9/3/19 Waiheke Roundtable HYSE	Fully support halls going to community groups for management i.e. Surfdale. Rangihoua SPMP is very important. Little Oneroa has been going on too long, lots of other areas experiencing similar issues. Should have been done years ago. Housing - isn't enough for tradesmen etc. Affordability. Onetangi beach has a lot of vacant houses - number of long term residents are dropping. Capex - toilet provision - more money to be spent on them. Obviously needs doing particularly in Ostend where there are no public toilets. Cleaner does a great job. Ostend Domain is just coming good now. Managed well. With the right people involved shows what can be done.	31.0 Waiheke Local Board	_31.1_Q3 WHK Local priorities	_31.1.3_WHK Priorities - partial
9/3/19 Waiheke Roundtable HYSE	Council Plans don't fit - things aren't lined up. Boards put in there own plans. Doesn't work. Failure - community engagement. Community empowerment doesn't work.	31.0 Waiheke Local Board	_31.1_Q3 WHK Local priorities	_31.1.4_WHK Priorities - other comments
9/3/19 Waiheke Roundtable HYSE	Waste Management - Do not agree with increase - should decrease and put the service back into community.	38.0 Regional planning	_38.7_Other planning	No subtopics
9/3/19 Waiheke Roundtable HYSE	Food scraps - already trialled on Waiheke for 1 year. A grant was issued to a community group and it only lasted a year.	1.0 Q1 Changes to rates and fees	_1.1_Q1 Annual waste management changes	_1.1.2_Changes to rate and fees - Do not support
9/3/19 Waiheke Roundtable HYSE	Religious ratings - should include other not-for-profit organisations regardless if religious or not.	1.0 Q1 Changes to rates and fees	_1.2_Q1 Food scraps targeted rate	_1.2.3_Food scraps targeted rate - Other
9/3/19 Waiheke Roundtable HYSE	Fees and charges - whole thing is bureacractic overcharge.	1.0 Q1 Changes to rates and fees	_1.5_Q1 Religious properties rates	_1.5.3_Religious properties rates - Other
9/3/19 Waiheke Roundtable HYSE	Panuku - Don't manage properties well at all. In favour of disestablishing Panuku & transferring back to council.	1.0 Q1 Changes to rates and fees	_1.6_Q1 Regulatory fees	_1.6.2_Regulatory fees - Do not support
9/3/19 Waiheke Roundtable HYSE	Transport - ferry situation in town. Set up transport groups but stops at Matiatia. One good come back if police want to cut speed more double deckers. AT decisions affect Matiatia. Consult with public again.	2.0 Q2 10YB amendment	_2.1_Q2 10YB amendment - Support	No subtopics
9/3/19 Waiheke Roundtable HYSE	Transport system is a farce. More people are concerned about Transport as a whole than anything else e.g. state of the Hauraki Gulf AT digging up Quay Street - Devonport ferries arriving at Auckland. No new ferry berths - replacing existing, need a further 6. Fullers say too much traffic going in there. Carparking is shocking - meters on main road. Money comes in for this - pile of money which should be come back to the island. Look at whole transport management. Trying to deal with it via downtown reconfiguration. Freight - AT said not their problem which is appalling. Belgium Street - parking spaces not installed for business or public buildings. Onetangi beach parking is horrendous.	36.0 Transport	_36.11_Other transport comments	No subtopics
