

Extract from 22 August 2018 Papakura Local Board business meeting minutes

19 Project Streetscapes

Resolution number PPK/2018/1

MOVED by Member MV Turner, seconded by Member K Winn:

That the Papakura Local Board:

- a) **support the transfer of streetscape services from Auckland Transport and Waste Solutions to Community Facilities' Full Facilities suppliers as part of Project Streetscapes with the proviso that the contract outcomes reflect local character, not one generic outcome across the region.**
- b) **note that the majority of the service specifications for the proposed 5 levels of service (A, B, C, D and E) for Project Streetscapes remain prescriptive and not outcome focused, due to budget constraints, and request the Governing Body consider increasing the budget for Project Streetscapes to ensure alignment with the outcomes based service levels of Project 17.**
- c) **note with concern that some of the assets being transferred from Auckland Transport to Community Facilities' Full Facilities suppliers may not be in good condition or are not currently being serviced appropriately, and supports Community Facilities working with Auckland Transport to upgrade these assets before they are transferred as part of Project Streetscapes.**
- d) **note that staff have advised that service levels will improve as a result of Project Streetscapes.**
- e) **delegate to the Chairperson and Deputy Chairperson to work with the members to provide a list of known issues and/or priority areas with respect to streetscape services as requested in the Project Streetscapes report to Community Facilities.**
- f) **declines responsibility for identifying assets that are not currently on asset registers and expects to see the maintenance of all assets continue regardless of whether they are on the list of assets transferred as part of Project Streetscapes.**
