MOVED by Chairperson M Miles, seconded by Member J McLean:

That the Upper Harbour Local Board:

- a) **support the transfer of streetscape services from Auckland Transport and Waste Solutions to Community Facilities' full facilities suppliers as part of Project Streetscapes with the proviso that the contract outcomes reflect local character, not one generic outcome across the region.**
- b) **note that the majority of the service specifications for the proposed 5 levels of service (A, B, C, D and E) for Project Streetscapes remain prescriptive and not outcome focused, due to budget constraints, and requests that the Governing Body consider increasing the budget for Project Streetscapes so it aligns with the outcomes based service levels of Project 17.**

- d) recommend, as a principle that applies to the whole local board area, that all:

 - ii) plantings, flowerbeds, planted swales and flora are maintained on an outcome basis.

- f) recommend that the following assets be given priority for town centre cleaning and loose litter collection:
 - i) berms and arterial road mowing and maintenance

- i) request that the Governing Body ensure that appropriate funding is made available to prevent any drop in levels of service, due to the increased streetscape service standards, should the current budget being transferred from Auckland Transport to Community Facilities be insufficient.
- j) request that the Greenhithe town centre be included in the maintenance schedule, at a level B maintenance standard.
- k) note that the majority of the neighbourhood shopping amenities within Upper Harbour are on private land.
