MCS PROGRAMME
REPORT MARCH 2019
January 2019, Jim Kuresa-Moore of Te Papapa Rugby Sports Club, Ron Muavae of Synergy Projects and Malo Sunich-Kainu of Sportsuckland met to organise a sports programme at Fergusson Park, in Oranga. The project was given via a request delivered by Moni Collins of Touch NZ and the Maungakiekie-Tāmaki Local Board.

The proposal was routed through the Oranga Collective at the end of 2018 and the outcome of the meeting was that the Maungakiekie Community wanted a variety of sports other than touch and rugby as the default sports to be initiated at the local park. The Oranga Collective also wanted to ensure that the programme will eventually become a local league programme facilitated by the local people who are already doing great work in the community.

The programme was formulated with the activated dates of January 2019. The hope was that we deliver an alternative sports programme that is full of new skills, fun and as a springboard for the rugby season to follow and especially with the Olympics we were planning for the latter part of the year.

Encourage | Empower | Inspire
T-BALL & OFFSIDE TOUCH PROGRAMME

AUNGAKEKE COMMUNITY SPORTS (MCS) WAS BIRTHED TO DELIVER THIS PROGRAMME. MCS IS SPEARHEADED BY JIM KURESA MOORE/REUAYAE AND MALO SUMICH. THE T-BALL & OFFSIDE TOUCH PROGRAMME STARTED IN FEBRUARY 2019 AND RAN FOR SIX WEEKS. THE PROGRAMME ATTRACTED 102 FULL REGISTRATIONS OF LOCAL KIDS FROM THE MTLB LOCAL AREA AND A FEW FROM OTHER LOCAL BOARD CUC OMAHERE-OTAHU BOARD.

Key Outcomes:

- Increase participation from the kids and their parents
- Community health and well-being through physical activities and healthy food options
- Increase activities in the community decreases negative behaviour
- Community taking pride in their local spaces
- Locals facilitating and leading the programme, becoming a local lead initiative
- Collaborations of local partners of local businesses/sports clubs/community support groups/Auckland Council
- Video files of testimonies from the participants: https://youtube/xVII1ZDZB68.
TRAIN AND MENTOR

The programme also had a mentoring component to guide and train locals to facilitate the programme and monitor the kids who attend. MCS was able to train three locals to run the programme. They learnt about refereeing and umpiring of certain sports. Professional training was offered by partners like Sports Auckland and Touch NZ to further their careers of the kids.

The trainees will now continue running other community projects such as the ‘Drop in Programme’ at the local community centre to offer the kids something to do after school and the school holidays. Applying what they have learned and the experiences they attained from the MCS Programme.

BUILD ON THE MOMENTUM (WHAT NEXT?)

With the success of this pilot programme, this was a great springboard to what we wish to implement in the latter part of the year, THE MINI OLYMPICS. We wish to incorporate a mix of traditional sports and current sports to form mini Olympic for the kids and the whole community. Our goal is to get the community fully involved and engaged in this event. It will be relevant as there is something for everyone young and old. Fun and exciting as it does not require much setup or organising on the part of the participants as they can just turn up and jump into any team.

Locally organised and lead by the community. With the great partnerships already formed, we can build on this by havining more community organisations such as churches, sports groups, support services take part in the activities.

“IT’S NOT WHAT YOU’VE GOT, IT’S WHAT YOU USE”

that makes a difference”

Zig Ziglar
COLLABORATIONS AND PARTNERS

A report was also received from Moni Collins of Touch New Zealand and HLC with food for the kids for the six weeks. Our goal was to give a healthier option for the kids to eat and water only. No sugar drinks or processed foods were used.

We wish to continue building these partnerships with local entities to ensure we can share resources and create a strong network in the Tāmaki community.
