Event overview and purpose

The event is organised by volunteers from the Waiheke Rotary Club and the Waiheke Sea Scouts where all proceeds directly benefit local community organisations and individuals. The event comprises our signature 25K run from Orapiu to Matiatia with its challenging hills; plus a flatter 12K and a 5K designed to suit younger athletes and their families. This year, due to demand from a group of dedicated Auckland based runners, we will also be including a full marathon 42K run where distance and timing will be critical to meet global marathon event standards. At Matiatia, with support from the Waiheke Sea Scout volunteers, there will be a 2km Kid's Dash. A fun playground area will also be created for little ones to test their balance and coordination skills. This year the finishline will reflect a South American style Carnival scene for finishers and their families to enjoy refreshments in a relaxed picnic environment while awaiting results and award presentations or have a recovery massage. Fullers Ferries provide the Fun Run ferry to take runners and walkers to the start line at Orapiu. All Good Organics supply the bananas and local mobile food trucks will supply snacks and coffee.

* indicates a required field

Assessment criteria

Eligible applications will be prioritised for events funding from the Local Events Support Fund based on criteria contained in the Waiheke Local Board Grants Programme 2018/2019. Please record in each section below the ways in which the event:

- aligns with the [local board plan](#)
- aligns with [Auckland Council events policy](#) (refer page 14 & 15 section 5.1 **Local Events**) and reflects matters listed under **Other considerations** in the [policy](#)
- delivers against [the Waiheke grants programme](#)

Information entered in this section will form a key component in the assessment and prioritisation of events for funding.

Benefits for Auckland

How does your event align to the criteria of the fund and the priorities of the Waiheke Local Board.

What benefits will the event bring to the community/s of the Waiheke Local Board area? *

Local community groups and sports clubs benefit by crewing water stations and assisting with course safety. Many of these have crewed the water stations for several years and receive between \$250.00 to \$350.00 from the event towards running their club/group. The Rotary Club of Waiheke applies their share of the W2W funds surplus in various ways to benefit the community while the Waiheke Sea Scouts use their share of the funds generated to support various youth focused projects and events for their group. The 2018 event attracted a wide range of participants from well known local sports identities to emerging

talented youth, the combination of which created a very memorable event for all, The event ticked the following boxes as specified in the policy document 1. community identity, pride and belonging 2. community participation and engagement 3. economic prosperity 4. young people and community well-being 5. cultural expression and understanding. As expected, tourism on Waiheke also sees an increase in activity with around two thirds of entrants coming from Auckland and other NZ regions. Many people come back year on year, bringing family and friends with them.

Must be no more than 200 words

Please outline the amount of community support, involvement and/or active collaborations in the event

The amount of community support and involvement reaches more than 150 people. This includes volunteers sourced from the Waiheke Community such as Rotary club of Waiheke, Waiheke Sea Scouts, 12 Water station Community groups, St Johns and a large number of individuals who historically helped. Entrants are encouraged to form teams to qualify for spot prizes such as the largest team and families can take advantage of the "buy one adult ticket, get one free child ticket" promotion.

Must be no more than 100 words

Event Development

What are the long term plans and objectives for this event?

Since reforming the organising committee the long term plans and objectives are to move the organisation to a charitable status, from the original Inc society which has a dated constitution. Provide a high standard of marathon event and liven up the finishline at Matiatia. We are yet to hit the 1000 entrant mark but given recent changes in organisation we believe we can achieve the target in 2019. The W2W event has run for 27 years annually and deserves to be kept up-to-date offering new themes and community activities each year to ensure continuous growth.

Must be no more than 100 words

How do you propose to do this?

Rotarians reformed the W2W last year collaborating with the Waiheke Sea Scouts after the Dolphins Netball club decided they no longer wanted to participate in the organisation of the event. Some major changes were applied to ensure the quality and future of the event. These include moving the event date away from peak time of 3rd Saturday in January to 2nd Saturday in March, re-hosting the W2W website and registrations, new Timing team and engagement of a dedicated Event manager. This year a South American carnival theme is planned at Matiatia finishline and the addition of a full 42k marathon.

Must be no more than 100 words

How do you plan to market/advertise your event?

Marketing and promotions will be mostly via the same channels as last year and at this stage will include - Waiheke circulars and newspapers, Posters, Facebook, W2W Website, email to over 2000 on DB, Google search, NZ Herald, Sponsors, Prize donors, Local schools, Waiheke Rotary club, Waiheke Sea Scouts, Fairfax neighbourly, 30 sec and 2 min videos aboard Fullers ferry's, YMCA, 4 large signs on Council Billboards and private property, flyers, Auckland athletic clubs, NZ Running calendar, Run Auckland, Waiheke half marathon, Cool Running Calendar, Eventfinder calendar, Local Sports clubs, Waiheke Cinema. Also via any preferred Auckland City digital media channels.

* indicates a required field

Assessment criteria

Eligible applications will be prioritised for events funding from the Local Events Support Fund based on criteria contained in the Waiheke Local Board Grants Programme 2018/2019. Please record in each section below the ways in which the event:

- aligns with the [local board plan](#)
- aligns with [Auckland Council events policy](#) (refer page 14 & 15 section 5.1 **Local Events**) and reflects matters listed under **Other considerations** in the [policy](#)
- delivers against [the Waiheke grants programme](#)

Information entered in this section will form a key component in the assessment and prioritisation of events for funding.

Benefits for Auckland

How does your event align to the criteria of the fund and the priorities of the Waiheke Local Board.

What benefits will the event bring to the community/s of the Waiheke Local Board area? *

The shift in dates to the March shoulder season, the inclusion of Alison Park and the Artworks precinct in the "walkway", and the limited facilities we now plan at Matiatia will all bring benefits to the community, in line with the priorities of the Waiheke Local Board Plan. In particular:

- pressure on ferries and the gateway at Matiatia will be alleviated
- recognition of Waiheke as an arts destination will be supported
- small businesses in Oneroa and further afield will benefit from the change in dates and the fact that facilities down at Matiatia (e.g. food and beverage) will be reduced

2018/2019 Waiheke Strategic Events Fund EOI

2018/2019 Waiheke Strategic Events Fund EOI

Application WSEF181905 From Headland Sculpture on the Gulf Ltd

- collaboration with local businesses will be increased
- the location of a sculpture in the Artworks courtyard during the exhibition will help activate the Precinct

We aim to use the grant requested

- for our education programme, in particular ensuring all Waiheke schools have a chance to visit the exhibition
- for improved signage, to ensure visitors make it to the Artworks Precinct (in particular the courtyard and the Art Gallery), and on to Oneroa

Must be no more than 200 words

Please outline the amount of community support, involvement and/or active collaborations in the event

We have extensive community support, as evidenced by the level of philanthropic donations we receive from locals, the involvement of our volunteers, and of local businesses which provide in-kind support. We have good links with Ngati Paoa, the Piritahi marae, the Waiheke Tourism Forum and the Oneroa businesses. Local artists continue to be well represented in the selection of works on display

Must be no more than 100 words

Event Development

What are the long term plans and objectives for this event?

To ensure that Waiheke island is internationally acclaimed for its public and private collections of distinctive landscape sculptures, and for its biennial exhibition which presents significant new contemporary works by the foremost sculpture artists of Aotearoa.

Must be no more than 100 words

How do you propose to do this?

2019 - focus on increasing visitor numbers from out of Auckland, including the rest of New Zealand and cruise ship passengers

2021 - piggy-back off the Americas Cup by offering international visitors in particular something different - a day out which includes the beauty of Waiheke, as highlighted by a visit to the sculpture exhibition along the Matiatia walkway

Must be no more than 100 words

How do you plan to market/advertise your event?

We already have a strong presence on digital media (Facebook in particular), are revamping our website, and send out regular updates by EDM to all our supporters. We will be working with ATEED to attract visitors from out of Auckland, and closer to the event will be promoting it across all media.

Must be no more than 100 words
