### 2. Community Weed Bin 2019/2020 options

**Presenter:** Ruairi Flynn with input from Andrew Nelson (1.30pm-2.30pm)

Presentation discussed the options for the weed bin project for 2019/20.

- **Noted:**
  - Update on the current 2018 programme provided:
    - Bins lined since Oct 18. Overfilling of bins and dumping of inorganics and vegetation at unattended bin sites an issue
    - Overspend due to higher turnover rate for the permanent bins and kauri dieback protocols require the bin is lined,

- **Pros and cons of each Option discussed:**
  - Options 1: Piha and Huia permanent bins. Service delivery issues remain unresolved.
  - Option 2: Piha and Huia run as amnesty bins, two bins for each site, 1 weekend per month. Not within current budget.
  - Option 3: Two bins at Piha and Huia from Nov 19-Apr 2020. No bin service during winter months.
  - Support for educational/engagement community if required.

- **Staff recommendation of Option 3.**

### Actions:

1. To seek clarification on scope for options 1 and 2
2. Further workshop required to discuss options presented
