Te Tohu o Te Auaunga (Oakley Creek) Implementation Strategy - Puketāpapa

File No.: CP2019/06054

Te take mō te pūrongo
Purpose of the report
1. To seek adoption of Te Tohu o Te Auaunga Implementation Strategy for Puketāpapa (Attachment A, Appendix B).

Whakarāpopototanga matua
Executive summary
2. In 2016 the Te Auaunga Vision and Restoration Strategy for the Upper Catchment was adopted by the Puketāpapa Local Board and identified a number of high level objectives for restoration of the upper catchment.
3. In 2017 the Puketāpapa Local Board adopted the Te Auaunga Tohu as a recognisable symbol to be used to represent the awa and promote local community awareness and connection to the wider catchment, spanning across Puketāpapa through the Whau and Albert-Eden to the Waitemata Harbour (Attachment B).
4. Following adoption, the Puketāpapa, Whau and Albert-Eden local boards funded the production of a design guide for the Tohu. This was adopted in October 2018.
5. A partnership between three local boards, nine mana whenua groups and other stakeholders (including Friends of Oakley Creek), contributed to the production of Implementation Strategies for each local board. The resulting documents set out the initial strategy for implementation of the Tohu.
6. Adoption of the Implementation Strategy by each of the three local boards will support an integrated approach for use of the Tohu across the entire catchment, and demonstrate commitment to raising the profile of this awa.
7. This report specifically seeks the adoption of the Puketāpapa Implementation Strategy (Attachment A, Appendix B).

Ngā tūtohunga
Recommendation/s
That the Puketāpapa Local Board:

Horopaki
Context
8. Te Auaunga is the longest urban stream in Auckland, flowing over fifteen kilometers from its headwaters in Puketāpapa through the Whau and Albert-Eden local board areas with its mouth at the Waitemata Harbour.
9. Sections of the catchment have been extensively modified and are polluted. This negatively impacts the health of the awa and the harbour.
10. The Te Auaunga Vision and Restoration Strategy for the Upper Catchment, was adopted by the Puketapapa Local Board in 2016, and identified a number of high level objectives for restoration of the upper catchment.

11. This vision was also shared by the Albert-Eden and Whau local boards, with sister strategies adopted for the lower catchments of Te Auaunga.

12. The Tohu design was adopted in 2017, and Tohu design guide in 2018, by all three local boards.

13. Following this, the Te Tohu o Te Auaunga Implementation Strategy for Puketapapa was developed collaboratively between council staff, three local boards, nine mana whenua groups and other stakeholders, including the Friends of Oakley Creek.

14. The Implementation Strategy outlines which elements from the design guide will be prioritised for delivery over the next 3-5 years.

15. It also indicates locations where the Tohu could be installed.

16. The plan embraces five key elements (Attachment A, Appendix B)
   - Mauri Stone
   - Interpretive Signage
   - Painted Vertical signage
   - Art Installation
   - Milestone Markers

**Ngā whakaaweawe ā-rohe me ngā tirohanga a te poari ā-rohe**

**Local impacts and local board views**

17. The Puketapapa, Albert-Eden and Whau local boards worked collaboratively with mana whenua and other stakeholders to provide input into the Implementation Strategy.

18. The strategy was workshopped with the board 22 November 2018 and the awa-wide strategy was the topic of a governance hui 26 February 2019. Feedback from these hui was incorporated into the final document.

19. Adoption of Te Tohu o Te Auaunga Implementation Strategy will result in increased community engagement and awareness of the importance of the awa.

20. Adoption of the Implementation Strategy responds to objective one and four of outcome one from the Puketapapa Local Board Plan 2017; that “Māori are recognized and affirmed as mana whenua” and that “local character and heritage is widely celebrated”. This links in to Auckland Council’s vision of a world class city, including a Māori identity that is Auckland’s point of difference in the world.

**Tauākī whakaaweawe Māori**

**Māori impact statement**

21. Mana whenua were engaged as a partner throughout the development of the Tohu and design guide. Representatives from Te Akitai Waiohua, Ngāti Tamaoho, Ngāti Whātua Orākei, Te Kawerau a Maki, Ngāi Tai ki Tāmaki, and Ngāti Whanaunga helped to provide advice to guide development of the design guide at multiple hui and on a site walkover.

22. Possible future projects related to the Tohu are the development of carvings or art installations along Te Auaunga, should these projects be funded and initiated, would seek guidance from mana whenua as our key partner.
23. Te Auaunga is of cultural significance to Māori. Its waters weave together a cultural landscape of diverse cultural sites including mahinga kai, pā taua, papakāinga, wāhi nohoanga and wāhi tapu.

24. Design of the Tohu itself represents the cultural significance of the awa and symbolises the importance of mana whenua as kaitiaki (guardians) of the catchment.

Ngā ritenga ā-pūtea

Financial implications

25. The local board has allocated 35K Opex and 87K Capex funding for stream restoration projects (Resolution PKTPP/2016/183).

26. Additional funding may be sought in the future through the Community Facilities work programme to progress further implementation of the Tohu.

27. Future asset renewals within the catchment may also look to prioritise elements from the design guide.

Ngā raru tūpono me ngā whakamaurutanga

Risks and mitigations

28. The exact locations for the Tohu are yet to be determined, and due to unforeseen circumstances or site constraints there is a risk not all elements will be able to be delivered. Any variations will be raised for discussion with all stakeholders and partners.

Ngā koringa ā-muri

Next steps

29. Next steps are detailed investigation and design, as well as exact location scoping for implementation.

Te Tohu o Te Auaunga

CONTEXT
1.1 INTRODUCTION

Te Tohu o Te Auaunga is a project supported by all three local boards through which Te Auaunga flows (Puketāpapa, Albert-Eden, Whau). The purpose of the Tohu is to increase public awareness and engagement with the awa. The tohu is a symbol that was developed to represent the awa and the relationship of mana whenua with the awa. It was developed collaboratively among mana whenua and Whaotapu who are a collective of Tohunga Toi Ake and work across Tamaki Makaurau and the motu.

Mana whenua have been involved as partners in this project. Thirteen Mana whenua groups with interests in this area were invited to engage with the project. Mana whenua groups involved to date include: Te Akitai Waiwhetu, Ngāti Whātua o Ōrākei, Ngāi Tai ki Tamaki, Te Kawerau A Maki, Te Ara Rangatapu o Te Iwi o Ngāti Te Ata Waiwhetu, Ngāti Tamahere, Ngāti Whanaunga and Ngāti Te Ata Waiwhetu. Friends of Oakley Creek have also been engaged as a key stakeholder.

This document is a design guide for applications of the tohu across the length of the awa. This will ensure an integrated approach for use of the tohu across the entire catchment. Local board specific strategies will be developed to guide local implementation stages of the tohu. Underlying this project is the vision, mission and strategy developed for Te Auaunga:

“We aim to integrate mātauranga Māori and environmentally sustainable practices to restore the mauri of Te Auaunga so it becomes a thriving, flowing creek in a green corridor that is treasured and respected for generations to come.”

Additionally, this guide is underpinned by the two themes from the strategy - Restoration of Mauri and Empowerment.
1.2
TE AUAUNGA CATCHMENT

KEY

- Local board boundaries
- Te Auaunga
- Te Auaunga feeders
- Motorway
- Main arterial road
- Te Auaunga catchment
- Open space
- Te Auaunga receiving harbour

1:25,000 @ A3
0 0.5 1km
1.3 TE AUAUNGA EXISTING + PLANNED PROJECTS

KEY

1. Planned projects
2. Existing / complete projects
3. Combination of planned and existing / complete projects
4. Keith Hay Park - potential future naturalisation works
5. Along SH20 - potential habitat enhancement and bank stability works
6. Mount Roskill Intermediate - some riparian planting completed to date; Healthy Waters planning for comprehensive plan for the schools 2020 budget
7. Winstone to May Roads - potential future naturalisation works
8. Freelands Reserve - potential future naturalisation works
9. Along SH20 - potential habitat enhancement and bank stability works
10. Mt Roskill War Memorial Park naturalisation / mitigation Healthy Waters project and park concept plan
11. Wallasey / Underwood naturalisation works (underway)
12. Alan Wood and Kākowai Park naturalisation works (complete)
13. Open spaces from New North Rd to SH16/SH20 interchange - range of existing & potential habitat enhancement and bank stability projects
14. Unitec (Waraka stream) restoration as part of housing development
15. Healthy Waters Erosion Control Works

1:25,000 @ A3
1.4 SITES OF SIGNIFICANCE

**KEY**

- Te Auaunga Catchment Boundaries
- Molly Green Reserve - Place where Te Auaunga first emerges
- Puketāpapa / Mount Roskill
- To Whiringa Bridge - Views of local Maunga
- Convergence of two streams
- Stream mouth to Waitemata Harbour
- Maungawhau / Mount Eden
- Te Tauta a Raukata / Three Kings
- Owairaka / Te Ahi kia roa a Raka / Mount Albert
- Oakley Creek Waterfall

- Views to Maunga
- Local board boundaries

1:25,000 @ A3

0 0.5 1km
1.5 CHARACTER AREAS

There are '11 character areas' along Te Auaunga with distinctive uses, spatial characteristics, environmental patterns and aesthetic experiences. Defining character areas helps to frame and organise the site into areas with similar opportunities and constraints which require similar management and maintenance.

KEY

A Character Area A - River Mouth / Estuarine
B Character Area B - Mixed Riparian Bush
C Character Area C - Institutional Infrastructure & Open Space (Future Residential)
D Character Area D - Parkland & Native Riparian Bush
E Character Area E - Residential with Pocket Parks
F Character Area F - Walmsley / Underwood Parks - Informal Recreation Zone
G Character Area G - War Memorial Park - Sport and Active Recreation Zone
H Character Area H - Residential / Suburban Open Channel
I Character Area I - Mt Roskill Schools - Institutional Infrastructure & Open Space
J Character Area J - Industrial & Motorway
K Character Area K - Keith Hay Park & Akarana Golf Course - Sport and Active Recreation Zone

Local board boundaries

1:25,000 @ A3  0  0.5  1km
2

Te Tohu o Te Auaunga

IMPLEMENTATION STRATEGY
2.1 IMPLEMENTATION STRATEGY
APPLICATIONS

1. MAURI STONE
The tohu is carved into locally sourced basalt either by itself or together with the name and/or story. The māori stone can play a role in custom elements such as mahi toi, commissioned art, toka Māori and/or water features that might be incorporated along the awa. The purpose of the māori stones will be confirmed by mana whenua in February 2019. The outcome may impact the proposed locations.

2. INTERPRETIVE SIGNAGE
The tohu is included in new interpretive media, including the story of its development, purpose and significance to mana whenua. This will help raise the understanding of local communities of the tohu symbol and its story. All other interpretive signage should seek to incorporate the tohu as a wayfinding tool.

3. PAINTED SURFACES
Paint and stencilling may also be used in custom elements such as commissioned murals or on horizontal surfaces such as footpaths to indicate the presence of Te Auaunga.

4. ART INSTALLATION
The tohu and other elements can be integrated into stand-alone contemporary mahi toi and commissioned art pieces. In the long term, large art installations could be considered at key sites along the awa. In the short term, local artists can be commissioned to produce smaller scale public artwork, or through ngātai Māori mana whenua can create and install contemporary mahi toi applications.

5. MILESTONE MARKERS
The tohu is incorporated into milestone markers throughout the catchment, either onto existing markers and/or into new markers.

6. BOLLARD MARKINGS
The tohu is marked onto a bollard through several possible applications, as referred to in the Design Guide. Options include carving, routing, branding, etching or metal cut-outs.

7. POU WHENUA
Pou whenua are carved wooden posts used to mark territorial boundaries or places of significance and can be used as an application method in prominent, distinct places along the awa to mark specific sites. Carvings on the pou may or may not incorporate the tohu. Mana whenua will identify the carver[s] to engage.

8. RIPARIAN PLANTING
Planting along the awa can support and enhance other tohu applications and help restore the mauri of the awa. Many sections of the awa have steep banks and/or limited riparian canopy cover and the application of riparian planting as a tohu application would complement other applications by reinforcing cues to care.

9. HORIZONTAL SURFACES
Horizontal surfaces such as footpaths, roads and kerbs can be used to communicate supporting information about the tohu such as the name, story and/or map. The horizontal surfaces will utilise the tohu colour palette and font. Applications could include, but should not be limited to: bronze casting, stickers, sand-etching and projections etc. No part of the tohu itself shall be incorporated into the horizontal surface application.
2.2 IMPLEMENTATION STRATEGY - CATCHMENT

KEY

1. MAURI STONE
2. INTERPRETIVE SIGNAGE
3. PAINTING SURFACES
4. ART INSTALLATION
5. MILESTONE MARKERS

Auckland Council workshops, meetings, briefings and events

8th March  
Attended Quarterly Meeting with the Police alongside Members Doig, Holm and Kumar.

12th March  
Attended Strategic Relationship Forum alongside Members Doig and Kumar.

13th March  
Attended Infrastructure and Heritage Cluster Meeting alongside Members Doig, Holm, Fairey and Kumar.

14th March  
Attended Board Workshop alongside Members Doig, Fairey (via skype), Coury, Holm and Kumar.

20th March  
Attended Members Cluster Meeting alongside Members Doig, Fairey, Coury and Kumar.

21st March  
Attended Board Business Meeting alongside Members Doig, Fairey, Kumar, Holm and Coury.

22nd March  
Catch-up with Member Fairey on Planning issues.

28th March  

28th March  
Attended Board Workshop alongside Members Doig, Kumar, Coury and Holm.

30th March  
Attended Molley Green Community Day.

1st April  
Attended and spoke at the Local Citizenship Ceremony alongside Members Doig, Kumar and Coury.

3rd April  
Took part in Taste of Puketapapa filming alongside Members Doig and Coury (Photo →).
3rd April  
Attended Green Cluster Meeting alongside Members Doig, Holm, Fairey and Kumar.

3rd April  
Attended Community Forum alongside Members Doig, Fairey, Coury, Holm and Kumar.

4th April  
Attended Board Workshop alongside Members Doig, Fairey, Coury, Holm and Kumar.

7th April  
Attended the International Cultural Festival (Photo →).

8th April  
Attended the Mara Hupara Opening alongside Mayor Goff, Councillor Casey, Members Doig, Coury and Fairey (Photo →).

10th April  
Attended Infrastructure and Heritage Cluster Meeting alongside Members Doig, Holm, Fairey and Kumar.

11th April  
Attended Board Workshop alongside Members Doig, Fairey, Coury, Holm and Kumar.

17th April  
Facilitated the Members Cluster, attended by Members Doig, Fairey, Coury and Holm.

18th April  
Attended Board Business Meeting alongside Members Doig, Fairey, Kumar, Holm and Coury.

25th April  
Laid wreaths on behalf of Local Board and Residents of Mt Roskill at the Mt Roskill War Memorial alongside Members Doig, Fairey, Kumar, Holm and Coury (Photo →).

26th April  
Attended and laid a wreath in the ANZAC Ceremony at Ranfurly Village alongside Member Coury.

29th April  
Attended Board Workshop alongside Members Doig, Fairey, Coury, Holm and Kumar.
2nd May

Attended Board Workshop alongside Members Doig, Fairey, Holm and Kumar.

Other meetings and events

8th March

Attended International Women’s Day celebration at Wesley Community Centre

9th March

Presented awards and spoke at Auckland Malayali Samajmi’s soccer tournament (Photo →).

17th March

Briefly visited and spoke at Carnatic Music Society event at the Fickling Centre.

20th March

Visited and spoke to the local Rotary Club as their guest speaker.

21st March

Attended Community Vigil for Christchurch at Mahatma Gandhi Centre alongside Member Coury.

22nd March

Attended Mosque Open Day at Pakuranga Mosque.

23rd March

Attended Mosque Open Day at Stoddard Road Mosque alongside Prime Minister Ardern, Mayor Goff, Local MP Michael Wood, Councilors Casey, Bartley and Member Holm.

29th March

Attended and spoke at the Neighbours Day celebration at Lynfield alongside Members Coury and Kumar.

30th March

Briefly visited Te Karanga Trust’s Youth Meeting at Wesley Community Centre.

1st April

Attended NZ Tamil Society’s charity music night alongside Mayor Goff and Local MP Michael Wood (Photo →).

12th April

Visited the Wesley Market alongside Local MP Michael Wood.

12th April

Attended WISE Women Collective's Term Prizegiving alongside Local MP Michael Wood.

12th April

Spoke at Aspire2 International’s Autumn graduation ceremony as their guest speaker.
13th April

Visited Carr Road Mosque’s open day (Photo →).

20th April

Attended Somali Education and Development Trust’s dialogue on a loving, caring and peaceful society at the War Memorial Hall alongside Members Fairey, Holm, Kumar, Coury and Local MP Michael Wood.

27th April

Visited the Bike Kitchen.

27th April

Attended Puketapapa Youth Board’s basketball with the Cops at Roskill Youth Zone (Photo →).

Other issues/challenges

None to be reported.

Disclosures

- In the reporting period, I have held my weekly CAB shifts for constituents on Fridays 1–4pm, regarding immigration support and other matters related to Citizens Advice Bureau Mt Roskill. These shifts were held on 5th April, 19th April and 26th April.

Recommendation/s

a) That the report be received.
