is for payment of hall hire for the period July 2018 to July 2019 (not including the period November to February inclusive). Attendees are not able to afford more than \$3 per night and \$25 per year for affiliation, so funding for hall hire is the only way to continue the club's existence.		
Dates:	05/07/2018 - 27/06/2019	Rain dates:	-
People delivering:	25-30	People reached:	30
Promotion:	Not stated Word of Mouth, and through affiliations.		

Community benefits

Identified need:

Because we've been going for nearly 60 years and have observed families returning each week and have celebrated success at all levels from nightly wins to Auckland and New Zealand Representation.

Identified community outcomes:

Whole families being able to enjoy affordable, alcohol free nights out. Bowls is a recreational sport that if desired, participants can enjoy success at a national level.

Alignment with local board priorities:

Māngere-Otāhuhu

- events for families to take part in community life, celebrate local identities and talent
- communities have opportunities for active and healthy living, in safe environments that are smoke, alcohol and drug-free

By providing safe, family friendly recreational sporting opportunities for all members of families of all cultures and ages and bringing neighbours and communities together.

Collaborating organisation/individual	Role

Demographics

Māori outcomes:

Accessible to people with disabilities: Yes - The club has often hosted many members with disabilities, including people: in wheelchairs; with physical and age-related disabilities; with mental illnesses; with mental development disabilities.

Target ethnic groups: All/everyone

Promoting Smoke Free: Smoking is prohibited inside the hall, and fortunately all current members are non-smokers.

0-5 years	< 15 years	15-24 years	25-44 years	45-64 years	>65 years	All ages
0%	0%	0%	0%	0%	0%	100%

Financial information

Amount requested: \$1132.00

Requesting grant for: Hall-hire for the venue. Last year the Council agreement was to zero out the hall hire, as the grant is for Council owned hall hire, so no money changed hands. The attached booking confirmation is on account because of this so there is no dollar value shown. The \$75 per night is what we believe it to be.

If full amount requested is not able to be funded:

We can only exist for the nights the grant would cover, as the nightly fees only covers nightly prizes and end of year prize giving including the engraving of existing cups, it is not enough to cover hall hire and the members can't afford any more than \$3 each night. The amount requested is less than the actual cost but is what is advised by the Council as required this year, as we are able to carry over funding from last year, as we missed out on some of the hall bookings that we had scheduled.

Cost of participation: \$25 annual fee, nightly fee \$3. The full amount of annual fee goes to the three affiliations, the club does not retain any of it.

Manukau City Association Football Club Incorporated

Legal status:	Incorporated Society	Activity focus:	Sport and recreation
Conflicts of interest:	None identified		

Project: Football in School - Mangere-Otahuhu

Location:	Local schools in and around Mangere-Otahuhu		
Summary:	<p>Manukau City AFC aims to provide quality coaching to students and teachers at local schools and organise local tournaments that are affordable and accessible to our community in the Mangere-Otahuhu area.</p> <p>With support of funders we will increase sports engagement opportunities, improve links between school, club and community, and provide pathways to careers in sport that are accessible to our community.</p>		
Dates:	04/06/2018 - 14/12/2018	Rain dates:	-
People delivering:	8,000	People reached:	20,000
Promotion:	<p>Not stated We plan to promote our project through local schools and student engagement, at coaching sessions.</p> <p>Online media including websites and Facebook, Instagram, Twitter.</p> <p>Print media - stories and advertising in the local newspapers/ community magazines</p>		

Community benefits

Identified need:

We have talked with a number of local schools, parents, students and football players from Mangere-Otahuhu, and we found that football is a sport of high engagement, however, this engagement lacks infrastructure and opportunity.

We have found that many schools do not have the resources to provide opportunities for students interested in playing football despite the sport being highly popular in social settings and informal gatherings.

With success of the Manukau City AFC club in recent years, engagement in club football is growing, however, we have identified huge potential and need to improve support for football pathways and in particular connecting schools, clubs and communities through increasing engagement opportunities.

Identified community outcomes:

Increased engagement in Sports and Recreation activities, improved opportunities in sport for young people in the Mangere-Otahuhu local board area, and improved health outcomes for our community with the promotion and engagement in organised sport.

Increased social networks and cohesion among groups and communities in our local board area and better connections between schools, clubs and communities.

Improved use and appreciation of local sporting and community facilities.

Alignment with local board priorities:

Māngere-Otāhuhu

- communities have opportunities for active and healthy living, in safe environments that are smoke, alcohol and drug-free
- increased community capacity to prevent harm from alcohol, drugs and substance abuse

Increased opportunities for living active and healthy lives and providing sporting pathways for young people promote and advance health, social, educational outcomes for our local young people.

Making opportunities to participate in sports more accessible and linking into local sporting pathways has been shown to reduce risks associated with smoking, alcohol and other drugs, particularly for youth. Opportunities for youth involvement in activities in football are lacking in Mangere-Otahuhu, and alcohol/ other drug harm is relatively high in our area. Promotion of this programme aims to improve opportunities for active healthy living and protect against harmful substances.

Collaborating organisation/individual	Role
Manukau United Football Club	Promotion and coaching support
CLM Counties Manukau	Promotion and event support
Aktive Auckland	Funding

Demographics

Māori outcomes:	<p>Māori involvement in the design/concept</p> <p>Maori from the local area have been involved in the design and concept development of the proposed programme and delivery.</p> <p>The idea and need for this programme arose out of concerns that our Maori, Pasifika and more diverse communities needed to better cater for in football. This programme is designed by and for local people of Mangere-Otahuhu and the leadership group is 50% Maori.</p> <p>Coaches are of diverse backgrounds from the local club and include Maori coaches.</p>
Accessible to people with disabilities:	<p>Yes - We plan to connect with local schools, including special needs units at mainstream schools, and longer-term we aim to deliver more regularly to children with disabilities and special needs.</p>
Target ethnic groups:	<p>All/everyone</p>
Promoting Smoke Free:	<p>Smoke-Free messages will be promoted through adherence to Council by-laws and programme policy which does not allow for any smoking during or around sports activity.</p> <p>Public spaces and schools we believe should be smoke-free and any people smoking at or around these activities will be asked to stop or remove themselves from the vicinity.</p>

Life Education Trust Counties Manukau

Legal status:	Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Programme delivery to three Mangere-Otahuhu LB area schools

Location:	in the grounds of the Al-Madinah school, Panama Rd School & Sir Douglas Bader Intermediate we will teach in, in the Mangere-Otahuhu LB area		
Summary:	<p>Life Education & Harold the Giraffe deliver vitally important preventative health messages to children & youth in Mangere-Otahuhu in our unique mobile classrooms.</p> <p>We visit by invitation, meaning that every visit we book into schools must add value & enrich the school community to ensure we are re-booked.</p> <p>For every year that we visit children in their schools, we can have a positive effect on their health choices regarding food, nutrition & exercise by showing them the short & long-term effects of making good choices. A parent session is offered at every school we visit & every student we teach receives a take-home workbook to encourage additional communication.</p>		
Dates:	04/06/2018 - 01/11/2018	Rain dates:	-
People delivering:	2	People reached:	924
Promotion:	<p>Not stated Continual & positive communication is vital between Life Education & schools. We have a thorough marketing programme that builds relationships with schools we haven't visited before or it has been a while to help reintroduce us into their teaching schedule. All our educators are also in regular contact with schools they have taught in the past year & are scheduled to teach in again. The way we teach our programme changed recently from having set lessons to being completely planned to suit the school's needs & be integrated with their topic of inquiry thus all schools have been sent new information followed by meetings to explain in more detail how we are best suiting their needs.</p>		

Community benefits

Identified need:

NZ Health Survey 2011-2013 for 2-14year old's in Counties Manukau:

Overall Maori Pacific

Overweight 21.3% 23.2% 26.9%

Obese 18.6% 23.6% 28.9%

The need for our programme is more relevant today in the Mangere-Otahuhu community than it has ever been, particularly because in Counties Manukau we have a rapidly growing population which includes 14% of NZ's child population & 42% of NZ's decile 1 & 2 schools.

We are invited back into schools on an annual/bi-annual basis. There has been a surge in schools also requesting additional visits/teaching support when a problem arises and/ or schools wish to use our expertise practical knowledge & skills e.g. cyber safety, digital citizenship, positive puberty.

Identified community outcomes:

Our sessions contribute greatly towards an involved & connected community in Mangere-Otahuhu by:

- 1) providing workbooks that students can take home & share their awareness & knowledge on key health & nutrition areas with their families that include follow-up activities to help cement positive changes that can be made
- 2) offering a parent session at every school we visit so further in-depth questions can be asked & practical tips given e.g. meal plans, seasonal/cheaper eating, how to recycle more in the home, cyber-safety
- 3) being pro-active in improved attitudes towards healthier behaviours - giving many examples to students & parents about free & easy activities they can do together to increase their participation in sport, leisure & recreation activities = less time sitting down on technology & increased family time
- 4) being asked to take part in major community events to promote & engage every culture in the community to know & believe that everyone has many different skills & knowledge that they can share to encourage a more inclusive community

By the end of Year 8, all students we teach in Mangere-Otahuhu will be:

PROUD of their identity

EMPOWERED to make healthy choices

CONNECTED & engaged with the world

CURIOUS & have inquiring minds

RESPECTFUL of themselves, others & the environment

Alignment with local board priorities:

Māngere-Otāhuhu

- communities have opportunities for active and healthy living, in safe environments that are smoke, alcohol and drug-free
- increased community capacity to prevent harm from alcohol, drugs and substance abuse

*All our lessons are based on empowering & enabling Mangere-Otahuhu students to make healthy choices and live life to the fullest.

*We are the largest external programme provider working in schools and are proud of the positive trend in the reduced rate of binge drinking, smoking, bullying and marijuana use amongst NZ youth.

*Our programme extends into the community in many ways as stated to ensure information is shared & can be acted upon

Collaborating organisation/individual	Role
Garden to Table	'Empower' - a joint venture between Life Education & GTT. A comprehensive & sustainable programme to help tackle child obesity through: we teach them about balanced diets, meal planning & understanding their body's nutrient needs - GTT turn it into action by growing, harvesting & cooking fresh fruits & vegetables in the school's grounds.

Dove	Self-esteem project where our educators provide training to school teachers in our area re their student's healthy development & to avoid valuing themselves & others on the basis of appearance
Body Works	Life Education is proud to be the Education Partner of the BODY WORKS Vital. Millions of school aged students around the globe have visited the exhibition, which provides a first-hand experience for students to get up close with real preserved human bodies and body parts. This is an experience to educate students on how lifestyle choices can impact our everyday health and wellbeing.

Demographics

Māori outcomes:

- Māori focus - tikanga (practises), mātauranga (knowledge), reo (language)

As an inclusive organisation we use Te Reo words throughout our lessons. One of our educators speaks fluent Te Reo which enables us to teach at full immersion schools & Kura's to which we have been continually re-invited.

Our workbooks are all available in Te Reo (see attached)

Accessible to people with disabilities:

Yes - We are thrilled to visit every school we are invited to with many having students with a variety of learning & physical disabilities which include Mt Richmond School in Otahuhu (photos attached). We ensure that every student is included by offering sensory appropriate resources for the visually & hearing-impaired students. A lifting service is offered to help move students from their wheelchairs into our mobile classrooms. We are currently fundraising for a mobility ramp that will enable all students to enter our classrooms at the same time with their classmates.

Target ethnic groups:

All/everyone

Promoting Smoke Free:

'Substances' is one of the five core subjects we teach to intermediate students. We discuss & roleplay the decision-making processes they may come across & go through when seeing their friends & peers smoke or they are offered a variety of substances to smoke. We talk about the effects smoking has on your brain, body, finances & making decisions. A Pull Apart Torso - full medical school teaching standards with 28 parts) is used to illustrate points.

Latest research is used from all health sectors in our lessons.

We are the largest external programme provider working in schools and are proud of the positive trend in the reduced rate of binge drinking, smoking, bullying and marijuana use amongst NZ youth.

0-5 years	< 15 years	15-24 years	25-44 years	45-64 years	>65 years	All ages
9%	91%	%	%	%	%	%

Financial information

Amount requested: \$12000.00

Requesting grant for: For the delivery of our preventative health message programme which encompasses the running costs of the mobile classroom, educational resources, insurances, salary & professional development of the educators etc.

If full amount requested is not able to be funded:

Every penny granted will go straight into delivering our programme to the students of Mangere-Otahuhu ONLY and we will continue to constantly fundraise to raise the balance required to ensure no child misses out.

Cost of participation: The cost is \$17.92 per student. We charge schools a nominal fee of \$5 for primary school students age 5 - 11 (receive two lessons)/ \$7 for intermediate students age 11- 13 (receive three lessons), however if a school indicates that the visit cannot proceed due to this charge, our Board has given us a mandate to waive the fee to ensure that no child misses these important health & nutrition life lessons.

New Zealand Council of Victim Support Groups Incorporated

Legal status:	Incorporated Society	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Volunteer Programme - Training, Recruitment & Expenses

Location:	Corner Great South Road & Princes Street, Otahuhu		
Summary:	<p>We must regularly recruit new volunteers to ensure we have sufficient numbers to maintain our 24/7 roster at our Counties Manukau West Office so that we can continue to service our Mangere-Otahuhu Local Board Area Communities.</p> <p>To provide our service, Volunteers travel to victims, to their homes, to the scene of an incident, & to our Local Police Station. Our Volunteers use their own vehicles, phones & computers. We offer to reimburse all reasonable cost, including mileage, parking fees & phone expenses related to their case work. Our recruitment costs relate to advertising for volunteers, in local community newspapers, on-line & in community groups.</p>		
Dates:	01/07/2018 - 30/06/2019	Rain dates:	-
People delivering:	12	People reached:	1571 and our research shows that the flow on effect can be 10 times the number of victims we support.
Promotion:	Not stated We advertise for new volunteers on all media platforms & community noticeboards.		

Community benefits

Identified need:

Victim Support is well established in the Mangere-Otahuhu Local Board Area Community & sadly, the demand for our services continues to increase. In the 12 months to 31 December 2017, Victim Support Counties Manukau West volunteers and staff assisted 1571 victims of crime, trauma, and suicide in our local Community.

This included 28 people who lost a loved one to homicide or suicide, 194 who lost a loved one to a fatal accident or other sudden death, 586 victims of family violence, and 19 suffering the impacts of sexual violence.

Identified community outcomes:

Most people can imagine being the victim of a crime or losing a loved one unexpectedly, but unless we've been there before, very few of us know what would happen after that. We don't know what impact trauma would have on us or how we would cope with it, how we would deal with Police and the courts, or what are the wide range of government and social agencies that will suddenly become important to us.

A Victim Support worker is someone with professional training that you can talk to, trust,

and seek guidance from as you work through each step of that journey to recovery and justice. Everyone's need is different, and it's our job to identify what help people need and make sure they get it, whether that's from us directly or by connecting them with another organisation.

Our impact for the community is significant. We work closely with other NGO's as part of a collaborative response to Crime & Trauma which enables us to respond quickly, get help in place, & make sure that our victims & their families have access to the tools they need to feel safe & recover.

Alignment with local board priorities:

Māngere-Otāhuhu

- neighbourhoods and communities feel safe and connected across diverse cultures
- increased community capacity to prevent harm from alcohol, drugs and substance abuse

By putting the right support in place, and ensuring families have access to financial and emotional support, we help families work together to manage the impacts of a crime or loss or trauma. This helps them to retain their livelihoods, jobs, and connections to the Community. We work across the whole Community, and our Victim Support brochure materials are available in 7 languages, including Samoan, Korean, Hindi, Japanese, Tongan and simplified Chinese. Volunteers are at the heart of our Service Delivery, and they come from all walks of life & ethnicity in our Community.

Collaborating organisation/individual	Role
We collaborate with all community support services.	

Demographics

- Māori outcomes:**
- Māori focus - tikanga (practises), mātauranga (knowledge), reo (language)
- Victim Support is a multicultural organisation with a strong integration of tikanga across all our services. Maori are over-represented as victims of crime, and represent around a third of our clients. All our training is held on Marae and includes training on basic tikanga and Te reo Maori. Our Board includes two Maori representatives, and Maori are well represented amongst our staff and volunteers.
- Accessible to people with disabilities:** Yes - Our services are available to all Members of our Community, & our volunteers come from all areas of the Community.
- Target ethnic groups:** All/everyone
- Promoting Smoke Free:**

Waterlea Indoor Bowling Club

Under the umbrella of Manukau City Indoor Bowling Association Incorporated

Legal status:	Other: Not for Profit Community Group	Activity focus:	Sport and recreation
Conflicts of interest:	None identified		

Project: Waterlea Indoor Bowling Club - hall hire for Mangere Memorial Hall

Location:	Mangere Memorial Hall, 23 Domain Rd, Mangere Bridge, Auckland 2022		
Summary:	The grant is to pay for the hall hire of the Council owned hall, so the club can continue. The club has been going for 60 years but with increasing hall hire rates the club is unable to afford the hall hire and would not be able to survive without financial assistance.		
Dates:	03/07/2018 - 25/06/2019	Rain dates:	-
People delivering:	10-20	People reached:	10-20
Promotion:	Not stated Word of mouth. Through affiliations and any other free plugs, we can get through local papers and people's Facebook etc.		

Community benefits

Identified need:

The club has been going for more than 60 years with members returning year after year. Many of the members that do come it's their highlight of the week. Often its three generations that turn up in one family. There was one year that our 93-year-old treasurer put in \$500 of her own money to pay for hall hire to keep the club going when we only received \$1000 grant.

Identified community outcomes:

Providing happy, safe, affordable and enjoyable club nights that bring families and communities of all ages and abilities together, encouraging movement, that recognises and celebrates progress and sporting success.

Alignment with local board priorities:

Māngere-Otāhuhu

- innovative initiatives that are community-led
- neighbourhoods and communities feel safe and connected across diverse cultures

The club has been going for more than 60 years with members returning year after year. Many of the members that do come consider it a highlight of the week. Often its three generations that turn up in one family.

Collaborating organisation/individual	Role

Demographics

Māori outcomes:

Accessible to people with disabilities: Yes - Bowls is an excellent sport for people with disabilities and health issues. People of all abilities are warmly welcomed.

Target ethnic groups: All/everyone

Promoting Smoke Free: There is no smoking permitted in the hall.

ME Family Services

Legal status:	Incorporated Society	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Mangere Community Sculpture Garden

Location:	ME Family Services, 16-18 Ferguson St, Mangere East		
Summary:	<p>The outcome of this project is a community sculpture garden that educates, enables, and empowers the people of Mangere East. The project will engage local early childhood centres, Mangere East Primary School, De La Salle College students, and local architecture students to plan, design and construct the sculpture garden.</p> <p>The garden will house a retrofitted shipping container turned arts'n'craft booth, a community garden growing food and medicinal plants, and smaller pavilions on-site that provides seating and shelter for users. The different "zones" will be implemented through "education" workshops with school children based on arts'n'crafts, agriculture, design and construction, and waste minimization.</p>		
Dates:	01/06/2018 - 07/09/2018	Rain dates:	-
People delivering:	12 team members involved in the planning, designing, preparation, and execution of the garden.	People reached:	We estimate that this project will reach all 7,000 of the Mangere East population, and then impact the wider Mangere-Otahuhu precinct.
Promotion:	Not stated Through our ME Family Services storyteller, utilising local and social media. We have a large network of people and organisations that we regularly communicate with through our monthly e-newsletter, and through the Mangere/Otahuhu Sustainability Action Group network that we facilitate.		

Community benefits

Identified need:

ME Family Services has been working with families in this community for the past 25 years. Through our experience, we see a need for a space in Mangere East where people can connect with nature, utilise community waste for upcycling/ recycling projects and learn to grow their own food. We have discussed the project concept with many of our current users, through the ECE and Resource Recovery Room, and there is widespread support. Situated between our ECE, Mangere East Primary School and our Ferguson St building, which houses our Resource Recovery Room, this is the ideal site for such a project.

Identified community outcomes:

The Mangere East Community Sculpture Garden will educate, enable, and empower our community through tangible projects.

We will educate through horticulture workshops (planting food and medicinal plants), arts'n'crafts workshops (art murals and sculpture making), design and build construction of pavilions, and waste minimization workshops based on recycling and upcycling.

We will enable students at all institutional levels by connecting them to Mangere East community networks, employment and education pathways, exposure to a multi-capital project, and being a part of a grassroots and participatory process that captures the dreams and aspirations of our people.

The project will empower our families by promoting healthy living alternatives, educational and employment opportunities, and creating sacred space that is open to all.

Alignment with local board priorities:

Māngere-Otāhuhu

- innovative initiatives that are community-led
- neighbourhoods and communities feel safe and connected across diverse cultures

The project utilises a regenerative process, which starts with the function and character of the land and builds direction and purpose from there, catalysing stakeholders around a shared purpose. The community (through Mangere East Primary, De La Salle College, MEFS ECE and users of our Resource Recovery Room) will be involved in all aspects of the project, from planning and design, to implementation and use of the site. The space will be available to the local community to use for workshops and hands-on learning and teaching experiences, enabling local cultural knowledge and practices to be shared and valued by all.

Collaborating organisation/individual	Role
MAU Studio	Social Designers who will co-ordinate the planning, design, and execution of tangible outcomes.
Amiria Puia-Taylor	Local artist who will co-ordinate and execute art murals within the shipping container.
ME Family Services ECE	We will engage children and staff from ME Family Services to be involved in the art mural painting and sculpture making.
Mangere East Primary School	Primary and Intermediate students will be involved in the designing and execution of art mural and pavilion structure. Working closely with students and staff, we will implement horticulture workshops as well as the designing and planting of community garden and making sculptures for the sculpture garden.
MAU Academy: De La Salle College	Local high school students involved in designing and executing shipping container art mural, and pavilion construction. Involved in MAU Academy, creating opportunities for local high school students to do social impact projects within their neighbourhoods'.
MAU Tu: local architecture students	Local architecture students will be involved in planning, designing, preparation, and execution of art murals and pavilion structures.

Demographics

- Māori outcomes:**
- Māori focus - tikanga (practises), mātauranga (knowledge), reo (language)
- The project has been developed using a regenerative framework process, which draws on Te Ao Maori understandings of the relationship between humans and the environment. The Sculpture Garden will provide a local space for people to reconnect with nature and to discover/ rediscover their role as kaitiaki of the environment.
- Accessible to people with disabilities:** Yes - Wheelchair access- paths, garden at the appropriate height. The site is flat, so there will be no steps required.
- Target ethnic groups:** All/everyone
- Promoting Smoke Free:** By providing a smoke-free space for people to regenerate themselves and by promoting healthy eating and lifestyle choices through gardening and other workshops delivered in the space.

Financial information

Amount requested: \$19530.00

Requesting grant for: We are requesting funding for the planning, designing, preparation and execution of the arts'n'crafts booth and pavilions.

The Arts'n'Crafts booth will be led by Amiria Puia-Taylor, a local and established artist with national recognition.

The pavilion spaces will be facilitated by MAU Studio, a local Social Design practice, with assistance from four local architecture students, and high school students from De la Salle College, part of MAU Academy.

The funding will educate, enable, and empower local rangatahi and artists to create an innovative project that will benefit generations to come.

If full amount requested is not able to be funded:

Pathways NZ Hip Hop Performing Arts Trust

Legal status:	Incorporated Society	Activity focus:	Arts and culture
Conflicts of interest:	None identified		

Project: Certificate in Pacific Performing Arts Technology (C-PPAT) programme

Location:	4 Walden Place, Mangere East, Auckland, NZ		
Summary:	<p>We will run an 8week youth development C-PPAT programme from 4pm to 7pm, 5 times a week to</p> <p>15 students 18+ free registration.</p> <p>Where students will learn life, skills building confidence with professional conduct. Developing skills in processing, music & video recording with pathway experience to self-employment.</p>		
Dates:	04/06/2018 - 27/07/2018	Rain dates:	-
People delivering:	2 Tutors and 3 Administration 12 volunteers	People reached:	30 Capacity
Promotion:	Not stated Through creating a holiday programme to recruit students displaying the local board logo on our website, programme brochures & social media posting. With a local board logo banner or poster hanging in the classroom.		

Community benefits

Identified need:

Having Deihamo a Tutor on our programme who has been number one on the NZ music charts for 21 weeks & won 4 awards. As well as Johnny Sagala a Tutor who starred in a feature film "Sione's Wedding" & other TV shows.

We have noticed the calibre of talent that is undeveloped & have no direction through the content of what is put out on social media. That with a little guidance in either song lyric structure, stage presentation, drama acting techniques, camera angles as our programme will become the first of its kind with the exclusive quality of experience in the "Sagala Brothers" who are the programmes tutors. Must be no experience to self-employment.

Identified community outcomes:

With a lack of quality in a world of where mediocre projects are normal and expected. We aim to create a thriving community of quality award winning performing artists & digital media projects from award winning tutors who know what the standard of quality contains to make it in the New Zealand music and film industry. The end goal is to relief of poverty in South Auckland by creating self-employment through the unlimited wealth of talent that lingers in the high schools & tertiary institutes who have a talent to sing or act but fail to follow through to do something with it due to the distrust in the programme providers whose success is limited to the community stage but not the International stage. Unlike how we as tutors have performed for festivals in

Australia, Hawaii, USA. Samoa and London with a festival circuit that performers link to, to be able to create employment for themselves we are able to provide direction & guidance to be put on the circuit rotation of the festivals. The NZ film & TV industry is also an untapped world ready for more NZ content to voice our stories through our programme.

Alignment with local board priorities:

Māngere-Otāhuhu

- innovative initiatives that are community-led
- young people lead and have a voice in local matters

By training students to complete their NCEA assessments gaining skills & confidence to create written scripts or songs

using these themes as subject content to promote empowering the youth to become tomorrow’s leaders in the performing arts projects of music & video recordings. With the innovative initiatives of creating a TV show or Theatre show to present to a live audience.

Collaborating organisation/individual	Role

Demographics

Māori outcomes:

Accessible to people with disabilities: No -

Target ethnic groups: Pacific Peoples

Promoting Smoke Free: Being a Mormon based programme with Christian values we will only take on students that are non-smokers. Taking pride in being a smoke-free youth development programme.

John Walker Find Your Field of Dreams Foundation

Legal status:	Charitable Trust	Activity focus:	Sport and recreation
Conflicts of interest:	None identified		

Project: Primary Sport

Location:	Primary Sport programme provides over 20,000 school children across 59 primary schools in Mangere, Otahuhu, Otara and Papatoetoe access to regular sport both during and after school as well as inter-school		
Summary:	Primary Sport aims to encourage year 4, 5 and 6 students to engage in active sport on a regular basis, with the downstream health and social benefits far outweighing the obstacles like cost, poor equipment and apathy. A specifically designed/tailored Sport programme for disabled students runs in the BLENNZ (Homai Campus) - Blind Learning Education Network New Zealand		
Dates:	01/07/2018 - 30/06/2019	Rain dates:	-
People delivering:	This depends on activities but up to 20	People reached:	20000+
Promotion:	Not stated It is an ongoing programme in the Schools, also use Media articles, website and social media - Facebook		

Community benefits

Identified need:

Through consultation with the Primary Schools, Regional Sports Trusts and Clubs there was an urgent need to provide expertise in coaching and engaging children into more sports.

International research evidence has indicated that well focused, well-resourced programmes of sport in schools that are delivered by effective and well supported staff, can achieve a great deal in relation to young people's current and future lives. Primary Sport is focusing on providing coaches, teachers and parents with the skills to be better equipped than ever to support the schools and their students.

Identified community outcomes:

Teachers have observed increased confidence in the children participating in the programme, particularly evident among children who wouldn't normally choose to participate in sports and the positive experience in building their confidence. Seeing their peers participating in different sports was also a supporting factor to increasing participation for the children.

Children are also given opportunities to try healthy food options and encouraged to bring only healthy foods to Have A Go Days, Inter-School competitions. Something children reiterate in their home life.

Healthy, active children is a huge benefit to the Community, with an aim to help reduce obesity and keep them positively engaged and inspired.

Alignment with local board priorities:

Māngere-Otāhuhu

- communities have opportunities for active and healthy living, in safe environments that are smoke, alcohol and drug-free
- communities care for and enjoy our parks, reserves and open spaces in different ways

How does your project support the selected priorities? *

To provide the opportunity for young people to engage in regular sport and physical recreation.

Use of local parks and sports centres for inter-school competitions and Have A Go Day

To improve the health and wellbeing of young people and provide a pathway from school to club sport.

To identify, develop and produce future sports champions.

Collaborating organisation/individual	Role
Counties Manukau Sport	Programme Provider

Demographics

Māori outcomes:

Accessible to people with disabilities: Yes - Primary Sport includes all ethnicities, all abilities without prejudice.

Target ethnic groups: African, All/everyone

Promoting Smoke Free: As the programme is targeted at Primary School children, all schools are smoke free, any inter-school or have a-go-days are fully smoke free.

Ambury Park Centre Incorporated

Legal status:	Incorporated Society	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Equine maintenance

Location:	Ambury Park Centre, 66 Wellesley Road, Mangere Bridge - on part of Ambury Regional Farm Park		
Summary:	We keep a herd of 27 horses who are the essential tool in our riding therapy work. In order to keep them healthy and in good condition, we need to feed them properly - they live on a small acreage in Ambury Regional Park in Mangere Bridge so we need to buy a large amount of hay to supplement the grass. We need to spend about \$30,000 a year on hay.		
Dates:	01/06/2018 - 30/09/2018	Rain dates:	-
People delivering:	Probably 10 staff members help with feeding out hay at different times during each week	People reached:	At any time we have about 150 clients receiving riding therapy
Promotion:	Not stated		

Community benefits

Identified need:

Our horses are an essential element in our riding therapy work with young people. We have to feed them properly so that they can work with our clients.

I am only attaching an invoice from one supplier as we have to have an agreement with a contractor to supply hay for the whole year. We get quotes from suppliers to get the best deal. And, then, because of the quantity we need, we pick a supplier who can store hay and supply it throughout the year at a fixed price.

Identified community outcomes:

There are many benefits from riding therapy. For the younger children, often from special classes, or with disabilities, it can be both a physical therapy as well as providing benefits in the cognitive, psychological, behavioural and perceptual areas. For our school students, who often come to us because of behaviour problems, learning to work with horses in carefully structured situations can be a great way to improve social behaviours and to build self-confidence. So, any improvements in physical health, independence, behaviour will be helpful to family, whanau and anyone coming into contact with our clients.

Alignment with local board priorities:

Māngere-Otāhuhu

- communities have opportunities for active and healthy living, in safe environments that are smoke, alcohol and drug-free
- innovative initiatives that are community-led

Our Centre which provides riding therapy is all about helping to improve the physical and mental health of our clients. There is a total ban on smoking, alcohol and recreational drugs in our premises and our school students are encouraged to embrace safe healthy living. Working with horses is a healthy physical activity. We celebrate diversity and hope to encourage our clients to be self-confident motivated individuals.

Collaborating organisation/individual	Role

Demographics

Māori outcomes:

Accessible to people with disabilities: Yes - One of the main objects of our Centre is to provide riding therapy to people with disabilities, so all areas are designed to be easily accessible for wheelchairs etc.

Target ethnic groups: All/everyone

Promoting Smoke Free: Smoking is not permitted at all on the grounds or in the buildings of our centre.

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female
%	%	100%

0-5 years	< 15 years	15-24 years	25-44 years	45-64 years	>65 years	All ages
%	%	%	%	%	%	100%

Financial information

Amount requested: \$5500.00

Requesting grant for: We are asking for \$5,500 which is the cost of hay to feed our horses for about two months - depending on the weather and grass growth. Our horses live on a fairly small acreage so need hay to supplement the grass, all year round.

In table 1 below I have attached a recent invoice rather than a quote for the full sum.

If full amount requested is not able to be funded:

We would be grateful for any contribution to help us buy hay for our horses. Keeping horses is a considerable expense, each horse costs us about \$2500 a year - with 27 horses this adds up to at least \$67,000 each year.

Cost of participation: no

Youthline Auckland Charitable Trust

Legal status:	Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Supporting Young People in South Auckland

Location:	145 George St, Papatoetoe, Auckland		
Summary:	<p>We are requesting a contribution towards the salary of Youthline Youth Development worker Tony Ly who runs youth mentoring and youth programmes for young people in the South Auckland including in Mangere-Otahuhu.</p> <p>Last year Tony and the team of Youth line youth workers worked individually with over 750 youth from the South Auckland region, provided over 518 face to face counselling sessions, 388 mentoring sessions and supported young people through school Health councils.</p> <p>Tony runs a youth development programme called Stand Up! for young people whose lives are influenced by alcohol and other drugs. Stand Up! works to build resilience and connection to whanau, school and community empower them to reduce the impact of substance use in their life.</p>		
Dates:	01/07/2018 - 31/12/2018	Rain dates:	-
People delivering:	5	People reached:	1000
Promotion:	Not stated We have signage outside our building, we take part in community network meeting and events - our staff promote Youth line Manukau and services when out and about in the community. We also promote our services via our website, social media pages and regularly send out informative emails to our stakeholders and all our organisational contacts.		

Community benefits

Identified need:

Youth line has been providing support to Auckland young people since 1970. Our services continue to be in high demand. In 2017 alone, approximately 20,000 people used the South Auckland community Centre. As well Youth line youth workers worked individually with 799 South Auckland youth (mentoring and assisting them to successfully transition into adulthood) and delivered leadership and development programmes in 38 schools.

Identified community outcomes:

Youth line services provide short and long-term benefit to local youth, their families and the community in which they live. Youth line services and programmes equip students with skills and insights on how to build self-esteem and improve mental-health, how to actively problem-solve and recover from setbacks. Through improved emotional and leadership skills young people are less likely to fall into addictive behaviours, depression, dangerous relationships and unemployment.

Alignment with local board priorities:

Māngere-Otāhuhu

- increased community capacity to prevent harm from alcohol, drugs and substance abuse
- communities have opportunities for active and healthy living, in safe environments that are smoke, alcohol and drug-free

The work we do with young people in South Auckland is absolutely aimed at increasing community capacity. For example, our very successful Stand Up programme that Tony Ly facilitates is for young people whose lives are influenced by alcohol and other drugs. With this programme we work to build each young person's resiliency and connection to their whanau, school and community and to empower them to reduce the impact of substance use in their life. Being in the programme means that the young person will have access to tailored support: one-to-one counselling, group activities and peer support

Collaborating organisation/individual	Role

Demographics

Māori outcomes:

- Māori focus - tikanga (practises), mātauranga (knowledge), reo (language)

Youth line employ Maori staff who are culturally aware - embracing diversity and using different models of Maori wellbeing and health when working with rangatahi Maori and their whanau.

Accessible to people with disabilities:

Yes - Upon registration in our programmes and services participants are asked to list any special needs or disabilities that we can accommodate. In addition, our centres are wheelchair accessible and have disabled parking. Our helpline is accessible by text and email for those with hearing impairment.

Target ethnic groups:

All/everyone

Promoting Smoke Free:

Youth line supports the Auckland Council's Smoke Free Policy and its commitment to working proactively with others towards making Auckland smoke free by 2025. All our facilities are smoke free. At every opportunity we will acknowledge the support of the Auckland Council with the message "Youth line supports the Auckland Council Smoke Free policy and encourages anyone who would like to quit to contact Quit line. You can call them on 0800 778 778, or sign up at <https://quit.org.nz/en/register> "

Auckland Kids Achievement Trust trading as Graeme Dingle Foundation Auckland

Legal status:	Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified Angela Dalton, Regional Manager Strategic Operations - Graeme Dingle Foundation Auckland is also Chairperson - Manurewa Local Board.		

Project: Stars @ ASDAHS

Location:	Auckland Seventh Day Adventist High School, 119 Mountain Road, Mangere Bridge, AKL 2022.		
Summary:	<p>Stars successfully transitions Year 9 students into their first year of secondary school. The programme also provides leadership and citizenship development opportunities for senior students, helping them to build confidence, improve communication and relationship building skills and strengthen their time management and planning skills, which together support increased social and academic outcomes.</p> <p>It involves matching trained Year 12 and 13 students as mentors to their Year 9 counterparts and has four components (adventure camp, peer mentoring, community adventure and a community project). Stars makes the transition into high school a more positive experience for Year 9 students.</p>		
Dates:	01/06/2018 - 31/05/2019	Rain dates:	-
People delivering:	3	People reached:	63
Promotion:	Not stated		

Community benefits

Identified need:

Through collaboration with the schools and our own research we know that there is a significant and on-going community demand for our programmes and for our key staff in local schools. Through the feedback from teachers, families, mentors and the children and young people participating in the programme themselves, we know there is not only a demand, but meaningful outcomes achieved for children and young people in our community.

Identified community outcomes:

All our programmes include involvement with the community. Stars includes a community adventure and a community project.

The Community Adventure helps students to get to know and connect to their community, giving them the opportunity to explore resources and supports. This component provides an opportunity for students to transfer the learning gained from the adventure camp to the community context.

The Community Project helps students to think about how they can contribute to the community and the wellbeing of others. Research has shown that contributing through a volunteer project can increase social connectedness, improve self-concept and develop positive attitudinal change.

Alignment with local board priorities:

Māngere-Otāhuhu

- young people lead and have a voice in local matters
- neighbourhoods and communities feel safe and connected across diverse cultures

Star Programme Objectives include:

- To support Year 9 students to successfully transition to secondary school.
- To provide challenging and fun experiences in a supportive environment that develops teamwork, self-confidence and resilience.
- To provide mentoring opportunities and leadership skills for senior students.
- To facilitate caring relationships between students and between students and teachers.
- To develop a sense of responsibility and connectedness to the school and wider community.

This is how the programme supports and aligns with Mangere-Otahuhu local board priorities.

Collaborating organisation/individual	Role
Auckland Seventh Day Adventist High School	An agreement is signed between our organisation and the school whereby the former agrees to deliver the Stars programme and the latter agree to support the delivery including supporting programme evaluation.

Demographics

Māori outcomes:

Accessible to people with disabilities: Yes - Stars is a programme for the entire Year 9 class in a school. The opportunity to participate in the Stars programme is available to all the children with disabilities who may be attending the Year 9 class in a school.

Target ethnic groups: All/everyone

Promoting Smoke Free: The programme supports the smoke free policy that applies to all the schools where the programme operates.

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female
%	%	100%

0-5 years	< 15 years	15-24 years	25-44 years	45-64 years	>65 years	All ages

New Zealand Kiribati National Council

Legal status:	Incorporated Society	Activity focus:	Arts and culture
Conflicts of interest:	None identified		

Project: Kiribati Dancing Youth Competition

Location:	Otahuhu Recreational Centre - 30 Mason Ave, Otahuhu		
Summary:	All Kiribati youth members around New Zealand are expected to come together to join the dance competition in Auckland. Each group needs to enrol once we receive funding. Each group supposed to register the number of participants and types of dancing they prefer to perform on that day.		
Dates:	01/06/2018 - 14/07/1918	Rain dates:	-
People delivering:	600	People reached:	600
Promotion:	Not stated Put up around Auckland where and when the project start and end. Encourage Kiribati people to advise in their workplace and invite official or government and non-government members to come to the events.		

Community benefits

Identified need:

Maintain the language and promote Kiribati culture. Develop youth leadership skills and support Auckland in all events that could promote art within NZ community. Encourage positive relationship among community members and belonging.

Identified community outcomes:

Develop language vocabulary.

Build up relationship within community members.

Youth leadership skills.

Allowing members of communities to present/perform in their own cultural way.

Alignment with local board priorities:

Franklin

- support initiatives that celebrate our arts, culture and heritage
- support community groups to be effective and contribute to the community, particularly in shaping and developing their areas to be better and safer places

Allowing youth members to participate in cultural activities as well as engaging them to do positive activities that can help them to avoid themselves from involving in gang activities. Making everyone safe and contribute to support do fun and enjoyable

Henderson-Massey

- events that foster community spirit
- fostering arts, culture and sport in the community

Encouraging community members to get together and participate in dancing practice. Develop community spirit by showing their commitments and support during dance practice. Maintain Kiribati cultural skills in a foreign country for the future generation.

Howick

- Share and celebrate our culture through events
- People are supported to lead and develop projects and create opportunities for young people

Providing opportunities for others to share their knowledge to others and developing others confidence in performing and participating in art form during public events.

Allowing younger people to take responsibilities to learn through their peers as well as leading the project to gain experience.

Māngere-Otāhuhu

- young people lead and have a voice in local matters
- events for families to take part in community life, celebrate local identities and talent

Provide opportunities for young leaders to lead a specific group to be able to meet requirement for dancing competition.

Allowing and encouraging communities members to participate and work collaborating to support the events and developing their belonging and identity within NZ community.

Manurewa

- activities that are aimed at advancing our young people and make it easier for them to get active and be involved
- activities that are aimed to improve the overall wellbeing of the Manurewa community;

This project Involves young people to participate in events that help them to avoid themselves from making wrong choices in their life.

Create fun and laughter through participating and involving in every part they take in the project. Provide opportunities for others to share their jokes and stories that are fun and encouraging for others to be strong and proud to stand for their community against others community during competition. Example Manurewa vs Otahuhu

Ōtara-Papatoetoe

- Pleasant neighbourhoods, programmes, and events promoting healthy living, cultural diversity, education and environmental protection
- Community facilities fit for purpose

It helps Kiribati people to maintain their dancing cultural skills that can help others to understand where they come from and also to showcase their culture at Otara community for others to be able to identify and understand it.

Hiring places for dance practise from Otara community hall helps the council to utilize the facilities provided for the community for different events.

Papakura

- contribute to the economic and cultural attractiveness of Papakura town centre
- help our young people to contribute prosper and thrive

Practising and performing dance in Papakura contributes to the economic and cultural attractiveness of Papakura town centre for others to explore and develop their curiosity to let them visit Papakura to find out how others formed their dance.

Helps young people to develop their skills so they can use it to build their confidence and to be able to use that skills for setting up their dance business.

Collaborating organisation/individual	Role
Marewen Kiribati Incorporated Society	Looking after the dancers and their costumes.
Auckland Kiribati Society Incorporated	Security
Pukeko Youth	Prepare the venue and arrange furniture.

The Kids for Kids Charitable Trust

Legal status:	Charitable Trust	Activity focus:	Events
Conflicts of interest:	None identified One of our Board Members for Kids for Kids (Paul van't Hof) is the founder and director for The Production Company who also supplies production equipment to Kids for Kids. The Production Co has supported Kids for Kids for many years, with all hired gear supplied at discounts between 30-50% off. The Production Co also support Kids for Kids by providing office space and facilities free of charge.		

Project: Kids for Kids - Auckland South 2018

Location:	Vodafone Events Centre, 770 Great South Rd, Wiri, Manukau 2104		
Summary:	<p>- Kids for Kids is a unique opportunity for primary aged school children to participate in an inspirational mass choir performance singing wonderful New Zealand songs (both past and present).</p> <p>- To date we have now seen an estimated 300,000 kiwi kids participate across the 23 years Kids for Kids has been running.</p> <p>- In 2017 Auckland South was one of our strongest regions, with 1394 primary aged school children (representing 42 schools) performing to friends and family across four nights at the Bruce Mason Centre.</p> <p>- In total Kids for Kids had 10,180 primary aged school students (representing 258 schools) perform across 18 shows around New Zealand.</p>		
Dates:	13/11/2018 - 15/11/2018	Rain dates:	13/11/2018 - 15/11/2018
People delivering:	2 artists, 2 MD's, Kids for Kids Staff, 200 Teachers/Parent Helpers, 2110 children	People reached:	2000 children, 4000 friends and family
Promotion:	<p>Not stated - Posters and flyers are sent out to schools, with the aim that each child will take 2-5 flyers home and invite friends and family to come.</p> <p>- Our kidsforkids.org.nz website is updated with relevant info for each regions event.</p> <p>- Ticketing suppliers / venues also help market the event with posters displayed in venues and information on websites.</p>		

Community benefits

Identified need:

- Yes, Kids for Kids acts as a great event to help introduce children to the creative arts, with each event creating a sense of community and pride amongst all involved, teaching our kids on what it means to be a kiwi.
- In the past we only visited each region bi-annually across NZ, however, the overwhelming support of schools asking for the event to be produced in Auckland-South annually was overwhelming (evident with 42+ schools, 1300+ children participating + performing in Kids for Kids).

- Feedback from teachers thanks the Kids for Kids team on making the event so enjoyable for all involved, with comments on how valuable the event is as part of introducing their students to kiwi music and creative arts.

Identified community outcomes:

- Approximately 2000 primary aged children from 50+ schools will participate in our Kids for Kids South Auckland event, with 50% of children involved experiencing and participating in a creative show like this for the first time. (We are adding another show day for three performances in 2018 after two in 2017).
- Introduce all primary aged children to NZ Music through our 'Kiwi As' theme. (All songs performed are written and produced by New Zealand artists).
- Assist primary school-aged children to develop self-confidence and teamwork skills through their participation in Kids for Kids concerts;
- Encourage primary school aged children to acquire knowledge and skills in choir performances, becoming musically aware and appreciative of kiwi songs;
- Educate and inform primary aged school children about global citizenship through their participation in Kids for Kids.
- Advance and promote global citizenship within the community by encouraging schools and communities to participate in the Kids for Kids concerts.

Alignment with local board priorities:

Franklin

- support initiatives that celebrate our arts, culture and heritage
- encourage smoke-free events, particularly those targeting children, young people and their families

Kids for Kids is an annual smokefree event that creates a fun-filled opportunity for Franklin Children to participate in an inspirational mass choir performance, acquiring knowledge and skills through choir performances and becoming musically aware and appreciative of our Kiwiana songs.

Many teachers use the event as part of their school curriculum across one term, introducing many kids to great New Zealand artists for the first time with songs that uplift, encourage and are all round fun. It's a wonderful celebration of our kids discovering arts and music that creates lifetime memories.

Howick

- Grow our arts, culture and music
- Share and celebrate our culture through events

Kids for Kids is a unique event, bringing together hundreds of children from different schools, cultures and ages to all get-together and sing to their community as one massive colourful choir.

The event is '100% Kiwi As' with an aim to introduce our kids to NZ's rich and diverse culture of NZ Music they may have never heard before, resulting in an incredible fun-filled celebration performance showcasing our kids talents.

For many children, it's the first time they've ever performed in front of a live audience outside of school, and a great way to introduce children-into-the-performing-arts in a fun-and non-competitive way.

Māngere-Otāhuhu

- events for families to take part in community life, celebrate local identities and talent
- neighbourhoods and communities feel safe and connected across diverse cultures

Kids for Kids is a unique event, bringing together hundreds of children from different schools, cultures and ages to all get-together and sing to their community as one massive colourful choir.

The event acts as an opportunity to celebrate both our kids hard-work and dedication learning the songs at school, whilst also recognising incredible kiwi artists of whose songs we sing.

For many children, it's the first time they've ever performed in-front of a live audience outside of school, and a great way to introduce children into the performing arts in a fun and non-competitive way.

Manurewa

- activities that are aimed at advancing our young people and make it easier for them to get active and be involved
- activities that showcase the rich and diverse culture and talent in our local area and help create a programme of events and entertainment for Manurewa

Kids for Kids is a unique event, bringing together hundreds of children from different schools, cultures and ages to all get-together and sing to their community as one massive colourful choir.

The event is '100% Kiwi As' with an aim to introduce our kids to NZ's rich and diverse culture of NZ Music they may have never heard before, resulting in an incredible fun-filled celebration performance showcasing our kid's talents.

For many children, it's the first time they've ever performed in front of a live audience outside of school, and a great way to introduce children-into-the-performing-arts in a-fun-and non-competitive way.

Ōtara-Papatoetoe

- Pleasant neighbourhoods, programmes, and events promoting healthy living, cultural diversity, education and environmental protection
- Enable young and old to participate in employment, education, training and community service

Kids for Kids is a unique event, bringing together hundreds of children from different schools, cultures and ages to all get-together and sing to their community as one massive colourful choir.

The event is '100% Kiwi As' with an aim to introduce our kids to NZ's rich and diverse culture of NZ Music they may have never heard before, resulting in an incredible fun-filled celebration performance showcasing our kid's talents.

For many children, it's the first time they've ever performed in front of a live audience outside of school, and a great way to introduce children-into-the-performing-arts in a-fun-and non-competitive way.

Papakura

- help our young people to contribute prosper and thrive
- improve the overall wellbeing of the Papakura community

Kids for Kids is a unique event, bringing together hundreds of children from different schools, cultures and ages to all get-together and sing to their community as one massive colourful choir.

The event is '100% Kiwi As' with an aim to introduce our kids to NZ's rich and diverse culture of NZ Music they may have never heard before, resulting in an incredible fun-filled celebration performance showcasing our kid's talents.

For many children, it's the first time they've ever performed in front of a live audience outside of school, and a great way to introduce children into the performing arts in a fun and non-competitive way.

Project: Counselling service for Older Adults

Location:	Cambria Park Homestead, 250 Puhinui Road Papatoetoe		
Summary:	<p>It is recognised that older people often experience numerous changes and challenges of aging, such as health issues, relocating, death of a spouse, family concerns, relationship issues, and may experience stress, depression, and anxieties as a result. Since 2013 we have provided a counselling service to older adults in a number of wards in South Auckland thanks to the support of local boards. We want to continue to offer this to older residents.</p> <p>Counselling can be effective in minimising or preventing the need for referral to mental health services even while older people are on medication for anxiety and depression. One manager of a retirement village mentioned that the majority of women entering the village are on anti-depressants.</p>		
Dates:	02/07/2018 - 28/06/2019	Rain dates:	-
People delivering:	1	People reached:	150
Promotion:	Not stated The service is advertised in our newsletters, on our website and Facebook pages as well as neighbourly local papers and word of mouth and referring agencies.		

Community benefits

Identified need:

Thanks to the Auckland local boards in our Counties Manukau region we have been able to provide the counselling service for 4 years and we have continued increased demand for the service over this period. It provides a means to access counselling for older adults in our region who may not be able to access it any other way. Our Elder Abuse social workers have found the ability to refer their clients to a counsellor for additional support has been extremely valuable

Identified community outcomes:

Older people their carer and whanau have increased wellbeing when they are supported and able to access counselling. Counselling is a way to work through a variety of issues e.g.: dysfunctional relationships, grief and loss, abuse and isolation and carer stress.

This improves the wellbeing of the older person undergoing counselling and the wellbeing of their whanau, carers and community as a whole.

Alignment with local board priorities:

Howick

- Share and celebrate our culture through events
- Increased participation of people in sport, leisure and recreation activities

Culture comes in many forms; it is not just about ethnicity. There is culture of ages and we need to celebrate the older people in our communities and value the contribution they make to our society by meeting their needs. Howick has the largest population of older people in South Auckland. Ageing is a matter that affects all of us. In a world in which life expectancy is increasing at the rate of over 2 years per decade, the need to prepare for these changes is both urgent and timely.

Māngere-Otāhuhu

- neighbourhoods and communities feel safe and connected across diverse cultures
- increased community capacity to prevent harm from alcohol, drugs and substance abuse

Providing information, support and services for older people their whanau and carers contributes to a safe connected community across diverse cultures. Ageing is a matter that affects all of us. In a world in which life expectancy is increasing at the rate of over 2 years per decade, the need to prepare for these changes is both urgent and timely. A number of issues raised with our counsellor often are because of alcohol, drugs and substance abuse by family members.

Manurewa

- initiatives that aim to make the town centre a safer, tidier, more accessible and welcoming place
- activities that are aimed to improve the overall wellbeing of the Manurewa community;

Providing information, support and services for older people their whanau and carers contributes to a safe connected community across diverse cultures. Ageing is a matter that affects all of us. In a world in which life expectancy is increasing at the rate of over 2 years per decade, the need to prepare for these changes is both urgent and timely. A number of issues raised with our counsellor often are because of alcohol, drugs and substance abuse by family members.

Ōtara-Papatoetoe

- Pleasant neighbourhoods, programmes, and events promoting healthy living, cultural diversity, education and environmental protection
- Community-led development

Healthy living includes mental wellbeing and our older people need access to services that support them towards wellness. Information, support and services for older people their whanau and carers contributes to a safe connected community across diverse cultures. In a world in which life expectancy is increasing at the rate of over 2 years per decade, the need to prepare for these changes is both urgent and timely.

Papakura

- improve the overall wellbeing of the Papakura community
- support innovation and social enterprise

Healthy living includes mental wellbeing and our older people need access to services that support them towards wellness. Cultural attractiveness means attractive to all cultures. Culture comes in many shapes and sizes and is not just about ethnicity. There is a culture of ages and we need to celebrate older people in our community and value the contribution they make to our society by providing them information and support. Ageing is a matter that affects all of us, at an individual level but also at the level of society.

Financial information

Amount requested: \$64500.00

Requesting grant for: Contribution towards the cost of providing the counselling service to older adults. Wages, travel, supervision and overheads.

If full amount requested is not able to be funded:

The salaries are the essential component. We run a tight ship with low overheads and deliver high quality services. In this application we have shared the cost across 5 local areas (as the 6th board's funding round is not open yet). This service has proved essential since being delivered so will definitely try to continue to deliver it should you only part fund the grant requested but obviously our preference would be to receive the funding requested to enable at least some of the older people resident in your board areas to access this valuable resource.

Cost of participation: None identified

Community benefits

Identified need:

We have met with the Local Board members to gauge their views on CMS employing Community Coordinators to work within their sports and recreation communities, and to deliver a range of agreed services. This role is similar to positions that existed in 2004 prior to CMS undergoing a major restructure. There is no duplication in creating these roles again, as they are not replicating the Aktive and CLM 'Auckland Approach' work currently being delivered. In addition, some of the new focus areas have been established by stakeholders who are in the targeted settings and they have identified the gaps and needs to support them. Greater collaboration will benefit the parties and recipients involved. New doors are opening for us now.

Identified community outcomes:

Great community events that are supported and lead by locals in the community

We will support and connect people and organisations participating in events. The important role of a Coordinator is to connect one another so relationships continue, plus sharing ideas, skills and expertise to make events better.

All Ages and All Stages of Life

A generic role means Coordinators reach out vertically as well as horizontally across the community. Connecting people to local programmes for the regions pre-schoolers, school children, families, and older generations.

CMS is developing new under-5's and 55+ baby boomer activities. There is major growth in young children and aging populations, but age-appropriate activities and facilities are often overlooked. Increasing social connectivity within the two groups - young parents of Under-5's and older people, is a key outcome for us through these projects. Creating an opportunity for meeting others socially to chat, share idea's/stories, and support each other so that relationships are formed. We are able to introduce and connect outside agencies (health etc.) to inform and provide additional services.

Local Board Liaison

The Coordinator will deliver initiatives agreed with the Local Board, with an aim of maximising the enjoyment of community parks, reserves and tracks.

Alignment with local board priorities:

Howick

- People are supported to lead and develop projects and create opportunities for young people
- Increased participation of people in sport, leisure and recreation activities

The Coordinators will act as a valuable support system for people or groups who organise social sport and recreation, or physical activity targeting any age groups. They will build connections that lead to well supported community led initiatives. Social integration will be a priority, in particular with Asian communities and older people who can feel disconnected from the rest of the community. Start-up programmes and events will be locally focused, drawing in local deliverers and creating working groups that form the foundations of community hubs. Opportunities for more local events will grow.

Māngere-Otāhuhu

- communities have opportunities for active and healthy living, in safe environments that are smoke, alcohol and drug-free
- communities care for and enjoy our parks, reserves and open spaces in different ways

The Coordinators will act as a valuable support system for people and groups who organise social sport and recreation, or physical activity targeting any age groups. They can contribute through connecting people and organisations, developing new initiatives and events in community places e.g. cultural sports days - waka-ama, kilikiti, kirbati, ki-o-rahi, and accessing gaming funds because of our charitable trust status. We can create better employment opportunities through new programme delivery staff positions, and community driver licensing programme. Older people and under fives are focus areas we want to work in, and this will build social connections and important support mechanisms.

Manurewa

- activities that are aimed at advancing our young people and make it easier for them to get active and be involved
- activities that are aimed to improve the overall wellbeing of the Manurewa community;

The Coordinators will act as a valuable support system for people and groups who organise social sport and recreation, or physical activity targeting any age groups. They can contribute through connecting people and organisations, developing new initiatives and events in community places e.g. cultural sports days - waka-ama, kilikiti, kirbati, ki-o-rahi, and accessing gaming funds because of our charitable trust status. We can create better employment opportunities through new programme delivery staff positions, and community driver licensing programme. Older people and

under fives are focus areas we want to work in, and this will build social connections and important support mechanisms.

Papakura

- improve the overall wellbeing of the Papakura community
- help our young people to contribute prosper and thrive

The Coordinators will act as a valuable support system for people and groups who organise social sport and recreation, or physical activity targeting any age groups. They can contribute through connecting people and organisations, developing new initiatives and events in community places e.g. cultural sports days - waka-ama, kilikiti, kirbati, ki-o-rahi, and accessing gaming funds because of our charitable trust status. We can create better employment opportunities through new programme delivery staff positions, and community driver licensing programme. Older people and under fives are focus areas we want to work in, and this will build social connections and important support mechanisms.

Four Winds Foundation (2018 application to be made)	Funding Otahuhu-Mangere
Age Concern Counties Manukau / ACC	Programme Delivery Support for Over 65's
National Heart Foundation / AUT	Programme Delivery Support for Under 5s
Trillian Trust / TTCF (2018 application to be made)	Funding Manurewa

Demographics

Māori outcomes:

- Māori participation - Māori priority group, target group, high representation or Māori staff delivering

Pockets of the community in Counties Manukau have great numbers of Maori population living there, and we also have many Marae spread around the region. The Coordinators would be involved to a limited degree, in networking and supporting the Marae committee's where there is a link to provide community sport, recreation or physical activity participation.

Accessible to people with disabilities:

Yes - Our staff can adapt programmes to the needs of participants. We currently deliver Primary Sport to the BLENNZ (blind school) at Rongomai, provide Buttabeen Bootcamps for obese and overweight Pacific People, and contract the Wheelbreakers to deliver wheelchair basketball sessions in schools. Working with Age Concern we know that some very old people can have a wide range of physical limitations, we need to consider all options when planning our activities.

Target ethnic groups: All/everyone

Promoting SmokeFree: Our events and programmes are all smoke free.

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female

Financial information

Amount requested: \$120000.00

Requesting grant for: We scoped out the project with other funders, seeking grants to cover the salary component for the Community Coordinator roles. Responses were positive, and partial funding from several organisations is the preferred model. To provide this service we would form a collaborative funding scheme which would split the costs. Below is a breakdown for each LB Coordinator:

\$50k (38%) Foundation North - Salary / Opex

\$30k (23%) Gaming Trusts - Salary

\$30k (23%) Local Board - Events / Community services delivered

\$20k (16%) CMS - Opex

If full amount requested is not able to be funded:

Project Litefoot Trust

Legal status:	Incorporated Society, Charitable Trust	Activity focus:	Environment
Conflicts of interest:	None identified		

Project: LiteClub Auckland

Location:	KAIPATIKI: Takapuna Golf Club (27 Northcote Rd, Hillcrest), Netball North Harbour (44 Northcote Rd, Northcote),		
Summary:	Our team will visit the 42 clubs to install energy efficient light bulbs, hot water cylinder and pipe insulation, water-saving devices and a waste minimisation programme. Our Sustainability Adviser assesses the buildings looking for efficiency opportunities beyond the immediate changes we make, ie. heating, ventilation, and appliance efficiency. These ideas are then turned into an Efficiency Action Plan, which sets out a list of specific actions the club could take to further reduce its environmental impact and running costs. We also reach out to club members by installing posters and light switch stickers to inspire members to take the same positive actions at home. We offer support and advice to clubs on an ongoing basis.

People delivering:	18000	People reached:	18000
Promotion:	Not stated		

Community benefits

Identified need:

The demand for LiteClub is huge: 117 clubs registered and are waiting for our service, including 10 of the 42 nominated clubs in this application. Community sports clubs are facing difficult financial times. Many are experiencing membership decline, decreasing profits from bar facilities, and club operating costs are rising. Leading scientists conclude that we're depleting Earth's resources faster than nature is able to replenish them. LiteClub is measuring genuine impact reductions by reducing electricity consumption and emissions from waste sent to landfills.

Identified community outcomes:

By implementing the 42 community sports clubs across the Pukatapapa, Otara-Papatoetoe, Henderson-Massey, Mangere-Otahuhu, Howick, Hibiscus & Bays, Devonport-Takapuna, Kaipatiki, Waitemata, Albert Eden, Maungakiekie-Tamaki, Orakei, and Franklin Local Board areas approximately 18,000 club officials and club members will be exposed to our messages. We believe these people and their clubs will benefit in terms of: Improved infrastructure for community sport; reduced electricity, water and waste disposal costs for clubs; improved human health and safety; improved aesthetics and functionality; enhanced 'feel good' via Litefoot Ambassadors inspiring change; enhanced cultural awareness of sustainability issues; increased awareness and uptake of electricity, water and waste minimisation practices.

Alignment with local board priorities:

Kaipātiki

- It's easy to make healthy lifestyle choices in Kaipātiki
- The many great community facilities are well looked after and continue to meet community needs

- LiteClub's Waste Minimisation Programme helps clubs capture recyclables and reduce the amount of waste sent to landfill; members are educated on environmental and financial benefits of good recycling practices.

Financial information

Amount requested: \$36727.00

Requesting grant for: So far, we have received \$50,846 towards the general costs of the implementation from Auckland Council's RENH grant, New Zealand Community Trust, and J A Redwood Trust. In this application we request that the respective Local Boards consider funding a contribution towards the overall costs of the project. The costs include salaries, materials installed at the club, administration costs, travel costs, and promotion.

If full amount requested is not able to be funded:

If we cannot raise the \$129,559 that we require to implement 42 clubs then we will reduce the number of clubs that we implement based on the level of funds that we are able to raise.

A general contribution of any level towards the cost of implementing the 42 community sports clubs would be very much appreciated. Any level of contribution will assist us in helping clubs in Auckland save money on their bills and reduce their environmental impact.

Cost of participation: None identified

Total expenditure	Total income	Other grants approved	Applicant contribution
