Hi Grant,

Waiheke Coastguard are going through the process with Waiheke council and AT to sort out a safer berth for the Coastguard vessel.

At present the removal of the old wharf pylons, which were part of our mooring system, has been remedied by a temporary solution.

Longer term, during the main wharf upgrade, we are going through the process with Council and AT, of putting in a safer ramp and pontoon to replace the old ladder access.

If you would like more information, or someone to come to your meeting, please ask.

Dear Waiheke Coastguard,

Do you have any matters relating to your operation that need extra highlighting with the Waiheke Local Board ?

I am the maritime representative on the recently formed Transport Forum - i'm a yachtsman, charter boat operator and as Commodore of Waiheke Boating club i'm in a good position to understand any challenges you face with topics such as wharf infrastructure etc.

The agenda for our monthly meeting closes on 25th March so if there is anything topical, please contact me prior.

Best Regards,

-

Grant Crawford
