**Subject:** RE: Ngahue Drive by Norman Lesser

Hi Lorna

Thank you for the opportunity to feedback on the proposed new bus stops and pedestrian refuge in Ngahue Drive. This is a busy and difficult 4 lane carriageway to cross, and the lack of safe pedestrian facilities to date to access public transport facilities has been the subject of concern for some of our residents in this locality. We note that you have engaged with directly affected property owners, and modified the original proposal to address their safety concerns where appropriate.

The Board therefore supports the works as proposed.

Please accept this email as the Board's formal feedback on the matter.

Kind Regards

**Carmel Claridge**

**Orakei Local Board Deputy Chairman**

**Transport Lead**
