Project: Raranga (Weaving) Workshops

Location:	Otuataua Stonefields Mangere Auckland		
Summary:	Raranga (Weaving) . Based on Tikanga, Matauranga and Te Reo. This project aims to educate and build foundations for the community through this traditional practice. Raranga has a number of benefits that applies to everyday life, reconnecting and setting a healthy eco-friendly approach that is also becoming a stepping stone in the elevation of the maori culture.		
Dates:	01/11/2018 - 30/11/2018	Rain dates:	-
People delivering:	3	People attending:	20+
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

Resource Management- Harvesting Identifying which Rau (leaf) to cut. Interaction with Te Pa Harakeke (flax). identifying the Pu Harakeke (Cluster of flax).

Learning Outcomes- Tikanga(protocols), Principles and Values. A Practical approach to utilise Harakeke. Maintaning the customary pratices of our indiginous culture.

Basic Knowledge of Resource mangement in particular to Pa Harakeke.

Being able to practice and maintain the Pa Harakeke.

knowledge and awareness regarding resource management.

Alignment with local board priorities:

increase opportunities for Maori and Pasifika arts and cultural expression

Preserving the art through knowledge and practice. Following necessary guidelines in ensuring Health and safety precautions are made. Educating people in the use of and benefits of this form of art. Sustaining the cultural value of Raranga. upholding the art through awareness and practical involvement. Acknowledging that art is a significant part of culture and for the deveopment of the next generations to be able to uphold this precious art form.

Collaborating organisation/individual	Role

Demographics

Maori outcomes: *Māori led - either a Māori organisation that is applying or Māori directed (came about as a request from Māori).*
Open a pathway for greater learning in Raranga. Learning Tupuna (Acentrial)

Knowledge. Maintaining our cultural link to Te Ao Maori.

Target ethnic groups: All/everyone

Promoting SmokeFree: Tikanga will be upheld through the workshop as there are no allowances for smoking during the teaching process.

Zero waste minimisation As we are utilising a valuable natural resource we will encourage that all use of the product will be utilised

Saintz Up Performing Arts Trust

Legal status:	Charitable Trust	Activity focus:	Arts and culture
Conflicts of interest:	None identified		

Project: Cultural Performance - Siva

Location:	Mangere Bridge		
Summary:	We aim to enhance/nuture the youth unique inherent talents via cultural Siva We aim to empower the youth with fun learning opportunities, methods We aim to showcase their natural abilities for performing and doing it with pride and self belief that they can do what their grandparents use to do.		
Dates:	05/11/2018 - 14/12/2018	Rain dates:	-
People delivering:	6-10	People attending:	50+
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

- Promote cultural awareness amongst the youth
- Promote cultural learnings via performance, via song amongst the youth
- Promote safe learning environment to nurture cultural community values
- *. attendance numbers at the siva classes
- *. performance showcase of the youths hard work learning their cultural siva pieces
- * feedback survey of parents of the children

Alignment with local board priorities:

increase opportunities for Maori and Pasifika arts and cultural expression

By encouraging, empowering and inspiring our Pasifika youth to learn their culture through dancing, to install self belief in themselves that they are unique and can be proud of their heritage. Most of our children are now 3rd, 4th generation nz born Polynesians and may not have had the opportunity to grow up learning their culture so our community programme aims to teach our youth and young children one main aspect of their culture which is Siva.

Conflicts of interest:	None identified		

Project: Imagine if your neighborhood is magic

Location:	Mangere East Metro Theatre, 362 Massey Rd, Mangere East, Auckland 2024		
Summary:	Ultimately to create a show with the kids and youth of Mangere and Otahuhu. Starting with this project that will create the characters, their looks, their personalities and where they live and come from. The kids will learn about their area and what makes their neighborhood special by creating mythical creatures that live among Mangere-Otahuhu. This project will see an end product of different creatures and characters created by the kids and will be showcased with wearable arts as taught by real industry workers.		
Dates:	07/01/2019 - 11/01/2019	Rain dates:	-
People delivering:	5	People attending:	100-10000
% of participants from Local Board		50%	

Community benefits

Identified community outcomes:

The first workshop will have a raw look into how the kids see their neighborhood and how they perceive their surroundings. Through tapping into the imaginations and creations of the young people of Mangere-Otahuhu. The aim is to allow kids to dive deeper metaphorically into what their amazing neighborhoods have to offer. So for the kids involved the outcome will be wearable art of their creatures as well as learning and appreciating their neighborhoods in a more imaginative sense. On the final day there will be a public showing of their work where they will cat walk their creatures with explanations of them. We aim to fill the Metro Theatre with family, friends and members of the public for the whole community to see and appreciate. We then hope that there will be a possibility of showcasing the costumes and creative designs in a gallery of sorts either scattered among the libraries or somewhere like the Mangere Arts Centre.

We will be able to physically count the audience that will attend as well as the attendees. If for example the creatures are on display at the libraries in Mangere and Otahuhu we will be able to count the amount of people seeing this work from the door counts at the libraries as hopefully the creations will have an obvious display. These creations will then be used for the 'Ultimate Aim' in creating an entire show as costumes themselves or on display where the show is finally presented.

Alignment with local board priorities:

our diverse communities enjoy arts and cultural facilities that are vibrant, creative hubs for connecting, engaging and learning, and expressing identity

Ultimate Aim: To create a fantastical show with the kids of Mangere and Otahuhu about the mythical creatures that live in their area. The kids will create the show from scratch over a 6-12 month period with workshops and courses within the different fields of creating a show. With special guests and tutors from the industry, the kids will learn from industry workers who will help them create their

show, from creating the characters, to writing the script, performing, directing, choreographing, creating and arranging music, musical direction, backstage crew incl; sound, lighting, stage manager, assistant stage manager, backstage hands etc.

The idea is that every school holidays a workshop will be held, concentrating on one part of creating the show. Every workshop will be a creative and technical teaching tool within itself for the kids to learn about the creative arts industry as well as growing the show for the kids to produce an end product after several months of workshops.

The kids that are wishing to be part of this project do not need to attend every school holiday workshop as different kids have different interests and ideas. While some kids will relish in performing others might love to learn about the backstage side of things, while other kids might enjoy to write and would like a workshop in creative writing and lend a hand with writing the show. There are many parts to creating a show and I believe that there is something for every interest which would entice so many of the diverse kids of Mangere-Otahuhu. As a resident of Mangere I constantly witness the rich and raw talent our community has to offer within our kids community and I am keen to showcase the creative talents that our young ones have to offer.

However, the funding for this round is specifically for workshop one - creating the characters.

Collaborating organisation/individual	Role

Demographics

Maori outcomes:	<i>Māori involvement in the design/concept</i> While this project will be open to all of the kids in the community there will be elements of Maori culture being executed throughout the workshop with Maori myths and legends being the examples we use and teach to show different ways of understanding mythical creatures.
Target ethnic groups:	All/everyone
Promoting SmokeFree:	This is purely an under 18 project so smoking will not be tolerated. We will be happy to have signs and information available for the public to see as well and will have a strict rule on no smoking on the land we will be working on.
Zero waste minimisation	Yes, while we need lots of materials purchased we will also be seeking lots of recycling eg boxes, bottles, jars etc to use for their wearable arts. Fairies Inc are big on recycling and waste minimization so as well as recycling from our own homes and businesses we will be recycling ALL our waste as well.

Save Our Unique Landscape

Legal status:	Other: Community Campaign Group	Activity focus:	Arts and culture
Conflicts of interest:	None identified		

Project: Kōrero with Aunty Betty

Location:	Kaitiaki Village, 30 Ihumātao Quarry Road, Māngere, Auckland.		
Summary:	Aunty Betty will lead four site-specific workshops over two school holiday periods, in partnership with SOUL and with support from several artists. Aunty Betty plans to escort participants to each site so she can share her knowledge face-to-face and in situ. Once Betty finishes her kōrero (speech) the group will return to Kaitiaki Village so as to jointly make creative responses to Aunty Betty's kōrero under the guidance of a visiting artist, for example we are planning a carving workshop with for one session. At the end of the workshop series we plan to exhibit the artworks at Kaitiaki Village so that the Ihumātao whānau (family) can view the finished work and continue sharing stories with visitors to Kaitikai Village.		
Dates:	29/10/1918 - 29/01/1919	Rain dates:	-
People delivering:	6	People attending:	approx. 20 children and their families
% of participants from Local Board		40%	

Community benefits

Identified community outcomes:

SOUL hopes that our workshop series benefits the community of Ihumātao directly and the broader Māngere community ultimately. The kōrero sessions with Aunty Betty will be her attempt to pass on local and traditional knowledge from one generation to the next. Whilst the creative art making component is our attempt to engage our youth by sharing practical skills and encouraging creative outcomes. Ultimately the workshops series is SOUL's attempt to advocate for the protection and future management of the Ihumātao by whānau, whilst simultaneously providing educational material for display at the Kaitikai Village for visitors to the area.

The Kaitikai Village will act as a placeholder for the finished art objects made in the workshops for ongoing viewership by visitors who seek information about SOUL. This will also ensure that the creations remain at hand for future operation by the SOUL group in our ongoing advocacy actions to protect Ihumātao.

Alignment with local board priorities:

local heritage is protected, enhanced and recognised

Kuia (female elder) Betty King grew-up in the papa kāinga (Māori village) at Ihumātao and is a leading member of the community campaign group Save Our Unique Landscape (SOUL). Aunty Betty plans to run a series of creative workshops in the Ihumātao area for local children over the school holiday periods. Betty plans to share her extensive knowledge on cultural features in the Ihumātao area; including the Ōtuataua Stonefields, Puketaapapa, Maungataketake, Waitomokia, Puketutu Island and the fossilised forest at the end of Renton Road. The workshops will be aligned with the SOUL kaupapa (purpose) in that they will emphasise advocacy for and protection of Ihumātao. It is anticipated that participants will be able to recognise the significant cultural heritage

of these sites through Aunty Betty's kōrero and maybe be motivated to contribute to the ongoing protection of the area.

Collaborating organisation/individual	Role
SOUL members x 4 (including mana whenau whānau members)	Host and facilitation of workshops
275 Times	Promotion and media coverage
Rebecca Ann Hobbs (Elam Lecturer)	Assistant to Betty King
Sophie Wagener (Clay artist)	Workshop facilitation
Katie Isla Middleton-Tansey (Weaving artist)	Workshop facilitation
Monika Fraider (Jewellery artist)	Workshop facilitation
Kaumātua Phil (Carving artist)	Workshop facilitation
Roger Fowler	Van driver

Demographics

Maori outcomes: *Māori led - either a Māori organisation that is applying or Māori directed (came about as a request from Māori).*

The proposed workshop series has been initiated by and will directed by Kuia Betty at all stages. The workshop series is specifically designed for the whānau (families) at the Ihumātao papa kāinga, but will be open to families from the greater Māngere area, for example we plan to promote the workshops via the local 275 Times. Kuia Betty intends to utilise Te Reo Māori, Mātauranga Māori and Kaupapa Māori, for instance all workshops will engage in a process of manaakitanga (hosting) by suppling kai (food).

Target ethnic groups: All/everyone

Promoting SmokeFree: Many of the sites that the workshops will be engaging with are wāhi tapu (sacred) and so we will be working in a manner that recognises this status via Kaupapa Māori, as a result a smoke-free attitude will be promoted throughout the workshop series.

Zero waste minimisation Many of the materials that we plan to utilise for the workshops will by up-cycled from found and donated materials, for example we plan to continue working with the waste reduction initiative Tāmaki WRAP. In addition to this we plan to source materials directly from the whenua (land), for instance our weaving workshop will use harakeke.

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female
0%	0%	100%

0-5 years	< 15 years	15-24 years	25-44 years	45-64 years	>65 years	All ages
%	%	80%	%	%	%	20%

Financial information

Amount requested: \$800

Requesting grant for: We are applying for funding to assist with koha (donation) for each artist

facilitation of each workshop, as well as for help with van hire to move between Kaitiaki Village and each site as a group, because Aunty Betty is a wheelchair user. We will not have overhead costs for use of the site- i.e. rent, electricity, water, etc. We will not have costs for labour that can be performed by SOUL volunteers, i.e. cleaning, preparation, driving van, etc. SOUL will cover miscellaneous costs such as kai (food) and craft materials such as paint, scissors, glue, etc.

If part funded, how would you make up the difference:

Total number of specialised hours by artists will have to be fully volunteer (proposed koha amount is already well below industry standard).

We won't be able to move between distant sites and Kaitiaki Village as a group to hear Aunty Betty's kōrero, for example Puketutu Island is 8.9km from Kaitiaki Village.

Corinne Cameron

Legal status:		Activity focus:	Community
Conflicts of interest:	None identified Relationships Two of our project leaders are connected to Coeliac New Zealand as outlined in Contact Details section of this application. One is the Auckland Kids Club Volunteer Coordinator and the other is the Treasurer for CNZ.		

Project: Gluten Free Pasta Cooking Workshops for Kids

Location:	Mangere War Memorial Hall, 23 Domain Road, Mangere Bridge, Auckland 2022		
Summary:	An opportunity for children, who for health reasons have to eat a gluten free diet, to come together and learn as a group to cook gluten free pasta in a safe and encouraging environment. To meet other children with similar conditions and share each others gluten free journey. To gain coping mechanisms and tools from each other on how to deal with the everyday challenges that having to eat gluten free presents. To learn an economical, delicious and fun way to prepare a gluten free version of a very popular children's dish - Spaghetti Bolognese. (Two workshops will be run to keep groups to a workable size. Each workshop will run for two hours and have approximately 20 people attend).		
Dates:	01/11/2018 - 31/03/2019	Rain dates:	-
People delivering:	5	People attending:	100
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

Youth gaining:

- cooking skills and alternatives
- peer support network
- economical and tasty alternative to packaged gf pasta
- a voice to advocate for themselves around the importance of their dietary restrictions

A workshop completion survey to gauge the participant perceived value of the program.

verbal feedback on the day of the workshop

A follow up survey of participants to see how many are continuing to use the newly acquired skills, if long standing relationships were formed and if they are continuing to see a positive change in their lives.

Alignment with local board priorities:

increase opportunities for active living and community involvement and connectedness

Our workshop is specifically targeted at young people and their families. In particular, those who need to adhere to a gluten free diet for health related reasons. The workshop gives them an opportunity to come together in a safe and encouraging environment to empower them with gluten free cooking skills which will aid them to live a healthy life style. It will also foster dialogue between peers on topics that specifically relate to their gluten free journey. Struggles they come across in

everyday life, how to overcome these and positive self help steps to gaining understanding around their dietary restrictions. This can enable them to speak up in their local community environments (eg school, sports matches, friends, clubs and cafes) in order to explain their condition and importance of consuming only gluten free food for their personal safety. It also aims to create a love and passion for cooking, rather than a fear of food. This workshop is also crucial for the families of people who are GF. Often this is a difficult transition and those family members who do not have coeliacs (or other medical conditions) struggle to understand their role in creating a GF environment. It is a daunting prospect and the workshops benefit everyone through sharing of knowledge and common skills.

Collaborating organisation/individual	Role
Coeliac New Zealand	Advertising, Endorsement

Demographics

Maori outcomes:

Target ethnic groups: All/everyone

Promoting SmokeFree: The workshop will be a smoke free event at all times and this will be outlined at the start during the health and safety brief to participants.

Zero waste minimisation Yes. By learning to cook gf pasta from scratch it has the ongoing effect of enabling participants to reduce the packaging waste from preparing themselves a meal. Additionally multiple bins will be provided during the workshop to separate waste into 1) compostable, 2) recycling, 3) soft plastics and 4) landfill. They will then be disposed of accordingly.

Amana Trust Board

Legal status:	Charitable Trust	Activity focus:	Sport and recreation
Conflicts of interest:	None identified		

Project: Gym for ladies only

Location:	44a Westney Road, Mangere, Auckland 2022		
Summary:	We would like to establish a gym thats for ladies only, particularly muslim ladies who find it difficult to exercise as there is no appropriate place in auckland. We will hold classes (boxing, yoga, strength, functional, boot camp) and will encourage and support any woman who walks through the door to become more active and healthy.		
Dates:	01/11/2018 - 21/12/2028	Rain dates:	-
People delivering:	3	People attending:	About 20 families at the moment. but that might increase in the future.
% of participants from Local Board		90%	

Community benefits

Identified community outcomes:

- There are many positive outcomes of this project -

 1. healthier, stronger women in our community
 2. getting together on a regular basis, as sometimes muslim woman can feel isolated
 3. encouragement of healthier lifestyle - which will spread to children, and the whole family..-> whole community will benefit
 4. once the gym is set up, we are hoping to start exercise classes for children as well..

We will take feedback from the ladies who participate, and will hopefully see the changes in their lifestyle, as they are becoming more confident, stronger, healthier. We will also see how they develop friendship with each other, which is good for their mental health as well as their physical health.

Alignment with local board priorities:

increase opportunities for active living and community involvement and connectedness

Our project's aim is to develop a ladies only gym, aimed particularly at muslim women (but any woman from other communities is welcome to participate). As we realize there is no appropriate space for muslim women to exercise in auckland. It would also give muslim women to connect to each other and support each other in becoming more active and more healthy.

Collaborating organisation/individual	Role

Demographics

Maori outcomes:

Target ethnic groups: All/everyone

Promoting SmokeFree: As we are muslims, its in our faith to promote healthy lifestyle - and as a gym, of course, smoking is discouraged. Dar Al Quran is already zero waste, as we recycle, and have compost. We discourage the use of plastic.

We will have a water fountain, and cups available to discourage people to use plastic bottles.

Zero waste minimisation We are well aware of zero waste and will put the messages across to our members by talking to them and leading by example.

Te Whare Wānanga o MUMA Ltd

Legal status:	Incorporated Society	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Marae Maintenance. A new lawnmower.

Location:	Ngā Whare o Waatea. 31 Calthorp Close, Favona, Mangere, Auckland 2022		
Summary:	The lawn mower we have can no longer be repaired. I've attached photos of the machine itself. Our kaumatua who helps maintain our marae is 80 years old has managed to extend the life of his mower for as long as he could, when he did.		
Dates:	14/09/2018 - 02/11/2023	Rain dates:	-
People delivering:	Marae manager, marae maintenance team, and school principal	People attending:	500
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

Ongoing maintenance of our marae, will mean we can keep up our support and services for our community with our best foot forward.

Maintenance will be achieved in a more timely manner and more will get done.

Our responsibilities to our many compliance requirements (we have a school, ECE, foodbank etc) will be done with more ease.

Grassy areas will look more maintained and manageable

More whānau will come as the marae looks more inviting

More projects will be finished, as more time is gained.

Alignment with local board priorities:

increase opportunities for active living and community involvement and connectedness

Ngā Whare o Waatea Marae provides support for all whānau, from all walks of life. Our marae has an Early Childhood Centre, a school, a foodbank, Te Wanaanga o Aotearoa, and other support services like Whānau Ora and Restorative Justice. Our marae has large grass areas and if we do not keep up the maintenance of our whenua, it will look uninviting and unprofessional. Our first impression portrayed to all of our local communities is what our marae looks like, before we've had a chance to meet and greet.

Collaborating organisation/individual	Role
MUMA	6000

Demographics

Maori outcomes: *Māori led - either a Māori organisation that is applying or Māori directed (came about as a request from Māori).*

We are an established marae actively serving our community helping all of our whānau meet their needs.

Target ethnic groups: All/everyone

Promoting SmokeFree: Ngā Whare o Waatea has a very strict NO SMOKING policy and is enforced, monitored and managed everyday

Zero waste minimisation

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female

Tom Tai Malo

Under the umbrella of Tom's Pacific Exercise Group

Legal status:		Activity focus:	Sport and recreation
Conflicts of interest:	None identified		

Project: Tom's Pacific Exercise Group

Location:	Mangere Baptist Church, Cnr Bader Drive & Ashgrove Road, Mangere East Baptist Church, 162 Portage Road, Mangere		
Summary:	Free family fun fitness classes open to all ages held three times a week rain or shine. Light aerobic exercises and walking in surrounding neighbour. Supportive weight loss group with monthly weigh-ins, incentives to reach weight loss goals and sharing experiences to encourage each other. Classes are held every Monday and Saturday for one hour (aerobic exercises in the hall) and Wednesday (walking around streets) for 45 minutes.		
Dates:	01/11/2018 - 30/10/2019	Rain dates:	-
People delivering:	3	People attending:	15-30 people per week
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

Access to free family fitness exercises and weight loss programmes in a friendly and safe environment. Provide an opportunity for people to keep healthy by exercising regularly and by setting goals to lose weight. To also provide an opportunity for those in the community to socialise with others in the neighbouring areas.

By the number of people who are show up each week to attend the classes, their positive feedback and engagement.

By the members' weight loss results and sharing of tips and stories with others to encourage others to lose weight.

By the feedback from members who have said that the classes have helped them get in better shape both mentally, physically and emotionally and in some instances improved mobility for those who have suffered from a stroke.

Alignment with local board priorities:

increase opportunities for active living and community involvement and connectedness

By providing two free exercise classes two times a week and two free walking classes a week for people and families of all ages and cultures. To provide a support group for those participating in the exercise and walking classes and who want to lose weight. Providing incentives by way of monthly prizes for people have lost weight (1st and 2nd runner up) in an encouraging and friendly environment.

Collaborating organisation/individual	Role
---------------------------------------	------

None	
------	--

Demographics

Maori outcomes: *Māori participation - Māori priority group, target group, high representation or Māori staff delivering*

The exercise/walking classes are open to anyone of all ages and cultures. Mangere has a large Maori population and individuals and families are encouraged to exercise together.

Target ethnic groups: All/everyone

Promoting SmokeFree: I am an ex smoker who smoked for over 50 years. I gave up more than five years ago and since then my quality of life has improved. I have shared my story and also the benefits of quitting smoking with participants in the exercise and walking classes and act as a role model for those who also wish to quit smoking.

Zero waste minimisation The monthly prizes for the weigh-in include vegetables which are grown in my own backyard. I share my stories about sustainable gardening, composting and how recycling old leaves, paper, cupboard and paper towels and food scraps can be recycled as compost for the garden. This helps to reduce the amount of household waste.

Manukau Outriggers Canoe Club Incorporated

Legal status:	Incorporated Society	Activity focus:	Sport and recreation
Conflicts of interest:	None identified		

Project: 30th Birthday Celebrations of Manukau Outriggers Canoeing Club Incorporated

Location:	Nga Hau Maiangi, 252A Panama Road, Otahuhu 1062		
Summary:	<p>30 Birthday Celebration for the oldest and renowned Waka Ama Club - Manukau Outriggers Canoeing Club Inc.</p> <p>Commences at 3pm/karakia. Guest Speakers including past Presidents, youth and community representatives. Cultural Performances from members of the club including Samoan, Cook Island, Tongan and Nuiean groups. Launch of new Manukau Haka which further acknowledges mana whenua and the origins of Manukau Outrigging. Special acknowledgement 3 current members who achieved at Elite level for our sport at recent Worlds campaign. Hakari (feast), Cutting of the Cake - Formalities close with Karakia then mix and mingle to end the evening at approximately 9pm.</p>		
Dates:	17/11/2018 - 17/11/2018	Rain dates:	-
People delivering:	Organisers (9), Speakers (5), Performers (60+)	People attending:	150+
% of participants from Local Board		95%	

Community benefits

Identified community outcomes:

- * Strengthen our community's sense of belonging and connectedness.
- * Further acknowledge and enhance our relationship with Mana Whenua.
- * Current and future generations know the 30 year history of Manukau Outrigging.

Ensure that present and past members are invited to the event. Invite feedback from those in attendance.

Club members to perform en masse the new haka. This to be recorded and used to promote the club.

Guest speaker and founder of the club, James Papalii to speak at the event. Post event the information that James shared to be digitally stored in club records.

Alignment with local board priorities:

increase opportunities for active living and community involvement and connectedness

For us to host an event that celebrates 30 years of Manukau Outrigging involvement in the community is another opportunity to further reach into our communities delivering the positive message of physical, cultural, spiritual and whanau health through Waka Ama. Manukau Outrigging is a leader in the sport of Waka Ama consistently achieving both world and national titles and are also one of the larger clubs in both junior and senior participation. Our community is predominantly Maori/Pasifika and Manukau Outrigging remains a good source of inspiration for our community. This event is being held at Nga Hau Maiangi a facility developed in partnership with the Auckland Council, several Waka Ama Clubs and a Rowing Club, and this event shows good

use of the facility. Sense of connectedness particularly for our youth will be achieved by providing cultural performance, launching of Manukau haka and activities for very young as well as a range of speakers from young to our older members.

Collaborating organisation/individual	Role

Demographics

Maori outcomes: *Māori focus - tikanga (practises), mātauranga (knowledge), reo (language)*
Tikanga is intrinsic to the operation of our club. Standard operations include karakia, mihimihi, manaakitanga. This occasion in particular we will be launching a new haka, specifically written for our club and acknowledges our ongoing connections with tangata whenua.

Target ethnic groups: All/everyone

Promoting SmokeFree: Waka Ama is smoke free. The facility where we are based is a smoke free zone.

Zero waste minimisation Reusable cutlery and cups.

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female
%	%	100%

0-5 years	< 15 years	15-24 years	25-44 years	45-64 years	>65 years	All ages
%	%	%	%	%	%	100%

Financial information

Amount requested: **\$2,000**

Requesting grant for: Funding to support the birthday celebrations, including childrens entertainment, music, photos and equipment rental.

If part funded, how would you make up the difference:

The particular areas we have applied funding for are an important factor in ensuring the event is successful. The area of childrens entertainment (bouncy castles/face paint) and the dj/photobooth all contribute to ensuring the community is engaged and having fun. However, should we not be funded then we would have to get more resourceful in terms of ensuring our day is colourful, enegergetic and engaging for all age groups attending.

Cost of participation: No cost for participation.

Life Education Trust Counties Manukau

Legal status:	Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Life Education workbooks to help deliver lessons

Location:	in the grounds of Mangere Central School, Mt Richmond School, St Mary McKillop Catholic School and Sutton Park School		
Summary:	<p>Our lessons, taught by a fully registered & qualified teachers to children & youth aged 5-13, are integrated into the NZ's Health & PE curriculum & delivered in unique multi-media mobile classrooms in the school grounds.</p> <p>Our educators meet with the schools to discuss the main core subject the school wants covered & the lessons are planned using our 60 'Big Questions'. Lessons are planned to suit each age group with skills & knowledge built upon every year and stage we teach them at.</p> <p>With the fantastic ethnic diversity of the students we teach in Mangere-Otahuhu, we celebrate & include all the different customs that our students bring with them & discuss how they all contribute positively & equally to the Mangere-Otahuhu community.</p>		
Dates:	02/11/2018 - 19/12/2018	Rain dates:	-
People delivering:	1	People attending:	1000 x students aged 5-13
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

Our sessions contribute greatly towards an involved & connected Mangere-Otahuhu community by:

- 1) providing workbooks that students can take home & share their awareness & knowledge on key health & nutrition areas with their families that include follow-up activities to help cement positive changes that can be made
 - 2) offering a parent session at every school we visit so further in-depth questions can be asked & practical tips given eg meal plans, seasonal/cheaper eating, how to recycle more in the home, cyber-safety
 - 3) being pro-active in improved attitudes towards healthier behaviours - giving many examples to students & parents about free & easy activities they can do together to increase their participation in sport, leisure & recreation activities = less time sitting down on technology & increased family time
 - 4) being asked to take part in major community events to promote & engage every culture in the community to know & believe everyone many different skills & knowledge that they can share to encourage a more inclusive community
- 1) The classroom teacher of every student we teach are invited to evaluate the lesson they have just observed across a range of subjects from the engagement of our educator with the students, our educational resources, content of the lesson, age-appropriateness of lesson etc. All results are gathered & assessed by Research NZ.

- 2) Being invited back to teach at the school on a regular basis
- 3) Feedback, retainment & building of knowledge from seeing the same students as they move through the school

Alignment with local board priorities:

increase opportunities for active living and community involvement and connectedness

Our sessions contribute greatly towards an involved & connected Mangere-Otahuhu community by:

- 1) providing workbooks that students can take home & share their awareness & knowledge on key health & nutrition areas with their families that include follow-up activities to help cement positive changes that can be made
- 2) offering a parent session at every school we visit so further in-depth questions can be asked & practical tips given eg meal plans, seasonal/cheaper eating, how to recycle more in the home, cyber-safety

Collaborating organisation/individual	Role
Garden To Table 'Empower'	a joint venture between Life Education & GTT. A comprehensive & sustainable programme to help tackle child obesity through: teaching about balanced diets, meal planning & understanding their body's nutrient needs - GTT turns it into action by growing, harvesting & cooking fresh fruit & vegetables in the school's grounds.
Dove Self-esteem project	where our educators provide training to school teachers in our area re their student's healthy development & to avoid valuing themselves & others on the basis of appearance

Demographics

Maori outcomes: *Māori focus - tikanga (practises), mātauranga (knowledge), reo (language)*
 As an inclusive organisation we use Te Reo words throughout our lessons in handouts, digital means and all our workbooks are available in Te Reo (see attached). With many of our students in Mangere-Otahuhu identifying as Maori, it is paramount to us that Te Reo is highlighted & used in our classes and taught to all students we teach. Our teachers continually update their resources via their on-going training & personal development.

Target ethnic groups:

Promoting SmokeFree: 'Substances' is one of the five core subjects we teach to intermediate students. We discuss & roleplay the decision-making processes they may come across & go through when seeing their friends & peers smoke or they are offered a variety of substances to smoke. We talk about the effects smoking has on your brain, body, finances & making decisions. A Pull Apart Torso - full medical school teaching standards (with 28 parts) is used to illustrate points. Latest research is used from all health sectors in our lessons. We are the largest external programme provider working in schools and are proud of the positive trend in the reduced rate of binge drinking, smoking, bullying and marijuana use amongst NZ youth.

Zero waste minimisation Many of our lessons talk about reduce, re-use & recycle and the ways individuals & the community can work together to improve the environmental health of the Manurewa Local Board community-SEE ATTACHED OF EXAMPLE LESSON PLAN

0-5 years	< 15 years	15-24 years	25-44 years	45-64 years	>65 years	All ages
9%	91%	%	%	%	%	%

Financial information

Amount requested: \$2,000

Requesting grant for: The workbooks are an essential part of our programme in allowing our students to share the information learnt with their parents and caregivers at home. The school's teachers also use them to reiterate information topics covered thus enable it to be remembered and used throughout the year. Teachers observing our lessons strongly agree/agree that the workbooks:

- reinforced/supported what was covered in the lesson - 89%
- are age appropriate - 86%
- are suited to a range of abilities - 81%
- were of value - 84%

If part funded, how would you make up the difference:

We are committed to teaching in the Mangere-Otahuhu schools & we are in no doubt that more invites to teach in more schools in the area in this funding period will come in after this application has been processed thus all our fundraising efforts will go towards ensuring we uphold our promise to deliver. WE HAVE ONLY PUT IN \$0.00 CONTRIBUTION BECAUSE WE DO NOT KNOW YET HOW MUCH WE NEED TO RAISE

Cost of participation: The cost is \$17.92 per student. We charge schools a nominal fee of \$5 for primary school students age 5 - 11 (receive two lessons)/ \$7 for intermediate students age 11- 13 (receive three lessons), however if a school indicates that the visit cannot proceed due to this charge, our Board has given us a mandate to waive the fee to ensure that no child misses these important health & nutrition life lessons.

Youthline Auckland

Legal status:	Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Helpline Coordinator Costs

Location:	13 Maidstone Street, Grey Lynn, Auckland		
Summary:	<p>Youthline is a first point of contact for young people in New Zealand to access a wide range of youth development and support services. The Youthline Helpline is at the heart of the service we provide and is staffed by 200 trained volunteer counsellors. Last year we processed 2150,000 texts, calls and emails through the Helpline.</p> <p>Youthline requests funding of towards the telecommunications (phone, text, VOIP) costs incurred in providing our free helpline support to young people and their families in the Mangere-Otahuhu area.</p> <p>The Mangere-Otahuhu share of the tele communications total direct costs of the helpline of \$107,400 is \$2,277. We are requesting a contribution of \$2,000 towards this.</p>		
Dates:	01/12/2018 - 31/10/2019	Rain dates:	-
People delivering:	5	People attending:	4000
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

What we know is that when young people are engaged in community activities, linked with whanau, and given the opportunity to feel that they are part of something and encouraged to reach their potential, that risk taking behaviour is reduced; they become productive and engaged members of the community.

Starting with the initial Helpline contact, Youthline services equip youth with skills and insights on how to build self-esteem and improve mental-health, how to problem-solve and recover from setbacks. Counsellors link them with local support services to assist their ongoing development. Through their improved emotional and self-management skills young people are more likely to make better choices and less likely to fall into helplessness, depression, addictive behaviours, dangerous relationships and unemployment.

We are fortunate that we have a Youth Development and Community Centre located in South Auckland/Papatoetoe that assists greatly with creating a sense of community. At the centre we have a Helpline hub, café, 8 tenants who are working in the same space and 16 regular community users. Our team of 7 youth workers at the centre works with over 20 schools in the area presenting our Stand Up!, Standing Tall and Unity development programmes for young people.

Evaluation of our work is important to us so we can continue to provide up to date, effective and relevant services to youth. Youthline will show we have achieved our aim to positively impact local young people and to help them towards achieving their potential through both quantitative and evaluative methods.

Youthline records connections made with young people through a specialised data gathering

software package. As an example, we estimate that over 3,200 young people in need who contacted us last year were from the Mangere-Otahuhu local board area.

Youthline has developed a comprehensive process to evaluate the effectiveness of our services. This evaluation covers client satisfaction and also measures impact outcomes.

Alignment with local board priorities:

young people are engaged and have a voice and contribute positively in local matters

Youthline has been supporting young people in need for over 48 years. Last year in the Mangere-Otahuhu local board area we worked with over 3,200 young people in need.

The Youthline Helpline is their first point of contact and is at the heart of the work we do. From there we link them with the help they need, we offer support services and positive role models to encourage, motivate and inspire young people to reach their full potential and create a resilient community. We work with them in the communities in which they live. We celebrate individuality and diversity.

We know from experience that when young people are engaged in community activities, linked with whanau, and given the opportunity to feel that they are part of something and encouraged to reach their potential, they feel a real sense of belonging and that risk taking behaviour is reduced.

Demographics

Maori outcomes:

Target ethnic groups: All/everyone

Promoting SmokeFree: Youthline supports the Auckland Council's Smokefree Policy and its commitment to working proactively with others towards making Auckland smokefree by 2025. At every opportunity we will acknowledge the support of the Auckland Council with the message "Youthline supports the Auckland Council SmokeFree policy and encourages anyone who would like to quit to contact Quitline. You can call them on 0800 778 778, or sign up at <https://quit.org.nz/en/register> "
