Update from Acting Director
Auckland Emergency Management

Presentation to the Auckland CDEM Group Committee
29 August 2018
Quarterly update to the CDEM Group Committee

- Key activities over the past quarter
- Updates on current and ongoing initiatives
- Key activities for the upcoming quarter

Introduction
Key meetings over the quarter

- Coordinating Executive Group Quarterly Meeting
- Piha Community Meeting
- Councillor Stewart’s Howick and Pakuranga Community Meeting
- Meeting with MFAT
- APEC21 Governance
- Meeting with Department of Corrections
- National Group Managers Coordination Meeting
- Meeting with GNS Science on future research
- Supporting MCDEM Diverse Thinking Capability Audit launch
- Meeting with MCDEM including:
  - introduction of new liaison (Jane Rollin)
  - Various work programmes
Integration of Resilience into the Auckland Plan 2050

- Auckland Emergency Management successfully worked with the Auckland Plan team to embed the concept of resilience across all six outcomes in the Auckland Plan.

- Resilience is now a cross-cutting theme throughout measures to track progress against the outcomes, including but not limited to:
  - Sense of community
  - Sense of safety
  - Māori decision-making
  - Protection of the environment
  - Resilience to natural threats
Auckland Ethnic Media Summit

_Harnessing the diversity of Aucklanders_

- On 31 July, Auckland Emergency Management, MCDEM, and ethnic media outlets met to develop understanding and identify opportunities to keep diverse communities safe.

- The event was facilitated by the Superdiversity Centre and attended by 12 ethnic media outlets including the Chinese New Zealand Herald, Filipino Migrant News, Indian Newslink, Korea Post, and Tagata Pasifika.

- MCDEM has enlisted the support and advice of Auckland Emergency Management as it develops a new national public education strategy for Culturally and Linguistically Diverse (CALD) communities, which is due to be released early next year.
Update on the Review of the April Storm

- David Smol, ex-CEO of MBIE, has been named as the external independent reviewer

- David has scheduled a series of interviews with those involved in the 10 April 2018 storm response, including staff, elected members and external agencies

- An update on the findings of the review will be presented to the Auckland CDEM Group Committee at the November Committee meeting
Alternative National Crisis Management Centre (NCMC) and plans for the relocation of the centre of government

- MCDEM has been working to establish the alternative NCMC in Auckland. This is based at Ellerslie racecourse.

- In the event of an event rendering the NCMC inoperable for whatever reason the alternative NCMC would be activated. Any coordination of national-level or otherwise significant events would be undertaken out of this site.

- Plans are also in place for the relocation of the other government department centres to Auckland in a large-scale event. These plans are being progressed through significant planning projects led by MCDEM.

- Most government departments have their own contingencies in place for these types of events. Auckland Emergency Management is working closely with several of these departments in their planning.
Get Ready Week/New Zealand ShakeOut 2018

The New Zealand ShakeOut is the national earthquake drill and tsunami hikoi, taking place on Thursday 18 October 2018, at 9:30am

Auckland Emergency Management is preparing for a region-wide publicity campaign that focuses on the universal messages for earthquake and tsunami awareness, including:

- Encouraging agency stakeholder participation in the earthquake drill
- A tsunami hikoi at Orewa beach
- Hazard awareness campaign across the entire Council family
Update on APEC21

MFAT provided an update to the CEG on Auckland’s host city responsibilities for APEC21. Key messages include:

- APEC21 will be a year long commitment from Auckland, with hosting from December 2020 to November 2021

- An estimated 18,000 to 22,000 visitors are expected over the year

- 10,000 come for Leaders’ Week alone, including world leaders, trade and foreign ministers and business leaders from APEC’s 21 member economies

- Security will be an area of focus for the organising team, with the goal of ensuring all APEC leaders and attendees feel safe, secure and welcome.
Update on Elected Member Engagement

The elected member e-learning course will be available online from the end of August, covering:

- An overview of CDEM in NZ and in the Auckland context
- Hazards and risk
- The role of elected members across reduction, readiness, response and recovery

In addition, we are also working on an interactive workshop in conjunction with Auckland University and Kura Kawana. This will cover:

- Building resilience in communities with international case studies
- Wider council responsibilities and obligations
- Providing information to communities to build resilience

What is Civil Defence?

It's not a thing; it is communities, organisations and government working together to get ready and get through an emergency. We are all Civil Defence.
MCDEM’s call for feedback on the Director’s Guidelines for Tsunami Vertical Evacuation

- MCDEM has requested feedback on the draft document
- MCDEM will facilitate a workshop with staff from Auckland Emergency Management in September to gather feedback on the proposed vertical evacuation plan.
Piha Pilot Resilience Project
Community Resilience Plans
Role of Auckland Emergency Management in community resilience plans
Why develop a Community Resilience Plan for Piha?
