Project Specific Conditions:

Quote is based on normal solar power lot capable VSID sign which will indicate travelling speed and advise to slow down if over speeding. No allowance has been made for any special/ specific type of VSID sign.

Quote is based on installing sign on grass and not on sealed surface or concrete.

Quote is based ground plant poles and assuming sites are cleared from all types of underground services.

No allowance is given for arranging network or power connections on site

No allowance is given if site specific TMP will be required to carry out works. Assumption is made that this will be covered under Generic TMP

Project Standard Conditions:

This quotation excludes GST.

The terms hereof and any terms set out by Integrated Traffic Solutions (ITS) in the quotation shall be included as terms in any contract resulting between the parties. Where conflict arises between the terms and conditions hereof and the terms and conditions of purchase in a sub-contract agreement, then the terms and conditions detailed hereunder shall prevail.

Unless otherwise stipulated by ITS, this quotation remains open for acceptance for a maximum period of thirty (30) days from the date of quotation overleaf and thereafter shall be deemed to be withdrawn unless ITS agrees in writing to an extension of time. The placing by a Customer of an order will be deemed to be acceptance by the Customer of these terms and conditions, notwithstanding anything that may be stated to the contrary on the Customer's order.

Dates given for shipment or delivery of Goods/Services are stated in good faith but are not to be treated as a condition of the sale of those Goods/Services. If delivery of the Goods/Services is delayed for any reason whatsoever, ITS shall not be responsible or liable in any way to the Customer or any other party for loss sustained due to such delay. ITS reserves the right to cancel delivery of the Goods/Services or such instalments thereof without prejudice to its rights to render all sums owing to and in respect of deliveries already made. Where the Customer does not take delivery of the Goods by the delivery date specified or such later date as the parties agree, the Customer shall pay reasonable storage costs until such time as the Customer accepts the Goods. Such costs to be determined by ITS, and ITS shall be entitled to invoice the Customer for such costs in accordance with these terms and conditions.

ITS liability in any case of defect or fault shall be limited to the purchase price of the Goods/Services in respect of which such liability arises. ITS shall have no further liability or responsibility for any direct, indirect or consequential injury, loss or damage whatsoever and howsoever arising. ITS shall not be liable for failure or delay in supply or delivery occasioned by strike, act of God, shortage of stocks, shortage of labour, lack of skilled labour, delays in transit, legislative, governmental or other prohibitions or restrictions, fire, flood, hostilities, commotions or other causes whatsoever (whether similar or not to be foregoing) beyond ITS' reasonable control.

The quoting of price on this form does not automatically constitute an agreement to grant credit facilities and must be dealt with separately. Where credit facilities are in existence ITS reserves the right to withhold the supply of Goods/Services if after acceptance of the quotation ITS and or Downer NZ - ITS Division decide to withdraw credit facilities. Where ITS deem it necessary it may require pre-payment or security for payment and may withhold supply of such Goods/Services until such pre-payment or security has been received.

Unless the special conditions specifically refer to allowable discounts, retentions or progress payments, then unless previous arrangements are made in writing with ITS the terms of payment are nett payable on the 20th day of the month following that in which the Goods/Services or part thereof were supplied. Where the Client defaults in payment ITS may suspend or terminate any further supply. Where a dispute arises as to quantity, quality, performance or any other matter that can be defined in monetary terms ITS may require payment in full less a deduction agreed by ITS and the Client to represent the value of the dispute. Where provision for progress payments for work performed has been agreed, the framework set out in the Construction Contracts Act 2002 will apply.

The Client agrees to pay all accounts in full to Downer NZ - ITS Division under agreed credit terms, detailed in clause 6. Upon default in payment ITS may exercise the option to alter the terms of payment and/or cease further deliveries, and the Client shall pay all expenses (including legal costs) incurred by ITS.

Where services to be provided are dependant on the performance of other trade not under the control of ITS any costs consequent to delays caused by non-performance or inadequate performance by such other trades shall be charged to the Client at rates current at the time to the Goods/Services provided.

This quotation excludes GST.
