669	Wesley Community Centre and Roskill Youth Zone programme delivery	Plan, develop, deliver and evaluate a programme of activities that; - aligns to the outcome area of "Connected communities with a sense of belonging" - ensures community participation - enables more residents to feel connected to their community spaces - allows participants to learn, grow and come together to have fun - has a strong focus on supporting the ACE focus area by including arts outcomes, and participation by seniors	No further decisions anticipated	CS: ACE: Community Places	\$222,703 ABS: Opex	In progress	Green	The Q1 highlight for the Wesley Community Centre is the SAINTZUP Performing Arts (SUPA) holiday programme. SUPA helps children boost their self-confidence through drama, dance, singing and musical instruments. The programme is aimed at children aged 3–15 years. The holiday programme runs during the term time and summer holidays. In the July 2018 holiday programme 110 children registered each day with 70 per cent from the Puketapapa area. The Q1 highlight from the Roskill Youth Zone is the AMARTE (Auckland Migrant and Refugee Training Enterprise) programme. The programme trains women from refugee and migrant backgrounds in barista coffee making, baking and creating a Food Control Plan. Many of the graduates from this programme have gone into full time employment and are better connected with their community. There has been an increase in participation from 10 women to 22 women. Six programmes have been evaluated. Staff and tutors will use this information to develop and improve the programmes in Q2. The Wesley Market Stallholder fees are collected and administered as agreed. In Q1, \$22,000 (ex GST) was collected in fees with a range of 30 – 45 stallholders at each market day.	Work programmes for Wesley Community centre and Roskill Youth Zone are being delivered as planned. The Wesley Community Centre highlight is the Saturday Music Workshop run by Te Karanga Charitable Trust. The workshop is a creative programme for local youth teaching song writing, music production, creative writing, and mentoring. The workshop is aimed at young people aged 16-25 years. Local Korean group INEFFA crew were supported by the workshop to complete their recording and held their first concert with attendance of 400 people. The Roskill Youth Zone highlight has been the Refugee Youth Action Network (RYAN) futsal. Monday nights young women play and Tuesday its young men. RYAN futsal encourages and connects young people with different refugee backgrounds and culture to each other and the community. The young women's futsal is growing in popularity with an increase from 20 to 45 regular participants. Stallholder fees are collected and administered as agreed. In Q2 \$25,000 was collected in fees with a range of 30 – 45 stallholders at each market day. All stallholders have also been notified about the standardised market fees which will be effective from 8 January 2019. This is to ensure that all stallholders are paying the right fees according to the fee schedule.
750	Venue Hire Service Delivery - PK	Provide, manage and promote venues for hire, and the activities and opportunities they offer by; - managing the customer centric booking and access process - continue to develop and deliver service improvement initiatives - aligning activity to local board priorities through management of the fees and charges framework. These include whether activities contribute to community outcomes offered by not-for-profit and community groups	Q4 - Local Board to approve fees and charges schedule for 2019/2020	CS: ACE: Community Places	\$0 ABS: Opex	In progress	Green	During Q1, the hirer satisfaction survey shows that 84 per cent of hirers would recommend the venues they have visited. Participant numbers have increased by 9 per cent compared to the same period last year. Booking hours have decreased by 13 per cent compared to the same period last year. This is due to the closure of Wesley Community Centre for planned maintenance in July and August. The top three activity types during quarter one are meetings, special interest, fitness and arts and cultural events. A focus for staff in quarter two will be promoting our network through Google and Facebook channels	During Q2, hirer satisfaction remains high with 85 per cent of hirers indicating that they would recommend the venues they have visited. Participant numbers have increased by 4.9 per cent and booking hours have decreased by 4 per cent. The statistics are based on the first five months of 2018/2019. The decrease in booking hours is due to the closure of Wesley Community Centre for planned maintenance in July and August 2018. Staff presented at the local board community forum that was held on 7 November 2018 at YMCA Lynfield. The forum saw a number of topics raised by members of the public who attended. It was a great opportunity for staff to really showcase the venues available for hire. In Q3, staff will be working with communities in preparation for the 2019/2020 booking calendar opening.

PSR will work collaboratively with ACE to deliver shared outcomes.</p>	Q2 - select community group/s for pilot "increasing diversity" in Out and About programme	CS: ACE: Advisory	\$8,000 LDI: Opex	In progress	Green	<p>In response to community demands and the recommendations of the diversity outcomes identified in PSR report, the project has shifted its objectives to focus on increasing the diversity of the existing Out and About programme. The project's initial objective was to engage community groups from different areas and build capacity to contribute to the Out and About programme. Initial consultations with the community showed that the programme was already being successfully run by community groups in collaboration with PSR. The findings of the Diversity report recommended more diverse activities to be introduced in community programmes. In Q2, staff will scope the possibility of increasing the diversity of activities of the existing Out and About programme, consulting with community groups to understand the interest and the resources available to deliver such activities.</p>	<p>A new Project Lead for this activity line started in October 2018. A workshop with the local board took place in November 2018. The Workshop explored how to increase diversity of people using open spaces in two ways</p> <ul style="list-style-type: none"> -to increase numbers for existing programmes and, -to create interest from new groups in using the areas parks and outdoor spaces. Communication inviting involvement was sent in December 2018 to Puketāpapa community groups, sports organisations and contractors who work with council. Interested parties have until late January 2019 to express their interest in developing or starting new activities. These new activities would form part of the Out & About approach in later years, as groups will require support and development of capability to initiate and sustain new activities. <p>Q3 work is dependent on responses from invitations to be involved sent out in Dec 2018 to community/ sports groups. Suitable groups will receive training on delivering an activity, potentially in Q4.</p>
1026	Build capacity: Support Roskill Community Network	<p>Enable the Roskill Community Network to support local groups to make connections and build their capacity to deliver community-led initiatives and partnering opportunities. This activity is part of an ongoing support for the Roskill Community Network, funded by the Puketapapa Local Board. Roskill Community Network \$10k-monthly community network meetings.</p>	No further decisions anticipated.	CS: ACE: Community Empowerment	\$10,000 LDI: Opex	In progress	Green	<p>Roskill Together has partnered with Wesley Community Centre to explore options around increasing community participation in the Roskill Community Network meetings; improving the network's effectiveness as an information and knowledge sharing forum and to improve community wellbeing. Staff met with Roskill Together and Wesley Community Centre to plan and finalise the objectives and measures of the funding agreement. Since receiving grant payment, Roskill Together and Wesley Community Centre have organised two meetings. A meeting in September 2018 presented an opportunity to increase community participation and encourage local people to have influence over what happens in their areas. Staff will organise a debrief with Roskill Together and Wesley Community Centre at the end of October to assess community participation and feedback. The outcomes will be reported in Q2.</p>	<p>Two meetings were held in Q2 to gauge community feedback on ways to make the Roskill network more engaging. Feedback received from community providers was markedly different to feedback from local residents, as highlighted below. Community providers:-Saw the network as a way of connecting and building relationships.-Suggested that for Roskill network to succeed, timetabled meetings with distributed minutes should be prioritised.-Highlighted community benefits of the network, including networking opportunities and building relationships. -Listed community successes, joint ventures and community aspirations as areas to be discussed at network meetings. Local residents, on the other hand:-Saw the network as a place to discuss local issues and relevant solutions. -Suggested that for Roskill network to succeed, it was important to let people have their say, and share information. -Highlighted community benefits of the network, including access to resources and funding.-Listed cultural events, safety, suicide and supporting programmes as areas to be discussed at network meetings. The feedback received will be used to shape a new format for the network. Recommendations on progress will be based on feedback about the changes and any increase in the number of people attending. These will be reported in Q3.</p>

CS: ACE: Community Empowerment	\$15,000 LDI: Opex	In progress	Green	A workshop with the local board was held on 27 September 2018 to re-scope the intended purpose of the Children's Panel and the provider, Roskill Together, to finalise this year's panel. The intention is to co-design an ever-evolving panel to meet the needs of the children, the schools and the local board. Roskill Together will continue to conduct a children's panel and suggest a community-led initiative resulting from the ideas of children. They will help establish a children's stakeholder group of children from the participating schools and deliver on some of the ideas that come from children.In Q2, the provider will hold a children's panel in each of the participating schools. Objectives for Q2 are expected to continue as planned, and staff will initiate a funding agreement in Q2.	The Children's panel has been re-scoped in Q2 and implementation is due to begin in Q3. Beginning in January 2019 until December 2019 to be in line with the academic school calendar. This year's funding will be released to Roskill Together in March 2019 to be used by the provider for the children's activations. The CEU advisor and Roskill Together met with several participating schools and they will begin the programme in the new year. The Provider will begin facilitations between Q3 and Q4. No further decisions anticipated.
1033	Build capacity: Youth Development	Fund key community partners to develop and support youth engagement, youth initiatives and build youth capacity. Review of current delivery for Children and Young people (CAYP) to ensure it is meeting the local board and communities expectations. (Note: also includes review of initiatives funded through ID 1032 - Children's participation). Budget breakdown: Estimated breakdown of budget for Youth Development: - \$3k - funding to support Puketapapa Youth Board (PYB) - \$5k - youth summit – 2019 and review youth action plan - \$5k - youth awards - \$12k - youth project delivery to be determined by the Puketāpapa Youth Board in the Youth Action Plan - \$2k - review/evaluation - to be done house (budget may be required for any general expenses or facilitation).	Evaluation/review - agree scope with local board (workshop) – Q2	CS: ACE: Community Empowerment	\$27,000 LDI: Opex	In progress	Green	The youth board hosted their first event, a youth summit on 5 July 2018 to engage with local young people on current issues and ideas for Puketāpapa. Sixty students from Lynfield College and Mt Roskill Grammar attended. A community forum co-hosted by the youth board and local board took place on 1 August 2018 with an employment theme. Q2 activity is underway with planning for the youth awards in December 2018.	The Puketapapa Youth Board has been very active in their community, and have presented a Youth Summit Report to the local board that they plan to use to shape their activities within the community through Q3 and Q4. They plan to focus on developing positive relationships in the community and with existing community groups. The Youth Board have successfully organised a Youth Summit in July and the Youth Awards in December 2018. Both events were well attended and all organising was done by the young people from the Puketāpapa Youth Board who documented ways to improve the events for next year. Two new members have joined the Board from Marcellin College. No further decisions anticipated.

Auckland Emergency Management has expressed an interest in partnering with Neighbourhood Support and is keen to match the Neighbours Day 2019 budget for Puketapapa Local Board. The next step is to agree on measures and outcomes and the final content of the funding agreement in Q2. Staff will work alongside Neighbourhood Support and community organisations to encourage community participation. A marketing strategy will be developed and delivered in Q2.	Preparations for the Neighbours Day 2019 campaign in the Puketapapa Local Board area are underway. This year, Roskill Together, Mt Roskill Library, Auckland Emergency and Auckland Council will work alongside Neighbourhood Support (lead and point of contact) to promote the campaign. Neighbours Day is about strengthening community connectivity and encouraging people to get to know their neighbours. Research shows that people who are connected and know their neighbours feel safer compared to those who live in isolation. A robust marketing plan has been put in place to reach all areas of Puketapapa. The funding agreement for Neighbourhood Support Auckland City Inc. has been signed off, payment is being processed and flyers and applications forms are ready for distribution. Applications for Neighbours Day grants will open in January 2019 and close on 22 February 2019. Once people receive their grants, community celebrations can be held between 22 March – 28 April 2019. Three "Questions and Answers" sessions are organised to provide the community with the opportunity to ask questions and to learn how to run their events. A list of applications for the Neighbours Day 2019 grant will be reported in Q3.

Feedback from participants was that the sessions were valuable and would like to have more in the future.	In Q2 the Strategic Broker activities included: - submitting a successful funding application for the Community Empowerment Unit Innovation Fund to pilot an exploration project that looks at how to build social cohesion in new housing development areas. Funding received was \$35k-redistributed legacy Library Furniture (tables, chairs, computer desks, noticeboards and lounge chairs) to four local groups including the Computers in Homes programme in Puketapapa. - completed the evaluation and review of the Puketapapa Strategic Relationships Grant and updated the terms of reference of this grant in partnership with community groups and the Puketapapa local board. - completed the project plan and role description for the Shared Spaces integrated project with both the Albert-Eden and Puketapapa Local Boards. - linked four local Māori and Pasfika groups to attend the Destination AKL2025 Tourism Strategy community sessions being hosted by Auckland Tourism Events and Economic Development (ATEED). - completed four assessments for the second round of the Puketapapa Local Board Quick Response Grants. - provided peer support and advice to Community Places and their deliverer Nick Kumar to increase community participation in their Seniors programme hosted at the Wesley Community Centre. - led and facilitated a community collaborated response to support the young people of Wesley to access peer support and pastoral care after the death of Rima Sikei. This included working with Community Places to assist with funeral preparations, working with the local Police and Youth Provider groups to risk manage community retaliation, Youthline providing counselling support, the Ministry of Education trauma incident team providing local schools with support, co-ordinating a meal roster for our youth lead Global Lighthouse staff, partnering with Community Facilities to access chairs, and working with our local Iwi Relationship Manager from Te Waka Angamua to support our community to navigate Te Ao Māori protocols for the funeral.
1419	Increase diverse participation: social innovation and enterprise	Fund the development of social enterprises to seed entrepreneurship and innovation. Provide seed or development funding to emerging enterprises.	Q2 - workshop results from previous years' funding with the local board - including an assessment of the effectiveness of this activity and outcomes achieved	CS: ACE: Community Empowerment	\$10,000 LDI: Opex	In progress	Green	AKINA have initiated their mentoring workshops with four organisations in the local board area. AMARTE, C3 Collective, Frujee Crush and The Bike Kitchen went through a 60 minute clinic with AKINA at RYZ to identify the next developmental stage for their organisation. All the groups benefited from the advice provided to them at the clinics. AKINA will continue to work alongside the groups to develop their enterprise and focus on refining their impact models. AKINA are also planning an information workshop for other social entrepreneurs in Q2.	Akina have further connected with AMARTE, Wise Collective, NZ Ethnic Womens Incorporated to further their understanding of specific support and development needed by the group. The planned meeting with Global Lighthouse with the Social Enterprise groups and the community centre has been moved to early February 2019 instead of Q2. Akina are planning a wider workshop for various organisations in Q3. CEU staff discussed the 2019/2020 work plan with the local board in Q2. The local board agrees in principle to seeing some changes in the content and request for increase in budgets in the 2019/2020 work programme. Further decisions will be taken in Q3-Q4.

Community Facilities: Build Maintain Renew									
798	Puketāpapa Full Facilities Contracts	The Full Facilities maintenance contracts include all buildings, parks and open space assets, sports fields, coastal management and storm damage.	No further decisions anticipated	CF: Operations	\$3,486,181 ABS: Opex	Approved	Green	The first quarter has been spent largely remediating the remainder of the April storm responsive work orders. The contractors will use this experience to plan, prepare and execute service delivery better, should a storm event of this nature occur again. Improved communication and continuous engagement with internal stakeholders like Healthy Waters and Waste Solutions has resulted in more timely response times for customers. Contractors have made quality improvements in the maintenance of turf and streetscapes in Puketapapa. Overall, we are continuously and conscientiously looking at how to manage and improve maintenance delivery outcomes for our customers in Puketapapa.	Coming into the second quarter, there has been a major focus on ensuring the contractors are meeting their service delivery outcomes, particularly in the open spaces. To cater for heavier than normal foot traffic through our assets, driven by the warmer season, the contractors have provided us with enhanced frequencies to meet these needs. We had a few minor failed audits over the period in the turf management space. These have been identified with the contractor, with ongoing monitoring to ensure this does not flare up again. We saw some scheduled visits for rubbish emptying and toilet cleaning increase from double to triple per day. Another priority focus for the contractors during this busy season, will be to ensure all playground equipment is fully operational and safe to use. Collaboration with stakeholders in the planning and preparation for the streetscape contracts coming over to Community Facilities continues to occur. Above all, continuous conscientious effort is being made towards management and improved maintenance delivery outcomes for our customers in Puketāpapa.
799	Puketāpapa Arboriculture Contracts	The Arboriculture maintenance contracts include tree management and maintenance.	No further decisions anticipated	CF: Operations	\$290,613 ABS: Opex	Approved	Green	The first quarter was influenced by remedial work after the April storm. The continued storm clean up was balanced against addressing deferred requests prior to the storm, and higher priority new requests received. Outstanding work is now limited to sites where access has been restricted due to ground conditions. It is anticipated these sites will be accessible shortly into the second quarter, weather dependant. The scheduled works programme was delayed as a consequence of the storm and deferred works, but is now on track. Replacement planting of trees removed throughout the year has been completed during the quarter.	The second quarter continued to be influenced by wet weather, limiting access to many locations, with remaining material from the April storm only being able to be cleared during December 2018. As conditions improve we see a general movement from primarily street tree focused activities to a summer parks tree maintenance programme. As weather improves, a close watch will be kept on the need for watering of new trees planted during winter.
800	Puketāpapa Ecological Restoration Contracts	The Ecological Restoration maintenance contracts include pest plant and animal pest management within ecologically significant parks and reserves.	No further decisions anticipated	CF: Operations	\$153,572 ABS: Opex	Approved	Green	During the first quarter, the annual update of the Site Assessment Reports, a large portion of the pest animal monitoring, and the majority of the first pulse of the rat control programme have been completed. Various unscheduled activities were completed which included a mixture of pest animal control and pest plant control. Request for service work orders received, continue to be seasonally normal, with an increasing trend in activity becoming apparent during the late stages of the quarter.	Works during the second quarter have predominantly been undertaken in High Value sites. The first pulse of the rat control programme has been completed and now moving to the second pulse. High Value pest plant control remains high on the agenda throughout the summer months. Request for service work orders received are trending slightly above average for the season. It is anticipated that requests for wasp control will likely pick up in quarter three.
1229	Puketāpapa Native forest restoration and ecological restoration programmes	Ecological program top up to target particular areas across the board, including intensive ecological improvement, community education funding, and control pest weeds.	No further decisions anticipated	CF: Operations	\$8,000 LDI: Opex	In progress	Green	Options are being explored to identify appropriate sites where the initiative can be implemented.	Eleven large pine trees in Cape Horn Road have been identified to remove in quarter three.

2266	Mt Roskill War Memorial Hall - renew kitchen	Renew kitchen to be fit for current use. Year one - investigation (including options for sites that would benefit from an increase level of service to propose to the local board), scoping and design. Year two - physical works	No further decisions anticipated	CF: Investigation and Design	\$2,500 ABS: Capex - Renewals	In progress	Green	Current status: Site investigation indicates that water leaks in the kitchen area need to be addressed before renewing the kitchen. Next steps: Investigate the scope of works and timing.	Current status: Alterations to the kitchen have been discussed and a quotation received with various options available. An option for the works appears to provide very good value for money. The budget for installation is currently scheduled in financial year 2019 and 2020. Next steps: A formal request to the local board to bring forward the 2019 and 2020 budget to enable the much needed alterations to be completed as soon as possible.
2267	Pah Homestead - renew lights	Update the lighting in the facility to fit for purpose lighting. This project is a continuation of the 2017/2018 programme (previous SP18 ID 3150).	No further decisions anticipated	CF: Project Delivery	\$120,000 ABS: Capex - Renewals	Completed	Green	Current status: Physical works to commence in the first week of October. Next steps: Project is expected to be completed by the end of November.	Project completed December 2018.
2268	Puketāpapa - LDI minor capex fund 2018/19	Funding to deliver minor capex projects throughout the financial year as approved in the monthly local board workshops. This project is a continuation of the 2017/2018 programme (previous SP18 ID 2514).	Options to be approved by local board	CF: Project Delivery	\$620,000 ABS: Capex - Development	In progress	Amber	Current status: Stage two - (playground, remaining section of greenway path, planting, driveway entry from Akarana Avenue and carparking in front of kindergarten). Asbestos removals from the site are now complete. The final Site Validation Report has been received. The head contractor has been back on site continuing work since late June. The site has been backfilled with replacement material, levelled, and the playground suppliers have installed the foundations for the major play equipment items (spacenet and three-bay swing). The concrete edge beam for the left hand side edge of the reconstructed Akarana access way has been poured. Watercare undertook a water main replacement adjacent to the work site which has delayed progress with the remainder of access way works. This is now complete and access way works have been reprogrammed. New construction signage has been procured to reflect the updated completion dates and has been erected on site. Setting out of all playground items has been completed and reviewed by a playground safety inspector for compliance to New Zealand Standards. Next steps: Progress the Akarana Avenue access way now that Watercare's works are complete. Progress with playground edging (stepping logs and boulders), remainder of play item foundation installations and begin pouring concrete paths. Mark out shared pathways and complete base course/foundation preparation. Vector is to complete works to install a power supply for the new amenity lighting, including a new distribution box.	Asbestos removals delayed overall final delivery by six months. Current status: Stage two, playground, remaining section of greenway path, planting, driveway entry from Akarana Ave and carparking in front of kindergarten, there is approximately sixty per cent of the shared pathway has been poured and completed. Coloured concrete pathway around the perimeter of the play area has only two sections at the top of the embankment slide to be completed. All retaining is complete. Ground level trampolines have now been installed adjacent to the space net. Realignment of the section of shared path leading to Fearon Park to incorporate additional surface storm water drainage has been completed and has been resurveyed and marked out on site. Electrical works were delayed however, cables are now run through all conduits and the lighting pole foundations have been prepared. New kerb for Akarana ccess way has been installed and preparation works for the new pedestrian pathway are underway. Next steps: Complete play space and access way works ready for handover from 21 December 2018. Grass recreation areas and some planting will be delayed until January 2019. This will also include site disestablishment and final clean.
2278	Keith Hay Park development	This is a grant to the Three Kings United Football Club to toilets and changing rooms. No further decisions anticipated	CF: Investigation and Design	\$590,000 ABS: Capex - Development	In progress	Green	Current status: An air-conditioning engineer has started detailed investigations, currently working through design options with councils heritage team. Meeting was held with the Trust on the direction of the air-conditioning system. Next steps: System to be conceptually designed before confirmation with all parties included.	Investigations have shown that there is a tension between providing high quality air conditioning, the operation of the facility and heritage considerations. In particular, to achieve tightly controlled air conditioning for the main exhibition spaces on the ground floor, the doors to the exhibition spaces need to be kept closed except for short periods to allow for visitor entry and exit. This has implications for the visitor experience, operational matters and heritage aspects. These issues are being considered. Current status: Detailed design is completed, Design consultants have been appointed to project manage physical works. Tendering delayed until January due to close down procurement rules, physical works to start in January or February on successful award. Agreement in principal with heritage and Parks adviser. The initiative will aim to identify the issues, opportunities and existing programmes in place to restore the aquifer and related groundwaters. This assessment will identify gaps and inform options for future works in the area. It is proposed to utilise knowledge from stakeholders and involve partnerships with interested and influential parties operating within the catchment which covers three local boards, Puketāpapa, Albert-Eden and Waitemātā. These would include local communities, mana whenua, Auckland Council, Watercare and Auckland Transport.</p> <p>It is proposed that the Albert-Eden and Waitemātā Local Boards fund \$10,000 each towards this project, and the Puketāpapa Local Board funds \$5,000 as they have a smaller share of the catchment.</p>	No further decisions anticipated	I&ES: Healthy Waters	\$5,000 LDI: Opex	In progress	Green	<p>A contractor has been engaged to prepare a report demonstrating the issues/threats/opportunities/existing programmes for the integrated management of the aquifer.</p> <p>A literature review is complete and will be presented to the local board in November. During this review the Urban 10 Year Implementation Plan South Waitemātā was identified, this plan was commissioned by the Auckland Council Sustainable Catchments team in 2014. The Urban 10 Year Implementation Plan South Waitemātā achieves the same outcomes as the Waitītiko, Waiateao (Meola and Motions Creek catchments) and the Three Kings to Western Springs Aquifer Initiative. The plan identifies the issues and opportunities to restore the Meola/Motions catchments. As a result of funding this document, Albert-Eden, Puketāpapa and Waitemātā Local Boards were left with an unspent budget of \$19,277.00. The local boards endorsed investing the remaining budget towards water quality monitoring at the Three Kings Aquifer at a workshop on 23 November 2018. The Research Investigation and Monitoring Unit is currently designing a monitoring regime, which will be provided to the boards in quarter three prior to testing beginning.</p>

887	Puketāpapa: Healthy Rentals	The Healthy Rentals Project aims to support tenants and landlords to create warmer, drier rental homes, and reduce household energy use and associated carbon emissions. The project is targeted at private rental properties with housing quality issues, low income tenants, or tenants who have health conditions exacerbated by cold, damp housing. It delivers in-home advice and free installations for tenants, and a housing report and subsidies for the landlord. It is designed to align with and complement the regional Ministry of Health Auckland Wide Healthy Home Initiative (AWHI, Kainga Ora) and enable a greater number of households to benefit from the support package outlined above. The extent to which the project provides subsidies for landlords can be adjusted in response to emerging details of the national government Healthy Homes Guarantee Bill. Regardless of future potential legislative changes, the project provides a valuable catalyst for early action by landlords to improve their rental properties. It also supports tenants to create healthy and energy efficient homes. Note: the 2018/2019 budget figure shown for this activity includes the \$13,000 originally approved plus \$12,000 deferral from 2017/2018.	No further decisions anticipated	I&ES: Environmental Services	\$25,000 LDI: Opex	In progress	Green	The 2017/2018 healthy rentals project was completed during quarter one with the carryover funds used to continue the project throughout the winter months. The 2017/2018 project evaluation was commenced with surveys developed to gather feedback from tenants and calls to landlords to see what improvements they have made as a result of the recommendations provided. A project wrap-up and evaluation report will be presented to the board at the beginning of quarter two. A new contract to provide for the continuation of the project with 2018/2019 funding allocation is underway and materials purchased to support interventions for tenants.	The 2017/2018 healthy rentals wrap-up report was completed and presented at a local board workshop in November 2018. Contracts with suppliers are in place for delivery of the home assessments, tenant education and installation services. In quarter two the project funded energy efficiency installations in two local households involved in the Kainga Ora Healthy Homes initiative. In quarter three the housing assessments will continue to be delivered, however the majority of the work will be completed during quarter four as issues with cold, damp homes become more apparent during the winter season.

888	Puketāpapa Low Carbon Network	Establish a low carbon network for Puketāpapa Local Board area. This is a network of individuals, households, community groups, and businesses working together within the local board area to promote, support and implement community level low carbon activities. This community-led network will support implementation of the local board's newly approved low carbon action plan, in collaboration with the local board and the council's staff. The interests of participants will determine the direction of the network and priority areas they would like to focus on. This could include elements such as: - promote low carbon-related activities in the local board area to their networks via online channels - host low carbon events, such as pecha kucha presentations on low carbon initiatives- implement carbon reduction actions in accordance with the action plan. During establishment the network will be supported by a facilitator, who will coordinate regular meetings, lead planning sessions and provide support for activities. Over time it is hoped that the network will become self-sustaining, with the majority of activities being volunteer led and budget being primarily used to deliver low carbon activities.	No further decisions anticipated	I&ES: Environmental Services	\$10,000 LDI: Opex	In progress	Green	In quarter one, the survey results from the last meeting were analysed and there has been some connecting with existing local groups to determine a uniquely local low carbon network in Puketāpapa. As there are now three low carbon networks through Puketāpapa, Waitamatā and Whau a single provider has been assigned to manage and administer the networks through the appointment of a community low carbon broker. Activities undertaken in quarter one include: - appointment of the low carbon community broker to support and administer the low carbon network- building on the stakeholder list, an introductory email and a newsletter sent to 120 members in Puketāpapa - planning the first of the low carbon events – the launch of Peddle Puketāpapa local cycle map developed from initial meetings to showcase the local area. Planned in collaboration with the Bike Kitchen, local schools and cycle groups, Wesley Market, Global Lighthouse, Ecomatters and Auckland Transport, the event will take place at Wesley Community Hub on 26 October 2018.	Networking continued through Wesley Community Hub, building relationships and awareness of the local low carbon network. Activities undertaken in quarter two included: - launch of Pedal Puketāpapa involving local board members, Bike Kitchen, Global Lighthouse, Auckland Transport, four local schools (40 schoolchildren) riding and learning bike safety skills, and locally supplied market fruit and a barbeque. 400 Pedal Puketāpapa maps were distributed to libraries, community groups, environment centres and schools. Additional workshops with WISE Collective and an ongoing Pedal Puketāpapa summer programme is planned. - joint promotion of low carbon network with live lightly and the healthy rentals programme at Pah Homestead Community Day; 57 people added to membership list. - Auckland Low Carbon Network Facebook page (133 followers) reactivated to inform of events and activities- establishment of a weekly Talk Tent at the Wesley Community Market featuring different Live Lightly themes demonstrating local action including new housing information, Brentwood Community Garden, food waste reduction, compost collective and waste reduction workshop- Kiwi bottlerride at Wesley featured on Seven Sharp - wider low carbon network events and activities included the launch of Whau Low Carbon Network and Rākau-Trees presentation at Sustainable Coastlines Flagship centre.
889	New project: Puketāpapa Low Carbon Lifestyles	The project will support and empower householders to lead low carbon lifestyles. Targeted advice will be provided to residents on home energy efficiency with the potential to extend this to water conservation, waste reduction, smarter mobility and low carbon food choices. The project involves a doorstep conversation with residents and may also include the provision of energy saving devices. The aim will be to target 275 to 300 households in high priority locations within the Puketāpapa Local Board area, as determined via census data. The project also includes a follow up survey of participants to evaluate behaviour change and carbon emissions reduction from the initiative.	No further decisions anticipated	I&ES: Environmental Services	\$35,000 LDI: Opex	In progress	Green	Procurement has been completed with Ecological Associates secured as the vendor. Delivery of this project in the Puketāpapa area is scheduled to be completed in quarter four. Area selection will commence in quarter three with door knocking starting in quarter four. As this project only affects a small carefully selected area no lead up promotion is planned. However once the project is complete an Our Auckland story is planned celebrating its success and giving kudos to all involved local boards. The programme will link in with Puketāpapa's Low Carbon Network as both aim to reduce carbon emissions in the area.	Staff are exploring the potential to include a waste element into the door knocking component of this project. Delivery of this project is on track, scheduled to be completed in quarter four.

901	Keith Hay Park Stream Daylighting Detailed Design Stage Two and Resource Consenting.	In 2017/2018 the board has funded detailed design for daylighting of a section of the streams that runs through Keith Hay Park (alongside the Akarana Golf Course). This project would involve completing detailed design for the remainder of the stream. This would include: * carrying out a survey of the area* developing an erosion and sediment control plan* planting plans, * providing construction drawings and construction specifications. * developing a design for a small boardwalk. Liaison with Community Facilities and the Akarana Golf Course would also be carried out to ensure they are aware of the project and have input into the design. Mana whenua would be engaged in the project and local schools would also be invited to input into the design. Once detailed design is completed the resource consent application would be developed and lodged (this includes a \$4,000 lodgement fee). 910	New project: Increasing Local Employment through Freeland Reserve Stream Restoration Project	The Freeland Reserve Stream Restoration Project is a regionally funded stormwater project that is being delivered in the local board area. Local board funds would be used to support this regional project to achieve social outcomes. The mechanisms for achieving this would be similar to those used on the Te Auaunga Walmsley-Underwood project. For the Te Auaunga project Te Whangai Trust was employed to provide a nursery and plantings for the project. The trust provides local people who have struggled to obtain work (for example, those with mental health conditions, discharged prisoners and people coming from Drug and Alcohol services) with training and employment. It is proposed that Te Whangai Trust will be asked to achieve additional social outcomes by targeting unemployed youth in this catchment to be involved in the Freeland Reserve stream restoration project. This is a regionally funded stream naturalisation project which will be delivered in the local board area in 2018/2019.	Awaiting local board approval on change of site for project.	I&ES: Healthy Waters	\$10,000 LDI: Opex	In progress	Amber	Delayed consent for the Freeland Reserve stormwater project is likely to mean that the Te Whangai Trust will have to consider a different location. Options to be presented to the board in quarter two. If a new option is accepted delivery is expected to be on track for the 2018/2019 financial year.	Consent for the Freeland Reserve stormwater project has been delayed. Other site options are being investigated and the board has indicated it will make a formal decision about the change of site in February 2019 upon receiving the quarterly updates. Te Whangai Trust has indicated that a decision in February 2019 will still allow enough time for delivery within the financial year. The delayed consent for stormwater works at Freeland Reserve mean that this site cannot be used for this project in the 2018/2019 financial year. The board met with Healthy Waters staff and a representative from Te Whangai Trust to discuss moving the training to the Te Whangai Trust hub which is still within the Puketāpapa Local Board area.

I&ES: Healthy Waters	\$10,000 LDI: Opex	In progress	Green	At the August 2018 business meeting, the forum agreed to allocate its \$81,000 operational expenditure budget towards the delivery of the following projects in the 2018/2019 financial year: <ul style="list-style-type: none"> • governance and management support review (\$22,000) • symposium and community event (\$20,000) • communications plan (\$14,000) • industry education programme (\$10,000) • youth leadership programme (\$15,000). During quarter one, two forum newsletters were produced and distributed to the stakeholder list. An interview with the forum chair was published on Our Auckland and shared via local board social media. The video footage taken last financial year is currently being edited into promotional videos of the Manukau Harbour. Planning for the youth leadership programme, symposium and community event, and the governance and management support review is underway. An industry education programme has yet to be developed and will be discussed at the forum's October 2018 workshop.	In quarter two the forum: <ul style="list-style-type: none"> • provided feedback on projects to be considered under the natural environment targeted rate • presented to the Environment and Community Committee on the small sites ambassador report advocating for more funding for sedimentation and pollution regulatory activity • distributed the October-November 2018 forum newsletter • supported the proposed industry education programme which will deliver a construction field day event in either Drury or Takanini in quarter three • supported a proposal to expand the symposium and community event into several staggered components, including a stand at the February 2019 Onehunga Festival, support for March 2019 Sea Week, and a symposium in quarter four. In quarter three the next issue of the forum's newsletter will be distributed, the governance review will begin and the promotional video will be ready for publication. The youth leadership programme wānanga is scheduled for quarter four in April 2019.

Local Economic Development: ATEED									
356	Puketāpapa Business Engagement	The proposed 2018/19 Business Engagement Programme aims to increase the level of engagement with local businesses through establishing new and supporting existing local business user groups across the local board area. The local business user group will be represented by local businesses in one particular business area. The function of the local business users group is to provide an opportunity for networking amongst local businesses and enable contacts and relationships to be formed on an informal basis. It is envisaged that local businesses will see each other as part of a connected business community through these local business users groups, which may then empower them to form into a local business association. To work together to develop a strategy to address any issues while promoting Puketāpapa and attract more customers to the area. The local board funding will be used to employ a contractor to lead the engagement with local businesses and support the current local business users groups.
