## Environment

Green open spaces and environments that enable active and healthy lifestyles and protect out natural heritage

Outcome 2: Our natural environment is protected for future generations to enjoy Our community acts as kaitiaki (guardians) of the environment so that future generations can do the same.

Outcome 5: Our urban centres are vibrant Our villages, town centres and business areas provide local employment and bring people together.

Outcome 6: Our community facilities and infrastructure are high quality and well managed We feel fortunate to be home to many great community facilities, so we want to ensure they're well looked after and continue to meet community needs.

Outcome 7: Services are well managed and meet community needs Residents are able to benefit from relevant and high-quality community services and events.

Encourage active and healthy children through use of outdoor spaces.

Encourage active and healthy children through use of outdoor spaces.

Promote children's awareness of the surrounding environment

Promote the reduction of waste through communicated policies and active programmes

Incorporate structured exercise & movement sessions twice per week.

Ensure there are weekly outdoor activities that encourage children to move, make and explore, as part of the planned programme.

Plan activities that involve interactions with animals and nature

Active management of children's waste (reducing).

Play ball delivers their sports program on Tuesday afternoon

Heartbeeps delivers their dance and movement program on Wednesday afternoon.

Children challenge themselves on our outdoor equipment

We see children practice and practice until they can do the monkey bars.

We have made a butterfly garden, we have a rabbit and children are encouraged to explore the wonders of nature

We grow parsley and silver beet for our rabbit.

We teach the children about waste management by advocating for- no waste packaging in children's lunch boxes.
