612	A thriving local economy that supports quality of life	ATEED: Local Economic Growth	H-M Pop-up Business School	<p>Henderson-Massey has a low number of jobs per resident and the quality of jobs is lower than average. Many people commute out of the area for work.</p> <p>The Pop-Up Business School provides a free 10 day business school to provides education, support for local people interested in starting their own business.</p> <p>Examples elsewhere have had positive results in terms of the numbers of businesses established.</p> <p>By supporting local residents by providing entrepreneurial training the generation of local businesses will be increased and local employment opportunities provided.</p>	Support local residents interested in starting a business to access support and advice they need.	This project could proceed with unspent 2017/18 funds. If so this funding may not be required, unless a follow-on event is required i.e. another pop-up school to run if the first is successful. Or supporting attendees of the first school further. Alternatively similar programmes in partnership with Waipareira Trust are also being explored.	Q1; Q2	LDI: Opex	\$ 7,500
617	A thriving local economy that supports quality of life	ATEED: Local Economic Growth	Support for the Kitchen Project	<p>The Kitchen Project is an initiative established in Henderson. The project aims to supporting food entrepreneurs who are starting out, providing them with affordable commercial kitchen space for product development and business mentoring to provide sound business skills.</p> <p>It is envisioned that The Kitchen Project will provide an opportunity for those who would not have access to business support, including but not limited to Youth and the migrant communities.</p> <p>A pilot intake of participants commenced on the project in March 2018. The current participants are doing very well and one has launched his product and his website see <a href="https://www.sweetandme.co.nz/">https://www.sweetandme.co.nz/</a></p> <p>The project is funded by Panuku Development Auckland, ATEED and income from participants. To be sustainable the project needs to attract further sponsorship. A project manager has been appointed by ATEED to ensure the financial sustainability of the project going forward.</p> <p>The project are very keen to get the recruitment for the next cohort underway in July for a September start date and need funds for this to happen.</p> <p>This project will provide sponsorship to the project</p>	<p>Support this initiative to succeed in Henderson.</p> <p>Provide business training to early stage local businesses.</p> <p>Grow local healthy food related businesses.</p>	Should the Pop-Up Business School (SharePoint ID 612) resource not be required (if funded using 2017/18 deferred funds) then it is recommended that funding also support the Kitchen Project to secure its future while additional external sponsorship is sought.	Q1; Q2; Q3; Q4	LDI: Opex	\$ 10,000

648	A thriving local economy that supports quality of life	ATEED: Local Economic Growth	Young Enterprise Scheme (HM)	The Auckland Chamber of Commerce , on behalf of the Young Enterprise Trust, delivers the Young Enterprise Scheme (YES) in Auckland. ATEED as the economic development agency is a strategic partner supporting the delivery of YES. YES is a practical, year-long programme for year 12 and 13 students. Through the programme, students develop creative ideas into actual businesses, complete with real products and services and experience real profit and loss. The funding from the local board will support the delivery of the Young Enterprise Scheme Kick Start Days in February 2019. The Kick Start days are held in sub-regions (north, south, east, central/west) and are the first day students get to meet the Young Enterprise team, and find out about their 2019 year, what YES is all about, and what is in store for them.	Students learn key work and life skills and business knowledge including: business fundamentals, planning, interpersonal relations, financial, decision making, reporting, risk management and team work. YES helps create a culture of innovation and entrepreneurship amongst Auckland's young people. The soft skills that are learnt as part of YES are transferable into their communities / families. Not only helping them to become future ready, but enabling them to be future leaders.	No further decisions anticipated	Q3	LDI: Opex	\$ 2,000
