**KAIPĀTIKI LOCAL BOARD CHAIRPERSON’S REPORT**

**JOHN GILLON - OCTOBER 2018**

---

**Birkenhead Grandstand Deconstruction**

The deconstruction and demolition of the condemned grandstand at Birkenhead War Memorial Park began on 15 October. The work is due to be completed within four weeks. Council is aiming for at least 95% of the salvaged material to be reused.

The type of replacement building will be determined as part of the Kaipātiki Local Board’s masterplan project. In the meantime, the site of the grandstand will likely be reinstated as a temporary metal overflow carpark.

**Normanton Reserve Daylighting**

Consultation recently closed on the proposal to daylight the underground stormwater stream at Normanton Reserve, Glenfield. The results should be known soon.

Daylighting returns the piped watercourse to its natural state, allowing improved habitat, food source and nesting opportunities for animals. Daylighting would result in a change to the amenity of the reserve; the current grassed space would be reshaped, as shown in the attached booklet. The margins of the new stream would be planted, and
we are considering recreational options for the upper area. The existing loop path and fitness equipment would remain in place, and broken sections of path in this area would be repaired.

**Frank Larking’s Playboat Consent Granted**

Extract from Frank Larking’s Boat Relocation resource consent application.

Resource consent has been granted for moving Frank Larking’s playboat from the beach at Hilder’s Park to the grass area at Larking’s Landing Reserve. The community steering group will be meeting soon to discuss next steps, with the hope that the boat can be moved in the next couple of months.

**Birkenhead War Memorial Park Playground**

One of our popular playgrounds, especially during sports and community events. Photo taken on a hot, late afternoon, showing lack of shade over children and equipment.

“Mature trees provide ineffective shade to equipment. Shade is provided to single bench seat. ” – Draft Kaipātiki Play and Sunsmart Provision Audit
### Project Streetscape Feedback

I compiled the following feedback on the Streetscape Project in consultation with Deputy Chair Danielle Grant, and submitted it on behalf of the Local Board, as per resolution KT/2018/152:

<td>Expand area in two directions: around corner of dairy onto Lynn Road; south on Bayview Road in front of Bayview Community Centre and carpark.</td>
</tr>
<tr>
<td>General Streetscape</td>
<td>Service level extension</td>
<td>Beach Haven - 205-213 Beach Haven Rd shops</td>
<td>Expand area to include carpark and footpath in front of shops. This is private property, but heavily used and always looks poorly serviced. Council already has a rubbish bin within this area that is serviced.</td>
</tr>
<tr>
<td>General Streetscape</td>
<td>Service level extension</td>
<td>Wairau Valley - Link Dr Target Rd Commercial Centre</td>
<td>Expand area to include Croftfield Lane, as we have new recreational area around the Croftfield Lane stormwater catchment at end of lane.</td>

<td>CF Asset</td>
<td>Vegetation management</td>
<td>All roundabout gardens</td>
<td>Many roundabout gardens are patchy and/or use plants unsuitable for the environment. Request that all roundabout gardens (including new roundabouts at Ocean View Rd/Northcote Rd and Raleigh Rd/Lake Road) are inspected at the beginning of the contract term and replanted to a level that the community can be proud of. Examples: Rangatira Rd/Aeroview Dr/Tramway Rd roundabout.</td>
