Lower Priorities

We will consider applications for other services, projects, events and activities outside the current priorities, however these will be considered a lower priority.

The Whau Local Board will consider the following activities as lower priorities:

- administration and salary costs
- events which charge an admission fee
- applicants that have already received one successful grant application within the current financial year

The Whau Local Board will take into account the financial capacity and situation of an applicant and will give a lower priority to funding groups who have a cash surplus or have not considered other sources of funding for their project.

Investment approach

The Whau Local Board will allocate budget annually to support the local grants programme which will be divided into three approaches:

- Quick Response Grants: Minimum amount: \$500
- Maximum amount per grant: \$2000

Local Grants: For grants, generally, between \$2,000 and \$5,000

Match funding

The Whau Local Board will prioritise grants with a strong “match funding” approach i.e. where groups can demonstrate significant community contribution in time, cash and/or in kind services.
