Otara-Papatoetoe Local Board

Message from the Chair

I am pleased to present our local board agreement for 2018/2019. Thank you to everyone who gave feedback on our draft proposals.

You confirmed that there is widespread support for our following key priorities:

- Advocating to Auckland Transport for construction of light rail from the airport to Manukau and on to Botany. This will transform transport linkages, improving access to jobs, education, shopping and recreation for our local residents
- Investing in improved sports field playing surfaces and lighting in Otara and Papatoetoe parks, to deal with the growth in demand for sports fields
- Developing land at Hunters Corner shopping centre, on the corner of Sutton Crescent and Great South Road, for public open space and recreational use
- Continuing free adult entry to swimming pools to secure important social and public health benefits, paid for again this year by a targeted rate
- Advocating for Colin Dale Park to be recognised as a key regional motorsport facility and to become a regional park, with past development debt taken over regionally. I am delighted that the governing body has agreed with this advocacy.

Our ongoing support for the health and well-being of our communities remains strong. We will maintain our local facilities, libraries and parks as well as possible and we will continue our successful grants programme. We will build on the success of our first diversity festival, held at Hayman Park in 2018, to develop the event into a major Auckland festival over future years.

We are confident this draft plan will make Otara-Papatoetoe a better place to live, work, study, play and visit.

Lotu Fuli
Chair Otara-Papatoetoe Local Board

Introduction

Auckland Council’s shared governance model means local boards are responsible for decision-making on local issues, activities and services and providing input into regional strategies, policies and plans. The local board agreement sets out the local board’s budget, funding for activities, levels of service, performance measures and targets for the financial year 2018/2019 which has been agreed with Auckland Council’s governing body.

The Otara-Papatoetoe Local Board Plan 2017 is a three year strategic document that guides local board activity, funding and investment decisions. A key role of the local board plan is to
provide a basis for development of the annual local board agreement for each financial year, this is set out below. Each local board also develops annual work programmes alongside adoption of their local board agreement.

Local boards also provide input to the governing body on larger scale investments, regional programmes and policy issues such as rates proposals, which are outside local board decision-making responsibilities. A list of key advocacy areas is set out as appendix A.

About this area

The Ōtara-Papatoetoe Local Board area includes the suburbs of Ōtara, East Tāmaki, Papatoetoe, Middlemore, Puhinui and Manukau. In June 2017 our population was estimated to be 87,800, up 7,500 since 2013.

It is an area with diverse and vibrant ethnic communities, with strong community networks. Ōtara and Papatoetoe residents live in established residential areas with local shopping centres in Ōtara town centre, Old Papatoetoe and Hunters Corner.

Manukau centre has good access to the main motorways to the north, south and west regions, and commuter rail. It is a major shopping hub, with good dining and entertainment options, including Rainbows End family theme park.

Local Board Plan outcomes

The Ōtara-Papatoetoe Local Board Plan 2017 sets out the aspirations the local board has for the area. The outcomes in the Ōtara-Papatoetoe Local Board Plan are:

- **Outcome 1: Manukau transformation.** Manukau metropolitan centre becomes the thriving heart of our area, an attractive visitor destination, business centre and place to shop, live, learn, work and play
- **Outcome 2: Revitalising town centres.** Revitalised town centres in Ōtara, Old Papatoetoe and Hunters Corner will reinforce their place at the core of our communities
- **Outcome 3: Parks and facilities that meet people’s needs.** Our communities have access to parks and facilities to help build a sense of identity and belonging, boost participation in community activities, and promote healthy lifestyles
- **Outcome 4: Healthy natural environment.** We enjoy attractive natural environments that are healthy and free from pests, litter and pollution
- **Outcome 5: Empowered, inclusive and prosperous communities.** People in Ōtara-Papatoetoe are proud of their area, feel welcome and safe, support each other and have better access to transport
- **Outcome 6: Honouring youth and seniors.** Youth and seniors are valued and can participate in work and community activities
- **Outcome 7: It’s easy to get around.** Everyone can easily get around on foot, cycle, bus, train and car.

The local board agreement outlined in this document reflects how we plan to support these outcomes through agreed activities in the 2018/2019 financial year. In addition, each local board carries out responsibilities delegated by the Governing Body in accordance with the delegated power, and with the general priorities and preferences in the local board plan.
Working with Māori

Delivering on Auckland Council’s commitment to Māori at a local level is a priority for local boards. The council is committed to meeting its responsibilities under Te Tiriti o Waitangi / the Treaty of Waitangi and its broader statutory obligations to Māori.

The board will work with mana whenua and mataawaka to meet shared aspirations. There are ongoing discussions to develop the ‘Māori input into local board decision making project’, that evaluates and progresses opportunities for Māori to contribute to local board decision-making. This is a shared initiative with other southern local boards and we are positive it will enhance relationships between mana whenua and local boards by developing a collaborative governance model.

The board has programmes that contribute to Māori development, including a substantial commitment to develop a marae and multi-sport complex at Ngati Ōtara Park. We will continue to support the idea of developing a national marae at Colin Dale Park.

We will continue to support mana whenua in their customary kaitiaki role. We will support Māori priorities for protecting and restoring sites of cultural significance, the Manukau Harbour, the Tamaki Estuary and other waterways. We will work with mana whenua in naming new council-owned facilities, roads and parks to reflect our local cultural heritage.

Local Planning and Development

This group of activities covers improvements to town centres, the local street environment as well as local environment and heritage protection. These activities also include working with business and community associations to improve local economic development and employment initiatives.

Our annual operating budget to deliver these activities is $1.1 million.

The key initiatives we have planned for 2018/2019 include:

- Provide financial support for our business associations at Ōtara, Hunters Corner and Old Papatoetoe to build capacity, improve safety, develop economically, and for place-making of town centres
- Develop a plan for the refresh of the Manukau Sports Bowl facilities based on sport and recreation needs
- Support business sustainability and young enterprise initiatives.

The local planning and development activity, including the key initiatives outlined above contribute towards achieving the following outcomes in the Ōtara-Papatoetoe Local Board Plan:

- Manukau transformation
- Revitalising town centres
- Parks and facilities that meet people's needs
- Empowered, inclusive and prosperous communities.

Local Environmental Management

Local boards work in partnership with local communities and iwi to deliver projects and programmes to improve local environments. Our focus is on indigenous biodiversity, healthy waterways and sustainable living.

These activities include stream restoration, waste minimisation programmes, supporting environmental volunteers and partnering with schools to provide a range of environmental initiatives.

Our annual operating budget to deliver these activities is $162,000.
The key initiatives we have planned for 2018/2019 include:

- Support community groups to care for and restore local streams through the Adopt a Spot programme
- Continue work towards positive environmental outcomes for the Ōtara Lake and waterways
- Deliver a Neat Streets project to promote neighbourhood action on litter, combined with Neighbours Day
- Increase awareness of the Manukau Harbour, and improve water quality through the Manukau Harbour Forum.

The local environmental management activity and key initiatives outlined above contribute towards achieving the following outcomes in the Ōtara-Papatoetoe Local Board Plan:

- Healthy natural environment
- Empowered, inclusive and prosperous communities.

Local Governance

Activities in this group support our 21 local boards to engage with and represent their communities, and make decisions on local activities. This support includes providing strategic advice, leadership of the preparation of Local Board Plans, support in developing Local Board Agreements, community engagement including relationships with mana whenua and Māori communities, and democracy and administrative support.

The measures for this group of activities are covered under the Regional Governance group of activities in the Long-term Plan 2018-2028 which determine participation with Auckland Council decision-making in general. This includes local decision-making. There are no significant changes to the measures or targets for 2018/2019.

Our annual operating budget to deliver these activities is $951,000.
Local Funding

Auckland Council has a shared governance model for making decisions on local activities. Under the Local Board Funding Policy adopted in August 2014, funding is allocated to local boards to deliver local services, through the following methods:

1. **Asset based services** - the governing body allocates funds to deliver local activities based on decisions about region-wide service levels. This includes allocation of funds for local asset based services, such as building a new swimming pool or library.

2. **Locally driven initiatives** – an allocation is based on a formula applied to each local board, with the exception of Great Barrier and Waiheke Local Boards who agree funding requirements with the governing body on an annual basis. This includes both operational and capital funds.

3. **Governance services** – an allocation is based on the number of elected members and associated administrative costs for each local board.

The total planned expenditure for local activities across all 21 local boards over the 2018/2019 financial year is shown in the table on pages x and y of Volume 3: Local Board Information and Agreements. The budgets for each local board are listed within the individual local board agreements in this volume.
