Types of Homelessness

The fact is, there are different forms of homelessness.

- 80% Transitionally Homeless
- 15% Episodically Homeless
- 5% Chronically Homeless
Outcomes and data

• Across South Auckland, 48 rough sleepers housed since April 2017

• In Manurewa, LP partnered with the Local Board, MP, Police, Business Association, local volunteers, MSD, Work and Income - counted 30 homeless people, 22 housed

• Manukau – 23 rough sleepers counted, 3 housed last week, 3 this week

• Homelessness is a complex issue that no single organisation can tackle alone – we need a multiagency response to end homelessness
