ANY QUESTIONS?
Multi-faith Forum on Safety, Security and Wellbeing
Rohan Jaduram, Senior Resilience & Diverse Communities Advisor
Hemi Pirihi Kaiwhakarite Human Rights Commission – Opening Karakia
Inspector Rakesh Naidoo speaking with Victim Support Expo Staff
New Zealand Security Association Workshop
“I have shared information with other faith leaders around the country, so hopefully those looking for solutions to these issues will be helped”

“That Council are willing to work with property owners to make the process of providing consent for changes to the building where improving security is required “

“I found all the forums were well presented. I particularly liked the safety and security one, as this is an area of most concern to us currently”

“We really enjoyed the forum, it helps us to work together to build community resilience, and understanding of safety and security systems”

“The different stall set-ups were good to grab information from i.e. Business Continuity Plan in an Emergency etc....”
Any questions?

ANY QUESTIONS?
Enabling, Empowering and Supporting Community Resilience

Melanie Hutton, Community Resilience Manager
Collaboration Opportunities

• Coordinating Executive Group - ‘Community Resilience Building Working Group’
  – Assess opportunities for shared approaches and initiatives
  – Initial Fire Emergency NZ and Auckland Emergency Management planning meeting, 20 June 2019
  – Working Group Workshop and recommendations
Key Resilience Initiatives

Targeted Communities of Interest
- CDEM National Community Resilience Practitioner’s Network
- Panuku Green Star developments
- Accessibility at Civil Defence centres

Region-wide
- ‘In Case of Emergency’ community workshops
- Coastal, Catchment and Communities Framework

Pilots
- Community Resilience Plans
- Coastal, Catchment and Communities Framework

Attachment A
THE NINE WELFARE SUB-FUNCTION LEAD AGENCIES

- Animal welfare
- Financial assistance
- Shelter and accommodation
- Household goods and services
- Psychosocial support
- Care and protection of children and young people
- Needs assessment
- Inquiry
- Registration

Lead agencies:
- Ministry of Primary Industries
- Ministry of Social Development
- Auckland Emergency Management
- District Health Boards
- Auckland Council
- Ministry of Children, Youth, and Family
- NZ Police
- Auckland Emergency Management
Sub Function Plan Development

Operational intent
- Clear and concise
- Collaborative
- Responsive
- Useful.

Responsibility
- The lead welfare sub function agencies are responsible for each operational sub function plan
- Some are national plans
- Plans must be co-designed, tested and validated.

Reporting
- Development of these operational plans will be endorsed by AWCG and CEG
What’s Included in a Sub Function Plan

- what the sub function service is
- the lead and support service roles and responsibilities
- how we work together
- the interdependencies and interconnections with other sub functions
- standard operating procedures, technical support, systems and agreements
- operational considerations, challenges and opportunities
- monitoring and evaluation of delivery and procedures.
## Update on sub function plans development

                              |              | • The group is looking to engage further key partners i.e. Housing and Urban Development shortly.                                        |
| Financial assistance        | MSD          | • A national activation and response document has been completed and shared across the Auckland support service representatives     |
| Animal welfare              | MPI          | • A national animal welfare plan has been drafted.  
                              |              | • This will be workshopped with the Auckland support services shortly.                                                                  |
Item 10

Natural Hazards
Risk Management Action Plan
Discussion document
Angela Doherty, Principal Science Advisor
Auckland’s Natural Hazard Risk Profile

Risk = Likelihood x Consequence

- Coastal Erosion
- Severe Winds
- Flooding
- Fire
- Land Instability
- Earthquakes
- Tornado
- Volcano
- Tsunami
- Catastrophic Hazards (require specific disaster management)
- Managed by Auckland Council BAU*
- Managed by External Partners

* generally, although larger scale events may require specific management.

Next steps

- Continue action refinement with engagement partners.

- Develop final draft for presentation to the CDEM committee in August.

- Roadmap of implementation and monitoring framework developed after this.
Auckland CDEM Group Committee Meeting
29 May 2019

Auckland Emergency Management

Exercise Flux
Aim

To test and improve the coordination and operational capability of all functions in the Auckland Emergency Management ECC, with inclusion and support from Auckland Council Emergency Support Staff and partner agencies, in the context of a slow-burn escalating event.
Objectives

Our needs assessment identified:

1. Exercise objectives based on the recommendations made in the David Smol Report - ‘Review of the April Storm’

2. Exercise objectives based on consultation with Incident Management Team members at the end of 2018
Exercise Structure

Phase 1
- Week 1: Situation Analysis
  - Initial Action Plan developed
- Week 2: Implement initial action plan
- Week 3: Debrief

Phase 2
- Week 4: Situation development
  - Revised action plan developed
- Week 5: Implement revised action plan
- Week 6: Debrief

Phase 3
- Week 7: Situation change
  - New action plan developed
- Week 8: Implement new action plan
- Week 9: Cold Debrief

Phase 4
- Week 10: Situation change
  - Recovery transition plan developed
- Week 11: Recovery transition
- Week 12: Exercise Debrief
Benefits of this approach

Enables learning throughout
Cold debriefs at the end of each phase allow lessons to be identified and creates opportunity to re-test in the next phase.

Iterative and adaptable
Allows for spontaneous or unplanned activities to occur as the scenario changes. The outputs of phase 1 becomes the inputs for phase 2 etc.

Meets different capability needs
The exercise can be added to in order to meet the capability needs of different functions.
Next steps

June 2019
- Exercise Working Group convened

June – August 2019
- Exercise Flux underway

August 2019
- Update CDEM Group Committee on Exercise Flux

November 2019
- The End of Exercise Report will be presented to the CDEM Group Committee
- Learnings and improvement actions will be adopted into future work plan activities
Questions?
Auckland CDEM Group Committee
29 May 2019

Review of Auckland Emergency Management’s Approach to Public Education and Incorporation of Public Capability and Awareness Raising to Build Resilience
Public Education Review

The National Public Education Programme Strategy (2016 – 19) and Auckland’s Education, Consultation and Engagement Strategy (2016 – 19) are both due to expire.

This presents an opportunity to:

• Better align our approach to public education / capability building with the Auckland Plan and with the National Disaster Resilience Strategy to “embed strategic objectives for resilience in key plans and strategies.”

• Consider how our objectives and approaches to public education / capability building might complement partner agency initiatives through the creation of a Public Education / Capability Working Group.
Next steps

June 2019

July – October 2019
Utilise the findings of Auckland Emergency Management’s Public Education Review (Attachment A) and the input of the Public Education and Capability Working Group to develop a Public Education and Capability Strategy (2019 – 2022).

November 2019
Present the Public Education and Capability Strategy (2019 – 2022) to the CDEM Group Committee in November 2019 for approval.
