

## Quarterly Ship Speed Report

Up to and including December 2018

Both average quarterly and average quarterly speeds are consistently around the 10 knot mark:

In 2018 we recorded 2503 transits, of which 1442 or 57.6% were at 10 knots or lower, 799 (31.9%) were between 10.1 – 12 knots, 200 (8.0%) were between 12.1 – 14 knots, and 62 vessels (2.5%) travelled at over 14 knots. There has been good compliance from all sectors.
