8 February 2018

To Whom it may Concern,

This letter is written in support of the Mt Wellington Rugby Club and the Mt Wellington Softball Club and their endeavours to work together for the betterment of their respective sports and the communities that are affiliated to these sports.

Sport Auckland has been active in facilitating discussions between the clubs and it is our considered opinion that the synergies that exist between members is beneficial for each sport and ultimately provides a positive environment for these communities and the wider community resident around the precincts of Hamlin Park.

We would actively support the presentation to the Tamaki Maungakiekie Local Board for access to community facilities to enable these sports to grow and become a vital connector to the community. Both Clubs are very active in working with the community and developing good relationships between themselves and the wider community.

Yours faithfully,

John Gillies

Community Sport Adviser
