ATEED as the economic development agency is a strategic partner supporting the delivery of YES. YES is a practical, year-long programme for year 12 and 13 students. Through the programme, students develop creative ideas into actual businesses, complete with real products and services and experience real profit and loss. The funding from the local board will support the delivery of the Young Enterprise Scheme Kick Start Days in February 2019. The Kick Start days are held in sub-regions (north, south, east, central/west) and are the first day students get to meet the Young Enterprise team, and find out about their 2019 year, what YES is all about, and what is in store for them.	Students learn key work and life skills and business knowledge including: business fundamentals, planning, interpersonal relations, financial, decision making, reporting, risk management and team work.
