21-August 2018	OP/2018/136	b) request Auckland Transport and Auckland Council Stormwater resolve the flooding issues at the main Graeme Avenue entrance of Papatoetoe North School. c) request Auckland Transport responds to the safety concerns of the Papatoetoe North regarding widening of the footpath, raising the crossing and installing a fence or guard rail to stop the children going on the road.	Auckland Transport provided a written response on 3 September 2018. It was also confirmed the local board has allocated funding to develop a 100m x 2.5metre footpath connection from Landon Avenue to the northern end of school boundary. This will help disperse students away from the existing entrances on Milton Road and Graeme Ave which are under pressure with parking issues during peak periods. 6 November 2018 – Healthywaters advise - Improvements have been made to the existing catch pit and improved the back entry which will improve the flooding situation there.
