

Attachment A: Park land in scope of the Upper Harbour Local Parks Management Plan

Park land to be included within the plan

Land that is in scope and which the local board has a decision-making role:

- Park land for which the local board has delegated decision making authority including land held under both the Reserves Act 1977 and the Local Government Act 2002
- Land owned by the Crown/ Department of Conservation, but controlled and managed by Auckland Council as a local park

In scope only as advocacy role:

- Beaches (unless legally part of the park)
- Unformed legal roads/road reserve, where they have a park function
- Drainage reserves, where they have both a stormwater and park function
- Road to road accessways, where they provide an informal recreation and access function

Land that is out of scope of the plan

Out of scope of the development of the plan:

- Legal roads or land held for roading purposes
- Drainage or utility reserves
- Regional Parks
- Department of Conservation managed land
- Privately owned park land
- Carparks not associated with community facilities or parks
- Open cemeteries
