

Boggust Park Concept Plan

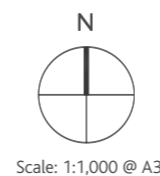

NOTES:

- ① Existing play space with seat and picnic table
- ② Maintain key views of geological feature/landform along edge of Lenore Road
- ③ Maintain key views of geological feature/landform from Bicknell Road
- ④ Indicative location of 3m wide shared cycle/pedestrian path. Shared path to form part of the Mangere-Otahuhu Greenway Network
- ⑤ Maintain driveway easement onto private property at 14 Otago Place
- ⑥ Proposed double-pan toilet facility
- ⑦ Raingarden / planter bed to treat and clean stormwater surface runoff (consenting requirement) from proposed carpark, and to reduce undesired vehicle movement in carpark
- ⑧ Proposed 60 carpark spaces (asphalt or chip-seal). 30 spaces required per playing field. Gate included to restrict night-time access
- ⑨ Proposed overflow carparking, grassed, (peak summer use only) to be accessed from southern two carparks
- ⑩ Existing basketball court retained, extra half court added and hoop relocated to allow for full games
- ⑪ Proposed concrete volleyball court and 4x seats
- ⑫ Proposed 2x rugby training fields and 1x kilikiti playing pitch and field
- ⑬ Proposed accessible (where possible) 1.8m wide circuit path. Potential to include fitness equipment along this circuit. Earthworks related to path construction to be kept to a minimum where possible
- ⑭ Remove existing trees that sit within the proposed footprint of the playing fields or courts
- ⑮ Proposed seating to be located approx. every 100m along perimeter footpath

LEGEND:

park boundary	indicative location of 3m wide greenway cycle/pedestrian path	existing trees (approx. locations)
contours (1m interval)	proposed 1.8m wide loop path	proposed tree planting (native)
existing Roads	proposed fitness equipment	proposed tree removals (approx x5)
proposed car park	proposed seating	proposed low growing planting
proposed overflow carparking (summer only)	2x rugby training fields	high power transmission lines
proposed removal of road/path	1x kilikiti playing pitch and field	

Scale: 1:1,000 @ A3
