Dear Simon,

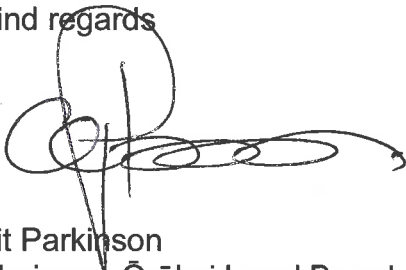

Thank you for your letter, requesting a feasibility study for placing a pontoon at St Heliers Beach.

The Local Board has two pontoons being installed off Kohimarama Beach in late 2019 and has plans to install more as required, at other beaches in our Local Board Area.

I have requested that Council staff assess this proposal for St Heliers Beach and report their findings to the Ōrākei Local Board.

Thank you for making this request on behalf of constituents in the area.

Kind regards

Kit Parkinson
