1 Welcome

2 Apologies

At the close of the agenda no apologies had been received.

3 Declaration of Interest

Members are reminded of the need to be vigilant to stand aside from decision making when a conflict arises between their role as a member and any private or other external interest they might have.

The Auckland Council Code of Conduct for Elected Members (the Code) requires elected members to fully acquaint themselves with, and strictly adhere to, the provisions of Auckland Council’s Conflicts of Interest Policy. The policy covers two classes of conflict of interest:

i) A financial conflict of interest, which is one where a decision or act of the local board could reasonably give rise to an expectation of financial gain or loss to an elected member; and

ii) A non-financial conflict of interest, which does not have a direct personal financial component. It may arise, for example, from a personal relationship, or involvement with a non-profit organisation, or from conduct that indicates prejudice or predetermination.

The Office of the Auditor General has produced guidelines to help elected members understand the requirements of the Local Authority (Member’s Interest) Act 1968. The guidelines discuss both types of conflicts in more detail, and provide elected members with practical examples and advice around when they may (or may not) have a conflict of interest.

Copies of both the Auckland Council Code of Conduct for Elected Members and the Office of the Auditor General guidelines are available for inspection by members upon request.

Any questions relating to the Code or the guidelines may be directed to the Relationship Manager in the first instance.

4 Confirmation of Minutes

Story About Rotary Grove Mural

Objectives:
- Paint a mural with students from Birkenhead college on the wall in the park

Design workshop:
- I went into the school and ran a 1 hr design workshop with 6 students to come up with ideas. I sent these images to the Kaipatiki Board which were approved.

Samples

Day 1

The art teacher from Birkenhead college had 3 of the students come down to Rotary Grove for 3 hrs.

I explained to the students the significance of this mural.
The first mural painted on a council park wall in Kaipatiki in over a decade.
The amount of time it had taken me to get to this point etc.

The students were given the samples from the workshop and provided with 80 different colours of paints and equipment. They painted some basic outlines that had little to do with the original designs.

Feedback Note: None of them had ever painted on a wall this large and it showed, people need more opportunities to paint on large surfaces with no expectations on them.
Day 1

Day 1
Day 1

After about 2 hours of painting the students were making some progress and the general idea was now to paint people on the wall. A small group of kids from the tennis club came over and asked if they could join us. I naturally agreed and told them to help them selves, just don't drink the paint.

Maddie – I won't forget her name - she painted it 15 times on the wall.

The students and tennis players left and me and one of the tennis kids kept painting for a bit.
Day 1

Day 2

Myself Natalie and Indi came to the wall at about 3pm and worked for 3 hours.

We added a background and Natalie painted a fruit fly.

Day 3

I heard someone from council had complained about the fly, so I painted over it.

Spent the day freestyling making the wall look better, adding sky detail and refining the best parts of what was on the wall.

The newsletter writer from the tennis club asked some questions to write a story about the wall and I asked her to contact tennis kids to see if they wanted to paint more.

Day 4

The tennis kids got in touch so they came to paint again, I also got in touch with an artist who I met while painting, Danielle.

We added 2 cats and a grey heron that I saw flying near the wall every day.
