Project: Auckland Club Rugby League competition

Location:	Mountfort Park Manurewa		
Summary:	Supporting the set up and hosting of Auckland Rugby League club competition which Manurewa Marlins participate in for grades u6's - u16's. Improved signage of field locations assists with our ability to host, improved visual communication of field locations to assist home teams but more importantly visiting teams from other clubs travelling to our fields needing guidance of where they are playing.		
Dates:	07/04/2018 - 01/09/2018	Rain dates:	-
People delivering:	300 each Saturday during winter season	People reached:	300 x 16 Sats = 4800 x number of years in use

Community benefits

Identified community outcomes:

Firstly gives clear communication and guidance to home and visiting teams to our field at Mountfield Park. The club has 50+ teams mainly in the child / rangatahi age groups. We want to be able to host visiting teams that come to our fields every Saturday visually giving them guidance on where they are playing, we have field spread across the whole park and it makes it very hard to know where they are playing.

We don't have the luxury of a person to sit and guide visitors each Saturday.

The local and visiting communities will have ease in finding rugby league locations.

Alignment with local board priorities:

- activities that are aimed at advancing our young people and make it easier for them to get active and be involved
- activities that are aimed to improve the overall wellbeing of the Manurewa community;

Through improved capability to deliver quality sport to our rangatahi they will be more likely to stay active and involved in sport and our club.

People delivering:	1	People reached:	50 plus as a community project at Nathan Homestead, they will advertise and cross reference with 800 Degrees Facebook page

Community benefits

Identified community outcomes:

After discussing the venue hire with Echo Janman (Facilities Manager for Tu Toi, Studio One and Nathan Homestead) she has intimated that there is lots of interest in glass casting in the South Auckland area, which Nathan Homestead does not run currently. As a sole practitioner as 800 Degrees Glass, I have a track record of teaching with excellent reviews and feedback from past course participants.

An anticipated 'student exhibition' of cast glass works by the students of this glass at Nathan Homestead so as to provide public information and to satisfy our South Auckland community about the processes of cast glass and bring in to the region a new medium, which the South Auckland region has not been afforded.

Alignment with local board priorities:

- activities that showcase the rich and diverse culture and talent in our local area and help create a programme of events and entertainment for Manurewa

- activities that are aimed to improve the overall wellbeing of the Manurewa community;

South Auckland has a diverse multi-cultural art element and the stories people tell can be imbedded in their cast glass making.

The South Auckland (Manurewa) casting workshops will provide all peoples with activities that will aide in the local economy thriving using the talents of individuals as artists/crafts people/sculptors and the like. Artists working in glass will be addicted, thereby providing education to the local community and to provide sales of either artworks or for those wishing to educate others.

Better understanding of this chronic condition therefore improved management and compliance with medication, which can also flow to improved confidence and self-esteem, Improved attendance in school and employment, improved family life/sleep/stress for both the client and their families, A reduction in asthma related deaths, More appropriate and up to date prescribing and techniques by doctors and nurses, More public awareness, knowledge and understanding around asthma, A better standard of living conditions due to education on dampness, mould, mildew and healthy housing, A reduction in cigarette smoking in our clients, A reduction in the number of admissions to hospitals, doctors and after hours due to asthma, A reduction in the financial cost to our health care system and society

Alignment with local board priorities:

- activities that are aimed to improve the overall wellbeing of the Manurewa community;
- activities that are aimed at advancing our young people and make it easier for them to get active and be involved

Lifelong physical fitness is an important goal for all students. Yet students with asthma frequently restrict their physical activities. Much of this restriction is unnecessary - children with asthma can and should be physically active. This presents a challenge to classroom teachers, physical education teachers and coaches. Asthma New Zealand's Breathe Easy Asthma Education & Prevention Program with school/preschool encourages a partnership among students, families, physicians, and school personnel in managing and controlling asthma so that students can be active. It is the program's hope that this material, "Managing Asthma at School: Making a Difference," will help classroom teachers, physical education teachers, and coaches' help their students participate fully and safely in sports and physical activities.

Demographics

Maori outcomes:

- Māori participation - Māori priority group, target group, high representation or Māori staff delivering

Asthma hospital discharge rate for Maori and Pacific population in NZ is greater than the rest of the population. Some or all of this increase may be associated with the increased prevalence of poverty among Maori, Pacific families and had worse asthma status and less use of preventive asthma medications than the rest of the population. Their children are most likely to expose to environmental smoke and cigarette smoke. There are many differences in the living conditions of low income and high-income families. The burden of asthma calls heavily on Maori and Pacific Island communities. Our data shows that we provide 70% of our free service for the Maori and the Pacific island living mainly in south Auckland.

Requesting grant for:

reduce absenteeism. There is a stigma around having asthma, which can be especially relevant to teenagers and often hinders adherence to good asthma

management. The asthma educators work with them to break down this barrier, identify their triggers, look at their compliance and technique and where necessary will follow-up with a home visit involving the parents. We also give away free Peak Flow Meters & Asthma Emergency kits to schools and students.

If full amount requested is not able to be funded:

As a charity, we rely almost entirely on the generosity of New Zealanders to carry out our life-saving work, the majority of our income comes from grants, trusts, public donations, bequests and our own fundraising initiatives. We will continue with our ongoing fundraising activities, trust applications, events, direct mail, bequests, donor contact and sponsor ships to raise the balance.

Project: Finding my purpose in life through creativity

Location:	1/198c Hill Road Manurewa, Auckland		
Summary:	Finding my purpose in life through creativity, is a mixed media on canvas art class, aimed at a group of woman from the community, to gather in a relaxed environment over a day from 10.00am - 3.00pm, where the day will provide a safe, fun, loving and caring atmosphere to allow a trusted space for woman to express freely without judgement. The programme will teach art techniques and use prompting questions for the candidate to self express and ask questions of ones self to identify the purpose and passion.		
Dates:	27/10/2018 - 27/10/2018	Rain dates:	-
People delivering:	1	People reached:	100

Community benefits

Identified community outcomes:

The community outcomes will be to create connection amongst woman of all cultures to fulfil their purpose in life and create a visual piece of art reflecting that vision, so their purpose becomes their action. The outcome will also create healing and inner release to enable the action and planning for the future of the ladies purpose. Grouping the connection, healing, release and action plan, will create another group of ladies to assist others in the community for their healing and purpose.

Alignment with local board priorities:

- activities that are aimed to improve the overall wellbeing of the Manurewa community;
- activities that showcase the rich and diverse culture and talent in our local area and help create a programme of events and entertainment for Manurewa

In selecting 9 women from the community, My free delivery will enable a pathway for women to provide opportunities to others within the community in understanding their purpose for life. The art class will provide an inner healing for each woman and create connections contributing to improving the overall wellbeing of the Manurewa community. This activity will showcase the diverse cultural talent and connect an art piece in reflection of the talent and healing.

Project: Youth Mentoring; breaking the cycle of disengagement for Pasifika/Maori youth.

Location:	Manurewa local board area		
Summary:	We want young people feel a sense of pride and belonging in our communities, living their full potential. We do this through supporting healthy relationships in schools and now find we need to extend this for a smaller number of youth accessing the service. While momentum and trust has been gained, we want the young people we work with to become strong, empowered, confident and passionate learners, and to have good, positive relationships with peers and adults (including teachers and family members). Moving on to one to one mentoring is, we believe, the best next step for these young men.

People delivering:	1	People reached:	Directly, 1 every 12 weeks. Indirectly the wider family and community, a number that we have not as yet quantified

Community benefits

Identified community outcomes:

Young people value, and are positively engaged in, their community.

Advances young people, making it easier for them to get active and be involved.

Improves the overall well-being of the Manurewa community.

Alignment with local board priorities:

- activities that are aimed at advancing our young people and make it easier for them to get active and be involved
- activities that are aimed to improve the overall wellbeing of the Manurewa community;

Engaging with young people in their local areas supports them to connect with their family/neighbourhood and wider community. An invitation to work with a young person begins a relationship of trust which needs to be encouraged.

Project: Empowerment of local Maori Small Business Owners

Location:	Weymouth, Auckland		
Summary:	I want to help and encourage a local Maori Business owner by supporting him in his day to day accounting affairs so he can be on the front line of his business to build his customer portfolio and become a successful maori business owner in our local area.		
Dates:	01/07/2018 - 30/09/2018	Rain dates:	-
People delivering:	1	People reached:	This will be through the number of jobs he does in the 3 month period

Community benefits

Identified community outcomes:

This man is a small business owner, he is Maori, he lives in the local Manurewa area and is struggling to find time to deal with his accounts on a day to day basis and needs support in this area to give him his time back to build networks, actually do the work and find the work. The community outcome here is a local Maori business owner, thriving in his area with the potential to grow his business to take on other local workers to his business - it is a seed that needs support to flourish! I too am a Maori small business owner and I want to support him in this project.

Alignment with local board priorities:

- activities that keep our local economy thriving
- activities that are aimed to improve the overall wellbeing of the Manurewa community;

By supporting Maori owned small businesses in Manurewa, I am improving the overall wellbeing of the business to operate and stay in the community as well as keep its economic development improving within this community. Supporting a business, to thrive and grow in its own community.

Demographics

Maori outcomes:

- Māori involvement in the design/concept

My project is unique and is the start of something I envisage for my small business, to support small business owners who identify as Maori, in there

bookkeeping. I want to be available for those who may not have the bookkeeping or accounting knowledge that is required to run a business, but with a focus on the owner identifying as Maori - I want to empower and support these businesses, and if by applying for local grants to subsidise or cover my costs to them, with the local boards support I can do this. This particular project will be my pilot run and I will look to grow this.

Target ethnic groups: Māori

Promoting SmokeFree: If given promotional collateral I can also advocate the smoke-free message.

Project: Purchase 2,120 workbooks to deliver Life Education's preventative health programme

Location:	In four schools throughout the Manurewa Local Board area: Finlayson Park School, Roscommon School, Weymouth School & Waimahia Int (2,259 students during funding period)		
Summary:	<p>Our primary objective is to enable Manurewa LB's 8,781 students aged 5-13 to reach their full potential by educating & inspiring them to embrace positive choices for a healthy mind & body. Our philosophy is based on three principles:</p> <p>1) You are unique: never before & never again will there be another child just like you. We try & make each child feel comfortable with their identity & to show them how special they are.</p> <p>2) The human body is magnificent: we capture children's imagination using technology that shows them the magnificence of the human body, how it functions & what its needs are.</p> <p>3) Support & respect: we need to do this for each other, because of the delicate & complex nature of life.</p>		
Dates:	02/07/2018 - 06/11/2018	Rain dates:	-
People delivering:	1	People reached:	2120

Community benefits

Identified community outcomes:

Our sessions contribute towards the 2,120 students in the Manurewa LB area being involved & connected part of their community by:

- 1) providing workbooks that students can take home & share their awareness & knowledge on key health & nutrition areas with their families that include follow-up activities to help cement positive changes that can be made
- 2) offering a parent session at every school we visit so further in-depth questions can be asked & practical tips given
- 3) being pro-active improves attitudes towards healthier behaviours - giving many examples to students & parents about free & easy activities they can do together to increase their participation in sport, leisure & recreation activities
- 4) asked to take part in community events to promote & engage every culture in the community

Alignment with local board priorities:

- activities that are aimed at advancing our young people and make it easier for them to get active and be involved

- activities that are aimed to improve the overall wellbeing of the Manurewa community;

Our sessions will teach the 2,120 Maurewa LB students to be:

Proud Of Their Identity

Empowered To Make Healthy Choices

Connected & Engaged With The World

Curious & Have Inquiring Minds

Respectful Of Themselves, Others & The Environment

New Zealand European, Other European, Māori, Pacific Peoples, Chinese, Korean, Indian, Other Asian, Middle Eastern, Latin American, African, Other:

Promoting SmokeFree:

'Substances' is one of the five core subjects we teach to intermediate students. We discuss & roleplay the decision-making processes they may come across & go through when seeing their friends & peers smoke or they are offered a variety of substances to smoke. We talk about the effects smoking has on your brain, body, finances & making decisions. A Pull Apart Torso - full medical school teaching standards with 28 parts) is used to illustrate points.

Latest research is used from all health sectors in our lessons.

We are the largest external programme provider working in schools and are proud of the positive trend in the reduced rate of binge drinking, smoking, bullying and marijuana use amongst NZ youth.

Amount requested: 2,000

Requesting grant for: To purchase 2,120 workbooks that will be given to 2,120 students who we will deliver Life Education's health and nutrition programme to at Finlayson School, Roscommon School, Weymouth School and Waimahia School in the Manurewa Local Board area during the stated funding period.

If full amount requested is not able to be funded:

Every penny we receive will go straight towards buying the workbooks we need to give every student we teach in schools across the Manurewa LB area and will continue to fundraise to make up the difference.

The cost of workbooks is not included in our programme delivery funding thus need to apply for additional funding.

Cost of participation: The cost is \$17.92 per student. We charge schools a nominal fee of \$5 for primary school students age 5 - 11 (receive two lessons)/ \$7 for intermediate students age 11- 13 (receive three lessons), however if a school indicates that the visit cannot proceed due to this charge, our Board has given us a mandate to waive the fee to ensure that no child misses these important health & nutrition life lessons.

Manurewa Croquet Club Inc.

Legal status:	Incorporated Society	Activity focus:	Sport and recreation
Conflicts of interest:	None identified		

Project: To mow the Croquet Lawns and verges at our club

Location:	31 Russell Road Manurewa		
Summary:	We require the grant to be used to mow our 4 Croquet Lawns to keep them in pristine condition. Our grounds are used a lot for tournaments during the year, and our club is regarded as a very popular venue for competitions. Keeping our grounds clean and tidy also reflects on a good look for Manurewa Township. The mowing also keeps the local economy thriving as we use a local contractor.		
Dates:	01/08/2018 - 01/12/2018	Rain dates:	-
People delivering:	25 to 30	People reached:	50 to 60

Community benefits

Identified community outcomes:

We are hoping to attract new people to join are club. We are always talking to new people about joining to play but it is a hard message to convey, we do flyers for putting into different areas and post boxes. The sport keeps you fit, especially older people, and is also a very mentally challenging sport for both male and females, and can be played from youth to over 80 years old.

Alignment with local board priorities:

- activities that are aimed to improve the overall wellbeing of the Manurewa community;
- activities that keep our local economy thriving

By offering a safe and "keep fit" type of sport, good friendly people to know, friendly and welcoming club to belong to.

By employing a local contractor to mow our lawns.

Demographics

Maori outcomes:

- Māori participation - Māori priority group, target group, high representation or Māori staff delivering

We have 4 Maori players out of 30 club members, 3 of which play in inter club tournaments as well as local games.

Target ethnic groups:

New Zealand European, Other European, Māori, Pacific Peoples, Chinese, Korean, Indian, Other Asian, Middle Eastern, Latin American, African

Promoting SmokeFree: None of our players smoke and if a new member, who smoked, joined our club we would tell them of our club rule of non-smoking.

Location:	Tongariro Domain, Taupo		
Summary:	This is the second phase of our Manurewa community fitness programme, spanning eight weeks based at Mountfort Park and training towards the 10K, 21K and 42K distances at the Taupo Marathon event.		
Dates:	09/06/2018 - 04/08/2018	Rain dates:	-
People delivering:	6	People reached:	20

Community benefits

Identified community outcomes:

Improved health, confidence and connection. Our past fitness projects have evidenced this as participants have become visibly confident through building connection with others, setting and achieving goals and in turn increasing health. Another key outcome is teaching our youth to set goals and achieve success through discipline and consistency. Another key outcome is that it helps the youth in our community experience Aotearoa. They get to see sights and broaden their thinking through engaging in these trips. It aligns with our objectives of creating connection and belonging for youth in our community.

Alignment with local board priorities:

- activities that are aimed at advancing our young people and make it easier for them to get active and be involved
- activities that are aimed to improve the overall wellbeing of the Manurewa community;

We have a large proportion of youth we engage with who attend the programmes. This particular phase has opened to the greater community so our participant base consists of youth as well as other ages in the community.

Counties-Manukau Touch Association Incorporated

Legal status:	Incorporated Society	Activity focus:	Sport and recreation
Conflicts of interest:	None identified I/We declare that the Counties-Manukau Touch Association Vice President of the Executive Committee Lorelei Nathan, is an employee of Auckland Council.		

Project: Venue/Office Hireage Costs

Location:	Netball Manurewa Community and Events Centre, 95 Browns Road, Manurewa, Auckland 2102		
Summary:	Counties-Manukau Touch Association Inc have acquired office space located within the Netball Manurewa Community and Events Centre. Our Association has grown over the years and we have 19 affiliated modules operating in our region, with 8 of these modules (not including Colleges) operating within the Manurewa Local Board Area. The sport is growing and we have identified the need to have a part-time administrator working for our organisation to facilitate the growing numbers of touch players in our region especially in our grassroots grades, and to co-ordinate our representative program providing player pathways. We have developed into one of the top Provinces in New Zealand especially in the junior grades and have a current player membership of around 8000.		
Dates:	01/07/2018 - 30/06/2019	Rain dates:	-
People delivering:	20	People reached:	8000

Community benefits

Identified community outcomes:

By having a Regional Office our Office Administrator and volunteers who work within our organisation, will have office space, as well as meeting and training spaces where they can provide player, coaching and referee development programmes that enable children and young people in particular, to develop skills which will help them have lifelong participation in sport and recreation. We also have a representative programme for U10 to U21 grades as well as Open and Master grades. We don't limit how many teams we will have in each grade, as long as there is Coaches and Managers for teams we can accommodate them. Playing touch for Counties-Manukau Touch Association enables Regional representation at the annual Touch NZ National Age Group Tournaments.

Alignment with local board priorities:

- activities that are aimed at advancing our young people and make it easier for them to get active and be involved
- activities that are aimed to improve the overall wellbeing of the Manurewa community;

If Counties-Manukau Touch receive support from the Local Board towards the cost of their office hireage our organisation will be able to continue to be located in a facility that services our needs, to facilitate programmes that enable children and young people to be able to develop skills which will help them have lifelong participation in sport and recreation. If we were unable to afford to be

located in these premises we may have to go somewhere that doesn't have the office, meeting or training spaces we currently use to develop referees, coaches, manager and players and lastly as a place of work for our office administrator. Where we are located now is a 'central hub' to the Manurewa community where a large amount of our touch players reside,

Demographics

Maori outcomes:

- Māori participation - Māori priority group, target group, high representation or Māori staff delivering

The Counties-Manukau Touch Association incorporated Board Members and Executive Committee Members are predominantly Maori. We have a Maori Board Chair and a Maori Executive Committee President and we have a high representation of maori volunteers delivering our outcomes. Whakawhanaungatanga, manaakitanga and hauora are all key values we respect in our organisation.

Target ethnic groups: New Zealand European, Other European, Māori, Pacific Peoples, Chinese, Korean, Indian, Other Asian, Middle Eastern, Latin American, African

Promoting SmokeFree: Where the office is situated at the Netball Manurewa Community and Events Centre is Smokefree. There are signs everywhere that promote smokefree. Some of our modules who run their competitions on Council Parks are smokefree as well. Promotion of smokefree events are done through newsletters, emails, signage and promotional flags etc.

Requesting grant for: We are requesting funding towards the cost of our venue hireage where are offices are located in the admin building at the Netball Manurewa Community and Events Centre. Our hireage is \$400.00 plus GST per month and a 12 month rental is \$4800.00 plus GST per year (\$5,520.00 per year incl GST).

If full amount requested is not able to be funded:

Any assistance towards our project is appreciated.

Cost of participation: We charge all of our representative players a rep player admin fee of \$50 and a rep player levy of \$60 each. In addition to this all players must pay the Touch NZ tournament entry fees which varies for the different age groups as well as referee costs and accommodation and vans if their tournaments are out of Auckland. Our module fees were reduced this year to \$650 plus GST per module instead of a per team fee. This was to encourage more teams to register into modules, therefore increasing participation in our sport. This

initiative has been successful in increasing members but has had an impact financially due to a reduction in that income.

Youthline Auckland Charitable Trust

Legal status:	Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Provide free helpline counselling to support young people in need

Location:	13 Maidstone Street, Grey Lynn, Auckland 1021		
Summary:	Youthline requests funding towards the annual service delivery costs involved in providing our free crisis helpline support to youth and their families in the Manurewa Local Board area. There are 15,190 young people aged 15-24 years residing in the Manurewa area. In 2017 Youthline received an estimated 3,845 contacts for support through our helpline specifically from the Manurewa Local Board area. That is 1 in 4 young people from the local area that are reaching out for help.		
Dates:	01/07/2018 - 31/12/2018	Rain dates:	-
People delivering:	10 Clinical Triage Staff + Approx 400 volunteers counsellors	People reached:	50,000 - 55,000 young people annually nationwide

Community benefits

Identified community outcomes:

Youthline services equip youth with skills and insights on how to build self-esteem and improve mental-health, how to actively problem-solve and recover from setbacks. Counsellors link them with local support services to assist their ongoing development. Through their improved emotional and self-management skills young people are less likely to fall into helplessness, depression, addictive behaviours, dangerous relationships and unemployment.

Alignment with local board priorities:

- activities that are aimed at advancing our young people and make it easier for them to get active and be involved
- activities that are aimed to improve the overall wellbeing of the Manurewa community;

Youthline's vital early intervention services give young people the opportunity to seek out information, problem solve an issue and to "talk it out". They are both a preventative intervention for young people who need to talk through stressors and concerns as well as a first point of entry for young people who are experiencing crisis such as self-harming, suicidal thoughts or behaviour, violence and other difficulties. The service is staffed by 400 helpline volunteer counsellors providing immediate support, development opportunities and referral services. In doing this we are providing a pathway forward to their wellness and wellbeing.

Demographics

Maori outcomes:

- Māori participation - Māori priority group, target group, high representation or Māori staff delivering

All of our volunteers and staff receive training on the Treaty of Waitangi, take part in a Marae immersion weekend, use and understand Maori models of health such as Te Whare Tapa Wha, can access cultural supervision and are offered more in-depth training around understanding Te Ao Maori, Maori and Pacifica young people as well as other ethnic groups.

Target ethnic groups: New Zealand European, Other European, Māori, Pacific Peoples, Chinese, Korean, Indian, Other Asian, Middle Eastern, Latin American, African

Promoting SmokeFree: Youthline Auckland supports the Auckland Council's Smokefree Policy and its commitment to working proactively with others towards making Auckland smokefree by 2025. We have a smoke free policy in place and can offer support, advice and referrals to young people who wish to give up smoking.

Community benefits

Identified community outcomes:

The community will benefit by having a well established programme for children and youth that is set in a positive environment, it is encouraging, rewarding and promotes a sense of belonging. The need for our service is crucial to families so that they can have the respite needed when trying to need the demands of special needs/disabled children. Unlike other programmes we have a very high ratio of support workers to children, in receiving this funding we are also able to continue offering rewarding employment opportunities to the youth of Auckland, and to provide them with the training to continue along the path of working with children who have disabilities.

Alignment with local board priorities:

- activities that are aimed at advancing our young people and make it easier for them to get active and be involved
- activities that keep our local economy thriving

To provide a community service that promotes a sense of belonging to a child/young adult with a disability. To provide a quality focused respite service in the community. To design and develop an activity that is stimulating and educational, to get out and about within all our local areas and support of clients in the community that have special needs, so that they can feel involved and welcomed.
