3 Questions – What was it about?
What we found...
What we’ve been up to since...
All Gender Bathrooms – Council

Currently developing “best practice” guidelines for ease of implementation across all new Council facilities and which could be used by other organisations.

Worked with Councillor Hills, Councillor Casey and Council facilities to implement All Gender bathrooms in the head office on Albert street.
Demographic data collection

- We have worked with Council to change the way they collect data, with gender diverse options now the norm.
- Assisted Council to provide advice in this area when needed.
  - Co-authored a Council submission to Statistics New Zealand providing advice on development of a statistical standard for sexual orientation, with the goal of including our communities in future New Zealand Census’s.
Homelessness

• Ensured that there was inclusion of our Communities within the regional cross sectoral homelessness strategy
  • A collaborative strategic plan being developed to address the issue of homelessness by Auckland Council, central Government and NGO’s.

• Advocated for inclusion of a rainbow question within the Council funded, homelessness count, being conducted later this month.

• Priority area for the panel in the next year.
Spaces, events and venues

• Community centre for Rainbow communities
  • Gained support from Council for a needs assessment investigating feasibility of an Auckland Pride Centre
    • Including support from senior leadership of Council, Councillors and the Mayor, acknowledging the importance of a Pride centre to our communities.
Strong voice for our Communities

- With NZ Police – Safety on Krd
- With Corrections – Transgender prisoners
- On important domestic issues – Ensuring protection under the Human Rights Act for all people regardless of Gender Identity.
- On International issues – Chechnya condemnation by Mayor Goff
