CLEN DON PRIDE PROJECT
OUR VISION:

To create a healthy and connected community where whanau feel a sense of belonging with their environment and want to put down roots in Clendon and contribute back to the community.

To create a sense of environmental pride in the heart of the shopping centre and wider community. Health and wellbeing is underpinning all aspects of environmental; social; economic and cultural impacts and activations. These activations are informed from community hopes and dreams for themselves, whanau and the community of Clendon.
WHY DOES CLENDON PRIDE PROJECT EXIST?

To create a connected community where people feel empowered to become local champions and take a stand for their whanau and wider community.

To reignite the social contract—the kaupapa of how we are going to live, work, learn and play in our community.

To transform Clendon in partnership with the community

To create a safe and inclusive community

To challenge inter-generational dysfunction using a model of community connectedness, belonging, individual empowerment and pride.
WHO IS CLENDON PRIDE PROJECT SERVING?

Direct community of Clendon and wider community of Manurewa

People who work, play, learn and live in Clendon

Voice of the community, they have lost their voice

Community focused

The Clendon Pride Project Community House

Partnership; MBCT, Talking Trash, NPT, Local Board, Manurewa Marae, CMDHB, Plunket etc.
DEMOGRAPHICS

The Clendon community has high rates of deprivation and low socioeconomic status.

The median income in 2013 was $24,700 per year which is below the national average of $28,500 (Statistics New Zealand, 2013).

Data from 2013 also demonstrated that 28% of all residents aged 15 and over had no formal education, higher than the national average of 17% (Auckland Council, 2016).

A general mistrust exists between the community and volunteers and healthcare providers.

HOW DO WE DO THIS? - COLLABORATION

Work collaboratively with partners (including local support services and agencies) to develop and deliver community programmes at 60 Maplesden Drive which support local community to build individual capacity and community cohesion.

WE WERE INVITED TO PRESENT TO THE CLENDON DEPARTMENT OF SOCIAL DEVELOPMENT IN DECEMBER 2018 WE ARE WORKING ON A LONG TERM RELATIONSHIP ASSISTING BENEFICIARIES ON THEIR JOURNEY TO SELF BETTERMENT AND EMPLOYMENT.

WE HAVE ALSO BUILT GOOD RELATIONSHIPS WITH Z ENERGY AIGA AND PAK N SAVE AND THEY STOCK UP THE PATAKA KAI WITH FOOD AND WE GET DONATIONS FROM CMDHB AND THEIR CONTACTS FOR FEMALE CARE PRODUCTS.
HOW DO WE DO THIS? - PROMOTIONS

We engage with the community through the Clendon Pride Project Community House. We have a free opportunity shop for whanau in need and our Volunteers run set services and programmes from the house...
HOW DO WE DO THIS? - PROMOTIONS

We have other providers and partnerships that deliver workshops and programmes from the Clendon Pride Project Community House...

Item 8.1
HOW DO WE DO THIS? – BY INFORMING

Our two facebook pages are still our main delivery of information to the community…
HOW DO WE DO THIS? – SUPPORTING

We have a Pataka kai outside the community house which is supported by our local Clendon Pak n Save & Z Aiga. Our own community gardens that are supported by our local Lions club and harvested by our amazing volunteers…this all goes back into the community.
HOW DO WE DO THIS? - PROVIDING

Kai from Sai comes to the Community house every Friday night and provides 180+ free meals to the community. We applied for Christmas box 2018 which was gifted to 50 whanau in need.
We work with our local churches & organisations to love on whanau homes and made veggie gardens for larger whanau

Item 8.1
HOW DO WE DO THIS?
GROWING TO SUIT OUR COMMUNITIES NEEDS

One of our core programmes that we have been developing over the last year is **Community Mentoring**. When people come in and indicate have a need for specific support they complete a registration of interest form.

From there they identify the areas they feel they require the most immediate support.

A Community Mentor then works one on one with the community member to set up a plan that connects them with all of the support required in a timely manner. The Community Mentor is a people weaver and connector, they walk alongside the community member offering support, hope and guidance on their journey of personal growth.
HOW DO WE DO THIS?
GROWING TO SUIT OUR COMMUNITIES NEEDS

Melissa has been the main Community Mentor at this stage and has been developing other volunteers through the volunteers training programme so they can be trained and confident as Community Mentors.

So far volunteers have attended trainings with Peter Thorburn on

Motivational Interviewing and Synthetics, Cannabanoids and AOD. We have a different training once a month to build capacity in our volunteers the next training is Methamphetamine signs, symptoms and interventions.

The volunteers have also been through a training with Kaye Dennison from CMDHB on the Hauora Kete which is our community ‘bible’ for first responders.

Darcelle has been spreading her wings with Community Mentoring and soon she will be taking some of the Community Members pathways under her to manage and support their progress.

We currently have 35 individuals all receiving Community Mentoring, all on different pathways and all being personally accountable for the overall success of their own journey with the support of The Clendon Pride Project.
We have also set up a programme of professional development this year for our volunteers.

This training has been developed by Melissa and Jordyn from CAYAD to upskill and develop our volunteers so they are well equipped as first responders at the community house to the varied and complex needs within our community from identifying and responding to child abuse and family violence.
OUR VOLUNTEERS - KAITIAKI

POLLY EDWARDS

I have lived at my address 119 Maplesden Drive Clendon Park for 27 years, at the moment I am a nana of 32 grandchilren and 1 great. I am a computer facilitator for family connect 20/20 which I teach basic computers at 60 Maplesden Drive Clendon Park. I am also a volunteer who has the passion to help and heal our community and families.

I got involved with Clendon Pride Project last year as my house got burglarised and I was looking for support and help, the burglar took everything. I was working at the time of the break in, I am a very independant woman but during that time I was gutted after a hard days work trying to secure my future for me and my grandchildren. I went to the Finlayson Marae they just turned me away, I was hurting inside when they gave me no help or support so like a trooper I carried on to home and while I was walking home I met a lovely lady, she asked are you okay, I told her my situation, she replied go to 60 Maplesden Drive and that is where I met this lovely lady Melissa, told her about my situation, when I sat down to talk to her I felt warm and caring wairua coming from her, she said she will help me any way she can, I told her I'll go to work hard-core for a couple of weeks to buy most of the big furniture, I just asked her to help with the little stuff like cutlery, plates, cups and pots. So with all their help they gave to me and my mokos I decided to give some of my time volunteering for Clendon Pride Project fulfilling my passion helping out the community and families and giving back to Clendon Pride Project. My journey with the Clendon Pride Project has been lovely as I am working alongside two lovely ladies whose names are Melissa Atama and Darcelle Bell, they have put awesome pieces to my life-time puzzle of success, I believe they are angels of mercy and aroha, we need more ladies like them in the community so without Clendon Pride and those two lovely ladies I wouldn’t feel so whole and mended so thank you ladies.

I would describe Clendon Pride in this sentence; It is very supportive and inspirational place, heaps of aroha but it would not be anything without the two angels of mercy. They will give anyone hope and the greatest feeling of not being judged, being treated fairly and honestly no matter how tough your life is and be able to put you on the right path of recovery and healing, giving you that sustainability to carry on with your lives in the proper manner, keeping your journey of success on the right track.
OUR VOLUNTEERS - KAITIAKI

KAYLA REIHANA

“I have a serious passion to help our people. I see suffering and how our addictions come before anything else, it’s divided our people, many are forgetting why we are here, when we should be creating it for our children and they need to look at us as role models. Parents are stuck in drugs and alcohol, domestic violence, its in all our backyards and we are all affected as neighbours. Put people in a shitty house, they will stay in that place... your environment shapes you... Manurewa is a lost space with no connection to the land, we treat it like shit and raise our children on it...

I first connected with Clendon Pride Project at the bi-lingual hikoi... I am fascinated by anyone who embraces te reo. That’s what Melissa did. I don’t know who to look up to, when so many of our people ruin it for those who are doing good stuff for our people, but I saw what this was all about, found her connection and came to the house. I didn’t know this place, but Mel was running the Parenting Programme which I got on and I came back and kept coming back...

At the time I was really struggling with the kids, their dad was violent and I had to call the police to our home, but they came with no information, no decent support, so I brought it to Mel and she worked with Police to help create fliers for them with accurate numbers on it for times of crisis, you know, who to ring. They are first to be called and they need the right information to give to people to get the proper support... Clendon Pride Project have been my first point of call...

I then did the computer course, it helped me do the simple things with my kids, out of that I saw things going on that were helping our disadvantaged people and I felt like, I can hold hands here and put things right... I’ve been on a personal journey learning about Maramataka where there are some days that are better to do certain things than other days. Like, high energy or low energy days, when’s a good time to fish or plant, have meetings, sort stuff out. I’m into relating it to health, mental health, suicide prevention, which is massive for our people.

So, I am growing my Maramataka journey every Wednesday at the house, anyone welcome, I created my dial and work with the energies of that day to shape the kaupapa of the class and just be together with people here learning and doing... Oturu was the day we started the tyre seats... We do the gardening, based on the days and what’s best to do. We collaborate with Whenua Warrior and she educates us about the whenua, rangi, moana, food, the ground, what to grow and eat and when. We shouldn’t have to starve, but we need educating around these things. Its all about the cycle of working, harvesting and putting it in the patake...
OUR VOLUNTEERS - KAITIAKI

VALENTINE HALA

I am a mother of 5, born and bred in South Auckland I currently reside in Clendon, Im Cookisland, Tahitian, Tongan, Niuean, Im 33 years of age while others think im 25 lol Im a recovering alcoholic and find exercise as my way of releasing all that negative energy, stress that takes me back to the drink, My Family and my faith are very important to me, helps me in my everyday life by refilling my love tank when its running on E, I love my community i think that we are lucky to have an awesome place to live in and im glad to be apart of an organisation that sees all the positives in our community.

How did I get involved with Clendon Pride Project and what has my journey with the project looked like?

I believe things happen for a reason..Clendon Pride Community House held a free Holiday programme for kids and i wasn’t in a place where i could pay for my kids to attend holiday programmes so i was super keen to get my kids to all free stuff that was in my community, then i had a conversation with mel about goals etc, I agreed for her to be my mentor and she told me that she was running a bootcamp/exercise and i was keen to jump in and lose a few kgs lol then i started running Mums and Bubs (fitness for mums with babies/kids) from that Clendon Pride Community Fit was born, I had my path set on where i wanted to go in the workforce which is The Womens Corrections facility, i just needed help to break a few barriers that were stopping me from getting there and being involved with clendon pride has definitely helped me..Im confident in talking to people, im the fittest ive ever been in along time, I was able to be apart of Clendon Prides 1st round the bays team, Im a current first aider, Ive learnt new parenting skills to help with my kids, Ive made so many awesome friends, it has been so rewarding being apart of an awesome crew!!

Describe Clendon Pride Project in one sentence..........Home away from home
OUR VOLUNTEERS - KAITIAKI

RHONDA TANA

Rhonda is a mother of 2 and grandmother of 3. She is a Whangai mum, so a mum who chooses to love as a mother even though not their biological mother.

Rhonda walked into the community house asking for help with HNZ advocacy.

She went and came back intermittently. She also opened up and shared her struggles of raising her Whangai boys and their challenges as children born as P babies and also them living their early years in abuse and family violence.

Rhonda asked to come on board as a volunteer and at the time I said how about she sign up to our building awesome whānau project. She agreed and was able to open up about some deep hurts in her life, she made connection, she made a new family.

Rhonda now runs the Tool Library at the house she is one of our most diligent and reliable volunteers.

She has sought support for her boys and they are now heavily wrapped around with social workers, specialist interventions and Rhonda is navigating systems to ensure her and her whānau get equal access to health care, education and housing support.

Rhonda is also committed to filling her kete and training as a community mentor so she is able to utilise her lived experience and her kete of new knowledge and experience to help guide and empower others.
OUR VOLUNTEERS - KAITIAKI

LUALUAI ASOLA

I am a 30year old, Samoan. I’m a solo parent with 3 young children who moved to Clendon after my marriage breakdown.

How did I get involved with Clendon Pride Project and what has my journey with the project looked like?

I wanted to become more involved with my community as I was starting my studies at MIT. I have struggled with depression and I felt that connecting more with my community would help me feel more comfortable living in Clendon.

I would walk my children to school and day-care every day and then one day we saw the paintings on the ground. My boys would run excitedly yelling out the names of the pictures they saw, broccoli, apple, banana etc. From that day on I started to notice small positive changes in Clendon, people working in the fruit forest or community vegetable garden then the Clendon pride project appeared on my Facebook newsfeed. I mustered up the courage and signed up to volunteer.

I volunteered my Friday mornings helping out in the ‘whare tautoko’ which for a struggling student also helped me clothe my 3 growing children for both summer and winter. From then on I attended the many workshops that were held to increase my awareness and confidence. From my time volunteering with the Clendon pride project at the community house I saw a great need for someone in my community with my future qualifications (a counsellor). By being on the frontline I witnessed first-hand the social issues affecting our communities and this has driven my passion for helping our vulnerable families like mine even more.

Clendon Pride Project is the heart of the Clendon community where you’re always welcome to sit and have cup of coffee.

Thank you for helping us to help...  

- **250 whanau** through having Whare Tautoko operating successfully.
- **Having the community house open for workshops and engagements with external stakeholders** we have had over 3,300 people through our doors over the last two years. Providing Manaakitanga through kai and refreshments as relationships and Whanaungatanga is everything in our community.
- **We have been able to get shirts made for our volunteers and add to their kete through professional development** so they are empowered to help our community with confidence and integrity. You have helped us be able to do this successfully through the volunteers budget.
- **Run successful events for the community that have fostered connection, identity and belonging.**
- **Like our community house Open Day 2018, The Clendon Basketball activation, The Bilingual Hikoi 2018 and 2019 and we have more on the horizon!**
- **Your support has meant an increase in hours for our Clendon Pride Project Director and Clendon Pride Project Lead design and Administrator adding to the overall impact and value of the project.** We have been very busy developing programming, collaborating with stakeholders in the community, improving systems and processes for the community house and organisation. Operating the house and managing our volunteers, tracking all expenditure. Meeting and presenting to potential funders, organising and running events. Mentoring our community and being first responders. Developing our volunteers, managing budgets, accountability reporting, design for all promos, social media management, exploring new opportunities and setting up Clendon Pride project as our new entity moving forward "The Pride Project" which we hope to have up and running by mid 2019.
- **We are also about to branch off next term trialling a Haurua hub within Weymouth Primary School.** We have applied for funding with the school through the DIA for this project which will provide a first response hub to the community covering the needs identified from insight gathering with the community of the school. Themes at this stage are parenting education, drug and alcohol support, housing advocacy, budgeting and a coffee group.
