2.9 Māngere-Ōtāhuhu Local Board

He kōrero mai i te Heamana

Message from the Chair

Talofa lava and greetings,

We are pleased to present the Māngere-Ōtāhuhu Local Board agreement. This agreement will deliver our projects and initiatives in the 2019/2020 work programme in line with the 2017 Local Board Plan and what you have told us as part of the recent Annual Budget consultation.

Improvements to the local facilities and parks are important. Prioritisation of the local board’s investments to upgrade local playgrounds, pathways, and maintaining good quality playing fields is essential. We will continue to fund projects that support active lifestyles, including no charge for adults to use our local swimming pools.

Through the local grants and arts broker programme, we continue to assist community groups to run their activities and events in the local board area.

Our commitment to environmental sustainability is significant as we monitor the maintenance contractors to keep built-up areas clean and attractive. We are also investigating more programmes to encourage local industries to be responsible with their waste discharge and recycling methods. Funding improvements to local marae rainwater systems are other ways we are improving the ‘mauri’ of local waterways, including funding ecological volunteers and environmental programmes, and removing mangroves.

By working with local stakeholders and authorities to keep communities safe, we are leading and providing support to community groups to reduce the proliferation of alcohol harm and address noise complaints. All our local fixtures will continue to be smoke, drug and alcohol-free events.

We will continue to advocate to the Governing Body to fund our major projects that focus on preserving the local heritage and develop local areas. The development of the Māngere East area as a vibrant community hub remains our main advocacy goal. The Portage Route Project has national significance to New Zealand’s history. The route was historically used by Mana mana whenua to cross the Manukau Harbour and Hauraki Gulf.

Boarding houses are also a key feature requiring appropriate enforcement policies and procedures.

In the year ahead, we will support youth to learn more business skills through our youth programmes, Young Enterprise Scheme and Pop-up Business School. We celebrate our cultural diversity through language weeks hosted at local libraries and local events.

Thank you for your ongoing support and informed direction for the coming year.

About Local Board Agreements

Auckland Council’s shared governance model means local boards are responsible for decision-making on local issues, activities and services and providing input into regional strategies, policies and plans. The local board agreement sets out the local board’s budget, funding for activities, levels of service, performance measures and targets for the financial year 2019/2020 which has been agreed with Auckland Council’s governing body.

The Māngere-Ōtāhuhu Local Board Plan 2017 is a three-year strategic document that guides local board activity, funding and investment decisions. A key role of the local board plan is to provide a basis for development of the annual local board agreement for each financial year, this is set out below. Each local board also develops annual work programmes alongside adoption of their local board agreement.

Local boards also provide input to the governing body on larger scale investments, regional programmes and policy issues such as rates proposals, which are outside local board decision-making responsibilities. A list of key advocacy areas is set out as appendix A.

28% of residents are children under 14 with 45% of the population being aged under 24

We are home to:
- More than 100 local parks and sports fields
- 4 libraries
- 3 community centres
- 2 recreation centres and swimming pools

Local Board Plan outcomes

The Māngere-Ōtāhuhu Local Board Plan 2017 sets out the aspirations the local board has for the area. The outcomes in the Māngere-Ōtāhuhu Local Board Plan are:

**Outcome 1: A strong local economy**
Our area attracts and supports businesses. Our community has a range of opportunities to gain skills and employment.

**Outcome 4: A well-connected area**
Māngere-Ōtāhuhu is well connected by public transport, cycleways and walkways, making it easy for everyone to get around.

**Outcome 2: We are the heart of Māori and Pasifika culture**
We celebrate, showcase and share our many cultures, which attract visitors to our area. Our cultural diversity and distinct Māori and Pasifika identities are reflected in, and enhance, the everyday life of our community.

**Outcome 5: Facilities to meet diverse needs**
Our community spaces are part of a first-class network. They are popular gathering places used for a variety of activities led by diverse local communities with many interests. They offer choices for people from different cultures and life stages to take part in local life.

**Outcome 3: Protecting our natural environment and heritage**
Our environment is respected. Our spectacular natural heritage sites are national treasures. They are protected and enhanced for everyone to enjoy now and in the future.

**Outcome 6: A place where everyone thrives and belongs**
Our communities have safe and healthy neighbourhoods. Our actions ensure positive prospects for the future of children and young people. We come together to celebrate our cultures. We are active and involved in local matters.

The local board agreement outlined in this document reflects how we plan to support these outcomes through agreed activities in the 2019/2020 financial year. In addition, each local board carries out responsibilities delegated by the Governing Body in accordance with the delegated power, and with the general priorities and preferences in the local board plan.

**Working with Māori**

Delivering on Auckland Council’s commitment to Māori at a local level is a priority for local boards. The council is committed to meeting its responsibilities under Te Tiriti o Waitangi / the Treaty of Waitangi and its broader statutory obligations to Māori.

The Māngere-Ōtāhuhu Local Board wants to increase its commitment to Māori at a local level in line with Auckland Plan aspirations. The board will continue to strengthen its relationship with mana whenua by working together on projects of common interest.

Auckland Council Annual Budget 2019/2020, Volume 2 of 2
An initiative called ‘Māori input into local board decision-making’ is underway. The aim is to build the skills of elected members in te reo Māori, tikanga Māori (protocols and customs) and Te Tiriti o Waitangi. The board intends, through further engagement, to develop opportunities for mana whenua to set and agree expectations to further shape the local board decision-making governance model and achieve outcomes in our local board plan. Strengthening mana whenua in their customary kaitiaki (guardianship) role is important for the board, as is working together on shared interests, protecting and restoring sites of cultural significance. Another project being progressed with mana whenua is Te Keite Rukuruku – naming and developing signage for council-owned facilities and parks, to reflect local heritage and mana Māori.

Priorities by activity area
Auckland Council’s 2019/2020 funding priorities for local activities which contribute to key community outcomes in the Māngere-Ōtāhuhu local board area are set out below under each local activity.
Levels of service, performance measures and targets are also set out below under each local activity.

Local Community Services
Local community services are a broad activity area, which includes:
- Supporting local arts, culture, events, sport and recreation
- Providing grants and partnering with local organisations to deliver community services
- Maintaining facilities, including local parks, libraries and halls.

Our annual budget to deliver these activities includes operating costs of $13,396,000 and capital investment of $7,688,000.

The key initiatives we have planned for 2019/2020 include:
- Implement Māngere Arts Centre-Ngā Tohu o Uenuku facility business plan
- Community grants to deliver local events and activities
- Celebrating Te Ao Māori and strengthening responsiveness to Māori in our library programmes
- Improvement of parks, walkways and buildings

The local community services and key initiatives outlined above contribute towards achieving the following outcomes in the Māngere-Ōtāhuhu Local Board Plan:
- Outcome 1: A strong local economy
- Outcome 2: We are the heart of Māori and Pasifika culture
- Outcome 3: Protecting our natural environment and heritage
- Outcome 5: Facilities to meet diverse needs
- Outcome 6: A place where everyone thrives and belongs

Local Planning and Development

This group of activities covers improvements to town centres and the local street environment, as well as local environment and heritage protection. These activities also include working with business and community associations to improve local economic development and employment initiatives.

Our annual budget to deliver these activities includes operating costs is $2,506,000.

The key initiatives we have planned for 2019/2020 include:

- Delivery of the Māngere Business Series-Local Economic Development Forum
- Supporting the local Young Enterprise Scheme
- Implement a local Pop-up Business School programme

The local planning and development activity, including the key initiatives outlined above contribute towards achieving the following outcome in the Māngere-Ōtāhuhu Local Board Plan:

- Outcome 1: A strong local economy

Local Environmental Management

Local boards work in partnership with local communities and iwi to deliver projects and programmes to improve local environments. Our focus is on indigenous biodiversity, healthy waterways and sustainable living.

These activities include stream restoration, waste minimisation programmes, supporting environmental volunteers and partnering with schools to provide a range of environmental initiatives.

Our annual operating budget to deliver these activities is $2,777,000 and capital investment of $5,376,000.

The key initiatives we have planned for 2019/2020 include:

- Ōtāhuhu town centre upgrade
- Implement a business waste-minimisation education programme
- Continue support for Manukau Harbour Forum and the Tāmaki Estuary Environmental Forum
- Restoring mauri of the Oruarangi Creek and Tarata Creek
- Deliver more Wai Care Schools programmes
- Action the Pākaki Crater Restoration and a Pest Free Ihumātao programme

**Local Governance**

Activities in this group support our 21 local boards to engage with and represent their communities and make decisions on local activities. This support includes providing strategic advice, leadership of the preparation of local board plans, support in developing local board agreements, community engagement including relationships with mana whenua and Māori communities, and democracy and administrative support.

The measures for this group of activities are covered under the Regional Governance group of activities in the Long-term Plan 2016-2026 which determine participation with Auckland Council decision-making in general. This includes local decision-making. There are no significant changes to the measures or targets for 2019/2020.

Our annual operating budget to deliver these activities is $954,000.
Funding Impact Statement

This prospective funding impact statement has been prepared to meet the requirements of Section 21 (5) of the Local Government (Auckland Council) Act 2009. It covers the year from 1 July 2019 to 30 June 2020 and outlines the council's sources of funding for local activities in this local board area and our plan to apply them.

## Appendix A: Advocacy Initiatives

A key role of the local board is to advocate for initiatives that the local board may not have decision-making responsibilities or funding for in this Annual Budget but recognise the value it will add to the local community.

Key advocacy areas for this local board include:

<table>
<thead>
<tr>
<th>Initiative</th>
<th>Description</th>
<th>Advocating to</th>
</tr>
</thead>
<tbody>
<tr>
<td>Māngere East Precinct: A priority focus and initiatives to enhance this centre as a thriving, liveable community (key advocacy project)</td>
<td>The Māngere East area requires co-ordinated investment for planning and implementation. The local community facilities are run down, old or not fit-for-purpose. The business case development (One Local Initiative) must review the planned investment, include uses of council’s local assets to shape a high-quality built area for a liveable community. A community facility needs assessment was completed in 2015. The planning and business case must identify what next steps will look like to efficiently deliver this project. The board requests the Governing Body commit to capital funding through the 10-year Budget for delivery of the Community Facilities Network Plan.</td>
<td>Governing Body, Auckland Transport</td>
</tr>
<tr>
<td>To reconsider and investigate heavy and light rapid rail integration for central city (CBD) to airport</td>
<td>The airport to central city rapid transit project has long-term strategic importance for Auckland's future commuter and freight needs. The selection of light rail between central Auckland and Māngere fails to consider major growth implications for areas in the south, north and west. Auckland’s strategic long-term transport security for both commuter and industrial heavy freight will not be well-served by current plans. The board urges that a mix of heavy and light rail from central city to the airport be reconsidered and requests the Governing Body and Auckland Transport to consider heavy rail integration.</td>
<td>Governing Body, Auckland Transport, New Zealand Transport Authority</td>
</tr>
<tr>
<td>Waste management and our environment</td>
<td>Implementing the city’s waste-minimisation plan requires communities to be prepared, equipped and supported to reach waste reduction targets. There is a need to get communities ready for change and to find opportunities in the way waste will be managed. Proactive support at this stage for the changes in how council manages waste is important. Multiple actions are required – communication, engagement, encouraging social enterprise and community-led initiatives.</td>

### Initiative 11

**Boarding houses and high-quality neighbourhoods**

The Māngere-Ōtāhuhu Local Board area has seen a gradual proliferation of boarding houses and council's investigations have confirmed poor standards and breaches of the building code in some instances.

The board recognises the pressure on land, need for affordable housing and a range of provision for all. However, the concern is that this is at the cost of deteriorating neighbourhoods and poor living standards in the area.

There is a need for balanced, planned growth that is monitored for environmental impacts such as traffic and noise, because there is also “intensification by stealth” taking place. Currently, council has limited means to assess or address the impacts of the proliferation of boarding houses. The board continues to advocate for better monitoring of boarding houses. Data from regular monitoring can improve conditions for tenants. Council must ensure building code standards and a decent standard of living is maintained.

### Initiative 12

**Develop a Māngere-Ōtāhuhu tourism trail**

Leverage key opportunities with major stakeholders like Auckland International Airport Limited (AIAL) and utilise the unique natural and cultural characteristics of Māngere-Ōtāhuhu to achieve economic outcomes. The airport is New Zealand's gateway to the world.

The airport's longer-term plans to be a major hub connecting Asia and South America over the next 30 years, and to build a second runway, offer opportunities for partnerships and attracting tourism. Council's investment in Local Paths (formerly "Greenways") can be leveraged for economic and community outcomes by aligning effort with stakeholders and benefiting youth and seniors from the local area.

The board sees potential to achieve local as well as citywide aspirations of more jobs via new industry growth, support for Māori tourism and heritage tourism initiatives – such as the Ōtāhuhu Portage Crossing project at the narrowest part of the North Island.

The board requests that Auckland Tourism, Events and Economic Development (ATEED) prioritise a programme in

<td>Allocating long-term funding for the Ōtāhuhu Portage route project is a priority. The site is of national significance in terms of history and culture, with huge potential to make the area accessible and connected for local and international visitors. The project is part of the Local Paths Plan and funding must be prioritised for making progress in the medium to long term. The board advocates that this project is funded fully in the 10-year Budget.</td>
<td>Governing Body</td>
</tr>
<tr>
<td>Alcohol harm minimisation initiatives: supporting community voice and empowerment</td>
<td>Reducing harm from alcohol in local communities is of high priority for the Māngere-Ōtāhuhu Local Board. The Sale and Supply of Alcohol Act (the Act) came into effect in late 2013. The Local Alcohol Policy, a key instrument for addressing the negative impacts of alcohol on our communities, is yet to be finalised. The board will continue to support communities to have their say through the hearings processes afforded them by the legislation. There are challenges for the community in reducing harm from alcohol. Inaccessible language used by the District Licensing Committee (DLC) and inconsistency in decisions across the region are key examples. The board will continue to voice its concerns to ensure those issues are identified and addressed because it is critical to assess the overall success of the Act in achieving its intent. The board seeks a framework to monitor the success of the Act in practice and consideration of legislative change.</td>
