**Letter of Support – Erebus Memorial Project**

I am writing on behalf of Ngāti Whātua Ōrākei to provide our support for the proposed Erebus Memorial Project.

We acknowledge this as an important national project and a way for whanau of those lost in the tragedy to reflect and remember their loved ones.

We are also confirming our support of the proposed site – Dove Myer Robinson Park, or Taurarua Pā which is a significant site within our rohe.

I can also confirm that we will be sending a small delegation in support of the family meeting planned for the 28<sup>th</sup> November and will confirm names in due course.
