Albert-Eden Local Board

Message from the Chair

We would like to thank our communities for letting us know what is important to them. We’re proud to represent such an informed and engaged community. It is especially pleasing to receive solid support in general for our proposals; only 17 per cent of written submitters did not support the Board’s direction in some measure.

In developing this local board agreement, we carefully considered the 1,697 written submissions on the Board’s priorities and key initiatives. Your feedback enables us to:

- Work with other local boards to create a plan to restore freshwater in Waitātiko/Meola Creek, Waiatea/Motions Creek and the Three Kings to Western Springs aquifer.
- Promote sustainable practices in businesses in our town centres, including establishing a tailored sustainability action plan.

In addition to the projects outlined, we will continue to invest in our area by building on the vibrant arts culture, leading environmental and sustainability initiatives, and supporting active and healthy lifestyles. We will assist economic development in our town centres and provide events that bring residents together to celebrate our local identity.

We will continue to advocate on your behalf for greater investment in our area, and to ensure funding for key projects, for example providing a long-term solution for aquatic facilities in Mt Albert, and an investigation into a replacement indoor multi-sport facility at Gillies Ave, Epsom. As a priority, we will continue to implement the Chamberlain Park master plan, including implementing currently funded stages of the project and advocating for funding for future stages.

Many thanks for your ongoing contribution to the work of the local board.

Peter Haynes
Chair, Albert-Eden Local Board
Introduction

Auckland Council’s shared governance model means local boards are responsible for decision-making on local issues, activities and services and providing input into regional strategies, policies and plans. The local board agreement sets out the local board’s budget, funding for activities, levels of service, performance measures and targets for the financial year 2018/2019 which has been agreed with Auckland Council’s Governing Body.

The Albert-Eden Local Board Plan 2017 is a three year strategic document that guides local board activity, funding and investment decisions. A key role of the local board plan is to provide a basis for development of the annual local board agreement for each financial year, this is set out below. Each local board also develops annual work programmes alongside adoption of their local board agreement.

Local boards also provide input to the Governing Body on larger scale investments, regional programmes and policy issues such as rates proposals, which are outside local board decision-making responsibilities. A list of key advocacy areas is set out as appendix A.

About this area

The Albert-Eden Local Board area comprises a number of inner-city suburbs, blending well-established residential areas with a diversifying population, thriving communities and vibrant town centres. With a population of just over 100,000, there are three libraries, 13 community centres and halls, and over 100 local parks. The local board area is generally bounded by the Waitamata Harbour at Pt Chevalier, along state highways 16 and 1, to the east in Greenlane and Greenwoods Corner, along Sandringham and Owairaka to the south, finishing at Waterview.

Albert-Eden boasts areas with their own unique and special identities, including culturally diverse Mt Albert, Sandringham and Balmoral, while just minutes east, historic villas line the streets of Epsom, Greenswoods Corner, Greenlane and Mt Eden. Boutique retail and cafes in Kingsland, Morningside, Eden Terrace and Eden Valley provide new retail spaces for people to enjoy. The established areas of Point Chevalier, Waterview and Owairaka are currently experiencing change because of the State Highway 16/20 connection, and multiple large-scale housing developments.

The area features iconic natural landmarks such as the three maunga (Ōwairaka/Te Ahi-kā-a-Rakataura/Mount Albert, Maungawhau/Mt Eden and Te Köpuke/Tītīkōpuke/Mount St John), and the local board’s network of high-quality parks and open spaces. Two urban streams, Te Auaunga/Oakley Creek and Waitītīko/Meola Creek, flow through the area. All these places provide opportunities for people to lead healthy, active lifestyles while providing tranquil settings within the urban environment.

The area plays a critical role in the transport network, with thousands of commuters using Dominion, Mt Eden, Great North, New North, Sandringham and Manukau roads every day to access the city.
This area has a proud history of caring for its community, its environment, cultural and historic heritage. The local board wishes to build on this legacy by continuing to deliver positive outcomes for our communities.

Local Board Plan outcomes

The Albert-Eden Local Board Plan 2017 sets out the aspirations the local board has for the area. The outcomes in the Albert-Eden Local Board Plan are:

Outcome 1: Albert-Eden has a strong sense of community
We are all proud to live in Albert-Eden and feel that we belong. Our community is connected, and everyone’s involvement is welcomed. We are able to come together to support each other, and to celebrate our diversity.

Outcome 2: Our parks are enjoyed by all
Everyone can access the parks we share in Albert-Eden and use them in ways that enhance their lifestyles. As a community we feel a shared ownership of our parks, and we take care of them together.

Outcome 3: Our community spaces are well used by everyone
Our shared facilities underpin our strong community. They provide diverse and inclusive spaces that meet the changing needs of people of all ethnicities and ages. We have spaces that are inviting, flexible and well used by multiple community groups.

Outcome 4: Albert-Eden has thriving town centres and a growing local economy
Our town centres are attractive to locals and visitors alike. Our local businesses are well supported and thriving, driving a strong local economy that creates opportunities for everyone in Albert-Eden. Well-established business networks foster innovation, growth and sustainability.

Outcome 5: Travelling around Albert-Eden is safe and easy
It is simple to travel between the many places in our area that people want to visit. We have a range of options to meet the different needs of our community. We have quality public transport and our streets are safe and enjoyable to use.

Outcome 6: Our natural and cultural heritage is valued
Our community has a strong awareness of our area’s heritage. We are proud of the features that give our area its unique character, and work together to protect and preserve them.

Outcome 7: We respect and protect our environment
Our community cares for our environment and develops innovative ways to look after it. Our natural landscape is healthy and well looked after.

The local board agreement outlined in this document reflects how we plan to support these outcomes through agreed activities in the 2018/2019 financial year. In addition, each local board carries out responsibilities delegated by the Governing Body in accordance with the delegated power, and with the general priorities and preferences in the local board plan.
Working with Māori

Delivering on Auckland Council’s commitment to Māori at a local level is a priority for local boards. The council is committed to meeting its responsibilities under Te Tiriti o Waitangi /the Treaty of Waitangi and its broader statutory obligations to Māori.

To meet this commitment, the Albert-Eden Local Board Plan provides the framework for Māori transformational shift outcomes, and the local board actively gives consideration to Māori in their local projects and initiatives. Examples of this include:

- Identifying opportunities to work together to build strong relationships and share information with Māori
- Collaborating with iwi on projects such as the Albert-Eden Open Space Network Plan and the design stages of the Chamberlain Park Masterplan
- Celebrating Te Ao Māori and strengthening responsiveness to Māori – Whakatipu i te reo Māori by delivering Māori events and programmes within our libraries
- Taking opportunities to create a Māori identity in our parks and facilities through actions such as naming or renaming and sharing stories about the area’s heritage through interpretative signage.

Priorities by activity area

Auckland Council’s 2018/2019 funding priorities for local activities which contribute to key community outcomes in the Albert-Eden local board area are set out below under each local activity.

Levels of service, performance measures and targets are also set out below under each local activity. Note that some of the descriptions of our levels of service, performance measure and targets have changed from how they are described in the 2017/2018 local board agreements. This is to better explain our local activities and to align the descriptions to those used in other strategic plans. Our actual levels of service (the activities that we as a council perform in each local board area) have not changed.

Local Community Services

Local community services is a broad activity area, which includes:

- Supporting local arts, culture, events and sport and recreation
- Providing grants and partnering with local organisations to deliver community services
- Maintaining facilities, including local parks, libraries and halls.

Our annual budget to deliver these activities includes operating costs of $10.2 million and capital investment of $4.6 million.

The key initiatives we have planned for 2018/2019 include:

- Providing funding for three broker roles to support the following local activities: arts and events, town centre activation and place-making, and enabling shared use of space within our lease buildings
- Delivering a series of events that bring the community together, including Anzac Day services, a Christmas event at Potters Park, Movies in Parks, the Albert-Eden Schools Cultural Festival, as well as partnering with community-led events to develop signature events for the area
- Supporting the Albert-Eden Youth Board to deliver youth-focused initiatives
- Funding agreements for facility operators at the Mt Albert Aquatic Centre and the Mt Albert Community and Leisure Centre to deliver programmes that meet community needs
- Making improvements to our sports parks such as upgrades at Phyllis Reserve, improved safety fencing at Nixon Park, hybrid fields at Fowlds Park, signage and seating at Melville Park and planning for re-development of the bowling green at Nicholson Park.
- Completing the upgrades to local parks including Potters Park, Coyle Park and Rocket Park.

The local community services and key initiatives outlined contribute towards achieving the following outcomes in the Albert-Eden Local Board Plan:

- Outcome 1: Albert-Eden has a strong sense of community
- Outcome 2: Our parks are enjoyed by all
- Outcome 3: Our community spaces are well-used by everyone
- Outcome 4: Albert-Eden has thriving town centres and a growing local economy.

Local Planning and Development

This group of activities covers improvements to town centres, the local street environment as well as local environment and heritage protection. These activities also include working with business and community associations to improve local economic development and employment initiatives.

Our annual operating budget to deliver these activities is $633,000.

The key initiatives we have planned for 2018/2019 include:

- Town centre planning and implementation of the first stage of upgrade work for Sandringham and Greenwoods Corner
- Albert-Eden Business Awards, to showcase and celebrate the outstanding contributions our local businesses make to grow our local economy
- Promoting sustainable practices in businesses in our town centres, including establishing a tailored sustainability action plan
- Investigating the feasibility of establishing a local business network in Epsom so that local businesses can work together as part of a connected and collaborative business community
- Heritage projects, including improvements to identified heritage rock walls.

The local planning and development activity, including the key initiatives outlined above contribute towards achieving the following outcomes in the Albert-Eden Local Board Plan:

- Outcome 1: Albert-Eden has a strong sense of community
- Outcome 4: Albert-Eden has thriving town centres and a growing local economy
- Outcome 6: Our natural and cultural heritage is valued

Local Environmental Management

Local boards work in partnership with local communities and iwi to deliver projects and programmes to improve local environments. Our focus is on indigenous biodiversity, healthy waterways and sustainable living.

These activities include stream restoration, waste minimisation programmes, supporting environmental volunteers and partnering with schools to provide a range of environmental initiatives.

Our annual operating budget to deliver these activities is $158,000.

The key initiatives we have planned for 2018/2019 include:

- Supporting restoration, management and enhancement of Te Auaunga/Oakley Creek and Waifiti/Meola Creek.
- Supporting residents to live more sustainably through reducing energy demand and carbon emissions, while also helping to create strong, resilient neighbourhoods through sustainability initiatives such as eco-neighbourhoods.
- Establishing a hub with community partners for a repair centre for second-hand bikes.
- Working with other local boards to complete the development of a Central Community Recycling Centre at a Great North Road site.
- Working with other local boards to create a plan to restore freshwater in Waifiti/Meola Creek, Waiatea/Motions Creek and the Three Kings to Western Springs aquifer.

The local environmental management activity and key initiatives outlined above contribute towards achieving the following outcomes in the Albert-Eden Local Board Plan:

- Outcome 1: Albert-Eden has a strong sense of community
- Outcome 7: We respect and protect our environment

Local Governance

Activities in this group support our 21 local boards to engage with and represent their communities, and make decisions on local activities. This support includes providing strategic advice, leadership of the preparation of Local Board Plans, support in developing Local Board Agreements, community engagement including relationships with mana whenua and Māori communities, and democracy and administrative support.

The measures for this group of activities are covered under the Regional Governance group of activities in the Long-term Plan 2018-2028 which determine participation with Auckland Council decision-making in general. This includes local decision-making. There are no significant changes to the measures or targets for 2018/2019.

Our annual operating budget to deliver these activities is $1.1 million.
Local Funding

Auckland Council has a shared governance model for making decisions on local activities. Under the Local Board Funding Policy adopted in August 2014, funding is allocated to local boards to deliver local services, through the following methods:

1. **Asset based services** - the governing body allocates funds to deliver local activities based on decisions about region-wide service levels. This includes allocation of funds for local asset-based services, such as building a new swimming pool or library.

2. **Locally driven initiatives** – an allocation is based on a formula applied to each local board, with the exception of Great Barrier and Waiheke Local Boards who agree funding requirements with the governing body on an annual basis. This includes both operational and capital funds.

3. **Governance services** – an allocation is based on the number of elected members and associated administrative costs for each local board.

The total planned expenditure for local activities across all 21 local boards over the 2018/2019 financial year is shown in the table on pages x and x of Volume 3: Local Board Information and Agreements. The budgets for each local board are listed within the individual local board agreements in this volume.
