MYRIVR Makes Access To Social Service Providers Easy For All Kiwi’s

MYRIVR is a Self-Referral App that tracks your referral status in real-time
Hi! I am currently a nursing student at a practice clinic placement in Christchurch. Myself and the care coordinator at our practice stumbled upon this app and was amazed how useful this could be to the community. I am doing a little project and aiming to get this app known to everyone in the practice and hopefully introduce it to patients. I am also thinking of putting up posters in the clinic. I just want to let you guys know what an amazing app this is and the great work you do.

This is bloody brilliant.. it's the most handiest app there is if you are someone like me and has found trouble with navigating the system.. amazing. Thank you guys for this brilliant idea so easy and fast!!!

MEMO: To the Otara Papatoetoe Community Board

Grounds

Papatoetoe Cricket Club support the Auckland Cricket Association in their need to find new cricket grounds and available cricket wickets. The ethnic makeup of much of the community the Club serves, suggests Cricket will be a game of choice for many so there is a need to make sure adequate grounds and supporting facilities are be available.

Over the last 5 years, the focus has been on the growing girls and women’s section of the Club. This has led to the Club now having two senior women’s teams along with four junior girl’s sides in the 2018 season. While this is a huge step forward for our growth as a club, it puts a significant strain on existing facilities at Papatoetoe Recreation ground.

This growth needs to include practice nets and appropriate day buildings so local communities can play and train in comfort and safety.

Alternate formats

The Club is moving to meet the needs of the cricket community by recognizing that one time or day and one time or format does not suit all.

The needs of similar codes to co-exist has to be considered in any allocation of grounds. Papatoetoe Cricket Club has recently fostered a relationship with Counties Manukau Kirikiti Association. This relationship is intended to promote both traditional Cricket and Samoan Cricket as viable formats that all can enjoy. Kolmar Sports is now the office of CMKA and will serve as a playing and administrative base for the joint venture relationship. It would be helpful if the Community Board can be aware of and support the initiatives that are being planned and provide support and endorsement where requested.

In 2018, Papatoetoe Club initiated a senior T20 Sunday league that targeted the local Indian community with a view to encouraging the non-aligned members of our community to have a competitive social league available to them at a time that suited their available times. From a scratch start, the competition played nine rounds after Christmas and was hugely successful. A very comprehensive captain’s debrief followed that saw some key points highlighted. These included the use of official umpires, great communication and, very importantly access to the Kolmar Club rooms and lounge for players and their families and supporters during and after games. Our issue is not if it will run again but how many more teams can we include and manage given our limited resources? And, in addition, how do we as a Club make it even more family friendly at Kolmar during that time?

In 2018-19 the Club is planning to run a 3-4 day tennis ball league during the Xmas break and a women’s/girls softball league mid-week during the season.

School Coaching.

The Papatoetoe Cricket Club has run and in-schools coaching in schools in Papatoetoe and Otara for over 10 year. In conjunction with KiwiSport, Auckland Cricket and Kolmar Sports this has meant over

“To promote the development and performance in every aspect of cricket in a safe and enjoyable environment”
2,500 local pupils have taken part in cricket activities during that time. This represents in excess of 20,000 coaching opportunities in organized coaching or managed participation across South Auckland annually. The provision of coaching programmes in local schools is very highly labour cost intensive program that the Club undertakes annually. Support through the local Board funding rounds would be really appreciated to ensure the Club is able to meet the demand of schools in the Otara and Papatoetoe catchment as we have schools such as Fergusson Intermediate and Flatbush Primary now showing a real interest in participating in our program.

The Club appreciates the time allocated to hear our requests and look forward to support where possible.

To Whom It May Concern re: Papatoetoe Cricket Club

Bairds MainFreight Primary children have been fortunate to receive cricket coaching for the past five or six years.

Each and every child receives at least 8 skills sessions throughout the year. This has made cricket an integral part of what happens at our school. Even now, we have children out practising their cricket skills, getting ready for the coaches who will come to school in term three and four.

Our partnership with Papatoetoe Cricket Club extends much further. For the last five seasons, we have had children play Saturday cricket as part of the club. This love for the game has developed from the in-school coaching sessions.

Many of our children would not have the opportunity to play cricket or to learn these valuable sports skills, which they can use for both cricket and other sports. We are grateful to the sponsors and hope that they will continue to support the club.

Please feel free to contact me for any further information.
