Item 9.5
Dear Mark,

We hope we are emailing the right person. We would like the following letter to be tabled at your council meeting on Wednesday 27th February in relation to item 12 Notice of Motion - Member Eddie - Future of Epsom Campus.

Dear Local Board,

I am writing on behalf of the Kohia Terrace School (KTS) Board of Trustees. As you will be aware Kohia Terrace School adjoins the Epsom Campus of University of Auckland.

We are aware that there is a motion to the Albert-Eden Local Board in regards to the Epsom Campus site, specifically the lack of future planning that has been undertaken given that University of Auckland is highly likely to vacate in the next few years.

The KTS Board has similar concerns in regards to this site and the impact to its students and the local community. Many of our students walk to school through the site (using parts of the Coast to Coast walkway) which provides a healthy safe route while reducing traffic congestion in the area. Our discussions with the University suggest that none of these walkways will be protected on sale to a 3rd party.

We are also concerned about the traffic and safety impacts to our students of adding large numbers of new homes to this site as well as the potential for our capacity as a school to be stretched.

Future planning of this site should be considered with reference to these issues (and many others) and should not be left solely to any future developer. It is Council's role to take the lead in this situation to preserve key elements of this site for the community (such as the Coast to Coast and walkways).

Unfortunately we are unable to attend the meeting as we have our Board meeting on the same night but would be keen to hear how your motion is received.

Kind Regards

Ruth Wilkie
Chairperson
Kohia Terrace School Board of Trustees
