Annual Budget 2019-2020
Have Your Say Event Feedback

Comment	Topic
Leave Chamberlain Park alone! We need a public 18 hole golf course. Western Springs is across the road for recreation.	AE Local planning
Stop wasting ratepayers funds! No to Chamberlain Park development & legal challenge.	AE Local planning
What is happening with the Regional Pest Management Plan?	Air, land & water monitoring & management
Hapua Thrive appreciate the buffer zone being put in place as part of the NETR-funded work in council parks	Air, land & water monitoring & management
Hopes regional stakeholders like Conservation Volunteers and Trees for Survival are included in consultations	Air, land & water monitoring & management
Water is precious taonga - stop wasting this precious resource	Air, land & water monitoring & management
NWoR acknowledge the recent development of their iwi management plan and look forward to open dialogue with council regarding fresh water.	Air, land & water monitoring & management
Looking to rights based approach to benefits	Air, land & water monitoring & management
Notes central govt does not have mechanisms to discuss allocation of fresh water and recognises council's role in mana whenua rights regarding water take	Air, land & water monitoring & management
The waterways are the life line of te Waitemata and Manukau are life line for people and it is critical that we plan together to achieve better water outcomes	Air, land & water monitoring & management
Ngati Whanaunga are willing to join current council decision-making opportunities regarding water	Air, land & water monitoring & management
NW have seen over the passed few years there has been a change in philosophy to the approach to how the council and CCOs are improving their environmental outcomes through the process.	Air, land & water monitoring & management
Cheap House	Asset sales
Would it not be a good idea to amalgamate Auckland Council, Auckland Transport and Watercare into one organisation so that money can be saved.	Auckland Council Investment Limited (ACIL)
Dog walking - can we make it 6 instead of 7? 7 is too late.	Bylaws
Don't change dogs on beaches to 7pm leave at 5pm	Bylaws
No costs or itemization about enforcing bylaws.	Bylaws
LED billboards - need to be brought under consideration of the residents. Adriana - cigarette buds - street trading license. No official view on this. Support of any council space being smoke free.	Bylaws
Need wayfinding signage for network	Bylaws
Issues of tagging in local parks.	Bylaws
Dogs in area not on leash	Bylaws
Keep the dog inside the house. (Do not let them go on the road not safe for kids)	Bylaws
People who walk with dogs they should tie the dog with them.	Bylaws
Safety for kids (drunk people)	Bylaws
Panuku should be Maori's Council. Why are we paying taxes?	Development Auckland
Panuku needs to build trust first. There is a lack of schools for our future generation. Panuku needs to close the loop on the previous consultation held in Pt Chev.	Development Auckland
This is a very highly rated area and we have dirty beaches, unkempt streets and drains full of leaves.	DT Local environmental management
This is a very highly rated area and we have dirty beaches, unkempt streets and drains full of leaves.	DT Local environmental management
Kauri dieback has been caused by 1080	Environmental services
Kauri dieback has been healed by kara kias	Environmental services
Why is composting rubbish not encouraged to be done by residents themselves - it is easy to do, why do council have to do this?	Environmental services
Why is there a fee for installing solar power equipment - as a group we would like to propose that these fees are scrapped	Environmental services
Cannot encourage their children to swim in area. Want to be involved in maintaining the water as a community.	Environmental services
Small group of people tested the water in Bethells area. Using a home laboratory, have tested a number of areas and found quite high levels of contaminants. Have been writing a report and applying for grants to support their work. Are being offered council money by council staff to conduct further testing to add to database and are working with a member of the team (Timothy Hopley - Healthy Waters)	Environmental services
2012 testing noted human faecal matter. Would like to see toilet in park area as residents find human waste near the bridge.	Environmental services
Visitor numbers have increased 3-5 years and will impact water quality - residents are worried of impact to their health and businesses	Environmental services
Epic fail on the dumping of sludge near Great barrier Island	Environmental services
We got an international FAIL on the scale of trees/green reduction and removal. Lets STOP!	Environmental services
Water safety is important!	Environmental services
The natural environment has no representation. No one has set up a group that gives this its focus.	Environmental services
Referred to page 6 - admits more damage not less in the natural environment in its current budget.	Environmental services
How will this affect everyone's future? Within the capital expenditure, there is no reference to natural - where are the trees?	Environmental services
Referred to streams, how can these be cleaned when bylaws aren't enforced.	Environmental services
How is climate change going to be mitigated when bylaws aren't enforced.	Environmental services
Referred to Hauraki Gulf Marine poster, referred to sediment and back to plan where it mentions all sediment will be removed. Called to enquire and was told 'this is a pipe dream'How can we have something in our plan and unable to achieve it.	Environmental services
Green development are a must.	Environmental services
Council must somehow assist in the creation of restoration..	Environmental services

Comment	Topic
DC: On empowering communities, how well did the meeting go compared to experience with Cockle Bay domain? - yes, people who are helping are missing the bigger picture. Has run 3 trials in Cockle Bay Domain on how to plant without them dying, and queried if they are going to plant with success	Environmental services
JS: Do you feel you need more support from trees dying? - yes	Environmental services
I like that council is taking responsibility for environmental issues	Environmental services
Save the birds and f**k the planet'. There is poison being placed around the island and Kaka are dying. Saving the birds can not be the catchcry allowing poisoning of the planet, and even to the detriment of other animals. We must be able to save the birds in a better way that does none of the other bad things.	Environmental services
Biosecurity at the wharves. There is an opportunity at the wharves to meet visitors/locals and introduce the dogs, share information and educate people. This is not happening and it's a wasted chance. <u>Education is the key for biosecurity</u>	Environmental services
More recycling bins at community locations eg Parks, town centres, supermarkets	Environmental services
Support the agrichemical weed control - want agreed levels of services. Support environmental initiatives - want Wahurtui added to this	Environmental services
Air pollution - city centre residents - most at risk. Work together with everyone to prioritise change to provide clean air in the city. Better solution on commercial rubbish collections	Environmental services
Green infrastructure looks like in order to help our city become Climate Change Ready and the need to be investing in these climate change ready infrastructures. Climate change emergency - need to be more aggressive and innovative. Want WLB a 2 - 3 year partnership with the group to demonstrate what a climate change city looks like and use Waitemata as a model. Not feeling encouraged with climate change AKL. Not easy to work and not aggressive enough in this space. Need a contractor to use environmentally friendly weed control. Better collaborative strategies with local government, central government and the communities. Climate change ready values and infrastructure that can be <u>delivered. Urban regeneration agriculture</u>	Environmental services
What is the situation around resourcing within schools (cleaning up beaches/streams/etc)	Environmental services
Planting more trees in Mangere / Otahuhu	Environmental services
Need more than 1 cubic meter for inorganic collections – because usually they have more to be collected but must wait another year for more collections.	Environmental services
Needs more active cleaning around South Auckland parks – especially graffiti on playground assets	Environmental services
Concerned with the lack of maintenance/cleaning work done in south auckland. It appears that Council responds to more maintenance call-outs in central parts of auckland as opposed to south auckland.	Environmental services
Council needs to see how often people are spending time in diferent areas cleaning to make sure that its fair.	Environmental services
Maybe should take Otahuhu-Mangere calls more seriously – spend more time cleaning	Environmental services
Why are places like Epsom being cleaned more regularly.	Environmental services
issues around rubbish/litter	Environmental services
Our recycling and environment, our water,	Environmental services
Waste timber from all the houses that are being built, should be recycled and given to our youths so they can make something out of it.	Environmental services
What is Council's solution to waste and rubbish which is not recyclable and that is not collected through the inorganic rubbish collection. Because residents arent aware of the options, they dump it illegally.	Environmental services
can the process of organic rubbish collection be promoted to locals through mail and made vert clear in terms of steps on what number to call and what happens when booking. It is very confusing being given a reference number etc	Environmental services
Fix the shit floating around in the ocean, so we can swim in water and not other peoples shit	Environmental services
Fix the s**t floating around in the ocean, so we can swim in water and not other peoples s**t	Environmental services
Revoke law/regulation change from several years ago which has lead to the massive reduction in trees in the Auckland urban area	Environmental services
Follow many of the European Union's rules about which plastics, etc. may be used esp. for packaging and one-way items.	Environmental services
Just damming rivers kills wildlife - no eels & fish. Where will the new water dam be. I	Environmental services
Water is too expensive...Rubbish fee expensive.	Environmental services
Clean water for houses.	Environmental services
Don't dump rubbish on the streets. There should be more street lights. Vegetables are very expensive.	Environmental services
Don't dump rubbish on the streets.	Environmental services
Rubbish on streets. Some people dump rubbish on the street. House rent is expensive. Houses are less in numbers. Property rates are very expensive. We can't afford to buy house. Fruits and veges are expensive also!	Environmental services
Rubbish on streets. Some people dump rubbish on the street.	Environmental services
Lets not have so many highly paid managers. Lets combine the comms team	Expenditure/debt
There is a lack of accountability for council's spending	Expenditure/debt
Growth in the size of council is bad	Expenditure/debt
Examine costs rather than increasing the rates	Expenditure/debt
Greater transparency needed for the council, the CCOs and the fuel tax. I would like to see where my money is being spent	Expenditure/debt
Business model is failing residents of Auckland. Referendum to stop the embrduent financial management and review of the super city.	Expenditure/debt
sort out your useless internal spending before milking us the ratepayers.	Expenditure/debt
Too much tax	Expenditure/debt
The council needs to look at ways of lessening the burdon on the taxpayer by cutting back on their own wasteful spending, ineffencies, and staffing	Expenditure/debt

Comment	Topic
Everything is going up, we need choices.	Expenditure/debt
cheap doctors	Expenditure/debt
We want cheap food, cheap Doctors and cheap School Uniform	Expenditure/debt
Rates for Church Hall held community, now profit groups, such as tai-chi for well-being, must not go up. E just cover costs, cannot afford hall-hise donation fee increases.	Expenditure/debt
I shudder when council tries to become social engineers	Focus on core services
Why increase costs? Make better procurement decisions - stop spending so much on what we don't need	Focus on core services
Clearly no focus on providing service. All coats are going up and service getting poor. Transport...water increase...rubbish is a disaster	Focus on core services
Representing Ngāti ti ata Seeking support to implement the Te Ara Hikoi - heritage trails - tohu, signage, trails themselves. Mahanihahi trail at tip of Awhitu Peninsula and diaramas/signage the identify sites along the Waiuku Trails project are possible focus projects Presentation attached and submitter also intends to make a written submission - advised to be very clear in the support they are seeking	FR Local arts, culture & events
Representing Beachlands Community Trust Seeking support/funding to provide recycling and reuse activities and programmes in Beachlands. Presentation attached and submitters also intend to make a written submission	FR Other comment
Great Barrier Island is setting a good exemplar with it's learning hub	GB Local community services
I'm concerned about the status of ECE on the island	GB Local community services
Would like support for new enterprises to be a priority for the local board	GB Local economic development
DoC solar system is going well. Using genny only for 14hrs per month with full housing capacity. Almost time for them to upgrade batteries.	GB Local environmental management
Board did a great job opposing the coastal dumping (CRL consent). Concerned by marine pollution. Has been picking up lots of litter off the beach: plastic lids and plastic beads brought by coastal drift. Concerned for marine life: whales and dolphins.	GB Local environmental management
People have been defouling boats on the shorelines for centuries. Recently I was told to stop. People can't afford to go to Auckland to clean their boats so if making it compulsory then there needs to be a better way for the locals to clean their boats without going all the way to Auckland	GB Local environmental management
Good to see all the protection for the birds at the beaches	GB Local environmental management
Lots of ruru at the Kaitoke wetlands which is wonderful	GB Local environmental management
Subsidise veges being grown on the island which will assist biosecurity and buy local	GB Local environmental management
More people should take water from their roofs. Council could look at subsidising tanks	GB Local environmental management
Wonderfully well taken care of. Delighted to see the board members out as it's a good way of doing consultation	GB Local governance & support
Cemetery is an ok proposal	GB Local governance & support
Board do a great job.	GB Local governance & support
Dog exercise parks are required. Rules are becoming tighter for dog owners and the rule is pretty much on leash everywhere. The five on beach areas for off leash can be difficult with small children and bird life. And good comms about where dogs can go on walks and tracks so dog owners don't feel penalised.	GB Local parks, sport & recreation
Not supportive of the education and research centre project at Glenfern. *A lot of money was spent to upgrade Orama for Hilary Outdoors already. *The project will not provide local employment. *There will be lots of infrastructure upgrades to the rest of the community areas (ie, road sealing, more facilities) to support the project which would change the entire area/village/community and demand change/growth for a tourism/external need not driven by the community nor for the benefit of the community *keep the integrity of the sanctuary as a sanctuary	GB Local parks, sport & recreation
What has happened with the horses and the horse trails? It's in the Local Board Plan but nothing has happened with them. There is nowhere for horses to go outside of the road corridors. Looked at the possibility of a trail from Jennys to Rosalie Bay Road but nothing further has been done. Horses are a part of our heritage and could be a part of our tourism	GB Local parks, sport & recreation
I would like to see outdoor gym equipment outside Mulberry Grove and Tryphena Hall	GB Local parks, sport & recreation
Board should focus on the backhaul for the technology. Anisley, Paul, Kit and himself are doing micro fixes for individuals which is working but it's the backhaul that the board can advocacy and assist with	GB Other comment
Protect the island and its people. The people of the island should direct its future not external people driven by tourism & growth	GB Other comment
I'm supportive of the projects that council has taken on	GB Other comment
The roads and walkways are in good condition. We weren't expecting much but there is really good infrastructure here	GB Other comment
Medlands smells like a sewer. Can this not be cleared out?	GB Other comment
We are quite lucky here really (in respect to rates, council, life, everything in general)	GB Other comment
Sealink prices and services are terrible. There was no freight on the boat for 12 days over xmas (due to taking passengers over freight loads) which severely impacted the businesses	GB Other comment
Sealink is a monopoly and it's bad. Central or local government must be able to step in and stop this monopoly or hold them accountable in some way. As they are involved in fuel and freight for businesses. The freight cost for the last shipment of chicken feed was half the cost of the shipment. Not sure if subsidies are the answer but there has to be something?	GB Other comment
Opposed to the CRL dumping	GB Other comment
We have shared roads with cyclists, walkers, horses and cars and speed limits need to be looked at before someone gets hurt	GB Other comment

Comment	Topic
Our attitude needs to change where road users look out for horses and stock (and other animals) on the roads rather than people trying to set up rules and signs to keep animals out. Stop trying to change the Barrier to be more like Auckland with all these rules. Barrier should stay a place of nature with animals being allowed everywhere and people making allowances for that. 'Don't change/lose Barrier'	GB Other comment
We are excluding animals as there is nowhere to take the dogs. No dog areas like in Auckland. Pushing them off the beaches but no other options. It's becoming anti-dog on the island at the moment	GB Other comment
All things are insignificant in the face of Christchurch. We are not looking after our people very well	GB Other comment
Top marks to the local board	GB Other comment
There is a blocked drain on corner of Rosalie Bay Road on left coming into Shoal Bay Road outside the school house.	GB Other comment
Medlands swamp stinks	GB Other comment
Census was a disaster so how can anyone plan going forward	GB Other comment
Barrier is a happy place at the moment in general. Hearing happy things from the community with lots of little businesses starting up	GB Other comment
Opposed to the CRL dumping	GB Other comment
The smell at Medlands is bad. Bad for tourism and bad for the island	GB Other comment
It's all quiet at the moment so the local board must be doing well	GB Other comment
No signage. Too much signage - there must be a better way of getting the messages across than more and more signs that ruin the outlook	GB Other comment
There is no parking available at the Claris airport and this needs to be fixed. I needed to fly out for the weekend and there was nowhere to park. I suspect that the longterm parking maybe be filled with bach owners vehicles. We either need more parks created or the current system needs to be enforced. Maybe a sign-in book or some way of monitoring to mitigate the issue	GB Other comment
Opposed to the CRL dumping	GB Other comment
Opposed to the CRL dumping	GB Other comment
It's a concern about concessions going to off island businesses. We recently applied for a DoC concession for the Sky walks and we were one on-island concession application to ten off-island concession applications that were granted. Benny is subcontracting to these other businesses for their walks but these off island businesses are 'getting the cream'	GB Other comment
Opposed to the CRL dumping and marine pests/pollution	GB Other comment
Communication. We send things in but it takes ages or we may never get a reply!	Governance and support
General unhappiness with state of Auckland: governance pollution, lack of green spaces, housing standards, public transport, Auckland airport	Governance and support
Council listens, but don't act on requests of people	Governance and support
40% uptake in next election of voters - no mention of how this is going to be achieved.	Governance and support
Lets change, innovate and collaborate and fix what we can while we can.	Governance and support
JS: In terms of getting support groups off the ground? What are the most important components? - funding is not the issue, talking is the first thing, wants to put in a plan, they don't put out plans because of the hazards associated with it.	Governance and support
DC: Referring to plan and vision, how do you feel, what is your view on pestival? - Already has a collaboration, unsuccessful.	Governance and support
Best practice papers from council is not enforceable	Governance and support
Not happy with the annual budget consultation document - doesn't read easy for the public. Consultation documents are really poor. No options presented. More detailed questions about waterways than there are on the annual budget. Really difficult to navigate through the website.	Governance and support
Lack of detail in the consultation document - no information to be absorbed.	Governance and support
The decision making process - consultation process is poor. Consultation needs to be thought about it a different way. Talk-stop-talk-stop. Should be doing better.	Governance and support
What you would expect from communities and how would they be included in making a difference	Governance and support
Auckland Council submission process should be made easier/more straight forward	Governance and support
How much are you going to take on board when it comes to the decision making	Governance and support
Auckland Council always say feedback is about numbers but that is a western democratic approach which perpetuates colonial processes and Eurocentric power and disenfranchises Tangata Whenua. Auckland Council needs to change the way it engages and collects feedback!	Governance and support
Participants from Mangere wished that the Fono could have been hosted in areas more accessible to members of the community, especially in areas that are being largely affecting by water and waste issues such as Mangere and Otara.	Governance and support
The Fono wasnt well advertised. Participant also asked whether or not a notice had been sent out to schools and churches etc.	Governance and support
Discussions like this or the meetings like this should be implemented in primaries / high schools. The younger voices need to be heard	Governance and support
Prevention might be more effective if young people were more informed – we need to include them in initiatives and allow more of an input from younger age groups.	Governance and support
Recommend: Funding for community development projects Advocate for more regional funding from 3Waters targeted rate Advocate and facilitate partnerships between Local Board, business and Corrections for waterway restoration (ie Savill Drive Toll /Simms Pacific Metal properties) both discharging to the local catchment for many years, with no maintenance of downstream environment	Governance and support
Crooks the lot of you. Cut down on staff - there's your money right there	Governance and support
More subsidises for Barrier	Grants and subsidies
Whangaparaoa (child) - would love to see more arts. . Mini Golf in the area?	HB Local arts, culture & events

Comment	Topic
More activities like estuary arts open day needed. Love it!	HB Local arts, culture & events
Love movies in the parks - would like one at Ridge Park please	HB Local arts, culture & events
Love local events especially good beyond Browns Bay	HB Local arts, culture & events
Heard about this event through FB - and need LB asking other groups and BIDS/business association to tag HBLB FB pages to promote	HB Local arts, culture & events
really like Kite Day, would like to have another event here	HB Local arts, culture & events
LBRA - really like kite day. Would like to have another event here	HB Local arts, culture & events
Love movies in the parks - would like one in the Ridge park please	HB Local arts, culture & events
Love local events especially good beyond Browns Bay	HB Local arts, culture & events
Hard to find rooms to use in Orewa, there are not enough community facilities	HB Local community services
There is a sense of community in H&B. Well connected	HB Local community services
U3A groups need free meeting spaces. Link to Utube U3A clip.	HB Local community services
Housing for the elderly near the marae. Supported by the community - talk to Julia	HB Local economic development
Parks and Reserve, we like what you are doing at D'Oyly reserve	HB Local environmental management
We would like a community composting ??	HB Local environmental management
Beachwood Subdivision - Water retention ponds need checking. Full of weeds - (will talk to Frank in HW)	HB Local environmental management
Have an easement, have not been maintaining the SW pond, lots of weeds	HB Local environmental management
Kids would like to see a campaign for no plastic	HB Local environmental management
Hatfields - Creek has dead fish and rubbish	HB Local environmental management
Wild ginger on the southern side of Moffat Road.	HB Local environmental management
Would like wheelie bins for waste (residential)	HB Local environmental management
x3 - Heard about this through FB - and need asking other groups and BIDs / Bus Areas to tag HBLB FB page to promote	HB Local governance & support
Better signage on Te Ara Tahuna, Orewa Estuary Walkway - this is a great asset, and would like to see it extended through Millwater	HB Local parks, sport & recreation
At the Orewa Bridge, we would like a bigger and higher platform and the rocks removed. This will stop people jumping off the bridge hand rail which is dangerous. Also a water slide there would be great too.	HB Local parks, sport & recreation
Public pool (would like a)	HB Local parks, sport & recreation
[Need] a Cycle trail along the Weiti River	HB Local parks, sport & recreation
Orewa Skate Park needs another rail	HB Local parks, sport & recreation
Stanmore Bay Leisure Centre is a great facility and their water safety programme is fantastic	HB Local parks, sport & recreation
Hatfields - Just asked if there was going to be a new playground, maybe some comms might be helpful to the local community	HB Local parks, sport & recreation
Alice Eaves, Orewa - Hatfields. Be great to have the children do a walk (walking school). Do we have plans for this/better links	HB Local parks, sport & recreation
Any plans for a general leisure centre in Orewa, limited options in Stanmore Bay/ Northern Arena	HB Local parks, sport & recreation
The estuary walkway has a lot of detours at the moment but limited signage - need to talk to OPS and Auckland Transport	HB Local parks, sport & recreation
Long Bay - Maintenance of the planting - this is on CF's radar. * Complaints about the cell phone tower.	HB Local parks, sport & recreation
Murrays Bay - corner of Beach Road/Lyons near the beach planting needs attention and gardens need maintaining	HB Local parks, sport & recreation
Trees washing down the Estuary - causing concern, maybe from developments up the estuary? Walkway maintenance and adjoining parks/reserves not being kept up to standard. Some residents are dumping their garden rubbish along the walkway side of their properties.	HB Local parks, sport & recreation
Lucky we have great playgrounds and walking tracks. Great family community groups. Golden Circle (Halloween) - be great to get some LB funding - Julia has suggested New World sponsorship	HB Local parks, sport & recreation
Fenced playgrounds needed to help with all abilities.	HB Local parks, sport & recreation
Sealy Reserve (Torbay) what are the development plans for it?	HB Local parks, sport & recreation
Love the playground area would like more fenced playgrounds	HB Local parks, sport & recreation
More Cycling Tracks - That Children can use Leave some of footpaths for cyclist	HB Other comment
Sppa sun shades over playgrounds. More fenced playgrounds please	HB Other comment
You're all mugs, promising the world and only over charging for lack of services to Auckland	HM Local governance & support
PC - efforts for homelessness. Adam - Support creating of a night shelter. Support \$5m for mission homeground	Homelessness
Support efforts to combate homelessness.	Homelessness
Mangere needs homeless shelter. What is council doing to help our homeless people. We give them food and clothes, but the community shouldn't be doing this all the time. What ownership can council take!	Homelessness
Homelessness and unemployment are increasing in our local area. What can offer as long terms solution. Can we invite different agencies to come together and talk about these issues and make some suggestions	Homelessness
Too much car parking in the street. Many homeless walking around my house. We need more Policemen for safety streets.	Homelessness
Many homeless walking around my house. We need more Policemen for safety streets.	Homelessness
Housing/Rental prices need to come down. This would be a long term project and will take some time to plan for.	Housing
not enough people on the ground at a council level, not enough people aware of cumulative effects of infill housing, limited aware of regulation	Housing
Auckland Council and developers acknowledge the valuable role of mana whenua in providing input and design solutions in consents e.g. Te Auaunga Oakley Creek is an exemplar of achieving multiple outcomes including flooding, conservation and social employment outcomes.	Housing
Cumulative effects - infill housing	Housing

Comment	Topic
More State Houses (Housing NZ)	Housing
Recently experiencing increase in crime especially in Highland Park. Have set up more neighborhood meeting, experiencing lack of funds. Seeking funding for neighborhood watch. Targeting for more street parties.	HW Local community services
Discussed preservation of the chenier plains	HW Local environmental management
Would like the preservation of the Chenier Plains, after unitary plan, assurance was given that this would be preserved. This hasn't happened.	HW Local environmental management
Would like assurance that chenier plains would not be used as a base for maintenance work in the park	HW Local environmental management
Appreciated the support from the board.	HW Local governance & support
DC: this is the hearing for annual plan budget. Board will take this on board directed to apply for a grant.	HW Local governance & support
Advocating to fund general funding.	HW Local governance & support
Referred back to submission form, enquired who was paying for all of this and friend had LGOIMA'd this and on what council has spent on unelected iwi advice between 2012 and 2018, \$13m. CCO's 2013-2016 averaging \$3.5m per year. - concluded \$16m of council budget has gone paying un-elected iwi advice for water. As a member of the public, the board needs to do something about this.	IMSB
BW: Queried accuracy of amounts. - response: figures are correct.	IMSB
DC: When government set up council structure, set up maori statutory board, unsure if this can be changed. Are you aware that it will take an active government to change, this is not a local matter - response: you are the local face of council and required to act.	IMSB
Near Lynn Reserve a slip has dropped rubbish into the water	KT Local environmental management
Ensure there is equity across the local boards over time for spend.	LB Other comment
Renewals: you're from the south, what about transport – 108m to 184m into the transport building, yet renewals budget reduced ----Lucie - not surprised, green in gutters, saddens that budgets cut in those areas all Southern counterparts paying additional rates for storm-water, should not be a poor cousin	Local Board Funding Policy
3. Financial contribution to the build of wharekai	Local Board Funding Policy
Questions: no questions, a lot of support for the shared effort, 30 year plan down to 10 year plan due to Aucklanders investment with targeted rates, so that's great start.	Local Board Funding Policy
Handover governance of everything to do with water to iwi.	Māori outcomes
KB: The central government obligation to the treaty of waitangi is part of obligation - response in the treaty of waitangi, there is zero to do with partnership and co-governance.	Māori outcomes
JS: From the research presented, are you aware the recommendations mana whenua, are you unhappy with the outcomes from that? - response: at odds with giving one particular minority group this much power, feels this is racist.	Māori outcomes
Roles and responsibilities of ma ta waka?	Māori outcomes
Auckland Council should be more engaging with ma ta waka	Māori outcomes
How do you improve Maori participation given that it's quite low	Māori outcomes
How do you involve our Rangitahi	Māori outcomes
Who owns the water? Mana whenua or Council?	Māori outcomes
Mauri o te wai	Māori outcomes
Sorry whanau how can we ensure the korero from our kaumatua is being heard and actioned	Māori outcomes
Moe mai ra e te kuia	Māori outcomes
No wai aua kupu	Māori outcomes
Mauriora	Māori outcomes
Ngati Te Ata rangatira Riki Minhinick ki roto I te whare	Māori outcomes
I get mana whenua and their interests in water in Tamaki Makaurau but what do you want from urban. Maori Auckland council	Māori outcomes
So what does engagement with Maori look like?	Māori outcomes
How can we ensure the more or from our elders are being heard and actioned by the council	Māori outcomes
So they need Maori to do what	Māori outcomes
Sorry whanau how can we ensure the korero from our kaumatua is being heard and actioned	Māori outcomes
Hands up in the audience how many here say Auckland Council could do more/ be better with engaging with Maori and/or mataawaka? #7	Māori outcomes
We have a moral right to our tipuna, we need to be careful of what we say we want.	Māori outcomes
We need to be braver at looking after our whenua	Māori outcomes
One of the participants asked whether or not council support tangata whenua in Ihumatao. Council representative responded that they have always advised against building on Ihumatao land.	Māori outcomes
More youth programmes like free art classes, free IT design courses, free dance classes, free music classes - provide instruments as well	MO Local arts, culture & events
Free dance classes for youth at risk, so they can embrace their emotions and find a way to express their feelings. There are dance groups all across south auckland, we only need to suggest partnerships and help with funding.	MO Local arts, culture & events
There needs to be more activities for young people in Mangere, esp. after school and during weekends. Motivational programmes, things which are new to our kids, such as e-gaming, IT stuff, Maths, interactive diverse programmes. The STEM programme at the art centre was a great initiative.	MO Local arts, culture & events
Can there be more night activities? Like more night sports, or music, or fun activities for young people or free night classes.	MO Local arts, culture & events
free community class run here on recycling - in different languages. Also can you share the type of rubbish we should recycle and how. Maybe do a poster and put it on the walls at the town centre and library	MO Local arts, culture & events
Local Tourism needs to be revamped for Mangere. We are the gateway for the international community to visit NZ and yet, such little investment is made in Mangere. We would like to see better facilities near our mountains, we would like to see more signages promoting our local culture and history.	MO Local arts, culture & events

Comment	Topic
The O.Stone fields should be protected as a cultural heritage and promoted for tourism, not used for housing	MO Local arts, culture & events
When connecting with Council, can there be a local person that we can talk to about our issues, rather than a customer services centre. These people don't know about our area, or our people. It is often difficult to follow up too	MO Local community services
We would like to see programme for young parents - mum and Dad's in our local area. They are often faced with mental health issues. How can local board assist them and their wellbeing	MO Local community services
Can we have free gym passes for senior citizens please. Can this be linked to our gold card? Maybe 4 times a month, we can go to a gym and use the machine or spa	MO Local community services
we don't get art displays in our town centre and Otahuhu is full of artists. Is there a way to promote our local talent	MO Local community services
thank you for building a good bus station for us	MO Local community services
how can bus fare be made affordable? Its very expensive to use public transport	MO Local community services
we need a multipurpose building to replace the Mangere East Community Centre. At the moment there are youths, adults, diverse groups using the rooms for english classes, art and craft lessons, for community gatherings and hui, fono etc. This building is very old and parts of it is falling part. We would like to advocate for an upgrade of the building.	MO Local community services
The Mangere East Community Centre needs to reflect the needs of their population. We need a multipurpose building which provides a gym, community café, childcare facilities as well as rooms for community hire and use.	MO Local community services
Mangere Town centre needs more bins and different types of bins - for recycling, for bottles and for vegetable rubbish, which is piled by the shops here.	MO Local environmental management
One's a year, there should be a free rubbish day, where rate payers don't have to put their tags on the bins. That's a way council should reward rate payers	MO Local environmental management
Can council send us information about inorganic rubbish collection in our letter boxes, with easy to read information about how to book for a collection. There is such a long wait when we call the council number.	MO Local environmental management
Can the local board organise 4 times per year, local clean up day. Give people T-shirts promoting environment clean up as their reward to participating, choose 4 local locations - could be our stream, creek or park, or Mangere bridge beach! Put some funding behind it and do community awareness on environment. This is how we look after our surroundings and sea. The young people will also get to learn.	MO Local environmental management
There isn't much done in our area in schools and at work places promoting recycle of waste. It would be good to have posters in different languages, with our local people in it, promoting waste minimisation and recycling.	MO Local environmental management
We need more bins in public places, esp along Mangere Bridge seaside. With clear signs not to put dog poo in it.	MO Local environmental management
we need more options on what to do with recycling. How can we make products using waste. Can there be some classes on this, esp for seniors who don't have much to do. We can make things and sell them at Mangere Market.	MO Local environmental management
Train some locals and have waste champions! People who can go to church and talk about our environment and waste and how as a whanu we can reduce it. The champions should be locals, who speak our language and should be paid!	MO Local environmental management
more rubbish bins in Mangere town centre please, esp around the bus station	MO Local environmental management
There should be free sports sessions for youths- starting from 7 years plus to 18 years for young people. Most often we have to pay for soccer, touch and rugby classes. These are not affordable to families in south. Local board should work on long term sports plan for this age group, so they can participate more. The out and about programme is not advertised widely as well. it doesn't reach the groups who need to access free sports programmes. use the churches, community centres, leisure centres to promote these opportunities	MO Local parks, sport & recreation
Can we have more swimming pools for our Tamariki's, esp during summer, when the local pools are over crowded. During summer, can we have more water programmes for young people as well, so they can keep out of trouble.	MO Local parks, sport & recreation
Our sports clubs aren't up to standard when compared to the rest of Auckland. Local board parks investment should go to upgrading our sports facilities and equipment.	MO Local parks, sport & recreation
Mangere needs an artificial turf for sports. There is none at the moment.	MO Local parks, sport & recreation
Support should be offered to local schools during the beginning of the year for families who cannot afford to purchase stationary, school bag and food. Maybe the board can have a fund, which schools can apply for this purpose. Or have scholarships opening for primary and high school students for small amounts. so they can buy books and bags and school shoes. or give them vouchers.	MO Other comment
can you please promote healthy eating in Mangere. We do zumba here and the fried chicken place is right next to us. We need a healthy food place here.	MO Other comment
What can the council do on all the youth fighting in Mangere. Can we have some sort of plan for these young people. Can there be a working group looking after this matter with police?	MO Other comment
More fundraising for our kangatahi!!	MR Local arts, culture & events
Manurewa hasn't got a museum	MR Local arts, culture & events
No more plastic on the beach (boy age 9)	MR Local environmental management
Agree (no more plastic on the beach) - need education on this issue	MR Local environmental management
Never throw rubbish around Weymouth Leaver Place Park	MR Local environmental management
Never throw rubbish on the floor	MR Local environmental management
Te matariki more books	MR Local libraries
Supports the local board on their initiative with the pool usage and fees – especially for wellbeing use.	MR Local parks, sport & recreation
Supports the local board on their initiative with the swimming pool usage and fees – especially for wellbeing use.	MR Local parks, sport & recreation

Dog park - dog poo bins	MR Local parks, sport & recreation
New parks for kids! More parking! More fitness areas eg: pools, gyms (cheap!)	MR Local parks, sport & recreation
Clean tagging from parks	MR Local parks, sport & recreation
Manurewa pools to be free for its residents like Otara and Mangare	MR Local parks, sport & recreation
Keep supporting events like Manurewa fun run	MR Local parks, sport & recreation
Please don't schedule fun events on the same day as Round the Bays	MR Local parks, sport & recreation
Plumed gas down Weymouth	MR Other comment
Senior Programme: Intergenerational celebrations & interactions, more recreational activities and personal safety empowerment.	OP Local arts, culture & events
We need to support the growth of the Otara & Papatoetoe Markets, so our locals can get opportunity to earn income	OP Local arts, culture & events
The Koha Dinners are a great example of communities coming together and helping those in need. Can the board support such initiatives	OP Local arts, culture & events
The food street pantry is such a great community lead initiative. Can the local board support this long term?	OP Local arts, culture & events
Can there be community days, with focus on Mental Health, Youths, Safety, Heritage etc. We can celebrate and learn about each service and issue	OP Local arts, culture & events
Can we have a museum of Arts in our local area? There are so many talented artists coming from South Auckland, yet in our area, we don't have a place where their art work is displayed for tourists to come and see	OP Local arts, culture & events
Swimming programmes for youths, more competition, encouraging our youths to take on water sports	OP Local community services
Funding for community centre venue hire should be made affordable. Most community groups are run and managed by volunteers and there should be further discount or incentives for seniors to use community venues.	OP Local community services
the seniors caring groups wants to give back to the local community. How can they work with the local board or council to help the homeless. Can connections be made to the group needing help?	OP Local community services
Coordinated policy for seniors in the Southside	OP Local community services
what programmes and initiatives be put in place to Enhance People interaction beyond family	OP Local community services
Can there be cover for the seats at Burnside Park as no one can use them due to bird droppings. Also, can the toilets be reopened for public use?	OP Local community services
The wider local community needs cheaper and more affordable accessibility to the community centres. The discounted rates are still quite expensive. We are paying rates and on top of that, paying for the use of community centres.	OP Local community services
Safety camera and lights required at Puhinui railway station	OP Local community services
Increase Enviro School uptake, promote the message of waste minimisation through schools and young people	OP Local environmental management
Waste Minimisation classes in different languages, esp chinese, tongan and samoan. These should be delivered at community centres, which is easily accessible to communities.	OP Local environmental management
The Town centre needs different types of recycle bins. This will ensure that rubbish is disposed and collected in a proper way and that locals are also educated at the same time about waste and recycling	OP Local environmental management
Support for sustainability initiatives such as Enviroschools, Gardens in schools, Pap Project	OP Local environmental management
Illegal rubbish dumping should be punished.	OP Local environmental management
Enviro schools project needs to be promoted widely and supported by the wider community	OP Local environmental management
Can 'My river' app be promoted for wider youth use in the local area - the group is open for partnerships with local board and community groups	OP Local governance & support
More local employment opportunities for young people. Working in partnership with local providers and businesses to promote this initiative	OP Local governance & support
Involve School kids/young people in co designing/co planning ---Local Board Plan	OP Local governance & support
Youth to help identify solutions. Request for council to work more closely with community groups and youth networks.	OP Local governance & support
What control does the local board has on ban on drugs and access to illicit drugs. Can youths be banned from entering the town centre from 10pm to 4am	OP Local governance & support
As a local board funding should be targeted towards young children. Recognise that there is a huge number of ECE in OPLB and the support they need to grow	OP Local governance & support
The local board should reduce their funding for events through community grants and have diversity events funding - which targets the demographics of of the local area. For example, funding for Vaisakhi, Korean new year, refugee community celebrations etc.	OP Local governance & support
With the local board community grants, more importance should be placed on seniors and celebrating their importance through international day of the older persons. Groups can be given funding and large celebrations should be organised for older people to share their stories, histories and achievements.	OP Local governance & support
Small business in the local area needs capacity building and help with legal aid (advice and guidance) as well as with advocating on local issues	OP Local governance & support
Can there be posters in different languages around the town centres about recycling	OP Local governance & support
community projects need a long term funding approach for it to be effective. Usually council gives very short terms small amounts of funds. These are good for events only and not if you want to make a long term impact for e.g., youths and unemployment, seniors and recreational activities, celebrating diversity by offering other groups to experience each others cultures.	OP Local governance & support
how can the Council help Increase profile of Community groups? Can there be more community networking opportunities. Can community groups be invited to bigger council events to participate and profile themselves?	OP Local governance & support
We should continue to reduce number of bottle stores	OP Local governance & support
more free programmes for youths e.g. at Tupu Library	OP Local libraries
Parks - Field upgrade - Priority: ETRFC, Pap- Kolmar and Ngati Otara	OP Local parks, sport & recreation

Comment	Topic
The above fields are used regular and frequently, however the quality of the fields, doesn't reflect the need of users. For example, Sir Barry Carts park	OP Local parks, sport & recreation
James Watson Park: There are issues in arranging lighting. Clubs using the park often find it difficult to work with Watson Park staff around arranging for lights, often asked to pay for lights. - This should be free!	OP Local parks, sport & recreation
as a local board funding should be targeted towards young children. Recognise that there is a huge number of ECE in OPLB and the support they need to grow	OP Local parks, sport & recreation
we need more and better sports facilities in our local area for multi use.	OP Local parks, sport & recreation
Ramsey Street & Kenderdine Road need attention while More trees on Hamilton road—Papatoetoe used to be Garden city, maybe we can rebrand it like that again? With more community gardens	OP Local parks, sport & recreation
Moth plant - staff from council don't manage it, don't seem to notice it	OR Local environmental management
Moth plant is a huge problem and needs to be taken seriously	OR Local environmental management
Moth plant problems are only going to get worse	OR Local environmental management
Kohimarama Forest should be on the priority list for NETR spend	OR Local environmental management
It's very important not to localise Churchill Park - it's regionally important	OR Local environmental management
Churchill Park is a large park and needs more regional significance	OR Local environmental management
Group is having a positive experience working with Council	OR Local environmental management
It's important that everyone works together	OR Local environmental management
Environmental spotlight should go on Ōrākei, lots of passionate volunteers means there's likely to be a good rate of return on investment in the area	OR Local environmental management
Noticeable drop in retail spending, businesses are struggling.	OR Other comment
School growing by 300-400 in next few years.	OR Other comment
Multiple schools in Remuera area, huge schools, parents deliver their children by car which causes its own problems.	OR Other comment
Nothing seems to happen despite multiple submissions	OR Other comment
Council staff need to be more efficient. Not the Barrier council staff they are wonderful but the ones in town	Organisational support
Suburb continuing to intensify - development still happening, lots of apartments.	Other planning
Concerned about 5G networks and impact on health - wondering what is Council's role in protecting homeowners and residents.	Other planning
Council Plans don't fit - things aren't lined up. Boards put in their own plans. Doesn't work. Failure - community engagement. Community empowerment doesn't work.	Other planning
Funding agency will not give the trust anything unless they have a lease. Going West have a capital amount they can put towards the house to make necessary upgrades but cannot use it until they have a lease. Asking for a lease, don't mind it being in the condition it already is. Is willing to raise capital to improve the conditions to be viable for a writers residency.	Other rating and funding comments
Agreed that they would like to see current system improved, if the proposal isn't adopted there is still changes and improvements that need to be made	Other rating and funding comments
Very happy at the moment as recently have had our rates issue sorted	Other rating and funding comments
Recent property valuation was not consistent and a complaint was made. Council had accessed their rates as a desktop exercise and was incorrect. An assessment was done in person - never went to his house but looked at the surrounding places and then a correction was made	Other rating and funding comments
Don't take any notice of how the rates are spent regionally but feel like the local board consider and spend rates wisely on the island	Other rating and funding comments
The Have Your Say booklet talks about a 2.5% rates increase. Does this include inflating house valuations for council rates purposes? It would appear that I am due a revaluation next year. Between the last two valuations (2014 and 2017) the council doubled their "value" of my house.	Other rating and funding comments
Rates levels have been ok	Other rating and funding comments
Rates are great	Other rating and funding comments
Green space around St Mathews - Federal street extension - is not being proceeded due to council funding. Would like this to be considered for future funding options. it was not clear who would pay for the implementation of the development plan that council put together But St Mathews would not be able to pay for it.	Other rating and funding comments
Get gst out of rates bill.	Other rating and funding comments
its a crock of s**t that if your house is worth more (usually because you work harder than others) that you pay more rates - it should be size related. Just because you work harder than some shouldn't mean you pay more.	Other rating and funding comments
Council must find other ways of saving significant amounts of money other than just taxing rate payers all the time.	Other rating and funding comments
Blenheim had a mini walkway like a roadway that kids could practice their road safety, be great to have something similar	Other transport comments
Need a Barrier Uber. Busy time during January and had to turn business away (usually focusses on Boaties business). Not public transport but a Barrier sort of Uber. Norm has become a sort of taxi depot and some more thought is needed about organising the transport needs - maybe a couple of Norm's in Okiwi and Claris for a Barrier Uber.	Other transport comments
Backed up the need for a Barrier uber. In peak times it just a little too busy for the normal shuttle services. People aren't pre-booking transport. Public transport isn't the answer but better short-term options for short trips	Other transport comments
It's Barrier - why do visitors have to have it all so easy? We are not Waiheke (in relation to the Barrier Uber conversation)	Other transport comments

Comment	Topic
The transport plan puts a low priority- make that no priority on leisure travel in cars. Two Sundays ago, driving back from the Far North, I got stuck in multiple traffic jams including one on the northern motorway. Last weekend it was the usual jams on the southern motorway going to Pukekohe and back, which will not improve when the pathetic improvements eventually are completed. Vast amounts of money are apportioned for think big head projects like the Magic Roundabout (CRL), using the economic productivity excuse, but how can we have a liveable city if the roads are jammed seven days a week? The 10 year plan shows actual capacity and population growth improvements getting a paltry share of the money compared to narrow focus projects. Many of the people immigrating to New Zealand consider cars a status symbol and own multiple per family. And they will use them extensively all week to show off their status. Streets are filling with parked cars because the council is allowing subdivisions where there is no off-street parking. Can the council please explain the disconnect between reality and their plans.	Other transport comments
Transport - ferry situation in town. Set up transport groups but stops at Matiatia. One good come back if police want to cut speed more double deckers. AT decisions affect Matiatia. Consult with public again.	Other transport comments
Transport system is a farce. More people are concerned about Transport as a whole than anything else e.g. state of the Hauraki Gulf	Other transport comments
AT digging up Quay Street - Devonport ferries arriving at Auckland. No new ferry berths - replacing existing, need a further 6. Fullers say too much traffic going in there. Carparking is shocking - meters on main road. Money comes in for this - pile of money which should be come back to the island. Look at whole transport management. Trying to deal with it via downtown reconfiguration. Freight - AT said not their problem which is appalling. Belgium Street - parking spaces not installed for business or public buildings. Onetangi beach parking is horrendous	Other transport comments
Poor relationships with Auckland Transport. Access for everyone - paedstrians to be the top priority	Other transport comments
Auckland Transport are reactive only.	Other transport comments
Free Hop Cards for youths, so they can travel to sports classes	Other transport comments
Believes that rates should cover cheaper parking costs around Auckland, and even public transport for their children.	Other transport comments
Need and update/ spokesman for public transport news / updates - changes to the networks routes / implemetation for impact in the areas etc	Other transport comments
Would like a ferry service & at Browns Bay	Other transport comments
Turning onto East Coast Rd from Glenvar rd is a nightmare - very unsafe.	Other transport comments

Do not support waste management charge	Q1 Annual waste management changes
Support but only if we are exploring waste management disposal in NZ. Lets not send our crap to developing countries	Q1 Annual waste management changes
Norway/Sweden importing waste have such a good system	Q1 Annual waste management changes
Fair enough - its reasonable	Q1 Annual waste management changes
Waste Management - Do not agree with increase - should decrease and put the service back into community.	Q1 Annual waste management changes
Support the increase in waste management charges	Q1 Annual waste management changes
Waste charges going up	Q1 Annual waste management changes
Agree due to issues with infrastructure	Q1 Annual waste management changes
you bastards know how to charge and do f all. sort out your useless internal spending before milking us the ratepayers.	Q1 Annual waste management changes
I am opposed to having to pay more for less. An increased waste management charge is unacceptable at this point in time and regulatory fees are already extremely high. Please find another way to cover your costs / decrease costs as simply putting a greater burden on rate payers should be a last resort. What have you done to decrease costs and work efficiently? What other options have you explored to keep costs down?	Q1 Annual waste management changes
a \$20.67 increase to the annual waste management charge to cover increased costs - Disagree	Q1 Annual waste management changes
An increased waste management charge is unacceptable at this point in time	Q1 Annual waste management changes
residential rubbish collection (incl recycling) is a core service and should be paid out of the basic rates, not charged separately. Commercial operations should be charged on "user-pays" basis.	Q1 Annual waste management changes

Comment	Topic
Unreasonable. The Council should increase revenue from sources other than rates.	Q1 Annual waste management changes
Disagree with the increase in fee	Q1 Annual waste management changes
Any commercial aspect of property being used by a religious organization should be taxed. Support the increase to waste management.	Q1 Annual waste management changes
Support the increase to waste management.	Q1 Annual waste management changes
Ok if service is also increasing	Q1 Annual waste management changes
Agree if cost includes rental prop owners	Q1 Annual waste management changes
People aren't happy with the price of annual waste now. An increase won't work.	Q1 Annual waste management changes
No targeted rates for food scraps	Q1 Food scraps targeted rate
This should be a user pays service only Composters should not be penalised	Q1 Food scraps targeted rate
Support the food scraps trial	Q1 Food scraps targeted rate
This shouldn't be a blanket fee. User pays. Those who compost are being penalised	Q1 Food scraps targeted rate
It will encourage people not to take responsibility for their waste and not to have compost - this is a very bad move	Q1 Food scraps targeted rate
People should be able to opt out when composting	Q1 Food scraps targeted rate
Food scraps - already trialled on Waiheke for 1 year. A grant was issued to a community group and it only lasted a year.	Q1 Food scraps targeted rate
Keen for the food waste initiative to be rolled off	Q1 Food scraps targeted rate
Yes to extending the food scraps targeted rate to 2,000 properties in the North Shore former trial area to who the service is available	Q1 Food scraps targeted rate
Want - yellow bin/ red bin. China not seeing food scrap service	Q1 Food scraps targeted rate
We should encourage our people to compost. Community needs to learn how this works which community gardens they can go to to take compost.	Q1 Food scraps targeted rate
extending the food scraps targeted rate to 2,000 properties in the former North Shore trial area to whom the service is available is ok as long as you only have to pay for it if you use it (and not included in rates)	Q1 Food scraps targeted rate
I am against this plan. I never used your "service" for the food scraps kerbside service. It is not hygienic to have all the food scraps in those kerbs.	Q1 Food scraps targeted rate
Food Scraps collection waste of time and money. I shouldn't have to pay extra in my rates bill to collect this, then before you know it, we will be charged separate for this charge.	Q1 Food scraps targeted rate
Food Scraps collection waste of time and money. I shouldn't have to pay extra in my rates bill to collect this, then before you know it, we will be charged separate for this charge.	Q1 Food scraps targeted rate
extending the food scraps targeted rate to 2,000 properties in the former North Shore trial area to whom the service is available is ok as long as you only have to pay for it if you use it (and not included in rates)	Q1 Food scraps targeted rate

Agree with the change	Q1 General
Generally agree	Q1 General
Agree	Q1 General
Agree the changes stated on the left	Q1 General
Agree	Q1 General
Disagree	Q1 General
Only user pays.	Q1 General
I endorse the council's options	Q1 General
Community needs to be educated first for all these issues.	Q1 General
No more charges.	Q1 General
Going through the budget, have read 48 pages and the figures outlined in the report are good but lacks substance and unclear how this will be rolled out. They have initiatives, but how are these going to be delivered.	Q1 Other
Community initiatives should be looked at as solutions rather than charging more.	Q1 Other
Why spend millions on waste water when the man and shovel clearing the drains regularly meant the streets and drains did not get clogged. Start at basics, not the expensive reticulation.	Q1 Other
You need to be charging rates factor fairly to ALL and everyone. It has to be inclusive do not exclude. Regardless of their status or situation.	Q1 Other
If increasing rates please provide e.g. worm farm for each household for each community that would be suitable for collecting annual household food waste. 2) And also provide water tanks to be installed under ground to collect rain water to be used for toilets.	Q1 Other
you b****s know how to charge and do f all. sort out your useless internal spending before milking us the ratepayers.	Q1 Other
The changes should be presented with more details. This seems to be too abstract for me.	Q1 Other
Do not support increasing regulatory fees	Q1 Regulatory fees
Support increasing regulatory fees	Q1 Regulatory fees
Support increasing reg fees but not if it will delay further our need for more houses	Q1 Regulatory fees
Support only if a better (quicker, more consistent knowledgable) service can be provided	Q1 Regulatory fees
Already too much. Just encourages DIY	Q1 Regulatory fees
Fees and charges - whole thing is bureacractic overcharge.	Q1 Regulatory fees
Applicant should carry costs	Q1 Regulatory fees
Would there be any concession?	Q1 Regulatory fees
Sometimes it has to be done to speed up process	Q1 Regulatory fees
Instead of putting up Resource consent fees Council should streamline operations and become more efficient	Q1 Regulatory fees
Yes to an increase to some regulatory fees to cover increased costs	Q1 Regulatory fees
Permits and resource consents are too expensive.	Q1 Regulatory fees
Do not support increased fees. We nee more houses to be built. We need overseas visitors.	Q1 Regulatory fees
Do not support - it already costs too much	Q1 Regulatory fees
Status quo for vessels in excess of 40m anchorage / dynamic positioning. The amount of these vessels owners pay in other areas (food/travel/wages etc) outweighs revenue.	Q1 Regulatory fees
an increase to some regulatory fees (such as resource consent, building control and mooring fees) to cover increased costs. - Disagree	Q1 Regulatory fees
I have no objection to the annual mooring fees being increased as long as the extra revenue is given directly to the harbour master in order for his department to enforce the arc moorings plan. At the moment we have several mooring fields oversubscribed with wait lists in the area and the rules are not being followed which makes it hard for people on the wait list to get a mooring. Matiatia being a typical example where a good number of the moorings are being occupied by illegal third party renters and the harbour masters office seem unwilling to act presumably through lack of funding.	Q1 Regulatory fees
regulatory fees are already extremely high. Please find another way to cover your costs / decrease costs as simply putting a greater burden on rate payers should be a last resort.	Q1 Regulatory fees
We don't agree to increase rates	Q1 Regulatory fees
Regarding: Fees and Charges and increases to some fees to maintain cost recovery, I object to the raising of these fees for the following reasons - [resource consents – bundled consent deposits, tree consents, boundary adjustments (unit title and cross lease), change of condition (s127) and others] [building control – lapsed/refused building consent, waiver/modification of building code, extensions of time to start building has a negative work, solid fuel heater/injected wall application and others]- 1) Fees for building improvement and land improvement in Auckland is already so high that it discourorouges building, house extensions and new houses builds. I was going to extend a rental property and add two bedrooms which would have helped the rental housing shortage, but decided against it due to council regulations, red tape & the unfair expense. For example, Just to get an answer about a consent I needed to pay \$500 for a meeting that didnt even guarantee a firm answer	Q1 Regulatory fees
No increase in payment	Q1 Regulatory fees
These fees should not be increased or added. There should be efficiencies that can counteract these cost increases - which is exactly what Phil Goff said he would look for and implement when he was elected and we have seen ABSOLUTELY NOTHING OF. The proposed increases in the regulatory fees are outrageous increases and should not be required when much of this work can be managed electronically.	Q1 Regulatory fees
Regulatory fees are already outrageously high and should not be increased. Another added cost to the price of building.council must find other ways of saving money	Q1 Regulatory fees
an increase to some regulatory fees (such as resource consent, building control and mooring fees) to cover increased costs - no, these are cores services so should be covered by an increase in basic rate bill for residential rate-payers but user-pays basis for commerical operations	Q1 Regulatory fees

Comment	Topic
The increase to Mooring fees is acceptable. However AT. and or the Harbour Master needs to ensure that my Vessel moored in Matiatia is safe. Visiting boats, generally out of Auckland, continually anchor in the Matiatia Mooring Field. This is particularly poor seamanship as the anchored vessel will behave differently when acted on by the wind and tide. This result in the moored vessels being damaged, usually with out the offending vessel being identified. The crew do not know, with any accuracy, as to where the mooring weights are situated on the sea floor. This results in the anchored vessel fouling the mooring weights. Larger vessels have dragged the moorings out of position trying to get their ground tackle free. Visiting vessels also continually pick up unoccupied Moorings. This is also poor seamanship, as the crew do not know the suitability and viability of the mooring they have attached to. This practise results in the Mooring owner arriving in Matiatia with nowhere to safely moor their vessel. I have bought this problem to the attention of AT and the Harbour master on previous occasions without any result. AT. and or, the Harbour Master need to mitigate this source of constant frustration to mooring owners. You are increasing your charges while failing to provide a reasonable	Q1 Regulatory fees
Not sure I fully agree with increasing the resource consent /building control fees, we already have high housing costs and low income so why charge people to build an already cost cutting cheap and nasty home. If the fees go up I would hope NZ/Auckland /Rodney is bumping up wage and salaries.	Q1 Regulatory fees
Disagree. Parking fee is already very high.	Q1 Regulatory fees
Agree with the increase in fee	Q1 Regulatory fees
Instead of putting up Res ha fees council should streamline operation and become more efficient	Q1 Regulatory fees
Just damming rivers kills wildlife - no eels & fish. Where will the new water dam be. I don't think that Titirangi & Hunua dams will be enough with all the extra ppl incoming to AKLD region!!! Note drought this structure please, remember we nationed water	Q1 Regulatory fees
Only if it speeds the process up (regulatory)	Q1 Regulatory fees
Support	Q1 Religious properties rates
Do not support	Q1 Religious properties rates
Reigious properties should pay rates just like everyone else	Q1 Religious properties rates
Religious ratings - should include other not-for-profit organisations regardless if religious or not.	Q1 Religious properties rates
Support for not rating religous organisations	Q1 Religious properties rates
Churches should not pay rates event if they have cafes as part of the building	Q1 Religious properties rates
Churches should be able to focus on their religous purpose and mission and not worry about having to pay rates	Q1 Religious properties rates
Rating of religious properties - land use categories - food banks are not mentioned. These are important for religious properties. Concern regarding the clause on op shops - clause regarding rating for op shops and commercial rating for separate titles. Language is not clear. Fine with all the other criteria on the <u>religious property ratings</u> .	Q1 Religious properties rates
Rating on Churches The document is poorly written and questions - make no sense. Looks like the proposal is leading public to think that churches are exempt from rating is a new change - not a new change as this is status quo. Concerns that this will upset the ublic as to why should churches not have to pay rates - when this is always been the case. Difficult to determine what is for church purposes and what is not. Support no changes in the current rating.	Q1 Religious properties rates
Religious properties being non-ratable (non -profit organisations). That differnt issues are being thought about including ways to move forward and improves	Q1 Religious properties rates
Changing religous orginisations for "commercial uses, and not charging for the ministers house. Beilieve that no charge should be on the chapel,hall etc. but their own residence should be charged. That there isn't a lot of Maori land left in Auckland area	Q1 Religious properties rates
Support non payment of rates for all churches	Q1 Religious properties rates
Believes in the fairness of a pre-school that is for profit, yet under the church is still ratable.	Q1 Religious properties rates
Supports that the church lands should not be rated if it is solely for religious purposes. Accepts the fact that any activity for profit should be rated to ensure fairness.	Q1 Religious properties rates
Discussion needs to be made in regards to: How far can a church be from a Faifeau's house before considered rateable? For example, a church in Mangere Bridge and a Faifeau's house in Botany?	Q1 Religious properties rates
Support no payment of rate for all churches	Q1 Religious properties rates
I do not support the ministers have not being charged. I feel the minister should pay rates just like everybody else.	Q1 Religious properties rates
Paying rate on ministers house if not in same proximity as church	Q1 Religious properties rates
Believes that if the ministers house is further away from church land – then it should not be rated.	Q1 Religious properties rates
Ministers houses being further away – it does not matter as long the ministers house is still on church land.	Q1 Religious properties rates
A minister's house should be non-ratable – because he is a servant of God/still going the churches bidding.	Q1 Religious properties rates
Want more elaboration to understand the different roles that happen on church lands.	Q1 Religious properties rates
Do not support	Q1 Religious properties rates
Contrary to a council woman I heard on RN3 religious organisation are not rich. Charging rates is bigotry.	Q1 Religious properties rates
Do not support - ciphening off people who do not have any money	Q1 Religious properties rates
RATES - Religious Organisations - A wider approach is needed to include community organisations and sports clubs – not just religious organisations as these have a primary focus on their members and adherents. le Halls being made available to the public and not at commercial rates.	Q1 Religious properties rates

Comment	Topic
General agreement around looking at other organisations that support the community. Consider and address scenarios of community groups that don't own land in comparison with religious groups that do own land. Also, an obligation for the wider community to have access to halls, carparks	Q1 Religious properties rates
Residences owned by religious groups should be rated as residences as while in some religious orders leaders are not paid a wage or salary they are paid a cost of living allowance, provided with a residence, and gifts.	Q1 Religious properties rates
I think they are all stupid and religious properties should be paying rates and taxes like every other human.	Q1 Religious properties rates
I think they are all stupid and religious properties should be paying rates and taxes like every other human.	Q1 Religious properties rates
religious properties should be paying rates and taxes like every other human.	Q1 Religious properties rates
My wife and I are parishoners at St Peters Anglican Church Takapuna. We are strongly in favour of the option that sees parts of the land owned by religious organisationsremaing "rates free". Our church provides community and spiritual leadership which is sustained by an ageing (and decreasing) congregation, and cost increases impact negatively on the churches ability to remain a viable force for good in the North Shore area.	Q1 Religious properties rates
My wife and I are parishoners at St Peters Anglican Church Takapuna. We are strongly in favour of the option that sees parts of the land owned by religious organisationsremaing "rates free". Our church provides community and spiritual leadership which is sustained by an ageing (and decreasing) congregation, and cost increases impact negatively on the churches ability to remain a viable force for good in the North Shore area.	Q1 Religious properties rates
You need to be charging rates factor fairly to ALL and everyone. It has to be inclusive do not exclude. Regardless of their status or situation	Q1 Religious properties rates
Religious organisations should be paying rates just like everyone else.	Q1 Religious properties rates
not charging rates on some parts of the land owned by religious organisations - above a certain theshold they should pay rates i.e. small not-for-profit organisations should keep the rebate but larger organisations should pay	Q1 Religious properties rates
Disagree	Q1 Religious properties rates
Disagree with the increase in fee	Q1 Religious properties rates
Should charge rates on the land owned by religious organisations	Q1 Religious properties rates
Religious organisations should not have special exemption.	Q1 Religious properties rates
Any commercial aspect of property being used by a religious organization should be taxed.	Q1 Religious properties rates
I support the exemption for rates on property owned by religious organisations. They provide a great deal of community support & service (much of which would otherwise be picked up by council) & should not be subject to rates.	Q1 Religious properties rates
There is no need to change & charge churches	Q1 Religious properties rates
It would be unfair to charge Religious organisations have serviced communities for many years & have given hope to many people including money to help those less fortunate.	Q1 Religious properties rates
Churches and church properties should not have to pay rates.	Q1 Religious properties rates
Not charging rates on some parts of land owned by religious organisations. We support this proposal As a community focused organisation we provide multiple services to our local community including a fun Club for those with Disabilites, Music & Learning for preschools church, Afterschool Learning services for Primary aged Pasifika children, Youth & family services who all use our facilities at a low rate - usually a donation only	Q1 Religious properties rates
I am in agreement with the proposal that religious organisations should be exempted from being charged rates for some of their land holdings.	Q1 Religious properties rates
On a weekly basis a line dancing class is held in our Parish Hall adjacent to our church - St andrews Kohimarama. An average of 20 people attended week for regular exercise - both physical and mental. This is also a very socilal exercise.	Q1 Religious properties rates
Bylaw Churches are free of rates	Q1 Religious properties rates
Rates for Church Hall held community activity groups, such as tai-chi for wellbeing must not go up.	Q1 Religious properties rates
Why would this even be considered?? They are business like anything else.	Q1 Religious properties rates
Churches are Community Centres. So no rate increase.	Q1 Religious properties rates
No extra rates for churches.	Q1 Religious properties rates
Charges should not be made on all parts of the land used for religious and community porposes and not only on some parts if commercial.	Q1 Religious properties rates
With the reference to the matter marked - Churches struggle now to maintain their services and the same people (fewer+fewer) who give churches indirectly support aged services. City missions, Drop in Centres, Anglican Trust for women and children and a whole range of supportive activities. An extra rate burden will ground some church communities into the ground. Church collection drop but the other work continues. The community needs it.	Q1 Religious properties rates
Disagree - most churches already feed back into the community	Q1 Religious properties rates
I do not agree because they are doing for the name of god	Q1 Religious properties rates
Makes sense	Q1 Urban boundary rating
Agree to adjusting the urban rating boundary	Q1 Urban boundary rating
adjusting the urban rating boundary to apply urban rates to 400 properties in recently urbanised areas (that receive the same services as their adjacent urban neighbours) - Disagree	Q1 Urban boundary rating
adjusting the urban rating boundary to apply urban rates to 400 properties in recently urbanised areas - yes	Q1 Urban boundary rating
Should be the same	Q1 Urban boundary rating
Disagree with the increase in fee	Q1 Urban boundary rating
I object very strongly to this	Q1 Urban boundary rating

Comment	Topic
<p>We oppose the removal of this service and associated targeted rate. There are a number of reasons for this, being:</p> <p>In areas where it has historically been the owners' responsibility to pump out and check their septic tanks, it has been a disaster. Waiheke is a prime example of this with years of issues with overflowing septic tanks. In the Waitakere area this has not been an issue due to the Council managed approach.</p> <p>To push the responsibility to property owners will result in delays or inaction due to owners (1) not knowing who they can go to for their pump out service, (2) not knowing what they need to do / need to ask for from contractors. Being provided technical specifications of what need to be done by Council (no doubt written by an engineer in engineering gobbledygook) won't help.</p> <p>Contractors will no doubt see this as an opportunity to boost profits and the charges for these services to property owners will be extortionate. This will no doubt be exasperated by Council wanting more or different information once a pump out report has been provided to them, resulting in even more costs to property owners.</p> <p>The instances of septic tanks failing / overflowing will increase due to owners not being able / willing / forgetting to arrange pump outs, resulting in a worse environmental outcome than current situation and additional compliance effort and cost to Council.</p> <p>Council will receive an increase in number of complaints about septic tank pump outs and issues with contractors.</p> <p>The perception will be that this is another example of Council stopping a core / valued service with the associated reputational damage, especially if the standard of the maintenance you expect property owners to pay for is significantly higher than the standard of the Council service.</p> <p>In summary, this proposal should be rejected and additional compliance activity focussed in the areas <u>where it is known septic tanks are failing e.g. Murawai township.</u></p>	Q1 Waitakere rural sewerage targeted rate
<p>Do not remove the current Waitakere rural sewerage service. The reason given was that water quality has not improved since it was started, but this means that more work needs to be done and not less. The council can currently control the quality of the service provided by contractors, benefits from economy of scale and can ensure that pump outs are actually being performed. Replacing this with a service that monitors people is adding more unnecessary expense which could go towards investment on the upkeep of the septic systems. If the council increased the scope of their responsibilities (such as having contractors assess or service septic systems in addition to do the pump outs), I would happily <u>pay an increased amount compared to now</u></p>	Q1 Waitakere rural sewerage targeted rate
<p>Is it time to look at delivering sewage to parts of the Waitakere ranges that doesn't currently have it? This will definitely improve water quality. Monitoring and maintaining septic systems can only do so much. Some septic repairs that are identified as part of the proposed monitoring might cause financial hardship for a lot of families. Maybe an interest-free loan scheme to assist where repairs are required <u>and necessary for the environment would be a good option</u></p>	Q1 Waitakere rural sewerage targeted rate
Disagree	Q1 Waitakere rural sewerage targeted rate
Disagree with the increase in fee	Q1 Waitakere rural sewerage targeted rate
No need to phase out the sewerage service	Q1 Waitakere rural sewerage targeted rate
This charge and service needs to stay in place and not be removed	Q1 Waitakere rural sewerage targeted rate
I object very strongly to this	Q1 Waitakere rural sewerage targeted rate
It makes no sense to stop this service. As it is now, council have control over septic tank cleanouts.	Q1 Waitakere rural sewerage targeted rate
Stongly disagree with this. The implications are not good.	Q1 Waitakere rural sewerage targeted rate

can someone paint the towncentre please. It looks very old.	Q3 MO Local planning
Can there be signage around the traffic lights to say that window washing is illegal. People are risking their lives and the drivers life by doing window washing	Q3 MO Local planning
Otahuhu Town centre regeneration: do not support the removal of car parks.	Q3 MO Local priorities
we need better, cleaner parks in Otahuhu with more recycle bins to support the high use of parks. There needs to different types of bins as well - bottle, recycle and general rubbish. Can a clothing bin also be placed near the park.	Q3 MO Reducing waste and increasing recycling
Council needs to put clear sign in public places that illegal rubbish dumping is a crime. We get so many illegal rubbish dumped near Robertson road roundabout, also at the back of Mangere bridge near the airport. Who is taking ownership of that? No one!	Q3 MO Reducing waste and increasing recycling
I would like to attend a workshop on recycling in Tongan Language, as I cannot read proper English. Can the board help.	Q3 MO Reducing waste and increasing recycling
Please put at least two bins at each bus stop. People are leaving rubbish behind as there are no bins. Next to the bins, put message about bin tidy kiwi	Q3 MO Reducing waste and increasing recycling
Can we have more clothing bins in Otahuhu with sign against them saying this is not a rubbish dump site. People are leaving their house rubbish around.	Q3 MO Reducing waste and increasing recycling
Can there be more educational workshops on waste recycling - the Otahuhu BIDS can help in coordinating these.	Q3 MO Reducing waste and increasing recycling
for Waste Management services, it would be good to see the contracts being given to locals, who can then be advocates of waste minimisation.	Q3 MO Reducing waste and increasing recycling
We would like to request for more recycling rubbish bins in the town centre and in our public places.	Q3 MO Reducing waste and increasing recycling
for Otahuhu, can there be multilingual posters and signages saying do not litter, use the rubbish bins. Or be a tidy kiwi	Q3 MO Reducing waste and increasing recycling
People need to be sent reminders that they need to sort their business rubbish as its making the town centre look dirty and ugly.	Q3 MO Reducing waste and increasing recycling
more signages on proper rubbish disposal, esp. for young people. We need to be proud of our environment and look after it. Educating the young ones is a start.	Q3 MO Reducing waste and increasing recycling
Why are we asked to pay more for waste collection rates? On top of that, there will be a 2% increase in general rates. We also have targeted rates for our board. Council wants too much money from us and doesn't give us much.	Q3 MO Reducing waste and increasing recycling
How can local kitchen waste be collected and used as a compost for community use. Can the board think about this project	Q3 MO Reducing waste and increasing recycling
more education is needed on recycling, esp. kitchen waste	Q3 MO Reducing waste and increasing recycling
Pay the residents who will bring recycling waste depending in the kilos of the waste	Q3 MO Reducing waste and increasing recycling
The students need assistance with travel discounts, esp. if the use of public transport is being promoted widely. Maybe AT can work our some deals with schools and offer hop cards from schools?	Q3 MO Youth initiatives

Comment	Topic
What can the local board do to provide the youths who don't go to school with volunteer work opportunities. Can they work with an org to support these young people so they are productive	Q3 MO Youth initiatives
Can we have more exercise programmes for youths. Could be dance classes, or water sports. Something which is accessible and available after school	Q3 MO Youth initiatives
We need free sports classes across Otahuhu for young people from toddler to older youths. Programmes which are ongoing and not just ones a year.	Q3 MO Youth initiatives
Can we work with schools to promote healthy eating and donate fruits to schools. In this way, those who cannot afford to eat, will get some fresh fruit and we promote healthy snacking.	Q3 MO Youth initiatives
Please take away access to fizzy drinks for young people. It is unhealthy.	Q3 MO Youth initiatives
The local board should have a fund for youth related events only and it should offer diverse programmes e.g. sports, festivals, art expression, dance competition, story telling, painting, IT and Engineering showcase.	Q3 MO Youth initiatives
more supported is needed from schools for community support, esp. to offer after hours programmes. Can there be a discussion with schools in the local area to see if they can do this.	Q3 MO Youth initiatives
Peace and order	Q3 MO Youth initiatives
Enhancing playgrounds around Manurewa	Q3 MR Local priorities
No more rubbish dumping - Vipasha	Q3 MR Local priorities
Clean green Aotearoa	Q3 MR Local priorities
Parking hazard outside Clendon (eg) outside Pak n Save	Q3 MR Local priorities
5cents for glass bottle refund to stop idiots throwing them out in the street	Q3 MR Local priorities
Not too sure if traditional inorganics will work	Q3 MR Local priorities
1st priority is to support community P.R to reducing waste (eg - par 5)	Q3 MR Local priorities
Traditional inorganics has always worked	Q3 MR Local priorities
Add something to Clendon. It's so uggss!! But some parks.	Q3 MR Local priorities
Developing Keith Park - YES. But please can we improve safety - cars oftejn speed around there or play loud music and drinking. Police patrol but they need help too.	Q3 MR Local priorities
Upgrade of Clendon shopping to include safer car parking & security	Q3 MR Local priorities
Illegal dumping top priority	Q3 MR Local priorities
Illegal dumping happening every week - Waimahia	Q3 MR Local priorities
Community centre at Clendon Reserve	Q3 MR Local priorities
New park requirement. Slides, swings, monkey bars - Niveaita 11	Q3 MR Local priorities
Community gardens is attractive - Clendon	Q3 MR Local priorities
No to environmental waste	Q3 MR Local priorities
We need proper bins around Rewa Pap ect - organic recycle & landfill	Q3 MR Local priorities
Add some light to Clendon	Q3 MR Local priorities
Agree but want to prioritise 1. reduce waste 2. Te Mahia 3. illegal dumping - shorten the timeframe	Q3 MR Local priorities
Clean Keith Park like seriously	Q3 MR Local priorities
There is a need for more games for youths in local board public places.	Q3 OP Local planning
Digital platform for youths and by youths	Q3 OP Local planning
Bike programmes in Parks	Q3 OP Local planning
there should be an event for seniors, where they can share their stories and background - maybe for seniors day	Q3 OP Local planning
Neighbourhood Watch is needed in Otara for health and safety of our Whanau	Q3 OP Local planning
Kai initiatives - free food, soup kitchens etc, should be available on a regular basis and funded by the local board. This should be promoted through community grants, so people know that they can apply for such goodwill programmes	Q3 OP Local planning
better accessibility for public transport, espically around Kolmar road	Q3 OP Local planning
Community Capacity building workshops for youths and community groups, esp. co-design local board youth programmes, financial capabilities, better partnerships	Q3 OP Local priorities
the local board should fund celebration of diverse events, for example, Korean, Chinese, Indian, Punjabi, Samoan, Tongan, refugees etc. There should be a diversity policy around funding	Q3 OP Local priorities
Space for programmes for seniors should be made free	Q3 OP Local priorities
Wate Startegy - the iwi's and Mana Whenua have a cultural bond with water and so does other cultures. Our approach to water use should incorporate our cultural element as well. We don't want more rates on water!	Q3 OP Local priorities
Support for sports needs assessment - encourage youth sports!	Q3 PPK Local priorities
Support for Takanini hub	Q3 PPK Local priorities
Support Takanini community hub and library	Q3 PPK Local priorities
I'm not 100% aware of the priories for the local board area in 2019/2020.	Q3 RD Local priorities
Avondale is on a flood plain and the racecourse is a dam	Q3 WH Local planning
(missing in Whau) Bus service has gone from 1/2 hour to 1 hour	Q3 WH Local planning
(Enjoy doing this in the area) live safe	Q3 WH Local priorities
(missing in area) a carpark without broken glass + rubbish. Having the car park in the old 3 guys area is great for parking when catching a train but unfortunately I have had punctures from the broken glass (Avondale)	Q3 WH Local priorities
Fully support halls going to community groups for management i.e. Surfdale. Rangihoua SPMP is very important. Little Oneroa has been going on too long, lots of other areas experiencing similar issues. Should have been done years ago. Housing - isn't enough for tradesmen etc. Affordability. Onetangi beach has a lot of vacant houses - number of long term residents are dropping.	Q3 WHK Local priorities
Capex - toilet provision - more money to be spent on them. Obviously needs doing particulary in Ostend where there are no public toilets. Cleaner does a great job. Ostend Domain is just coming good now. Managed well. With the right people involved shows what can be done.	Q3 WHK Local priorities

Comment	Topic
Am not aware of proposed priorities for Waiheke	Q3 WHK Local priorities
Progress on project on 35 Aripito Road is slow - setting up a residency for writers. Going West has carried out a number of steps that has been required of it. Still convinced it is a viable project. Progress of moving from Panuku to Going West is challenging. System is broken because council processes have policies that prevent it.	Q3 WTK Local priorities
I would like to see a focus on transport in particular how the board can use their transport capital fund to assist on prioritizing safe cycleways and footpaths that link to neighbouring boards - i.e Swanson/Bethells cycle commuters to the North Western cycleway.	Q3 WTK Local priorities
Would the LB understanding and commitment with the attitude that city centre residents chose to live ehre so have to deal with this. Better mainteance on public spaces. Street furniture gets damaged and not repaired	Q3 WTM Local planning
Elle melville - fanastic - would like the lb to drive the efforts to achieve an operations and management plan that prioritises city centre residents. Need support for dense residential areas are prioritised.	Q3 WTM Local planning
Great town centres - Wynyard quarter. Needs to be called a village not town in the LB plan. Acknowledge the difference between villages and town centres - in local board plan. Urbanisation and village scape	Q3 WTM Local planning
Can you explain how you'll make the Ponsonby communities vision for Ponsonby Park a reality and how this will be achieved financially? Will it continue to be community-led?	Q3 WTM Local priorities
What is the cost difference between maintaining parks with agrichemical-free methods vs conventional spray methods. It's better for the environment obviously but what's the cost/benefit analysis?	Q3 WTM Local priorities
Recently eels and kokopu were found in Waiparuru Stream. What will you be doing to protect and enhance this stream following this discovery? Can you talk more about your other stream restoration programmes, how much your allocating to each stream and the rationale for each.	Q3 WTM Local priorities
WLB priorities - Outhwaite playground upgrade - what is happening there. Why is this not a priority. , Support Ponsonby Park initiative , Support the Waipururu stream projects	Q3 WTM Local priorities
Annual budget feedback and Newmarket's priorities for WLB budget. Does not support 254 Ponsonby road - it's a nice to have not a must have. Newmarket has a lack of greenspace and civic space. Elderly gentlemen that fell on roadway - need better infrastructure in public spaces. Teed street crossing danger, Desperately in need for recreation spaces for young people - no recreational space for children and youth, Not enough urgency is put on this need - board needs Need to priorities: 2. Youth recreation facility 3. Action and delivery on enhancements at station square. Needs sofeting, grass, areas to sit etc. Wishlist project - support and resources to continue the roll out of streetscape projects as in the laneways masterplan. Include Kent and York Street. Supportive of the 30km speed limit in roadway Need more than traffic calming mechanisms - level of traffic increasing.	Q3 WTM Local priorities
Would love green streetscapes and planters - and make it look more village friendly. Happy to invest in the retail streetscape. Want support from Council and placemaking. No feedback coming back from Sandy in AT when emails go through.	Q3 WTM Local priorities
Yes	Rates remission replacement scheme
We need higher rates and less flexibility to punish those imperialists who work and produce income.	Rates remission replacement scheme
A kaupapa Maori approach is needed	Rating policy
The fact that rates are going up when Auckland Council are still building houses – when they should be focusing on living cost decrease.	Rating policy
Auckland property prices have gone up	Rating policy
HNZ also pay rates – gov pays rates but not hnz tenants	Rating policy
Private home owners do pay rates.	Rating policy
The increase in Mangere might be a bit more because of the 're-evaluation' effect. The areas that went up first were the properties in the city and slowly had a ripple affect on those on the outskirts of central auckland (where the proprieties first started going up).	Rating policy
Do not support increase in rates	Rating policy
Keeping rates cost down as already to high for young families like my self.	Rating policy
its a crock of s**t that if your house is worth more (usually because you work harder than others) that you pay more rates - it should be size related. Just because you work harder than some shouldn't mean you pay more.	Rating policy
What have you done to decrease costs and work efficiently? What other options have you explored to keep costs down	Rating policy
Please reduce your annual salary bill as promised when Phil Goff campaigned for Mayor and leave the rates as they are.	Rating policy
Higher rates mean higher rents.	Rating policy
HOw much is the total increase?	Rating policy
I want the Rodney Local Board to continue to fund Kumeu Arts Centre.	RD Local community services
We want to have the same facilities as at Rautawhiri Park, for Wellsford Centennial Park. E.g. new surfaces on hard courts, lighting, perimeter path	RD Local parks, sport & recreation
Western Springs Speedway - keep it open	Regional arts, culture & events
events, free pools, services provided, free internet out in communities	Regional arts, culture & events
Supports incorporation of mm into the strategy, but notes the inclusion of mataawaka. Matauranga maori / ngati whatua world view is place based which is different to a te ao maori approach. Gives opportunity for reciprocal exchange.	Regional arts, culture & events
Impact of feedback the positive impact – opportunity that must take and get an audience similar to this with international shareholders	Regional arts, culture & events

Water is too expensive. Clean water for houses. Rubbish fee expensive. Free lunch for kids at school.	Regional community services
Free lunch for kids at school.	Regional community services
Water is too expensive. Lunch for kids at school free. Clean water for houses. Transport expensive (bus, trains). Rubbish (free collection)	Regional community services
Community Centre - Mangere East needs concerted effort for development as current facility has been operating @maximum capacity for another of years and is not meeting demand for community, community education and skills provision. There is huge potential for innovative multipurpose designed facility to be constructed based on past 20 years of operation and associated learning and insights - lets take up the challenge!! now!	Regional community services
St Mary's Bay water project, in light of a change in the fundamental purpose of the project. Seek the boards support on the ST Marys Bay/ Masefield beach water project. Endorse recent AC /Watercare decision to seperate sewage and stormwater pipes - provide a budget for separation. Withdrawal or suspension of budget for the project pending review. Progress: decision to separate (end February 2019) Potential to achieve in similar timeframe and at similar cost, But tunnel still proposed - an additional \$44 million. This ignores potential \$millions of savings and retains adverse construction effects. Recognize that the decision to separate has changed the St Mary's Bay/Masefield Beach project fundamentally: The reason for the big storage pipe has gone, Change must call for (independent) review of need for, and reconsideration of expenditure on, the tunnel , Existing mechanism - the Western Isthmus programme, Opportunity to make this a Council/community collaboration – valuable precedent, Unanimous support for separation and stopping the tunnel , Change the decision and the change of the project must call for an independent review of the need of the tunnel. Western Isthmus programme is an existing mechanism to address this. Clear issue - do we build a tunnel or do we sperate it. Now the decision has been made to separate it. So surely the tunnel will not be needed. Tunnel is an	Regional Facilities
See support for the central wharf strategy developed - see the ships moved to cooks wharf.	Regional Facilities

Showed temporary road, this has created damage, unnecessary, this has never been used as a base for maintenance work.	Roads and footpaths - existing
Sharon Stewart: the temporary road prior to this, was this grass and when it was, it wasn't a problem? - it was grass right up to the foot of the pathway - showed picture.	Roads and footpaths - existing
Puriri Bay Road and Schooner Bay Road needs maintenance and repair. The pot holes on Puriri Bay Road are terrible and corrugations on Schooner Bay Road are really bad. Safety is a big concern. This needs to be addressed urgently. There was a petition by the roads users a while ago. Please don't forget about it and please can this be fixed.	Roads and footpaths - existing
Get Puriri Bay Road & Schooner Bay Road sealed. Get it sealed and get it sorted. Will take too long to look at future fixes and needs to be fixed now	Roads and footpaths - existing
There are four slips along Puriri Bay Road that need to be fixed. The one opposite Tipi and Bobs is so bad the road itself has become compromised and is now subsiding. Really urgent	Roads and footpaths - existing

Comment	Topic
The dust along Puriri Bay Road is unbearable - it gets into the water and onto all the tables. A health and safety hazard. Especially when people are walking along the road. The road is the busiest it's ever been. Lots of traffic even at night	Roads and footpaths - existing
How real is a long term fix for Puriri Bay Road? I would like the Puriri Bay Road fixed now (ie, before a long term non-coastal solution). Coastal erosion is a concern but surely the cost of putting in a new road would be way more than repairing the existing road, and take a long period of time when we need a repair job now while you are looking at the long term fix. Use to be able to sit in the middle of the road and have a party all day long and get maybe 3 cars but now the traffic count is really high - it's getting quite urgent for that fix.	Roads and footpaths - existing
Get Puriri Bay Road and Schooner Bay Road sealed. 'Don't cater to the tourist - should cater to the ratepayers first'	Roads and footpaths - existing
Puriri Bay Road should be sealed as it's wearing out the back tyres of my car	Roads and footpaths - existing
Tar seal Puriri Bay Road	Roads and footpaths - existing
All the other roads (except Puriri Bay Road & Schooner Bay Road) are fantastic	Roads and footpaths - existing
Puriri Bay Road and Schooner Bay Road need sealing	Roads and footpaths - existing
I would like to see Puriri Bay Road sealed	Roads and footpaths - existing
I would like to see Puriri Bay Road sealed as I have an accommodation business at the other end of the road so big concern	Roads and footpaths - existing
I would like seal for Puriri Bay Road and Schooner Bay Road. Do what can be done immediately because the pot holes can be a real concern when it's wet and the corrugations along Schooner Bay Road are bad.	Roads and footpaths - existing
Address the slips and seal Puriri Bay Road. We can't wait for future solutions, need to repair it now. AT need to talk to the locals about what the road use to be like and what it could be like. AT should consult with us.	Roads and footpaths - existing
A request for Orama road to be looked at. There are lots of accidents on this road and I have lots of photos from over the years. The road needs to be widened in places, have passing lanes and mirrors installed on the blind corners. The road is used by the school bus, by visiting school kids and families. The road has high usage as Orama has 20,000 bed nights a year	Roads and footpaths - existing
Turning onto East Coast Road from Glenvar Road is a nightmare. Very unsafe.	Roads and footpaths - existing
Please complete central cycleway network. Strong support for local residents to build and expand on cycling network. Partly completed cycleway.	Roads and footpaths - existing
Footpath at heard park needs to be urgently repaired	Roads and footpaths - existing
The recent resurfacing of roads in Sandringham have made a mess of the road. There was nothing wrong with the road of Arabi St, Patterson St, and nearby streets but Auckland Transport still came in and resurfaced these roads. Now the road has unsealed gravel and it poses a danger to pedestrians walking on the footpath. The seal flies off and damages the cars. This shoddy work must be rectified by AT.	Roads and footpaths - existing
Traffic and traffic management remain huge issues. I note that getting anywhere in Auckland is a trial and often roadworks have not been adequately planned so areas where work is being done overlap causing greater congestion instead of solving an issue. On the North shore, our bus lane is still a T3 which is inconsistent with other parts of Auckland. Onewa Rd is such that cars can still park down the left hand side in the afternoons which makes accessing the city harder than necessary and at times is extremely dangerous as buses don't have a clear path and often need to change lanes to avoid parked cars	Roads and footpaths - existing

Dynamic laning, needs to start 30 minutes earlier and finish 30 minutes later. Add extra lane to motorway to avoid pinch point at entry to motorway. Need an off ramp between Silverdale and Oteha Valley Road - facing both directions. The turn into New World on Whangaparaoa Rd is a major safety issue and needs looking at.	Roads and footpaths - other
If new road seal project is intending to only go to Akapoua then request it be extended out to girlies grave as a number of people walk the distance of Akapoua to girlies grave and it's a dust nuisance for the walk	Roads and footpaths - other
Representing Beachlands Community Trust, Seeking support/funding to provide recycling and reuse activities and programmes in Beachlands. Presentation attached and submitters also intend to make a written submission	Solid waste services
There are no bins on the island for the 'odd bit' of rubbish. Concerned that tourists will end up dumping rubbish in the bushes as there is no where to put it.	Solid waste services
Need a rubbish bin at the airport	Solid waste services
I like that waste minimisation is treated seriously by council and that they are working closely with other community groups in this space	Solid waste services
Happy with everything...except bring back our dump stations. Dogs get into the yellow bins	Solid waste services
Bring back the rubbish dump stations at the airport. And the rubbish bins at the beaches as I walk along the beach with the dog (on a leash) and there is lots of little bits of litter around	Solid waste services
Saddened by the loss of the dump station bins. The yellow bins are an eyesore and they lie around the roadside for ages. Lots of additional rubbish being left on the roadside too. There was a lack of consultation about the change to the waste service and it feels like a step backwards	Solid waste services
Lots of rubbish left lying around by visitors. Being dumped in the rental cars and being dumped at the airport bins (to overflowing). The wharf bins are also overflowing. This needs to be addressed	Solid waste services
The rubbish fix for the island needs to be a bespoke solution and can't be an Auckland model imposed here.	Solid waste services
Rubbish is a concern. Council should support innovation. Barrier could be a place to trial innovations. For example, the recycling and reuse of tyres and plastics in roading materials. It's a concern that we are doing the 'right thing' by recycling and separating our plastics but in the end it goes to the dump and is buried. We need to have long term solutions. It maybe high costs to start but in the long term it will be good for 'savings', good for the planet and maybe even local employment (ie, the innovative trials)	Solid waste services
More recycling bins at community e.g. Parks, towncentres, supermarkets	Solid waste services
Rubbish Collection	Solid waste services
Rubbish	Solid waste services
Should be easy \$150 time enforced on the idiots who are still throwing plastics and metals/aluminium cans into the red organic collection bins. Do employ an extra inspector to 1. check the red bin and 2. since trucks R computerised fine the address Nbr!	Solid waste services
Rubbish (free collection)	Solid waste services
Street cleaning in Auckland city and suburbs, particularly Sth. Auckland is abysmal. Rubbish dumping has been lessened slightly to what it was. Yes. Auckland City Council pays handsomely to attend to above, so where is the money going? Over-inflated councillor salaries and perks.	Solid waste services
What we experience is that where there is only one house on one section and then the council gives consent to build two other houses using the same water infrastructure - it cannot cope with three houses all at once	Spatial, strategic & infrastructure planning
House is not current tenanted, it is unsafe, it will be damp over winter. The habital space within the house is healthy. Foundation is fine and can sustain workers who would provide upgrades. Other foundational work is not a requirement to get a lease, it will be done at a later stage.	Spatial, strategic & infrastructure planning
Want to know how the auditing process works - understand that council will work with industry and homeowners to improve standards	Spatial, strategic & infrastructure planning
Building in rural areas is not good - more cars on the road	Spatial, strategic & infrastructure planning
General unhappiness with state of Auckland: governance pollution, lack of green spaces, housing standards, public transport, Auckland airport	Spatial, strategic & infrastructure planning
30,000 new houses between Parakai and Kumeu! This will change the water table - suburban developments change where the water table runs into the aquifers...	Spatial, strategic & infrastructure planning
Pay for what you've started first - bike lanes, intercept tunnel railway, CRL	Spatial, strategic & infrastructure planning
7.2. notes opportunity to have people engaged in governance conversation	Spatial, strategic & infrastructure planning
the opportunity is having people engaged, any amount of legal advice is not going to cut it – the opportunity the water discussion presents us is the Auckland context	Spatial, strategic & infrastructure planning
Stop allowing building to be built in Devonport, Bayswater, and Belmont, buildings should be built in the City	Spatial, strategic & infrastructure planning
being fair to all as per my question 1. More boating facilities - ramps, parking etc Slow the ferrys down - bloody dangerous for small vessels in the harbour - everyone else has to slow to 12knots	Spatial, strategic & infrastructure planning
High rented property in Auckland. In my family only one person is doing job which is not enough.	Spatial, strategic & infrastructure planning
High rent cost	Spatial, strategic & infrastructure planning
I need playland in my area	Spatial, strategic & infrastructure planning
Property rates are very high and also rented property very expences. It is hard when one person in family who is working and no other help to financialy	Spatial, strategic & infrastructure planning
Struggling for finding Job (Due to English language)	Spatial, strategic & infrastructure planning
No good kindergarden in Panmure area. (Free 20 hours one)	Spatial, strategic & infrastructure planning

Comment	Topic
I don't think that Titirangi & Hunua dams will be enough with all the extra ppl incoming to AKLD region!!! Note drought this structure please, remember we nationed water	Spatial, strategic & infrastructure planning
We need parks,...scheme for parking	Spatial, strategic & infrastructure planning
I'm just a bit concerned about area around schools. The roundabout at Blockhouse Bay (Donovan st, Blockhouse Bay, etc) that close to Countdown is really busy, have lots roads into one roundabout. While a lot of kids walking to and from school to that area, and there is only one traffic light there. Can we think more safe things for kids to walk around it? Recently, we heard about few stranger-dangers toward school kids around Blockhouse Bay. I really hope that sorted out, because we really don't feel safe for our kids anymore.	Spatial, strategic & infrastructure planning
Too much car parking in the street.	Spatial, strategic & infrastructure planning
Night time, some streets are so dark. I hope make more streetlight and feeling more safe.	Spatial, strategic & infrastructure planning
Light. Petrol.	Spatial, strategic & infrastructure planning
The waste and storm water system is really old and there are so many new developments and high intensity building in some areas - the system can't cope. We think the council needs to be more careful about the consents it gives out	Stormwater
Disappointed to read in Healthy Waters newsletter after storm, drains have been cleared but can't see any evidence of this happening.	Stormwater
Showed flooding and bogs created by flooding.	Stormwater
Any thoughts on moving Stormwater to Watercare?	Stormwater
Clean up the water-ways	Stormwater
Love the library. Please increase the size of Albany library	UH Local libraries
Shade sail in Kell Park where fire engine is and water fountain. No sign to flying fox and slide so people don't know where it is	UH Local parks, sport & recreation
The flying fox at Kell Park is too hard to get on for kids. Hard for grandparents to put kids on it.	UH Local parks, sport & recreation
Overarching transport priority is walking and cycling safety on the roads.	Walking and cycling improvements
Road accidents for cyclists and pedestrians becoming too common.	Walking and cycling improvements
Pendulum needs to swing back towards safety of pedestrians, parents, children.	Walking and cycling improvements
We need people to be walking and cycling, need roads to be safer for them.	Walking and cycling improvements
School childrens currently not doing enough walking and cycling but roads need to be safer for this	Walking and cycling improvements
Cycling proficiency not a priority here like in UK or Europe.	Walking and cycling improvements
Lots of cyclists drive, not many drivers cycle, results in lack of empathy.	Walking and cycling improvements
E-powered bikes mean cyclists going much faster.	Walking and cycling improvements
Remuera children will never be able to cycle to school due to volume of traffic.	Walking and cycling improvements
Ridge Park Long Bay - no pedestrian crossings to cross road to get to the park. Te Oneroa Road is quite busy	Walking and cycling improvements
I would like to see a focus on transport in particular how the board can use their transport capital fund to assist on prioritizing safe cycleways and footpaths that link to neighbouring boards - i.e Swanson/Bethells cycle commuters to the North Western cycleway.	Walking and cycling improvements
The waste and storm water system is really old and there are so many new developments and high intensity building in some areas - the system can't cope. We think the council needs to be more careful about the consents it gives out	Wastewater
Why spend millions on waste water when the man and shovel clearing the drains regularly meant the streets and drains did not get clogged. Start at basics, not the expensive reticulation	Wastewater
Water - smart meters on water usage i.e. like power companies, this would enable people to have more informed control over their usage.	Water supply
Catch water off drain	Water supply
More taps for drinking water	Water supply
More water fountains	Water supply
Supply the drinking water in separate tap so the other use water o need to purify.	Water supply
Clean water for houses.	Water supply
A big NO to the waterfront stadium	Waterfront development
(Improve visibility of local board) have a [community] picnic	WH Local arts, culture & events
(improve visibility of local board) come out and meet the groups and people around the community	WH Local arts, culture & events
(Enjoy doing this in the area) Attend 60s up club in New Lynn	WH Local community services
(Missing in area) swim in salt water pool, less chemical, eco friendly, mineral and trace element enhancement for the body	WH Local community services
(enjoy in area) walk on the boardwalks. Visit local shops	WH Local community services
(missing in area) A decent pub!!!	WH Local economic development
(Missing in area) robust legislation regarding poison usage	WH Local environmental management
(improve visibility of local board) use the power you have by forcing large organisations e.g. housing corp, to ban use of domestic poisons with their properties, therefore improving 'water quality' from runoff	WH Local environmental management
(missing in area) some visual improvement.	WH Local environmental management
(missing in whau) please improve footpaths avondale. Terrible mess, dangerous.	WH Local environmental management
(Improve visibility of local board) answer phone calls - msg please	WH Local governance & support
(missing in area) compassionate ears	WH Local governance & support
(improve visibility of board) more functions + advertising in the western leader	WH Local governance & support
(Missing in area) swimming pool	WH Local parks, sport & recreation
Explore option for pool of 'saltwater' (i.e. Parnell) as more ecofriendly than chloride saturated pool	WH Local parks, sport & recreation

Comment	Topic
(enjoy doing in area) venue for our whau walking samoan avondale.	WH Local parks, sport & recreation
(missing in area) swimming pool for our community in avondale. Community hub. Community hall	WH Local parks, sport & recreation
(Missing in area) delivery of the western leader (Kelwyn Road)	WH Other comment
Going West has carried out a number of steps including procuring quotes and applying for consent.	WTK Local governance & support
Local board and staff are good and supportive of the Trust	WTK Local governance & support
General concern about natural environment - including Waitakere Tracks, intensification of housing, rubbish dumping etc.	WTK Local parks, sport & recreation
We spoke with a number of people about the water strategy and board plans, didn't receive feedback as such but promoted our work and sponsored projects	WTK Other comment
I'm really interested in your thoughts on environment - what else do you have planned around protecting, preserving and cleaning up our community?	WTM Local environmental management
Decentralised local composting hubs Zero net carbon omissions. Have to efficiently sequester the soil Would like to do composting in Ponsonby - local OMG. For all of the restaurants in Ponsonby Road. The business association asked to have composting on 254 Ponsonby Road. Keen to get that incorporated on the design. Can the boxes get in there while its still a car park? Board keen on decentralizing composting. Could a recycling centre be another option for WLB over at western springs? <u>Optimum solution is to do the composting where you grow your food</u> Local living compost hubs	WTM Local environmental management
Having my streets cleaned. Having the trees cut. Having the drains unblocked in the roads on a weekly basis. Treetops trimmed everywhere.	WTM Local environmental management
Having my streets cleaned. Having the trees cut. Having the drains unblocked in the roads on a weekly basis. New footpaths in Herne Bay. Treetops trimmed everywhere.	WTM Local environmental management
Need moral support and want to be in the centre of the boards strategy	WTK Local governance & support
Streetscape upgrade – Council has committed to this but community has not seen the plans.	WTK Local governance & support
What is the collective legacy that you are going to leave for Parnell - hold them to account. Going to pushing for line items in the work programme. Wants to see more projects for the Parnell business association in the 19/20 work programme	WTK Local governance & support
Support more funding for city centre community events,	WTK Local governance & support
No Spraying in September, October or November - Save the bees!	WTK Local parks, sport & recreation
Lives in Mahuru Crescent raised a range of concerns about cleaning of the park and streets, drug taking and genera issues with being an apartment resident.	WTK Local parks, sport & recreation
Need for play equipment for under 7 year olds at Newmarket Park	WTK Local parks, sport & recreation
Need for benches in the Domain in locations where it is convenient to drop off elderly people and her concern about the lack of footpaths/ped safety in the Domain	WTK Local parks, sport & recreation
KIDS PLAYGROUND IN NEWMARKET PARK	WTK Local parks, sport & recreation
Urban amenity and placemaking needs more love from everyone	WTK Local parks, sport & recreation
Playspace activations have gone really well at station square. Need somewhere that kids can use recreationally after school and for families etc.	WTK Local parks, sport & recreation
Pt Resolution Reserve - hardscaping has been the focus - there has been no landscaping. No effort has been made to remove the weeds. Professional landscaper needs to come up with a landscaping plan. Why is Pt Resolution/Tararua deemed a second class citizen when it comes to capitalising on it's world class location	WTK Local parks, sport & recreation
Request an amount be set aside for Pt Resolution improvements. Adriana - pt resolution is huge for traffic going through there. Is dog off leash. Is there appetite in parnell for community garden? Yes - scarborough reserve. Pt Resolution - opportunities to tell stories in the area. (Heritage) Waipapa stream regeneratin - not a lot of money but huge \$\$ goes in and out. Could do with more budget for the planting to be done there this year.	WTK Local parks, sport & recreation
Street furniture and \$\$\$ spent in Heard Park	WTK Local parks, sport & recreation
Swings seem to be getting flimsier and the bucket swings seem to be being replaced with those with chains which are no good for small kids.	WTK Local parks, sport & recreation
Western park and Cox's bay playgrounds great for little kids!	WTK Local parks, sport & recreation
Western Springs joint management plan with the community	WTK Other comment
Support council family wide effort in the implementation of the amenities plan. Support efforts to make the streets safer	WTK Other comment
