		<p>Consultation began early 2018 and now analysis and local board workshops are underway. Formal feedback is being sought from local boards throughout October/November. The plan will be formally adopted March next year.</p> <p>21 responses were received from the Papakura area. Views followed the trend, apart from cats, in that local residents do not see cats as a pest.</p> <p><b>In summary</b> – A formal report will come to the board in November seeking the boards approval for the RPMP. NETR – feedback is sought on key local projects, and then evaluated against specific criteria for regional priorities.</p> <p>The board asked if the community groups were invited to the consultation rounds and staff replied yes. 1700 regional community groups were contacted.</p>
<p><b><u>Unitary Plan (AU(OP)) road rules in new subdivisions</u></b></p> <p><b>Sanjay Bangs – via Skype</b> (Planner, Plans and Places)</p>	<p>Information dissemination</p>	<p>Staff covered the points raised in the email about road rules in new subdivisions.</p> <p>Staff said consent has to comply with width and gradient rules as outlined in the Unitary Plan.</p> <p>Any subdivision with 10 or more proposed dwellings is then assessed as restricted discretionary consent. This has seen poor outcomes because of the way the Unitary Plan is structured. Staff replied that a project has been implemented to review the Addison model.</p> <p>Plans and places and the Auckland Design Office are aware of this development problem.</p>
<p><b><u>Youth Connections programme moving to the Southern Initiative</u></b></p> <p><b>Sally Angelson</b> (Youth Empowerment Manager, Arts, Community and Events)</p> <p><b>Tania Pouwhare</b> (TSI Social Intrapreneur, Southern Initiative)</p>	<p>Keeping informed</p>	<p>Staff provided an update on the Youth Connections programme recent transfer from the Community Empowerment to the Southern Initiative (TSI) / The Western Initiative (TWI) area of council and proposed next steps.</p> <p>The transition means an internal move in council, along with budget transfer. All current projects will continue. 1 November 2018 is the formal transition date.</p> <p>A new focus for the programme is ensuring support for an individual for longer to ensure a better success rate. Also focusing on entrepreneurship and skills improvement.</p>
