UPDATE AND REQUEST FOR FUNDING FOR PLANNING AND CONSENT STAGES
Progress to date

- FRAME reports 2009 and 2019
- Recognised as a priority in Greenways Plan
- Landowners supportive
- Construction Feasibility Report Prepared
- Executive Summary
- Route checked on site.

Next Stage

- Public Consultation
- Finalise Planning inputs
- Planning and Consent applications
Project Objectives

- Allow the public to experience the natural environment of the Mahurangi River.
- Create a trail for shared use for walking and cycling remote from highways.
- Allow commuting from Snells Beach to Warkworth.
- Create shorter walking and cycling trails and loop walks that can be completed within an hour or two.
- Provide for future connectivity to Matakana and beyond and, in time, create an internationally recognised cycle trail.
- Interact with future boat services on the river so that sections can be walked one way.
Warkworth CBD section
Method

- To complete the trail without significantly changing the landscape and ambience of the river.
- Stage One. A discreet lookout site has been identified opposite the Robertson Boatyard as a short walk destination from Warkworth.
- Stage Two. A crossing point just south of the cement works to form an attractive loop trail.
- Stage Three. Completion to Duck Creek with overland trail to Snells Beach and beyond.
- Progressive Staging. Landing to link with river ferry services at three points.
Example of possible crossing at cement works
Environmental

- Minimum earthworks using small excavator (less than 3 tonnes).
- Trees no greater than 300mm dia to be removed.
- Tracks away from kauri except in 2 locations.
- Where boardwalks will be used.
- Improve the quality of the Puhinui Reserve and the River Bank by allowing access for weed removal, native planting, rubbish removal and to allow pest management.
Our Request

Continued support for the project from Rodney Local Board
Committee on Planning and Consent Stage - estimated cost $140k

A Champion within Council to facilitate communication
Draft Sport Investment Plan –
*Increasing Aucklanders’ Participation in Sport: Investment Plan 2019-2029*

Public consultation February-March 2019
Development of the plan

2016

2017

- 14 March 2017: Environment and Community Committee made in-principle decisions on a number of changes to current facilities investment mechanisms, after considering evaluation results. [CP2017/00592]
- 4 April 2017: Environment and Community Committee agreed to develop an outcome measurement tool for sport facilities investment. [CP2017/03341]
- 8 August 2017: Environment and Community Committee considered the recommendations to expand the current revenue streams to increase funding for sport facilities investment and agreed to proceed.

2018

- 20 July 2018: Parks, Recreation and Sport Committee approved key components of the plan, including an investment framework and principles, focus and scope of sports facilities investment. [CP2018/12341]

2019

- Early 2019: Public consultation on the draft plan.
- Early 2019: Anticipated final approval from the Environment and Community Committee.

Item 12: Attachment A
Why do we need a new plan?

Auckland’s population is rapidly growing and changing. Research and evidence shows people have different needs and are participating in different sport and recreation activities.

(Source: Sport NZ)
Why do we need a new plan?

The current investment does not align with sport participation patterns

(Source: PwC)
A plan that caters for diverse community needs

Future sport investment will focus on meeting the needs of three distinct groups of people:

1. **People who already play sport**
   There will be more fit-for-purpose facilities and programmes to keep them actively involved in sport

2. **People who play a new sport**
   Currently there are limited opportunities to play but, in the future, there will be more fit-for-purpose facilities and programmes that cater to new and emerging sports

3. **People who do not currently participate in sport**
   Auckland Council will create more opportunities and make it easier for them to

(Vision set in Auckland Sport & Recreation Strategic Action Plan)
There will be changes to the current way we invest.
The logic behind the changes

The changes will help the council respond to the challenges currently facing sport provisions in Auckland.

A list of key performance indicators will be used to track progress over time.

Attachment A
Item 12
Investment framework

The framework will help the council make strategic, structured investment, based on evidence.

Auckland Council will answer a set of critical questions before investing:

**Whether to invest?**
1. What are the community needs?
2. Does it align with Auckland Council’s strategic priorities?
3. Does it have Better Business Cases?

**How to invest?**
4. Is there a partnership opportunity?
5. What investment mechanisms should be used?
6. Who makes decisions?
7. How to report and monitor outcomes?
Delivering community benefits and the Auckland Plan

Future Auckland Council investment will be guided by four principles:

- Accountability
- Equity
- Financial sustainability
- Outcome-focused

We will adopt a new Investment framework to:

- Guide decision-making
- Prioritise investment projects
- Measure and monitor outcome delivery
- Refine investment decisions over time

Aucklanders will have:

- Improved access to quality and fit-for-purpose facilities and programmes for community sports

Sport participation levels will increase, with a focus on:

- Improving participation of low-participant communities
- Improving participation in emerging sport with high growth potential
- Maintaining levels in high-participation sports

Increased sport participation will lead to a range of benefits for individuals and community including:

- Increased physical activity, health and wellbeing outcomes
- Improved educational outcomes and skills
- Increased economic development and creation of new jobs
- Improved social community benefit

The contributions to the Auckland Plan 2050:

- Belonging and participation
- Māori identity and wellbeing
- Homes and places
- Opportunities and prosperity
The next steps

- **Dec 2018**: Environment and Community Committee approved the draft plan for public consultation

- **Feb - March 2019**: Seek formal feedback from local boards, Conduct public consultation

- **May 2019**: Present consultation feedback summary to the Environment and Community Committee, Seek final approval for adoption of the plan

- **June 2019 - June 2021**: Commence implementation of the plan in stages
Cr Greg Sayers: Accountability Report
January/February 2019

This is a voluntary report initiated monthly by the Councillor to keep the Rodney Local Board, its staff and the residents and ratepayers of Rodney updated on activities and duties he has participated in. It is a summary of highlights only.

1. Committee Meetings

Finance and Performance Committee Workshop
(Thursday 31 January) non-decision making
To discuss the options relating to the potential land transfers (LTP amendment). Members of Panuku Board also attended.

Planning Committee Workshop
(Thursday 31 January) non-decision making
Regional Public Transport Plan 2018-2028 updates and discussion on future planning.

Planning Committee Workshop
(Friday 31 January) non-decision making
Providing an update to and getting feedback on the Supporting Growth programme which is investigating and protecting Auckland’s future transport requirements for the next 30 years.

Planning Committee
(Tuesday 5 February) decision making
Public Input - Akarana Marine Sports Trust - strategic planning for the central Auckland waterfront and wider marine networks; Auckland Unitary Plan (Operative in Part) - Proposed Plan Change 5 Whenuapai 3 Precinct - Next Steps; Auckland Unitary Plan (Operative in Part) - Private Plan Change Request from Turnstone Capital Limited – Warkworth North; Auckland Unitary Plan (Operative in Part) - Private Plan Change Request from Oraeki Point Trustee Limited to rezone land at Oraeki Point, Oraeki Road, Oraeki; Auckland Unitary Plan (Operative in Part) - Private Plan Change Request from Fletcher Residential Limited to rezone land at 90-104 Felton Mathew Avenue, St Johns; Auckland Unitary Plan (Operative in Part) - Update on appeals and making additional parts of the Plan operative; Auckland Unitary Plan (Operative in Part) - Request to make Operative Plan Change 8 - Kings College; Summary of Planning Committee information memos and briefings - 5 February 2019
