Statement of Proposal

Auckland Council’s New Policy on Dogs and Dog Management Bylaw
February 2019
1 Have your say

Under the Dog Control Act 1996 (the Act), Auckland Council must adopt a policy on dogs. The Act lists several requirements that the council must include in its policy. The Act also enables the council to make a bylaw to implement aspects of the policy.

Auckland Council last adopted its Auckland Policy on Dogs (the Policy) and Dog Management Bylaw (the Bylaw) in 2012. In November 2018, the Regulatory Committee completed its statutory review of the Policy and Bylaw and agreed that they should be amended. This document highlights the proposed changes to the Policy and Bylaw to ensure they meet the future needs of Auckland.

What Auckland Council does

Public places in Auckland are used for a variety of purposes, including exercising dogs. However, not all people enjoy the company of dogs. We make rules and provide services that aim to better manage dogs in Auckland. We do this through promoting responsible dog ownership, classifying dogs as dangerous or menacing, developing access rules, and taking measures to minimise nuisance caused by dogs, as set out in the Policy and Bylaw.

Improving dog access, while minimising the harm caused by dogs

The council recently reviewed how the current approach to dog management is working. The main changes we propose to make are to:

- reorganise the Policy and Bylaw information into user friendly themes
- remove duplication from the Bylaw, which will also simplify future amendments
- reduce confusion about dog access rules and improve voluntary compliance by:
  - presenting the rules in the schedule in a consistent manner
  - applying a consistent definition of time and season
  - applying consistent rules to multiple dog ownership
- address emerging issues around dog management by:
  - including specific reference to the Code of Welfare
  - extending environmental protection to include flora
  - clarifying delegations and processes for additional designated exercise areas
  - clarifying the enforcement requirement to neuter uncontrolled dogs
  - clarifying the council’s jurisdiction on privately owned public spaces
  - promoting responsible dog ownership amongst owners of dogs classified as ‘menacing’ on the basis of their behaviour
  - reviewing access rules in regional parks.

What is not changing

This review of the current Policy and Bylaw is not intended to change local dog access rules (where dogs are allowed under control on leash, off leash or prohibited areas and designated dog exercise areas). Local dog access rules are determined by local boards.
We want to know what you think

Starting on 1 April through to 10 May 2019, we want you to tell us what you think about the proposed changes to the Auckland Council Policy on Dogs 2012 and Dog Management Bylaw 2012. Please visit www.aucklandcouncil.govt.nz/your-say to find out more information, give your feedback and find out where you can drop in to a ‘Have Your Say’ event.
2 What is the Policy?

Kaupapa mo ngā Kuri 2012 (The Auckland Council Policy on Dogs 2012) sets out the framework for dog management in Auckland. The Policy aims to keep dogs as a positive part of Aucklanders’ lives. This is achieved by maintaining opportunities for dog owners to take their dogs into public places, while adopting measures to minimise the problems caused by dogs.

In adopting a policy, the council must have regard to:

- minimising danger, distress and nuisance to the community generally
- avoiding the inherent danger in allowing dogs to have uncontrolled access to public places that are frequented by children, whether or not accompanied by adults
- enabling, to the extent practicable, the public (including families) to use streets and public amenities without fear of attack or intimidation by dogs
- the exercise and recreational needs of dogs and their owners.

In addition to the above, every policy adopted:

- must identify any land within the district that is:
  - a controlled dog area or open dog area under section 26ZS of the Conservation Act 1987
  - a national park constituted under the National Parks Act 1980
  - Te Urewera, as defined in section 7 of the Te Urewera Act 2014
- may contain other information and advice related to dogs as the territorial authority deems necessary.
3 What is the Bylaw?

- regulates public places where a dog may be taken by its owner and the means of control of the dog
- limits the number of dogs that may be kept on any land or premises
- requires the owner of any dog that defecates in any public place or on land or premises other than that occupied by the owner to immediately remove the faeces
- requires any female dog to be confined but adequately exercised while in season
- requires the owner of any dog (being a dog that, on more than one occasion, has not been kept under control) to neuter it.

The Bylaw does not determine the dog access rules on individual parks, beaches and foreshore areas, as these are contained within the schedules of the Policy. Local dog access rules are determined by the local boards.
4 How we implement the Policy and Bylaw

The council uses a ‘graduated response’ when responding to complaints and concerns surrounding dog management (Figure 1). This means that the types of response and response times will vary depending on the level of risk, seriousness of harm, people’s attitude towards compliance, and what is most practical.

Lower risk issues are first addressed with education, advice, and informal warnings. If this doesn’t work, the council may issue formal warnings. For serious or ongoing bylaw breaches, the council may take enforcement measures such as issuing an infringement notice or prosecuting individuals.

Figure 1: Council’s risk-based, ‘graduated response’ approach

- **Send a message**
  - **Goal:** send a message and increase perception of risk and consequence
  - **Primary tools:**
    - Monitoring
    - Strong, well-targeted enforcement action and communication aimed at making an example
    - Communicate consequences of non-compliance

- **No compromise**
  - **Goal:** to actively identify areas of risk, deter non-compliance, and respond quickly to identified harm.
  - **Primary tools:**
    - Monitoring
    - Strong, well-targeted enforcement action and communication
    - Strong and fast response
    - Communicate consequences of non-compliance

- **Make it easy**
  - **Goal:** make compliance low cost and easy
  - **Primary tools:**
    - Clear, passive (web) communication
    - Easy to use, accessible services

- **Help them out**
  - **Goal:** make it easy to comply and actively monitor risk
  - **Primary tools:**
    - As for ‘Make it easy’ plus
    - Active monitoring or risk areas
    - More active engagement and partnership with regulated parties in higher risk areas

An effective regulatory approach requires both:

- Focusing on the right things – targeting efforts at the areas where there is the greatest risk of potential harm.
- Applying the right approach – selecting the compliance tool based on the attitude and motivation of regulated parties towards compliance.

The matrix to the right shows the approaches that may be required when these two elements are combined.

Effective intelligence gathering, and data analysis is fundamental to inform the focus and approach to take.

within a 12-month period. The removal of classification of the dog is at the discretion of council.
This change is intended to incentivise dog owners to modify their dog’s behaviour and promote-responsible dog ownership.

**Requirement to neuter an uncontrolled dog.**
The proposed bylaw includes an explanatory note to clarify that owners who do not comply with current requirement to neuter their dog, if it is not under control on more than one occasion over a 12-month period, may be subject to an infringement and would still be required to neuter their dog.

**Clarifying intent of owners picking up after their dog.**
Clause 11 of the Bylaw requires owners to immediately pick up after their dog after it defaecates. This section has been reworded to clarify the intent of this clause.

**Amendments to regional parks**
Implement the following:
- a standard time and season definition of 10.00am to 7.00pm from the Saturday of Labour Weekend to 31 March
- a standard lambing season rule to prohibit dogs from 1 July to 1 December
- amend dog access rules to protect wildlife in the following region parks:
  - Glenfern Sanctuary
  - Mumwai Regional Park
  - Long Bay Regional Park
  - Waitakere Ranges Regional Park - Whatipu

What council is proposing for the time and season definition
The purpose of a time and season rule is to minimise the conflict between dogs, their owners and other users of busy public places. The time and season rules does this by prioritising different users at different times of the day (morning, daytime and evening) during the busy summer period.

Local boards are responsible for deciding:
- where a time and season rule applies (location)
- the type of dog access (i.e. prohibited, on-leash, off-leash or designated dog exercise area)
- what the winter time access rule will be.
For example, a local board may decide that a beach is off-leash before 10am, prohibited between 10.00am and 7.00pm and off-leash after 7.00pm.

The previous Policy had the time and season definition of 10.00am to 5.00pm from Saturday of Labour Weekend to 1 March. Local boards have chosen to adopt variations to this definition, which has resulted in thirteen local board variations and only one local board is using the current definition in areas within their local board area.

What we are proposing

The proposed policy is recommending a time and season definition of 10.00am to 7.00pm from Saturday of Labour Weekend to 31 March to be applied to those areas that have been identified by local boards. A standard time and season would make it easier for dog owners to know when and where they can take their dogs and make enforcement easier for Animal Management Officers.

Local beaches, parks or foreshores that apply a time and season rule may have their hours of access changed as a result of this review.

Concerns raised

On 14 February 2019, the Regulatory Committee debated concerns around proposed time and season definition and raised the following issues:

- 7.00pm being too late in the evening
- Whether there is a need for a regionally consistent time and season definition
- Local variation allows for the needs of communities to be met.

Alternative option

The alternative option to having a regionally consistent time and season definition would be to have a default definition in the Policy, and enable local boards to introduce variations to this through the local rules in Schedule 2 of the Policy. Auckland council is also seeking feedback on this alternative option.
How we got here

Decisions leading to the proposed changes

The Local Government Act 2002, requires council to review its bylaws every five years to determine whether they are effective, efficient and still needed.

The Dog Control Act 1996, states that the bylaw and policy must not inconsistent. Therefore, the review of the Policy must precede the review of the Bylaw.

Auckland Council reviewed dog management in the region. Staff have reported these findings and considered its options at meetings in June and September 2018, these are summarised below:

March 2017
REG/2017/16

June 2018
REG/2018/44
Council considers the findings of the effectiveness of the current Policy and Bylaw

August 2018
Local board resolutions included feedback on issues under review.

8 November 2018
REG/2018/78
REG/2018/79
Council considers key issues and options for the regional review and dog access rules in regional parks. Council agrees to amend the current Policy and Bylaw.

5. Microchip your dog
6. Take all reasonable steps to ensure your dog does not cause a nuisance to any other person. Be particularly vigilant near children and closely supervise interaction
7. Keep your dog under control at all times, this may include putting your dog on a leash, or a shortened leash in areas where your dog is likely to ignore commands (even if it is an off-leash or designated dog exercise area)
8. Respect other people's personal space. Public places are for everyone’s enjoyment and not everyone is fond of dogs
9. Ensure your dog cannot leave your property by itself

Owners that do not comply with the above are in breach of the Dog Management Bylaw 2019 and may be subject to an infringement.
Dog Access Principles

Provide a balanced use of public places for dogs and their owners, while minimising the harm caused by dogs

What will Auckland Council do?

1. Provide dog access rules that are comprehensive, consistent and easy to understand and comply with the following approaches:
   (a) Recognise dog owners as legitimate users of public places and dog access is essential for dog welfare
   (b) Provide opportunities for dog owners to take their dog to public places that are accessible, desirable, and provide diversity of experience for both the dog and owner
   (c) Consider access on a comprehensive region-wide basis, as well as a place-by-place basis
   (d) Promote safe interaction between dogs and people using public places and private ways to ensure that dogs do not injure, endanger, intimidate or otherwise cause distress to any person, in particular, children and vulnerable adults
   (e) Manage the conflict between dogs and protected wildlife, stock, poultry, domestic animals, property and natural habitat.

2. Maintain rules on dog access in public places and private ways (see Schedule 1 and 2)
   The types of dog access rules are:
   (a) prohibited area – a place where dogs are not permitted to be, and other users have absolute priority
   (b) on-leash area – a place shared with other users, where dogs must be on a leash and under control at all times
   (c) off-leash area – a place shared with other users, where dogs may be off a leash but must still be under control at all times
   (d) designated dog exercise area – a place where dog owners are the priority user. Dog owners may take their dogs off a leash (including Dangerous Dogs) but they must be under control at all times
   (e) time and season areas – a place shared with other users, where the dog access rules will be different depending on the time of day during the summer season. This is to minimise the conflict between dogs and other users of the space during peak hours.

3. Apply default dog access rules to ensure that there is a rule applied to all public places in Auckland
   (a) Dogs must be under control on-leash in council-controlled public places unless otherwise stated in Schedule 1 and 2. This includes:
i. all formed public roads (including any street, highway, access way, service lane, and any footpath, cycle track, bus stop and berm within the boundaries of the road)
ii. private ways
iii. council-controlled car parks
iv. council-controlled boating areas (including any wharf, jetty, boat ramp, boat marshallling area).

(b) Dogs are prohibited from any public place not under the control of council where rules have not been specified by the person in charge.

4. **Apply the following time and season definition**
   (a) 10.00am to 7.00pm between the Saturday of Labour Weekend and 31 March (summer)

   **Explanatory Note:**
   The relevant authority (local boards or delegated council committee) will decide:
   - where a time and season rule applies (location)
   - the type of dog access (i.e. prohibited, on-leash, off-leash or designated dog exercise area)
   - what the winter time access rule will be.

   For example, a local board may decide that a beach is off-leash before 10am, prohibited between 10.00am and 7.00pm and off-leash after 7.00pm.

5. **Consider the following before making any change to a dog access rule on parks and beaches that would provide more dog access:**
   (a) Identify and assess current and future uses of the place and whether there may be any potential conflicts to ensure the change would not result in any significant risk\(^2\) to any:
   i. person (in particular children or vulnerable adults)
   ii. protected wildlife vulnerable to dogs (in particular ground nesting birds)
   iii. protected flora vulnerable to dogs (in particular kauri dieback)
   iv. stock, poultry, or domestic animal
   v. property (in particular natural habitat and public amenities).

6. **Consider the following before making any change to a dog access rule on parks and beaches that would provide less dog access:**
   (a) Consider whether there are practicable alternative solutions to address the conflict between uses of the place\(^3\)
   (b) Ensure, to the extent that is practicable, that displaced dog owners and their dogs have access to other places or that such access is provided as part of the same decision.

---

\(^2\) Significant risk includes, but is not limited to, injury, danger or distress to people or animals stated, or nuisance to people.

\(^3\) Design and management solutions include fencing, different zones in one place, time-share arrangements, and under control on a leash dog access in relation to considering a change to prohibited dog access.
7. Before making any change or developing a park or beach as a designated dog exercise area, ensure that the –
   (a) matters contained in section 5 above are satisfied
   (b) area is well-located with vehicular and pedestrian access
   (c) area has clearly visible boundaries. This may be achieved through transition zones, vegetation, topography and fencing. Boundary treatment will vary depending on the risks identified
   (d) area is of sufficient size to provide dog owners with adequate space to exercise their dog
   (e) area has sufficient sight lines that enable dog owners to be aware of the presence of other dogs and their owners
   (f) area has adequate signage which clearly specifies the access rule
   (g) provision of dog owner and dog amenities has been considered. Such amenities may include, but are not limited to, seats, bins and bag dispensers for dog faeces, and water stations.

8. Temporary changes to dog access rules
   (a) From time to time, the council may make temporary changes to dog access rules in Schedule 1 and 2 in relation to:
      i. leisure and cultural events (including dog friendly events)
      ii. dog training
      iii. protect wildlife vulnerable to dogs
      iv. protect flora vulnerable to dogs
      v. pest control in any park and/or beach
      vi. other circumstances of a comparative nature.

What does Auckland Council expect of dog owners?

1. The owner of any female dog in season must ensure that dog does not enter or remain in any public place or private way unless:
   (a) that dog is confined in a vehicle or cage for the purposes of transportation;
   (b) the owner of that dog has the permission of the occupier or person controlling the public place and complies with any reasonable conditions imposed

2. Dog owners make reasonable effort to determine and comply with the dog access rule that applies in a park or beach before taking their dog(s) into the area

Additional information:

- Dogs confined in a vehicle or cage are not exempt from prohibited dog access rules. They are exempt from under control on-leash dog access rules.
- Dog access rules in Schedule 1 and 2 do not apply to any working dog (disability assist and police dogs).

What is covered by the Dog Management Bylaw 2019?

- Owners must exercise their dog(s) in locations or ways that are consistent with the dog access rules. This includes ensuring the dog is under control on-leash, off-leash or in a designated dog exercise area as specified.
- Dog owners must ensure that their dog is kept under control in public places or private ways.

Owners that do not comply with the above are in breach of the Dog Management Bylaw 2019 and may be subject to an infringement.
Schedule 1
General dog access rules

Dog access rules below apply and take precedence over a general access rule applied to
the wider area (Schedule 2). For example, if a park (that contains a playground) allows dogs
to be under control on-leash, dogs are prohibited from the playground.

(1) Playgrounds under the control of the council
Dogs are prohibited on any playground at all times and must be under control on a
leash in the vicinity of any playground when in use.

(2) Sports surfaces under the control of the council
Dogs are prohibited on any sports surface at all times and must be kept under control
on a leash in the vicinity of any sports surface when in use, unless the area is
specified in Schedule 2.

(3) Council cemeteries, council camping grounds and council holiday parks
Dogs are prohibited from all other council-controlled cemeteries unless stated in
Schedule 2, unless:
- permission is obtained from an authorised council officer, or
- signage indicates dogs are allowed, provided that the person who is
  accompanying the dog complies with any reasonable conditions imposed by
  the council in relation to the dog.

Camping grounds and holiday parks under the control of the council
Dogs are prohibited from all council-controlled camping grounds and holiday parks
unless:
- permission is obtained from an authorised council officer, or
- signage indicates dogs are allowed, provided that the person who is
  accompanying the dog complies with any reasonable conditions imposed by
  the council in relation to the dog.

(4) Default dog access rules
Unless otherwise stated in Schedule 2 the following default rules apply to:
(a) Dogs must be under control on a leash in all council-controlled public places
where there are no physical restrictions to access (such as fences or other indoor
facilities)
(b) Dogs are prohibited in all council controlled public places with restricted access
(such as fenced sports stadiums, libraries) unless:
   i. permission is obtained from an authorised council officer, or
   ii. there is official council signage which indicates dogs are permitted.
(c) Dogs are prohibited from all other public places not under control of council (such
as cafes, shopping malls, school grounds, non-council cemeteries and urupā)
unless:
   i. permission is obtained from the person in charge of the place, or
   ii. there is signage indicating that dogs are permitted.
(d) Where dog access is permitted under clauses 5(b) or 5(c) dog owners must comply with any reasonable conditions imposed by the council in relation to the dog.

Explanatory Note:
For the avoidance of doubt, areas under co-governance arrangement, such as the Tūpuna Maunga o Tāmaki Makaurau Authority are not council-controlled public places. Subject to clause (c) to (d) above unless they are specifically listed in Schedule 2.
