Project details

Project title	Roskill Community Digital Media Project		
Dates	03/08/2016 - 02/08/2017		
Location	Wesley Community Centre (Media Centre),740 Sandringham Road Extension, Mt.Roskill, Auckland 1041		
Summary	<p>Young people will be involved in film and photography projects that are targeted at helping the local community and community organisations. Film projects will be developed. These will include " Beautiful Roskill", A film celebrating the heritage, cultural diversity and natural beauty of Mt.Roskill.</p> <p>The project will seek commissions for film and photography work. We are currently negotiating with Roskill Together staff around creating a Roskill Digital news that will be promoted in the form of videos and photographs on Roskill Togethers website and Facebook.</p> <p>Most importantly we are seeking to involve young people in developing media skills such as video, social media, photography, interviewing and editing .</p>		
Requesting grant for	Towards the purchase of a DSLR camera		
Cost of participation	There is no cost to participate. We will seek to be paid by those organisations that commission us.		
Active participants	20	Audience size	Community wide via social media/You Tube
Promotion	Yes, Through Facebook, a you tube channel, through Roskill Togethers e-bulletin		
Local board recognition	Any promotional material for the projects will utilise the local board's logo. We will use it on correspondence and acknowledge the support at exhibitions/showings.		
Reason for the project	There are currently twelve young people involved, we are looking to expand this to twenty. We want to create 3 crews at the moment we have 2 older cameras. We are seeking this newer camera for a third crew. We have had interest from Roskill Together is commissioning us to do work for them.		
Community benefit	We think that involving young people in an alluring project like this will benefit them personally in terms of the development of technical skills, also in the development of team work and project management skills. We will survey participants at the end of the project to ascertain what they have gained from the project. We will monitor community reaction to Facebook, you tube and showings.		
Alignment with local board priorities	<ul style="list-style-type: none"> • Build strong neighbourhoods where people feel safe and connected at all times, • promote healthy, safe, sustainable and active lifestyles , • support and enable a diverse range of local community groups to initiate and implement projects and activities <p>This project will involve young people in a project that will develop technical skills and social skills while also providing the wider community with a chance to</p>		

	appreciate the local community through a variety of media, both traditional media such as photography and film and social media.

Project details

Project title	Attitude life-skills and wellbeing presentations in Puketāpapa schools		
Dates	01/11/2016 - 31/10/2017		
Location	In assembly halls and classrooms of Marcellin College and Lynfield College		
Summary	<p>This project involves presenters visiting high schools in the Puketāpapa local board area in 2016/2017 to deliver 10 life-skills presentations to approximately 2300 students.</p> <p>The main objectives of the Attitude programme are to encourage mental and emotional resilience and help prevent youth suicide, teen pregnancy, drug and alcohol abuse and low self-esteem - some of the main issues NZ young people are struggling with today.</p> <p>Students are empowered to reach their potential, make good decisions, recognise they have a voice, and contribute towards making their community a safe place.</p>		
Requesting grant for	Funding towards 450 Hardwired (drug & alcohol education) handbooks for the Puketapapa students at Marcellin and Lynfield College between November 2016-October 2017		
Cost of participation	If we are unable to fundraise for all costs we ask schools to donate a koha for our presentations, though as schools budgets are limited this is not always possible.		
Active participants	2300	Audience size	2300
Promotion	<p>Yes, We promote our Attitude Programme for Schools on our website (www.attitude.org.nz) and Facebook page (www.facebook.com/attitudeforschools) and spend a lot of time cultivating relationships with schools.</p> <p>Our Attitude team have existing relationships with contacts at all the schools in the Puketāpapa local board area, which they will continue to maintain and develop this year.</p>		
Local board recognition	Auckland Council Puketāpapa local board's support will be publically acknowledged in The Parenting Place's annual report and on The Parenting Place website (www.theparentingplace.com). We also let the schools know where the funding for their presentations comes from.		
Reason for the project	<p>NZ statistics are alarming and some of the worst in the world when it comes to Youth suicide, teenage pregnancy and STIs.</p> <p>Bullying in schools, criminal assaults by children and teenage binge drinking culture are frequently in the media.</p> <ul style="list-style-type: none"> • Student feedback obtained through our third party online evaluation survey gives strong evidence for the need for and success of our programmes. • We have been delivering presentations in Puketāpapa schools for 16 years and are always invited back. This gives a clear indication that schools endorse our programmes and see a need for what we are doing. 		

Community benefit	<p>The Attitude programme develops young people by teaching them how to make good decisions and inspiring them to implement these decisions. We help them focus on their strengths; we equip them to engage with and solve problems, cultivate healthy self-esteem and good mental health, recover from setbacks, and understand and improve relationships.</p> <p>With good emotional and resilience skills, teenagers are less likely to fall into substance abuse, self-harm and dangerous relationships. Students are empowered to make informed choices and negotiate their teenage years in a safe and positive way and so become positive contributors to society.</p>
Alignment with local board priorities	<ul style="list-style-type: none"> • Build strong neighbourhoods where people feel safe and connected at all times, • promote healthy, safe, sustainable and active lifestyles <p>Attitude programmes aim to advance youth by equipping them with the skills and insights necessary to become positive contributors and prosper and thrive. Attitude programmes advocate for a safe and crime-free community, address alcohol, drugs and addictions, discuss the implications of irresponsible decisions/behaviour and evaluating risks.</p> <p>Students are encouraged to become involved in caring for their community. Attitude programmes promote self-improvement, continued learning, and employment. Attitude educates young people on the physical and emotional benefits of living an active, healthy life style.</p> <p>Through improved decision making, our programmes encourage students to positively contribute towards the overall wellbeing of their community.</p>

Demographics

Maori outcomes	Yes, As many students at these two high schools identify as Māori, many Māori students will learn skills to build resilience which will improve their social wellbeing. Many of our presentations speak on the importance of celebrating your cultural heritage and traditions and to take pride in the community they're from.
Accessible to disabled	Yes, Attitude presentations are accessible to all students at the schools we visit.
Targeted at long term disability	No

If full amount requested is not able to be funded, would a smaller amount be of assistance?		Yes, Presentations are \$200 each, so funding towards at least 8 presentations (\$1600) would be the most preferred, as that means we can deliver as many presentations as schools request and ensure students aren't missing out on learning essential life skills.

Project details

Project title	Hillsborough Communicare Friendship Centre		
Dates	12/09/2016 - 12/09/2017		
Location	St David's in the Fields Church 202 Hillsborough Road Auckland 1042		
Summary	The Hillsborough centre is where members meet on a weekly basis during school term time, where they enjoy crafts, games, activities, indoor bowls or similar along with a light morning tea or lunch. Sometimes an outing is organised or local speakers and entertainers are invited to attend.		
Requesting grant for	Towards venue hire between September 2016-2017		
Cost of participation	\$6 per session and \$15 annual fee		
Active participants	64	Audience size	25 per session
Promotion	Yes, Yes in local papers, coffee news, brochures, Facebook, through local health providers, GP's, rest homes and other Community Groups. Website and forms of social media. Links to similar service providers within the community and open days.		
Local board recognition	We would be more than happy to acknowledge the Auckland Council Support via our social media, website and newsletters. We also encourage local councillors to attend local events.		
Reason for the project	<p>The daily attendance fee of \$6 and yearly subscription fee of \$15 does not cover the rent for the year as well as food and money required for crafts, games and activities. Without having a venue we would not be able to offer a sheltered and warm environment for our members.</p> <p>Without cooking facilities we would not be able to supply morning tea and lunches to our members. Having been established for over 55 years there is a definite need to provide these services to the Auckland Community.</p>		
Community benefit	<p>The community benefits are an involved and connected community, treasuring and enjoying the local environment- actively improving the quality of life for the elderly and disabled therefore our community is healthy and active.</p> <p>Having a shared sense of celebration through events at the centre. Valuing cultural diversity and celebrating this locally which is locally accessible to the local community. We always encourage feedback and will have bi annual evaluations. We also keep statistics on attendance and monitor success.</p>		
Alignment with local board priorities	<ul style="list-style-type: none"> • promote healthy, safe, sustainable and active lifestyles , • support and enable a diverse range of local community groups to initiate and implement projects and activities <p>Our Communicare group based in Hillsborough keeps both the elderly and disabled members and volunteers involved and connected to the local community through meeting each week and we provide crafts, games, local entertainers (dance groups etc.) and speakers. They enjoy local parks and reserves for occasional outings.</p> <p>Participation enables them to keep healthy and active and accessing a local service. Valuing cultural diversity in our centre, we share different cultural celebrations. Providing a community service for seniors and whanau to engage</p>		

	from all socio-economic levels. Statistics say face to face participation is more effective and this isolates loneliness.

Demographics

Maori outcomes	Yes, Communicare has a Maori Health Policy where Communicare aims to ensure that Maori feel fully welcome and have a sense of belonging while they are our guests, so our own services need to be responsive to the needs of Maori people. Our services need to be considerate of Maori custodianship regarding their rites/rights, needs and interests. Wherever possible we aim to create an environment which ensures the wairua (spiritual), hinengaro (psychological) and tiana (physical) wellbeing of the tangata mauiui and their Whanau.
Accessible to disabled	Yes, All of our venues cater for wheelchair and walker access- we are conscious of mobility, mental and emotional challengers for all members with disability. These can range from mental health through to physical disability, including early stages of dementia and those recovering from disease and illness such as stroke. We also have to be aware of diet requirements and do not cater to any extreme toileting or late stages of dementia due to health and safety.

Project details

Project title	Setting Up of Earth Action Student Club at University		
Dates	01/11/2016 - 31/10/2017		
Location	766 Sandringham Road Extension, Mt Roskill		
Summary	<p>EAT would like to help the Auckland University's urban planning course students to set up "Earth Action Student Club" (EASC) as a registered club with the Auckland University's Student Association. The club will provide a space for students to do advocacy work to protect Mother Earth for the future and promote awareness of environmental challenges in the community, while assisting EAT in its campaign and fund-raise activities.</p> <p>Proposed activities for the first year will include SAIKI training and fund-raise for EAT, various committee meetings and an annual general meeting. EAT will provide ongoing support, including orientation of new members, support in SAIKI presentation, bookkeeping and accounting, annual health check, support in meetings and advice in running meetings.</p>		
Requesting grant for	Towards Earth Action Trust staff time to help set-up the Earth Action Student Club and provide volunteer student with "SAIKI" training between November 2016 - October 2017		
Cost of participation	No.		
Active participants	15	Audience size	300
Promotion	Yes, This project will be promoted through the EASC communication and marketing tools including Facebook and other online channels.		
Local board recognition	The local board's contribution towards this project will be acknowledged on the EAT's Facebook, as well as in network meetings we will attend. It will also acknowledge through communication and marketing tools of the EASC after it is set up.		
Reason for the project	<p>According to the Auckland Council's Waste Management and Minimisation Plan, community groups are expected to playing a central role in operating community recycling centre and in achieving its "zero waste by 2040" vision in the community. A migrant-led organisation like EAT has a greater responsibility in raising environmental awareness especially in an ethnically diverse community such as Puketapapa, by delivering educational programmes like SAIKI in a culturally appropriate way.</p> <p>The EASC will help EAT achieve its objectives by promoting the cause and delivering the SAIKI programme by themselves.</p>		
Community benefit	The EASC will broaden volunteer base for EAT, especially in delivering the SAIKI training/presentation in the education and business sector.		

	<p>This will ensure that more local community members become aware of current environmental challenges that require urgent attention, and become more responsible for the protection of environment and natural resources.</p> <p>The EASC will provide students with a valuable volunteering opportunity. The Club members will acquire skills and experience in marketing, fundraising, organisational and project management, etc. which will increase their employability in the real world.</p>
Alignment with local board priorities	<ul style="list-style-type: none"> • Foster a more equitable Puketapapa including through building social enterprises and other local economic development opportunities, • promote healthy, safe, sustainable and active lifestyles , • support a greener and healthier Puketapapa through sustainability programmes in areas as waste minimisation, ecological protection and restoration <p>The aim of our programme is to divert unwanted fabrics from going to the landfill to sewing resources. Participation in the programme helps people better understand the importance of the habit of reuse, reduce and recycle. Plus promoting eco-friendly fabric products helps raise general public awareness on environmental protection.</p> <p>The programme celebrates the value of multiculturalism as the participants get together from different ethnic backgrounds and work toward a common goal. Also it is a good opportunity for the participants, particularly elderly and solo mothers, to enhance creativity, express their cultural identity, and gain a sense of purpose and self-worth.</p>

Project details

Project title	PHAB Development Workshops		
Dates	10/10/2016 - 21/12/2016		
Location	Roskill Youth Zone, 740 Sandringham Rd		
Summary	<p>A series of workshops identified and planned by our members for our members, to be run alongside our weekly social clubs. A series of anti-bullying workshops, delivered in collaboration with The Cube, personal development workshops and job ready skills such as use of public transport, budgeting, CV and interview skills, identifying personal skills and talents and discovering meaningful ways to engage with the local community.</p> <p>Additionally the IceBreaker group will run an anti-bullying workshop designed to engage our members in sharing their stories and experience, and supporting each other to become more confident.</p>		
Requesting grant for	Towards facilitation and icebreaker costs as part of the PHAB development workshops between 10 October - 21 December 2016		
Cost of participation	Annual membership fee of \$20. No cost for members to participate in the project		
Active participants	55	Audience size	110
Promotion	Yes, Website (currently under development) Facebook Page		
Local board recognition	Website Newsletter		
Reason for the project	PHAB members have identified ways in which they feel challenged in connecting with their local communities and moving into paid and unpaid employment positions. Our members have identified the need for more support and tools in order to pinpoint their unique talents and skills and to increase their sense of being valued and fully participating members of their community.		
Community benefit	<p>The project will work towards fully inclusive communities that embrace diversity and individual talents. PHAB expects greater recognition from local communities around the benefit of people with disabilities being confident members of society.</p> <p>Through an increase in independence, autonomy and support we believe our members in the Puketapapa district to become more involved in paid and unpaid positions in the community.</p>		
Alignment with local board priorities	<ul style="list-style-type: none"> • Build strong neighbourhoods where people feel safe and connected at all times, • promote healthy, safe, sustainable and active lifestyles, support and enable a diverse range of local community groups to initiate and implement projects and activities <p>PHAB actively supports young people with disabilities to build independence and autonomy and to become empowered and fully participating members of their local communities. PHABs purpose is one of integration, inclusion and connection.</p> <p>Through a supportive and fun environment PHAB members actively engage with their local communities every week, building connections and relations and giving and receiving peer support.</p>

Cost of participation	The is no cost of participation to our members.		
Active participants	25	Audience size	500+
Promotion	Yes, Our Activities are regularly being promoted on various media platforms like the FM radio, our websites, on our social media platforms and ethnic newspapers and magazines		
Local board recognition	We would be acknowledging the contribution of the funding partners of our website and also while conducting the event Co-branding the material, for the events, with the logos of funding partners.		
Reason for the project	It is found that in South Asian family the culture of joint families is still prevalent where seniors live with their children and grandchildren. They stay at home and feel isolated, lonely and this raises emotional stress. It is important to keep going one has to indulge in some interaction or activity with likeminded people. The need of such a platform arose along with the need to familiarize the younger generation with the traditions and values of the community.		
Community benefit	Our activities are directed towards the wellbeing of the community which includes the major role being played by the seniors. Under our objectives we conduct series of activities for the benefit and the wellbeing of the community members. We get to know about the success of our project by witnessing the ever increasing participation of existing and joining of new members. Their positive informal feedback also serves as a success measurement tool.

EcoMatters Environment Trust

Umbrella organisation	Not applicable	Legal status	Charitable Trust

Project details

Project title	EcoWest Festival		
Dates	11/03/2017 - 09/04/2017		
Location	Across Puketapapa Local Board area		
Summary	<p>EcoWest Festival is an annual month-long programme of environmental activities engaging Aucklanders to care for our unique natural environment and live more sustainably.</p> <p>Environmental groups, community organisations, businesses and individuals in the participating Local Board areas are invited to host events. The EcoWest Festival team supports event hosts, curates the Festival programme, and promotes it across Auckland.</p> <p>EcoWest Festival began in 2012, and so far has taken place across the Waitakere Ranges, Whau and Henderson-Massey Local Board areas. We would like to expand the benefits delivered by EcoWest Festival into other Local Board areas, including Puketapapa.</p> <p>This funding will enable the EcoWest Festival team to: 1) Identify and connect with local groups and organisations, and invite and support them to participate in EcoWest Festival. 2) Include environmental activities in Puketapapa in the EcoWest Festival programme. 3) Promote EcoWest Festival events in Puketapapa so Puketapapa community members know about the learning and doing opportunities on offer.</p>		
Requesting grant for	Towards coordination and promotion of the EcoWest Festival in the Puketapapa local board area between 11 March-09 April 2017		
Cost of participation	Costs will be set by each event host. Preference will be given to events that are free or low cost.		
Active participants	2000 (based on 6000+ people attending EcoWest Festival 2016 events across the three participating Local Board areas)	Audience size	10,000
Promotion	<p>Yes, Advertise in local newspaper, place signs on roadside community noticeboards, distribute posters and programmes to community facilities, shops, cafes and schools.</p> <p>Work with local organisations to utilise local networks such as community newsletters and email lists.</p> <p>Seek publicity in regional media.</p>		
Local board recognition	Place logo/name in Festival programme and on posters/signage (depending on investment level relative to other Local Boards). Mention the Local Board in all media releases relating to the Festival. Invite the Local Board members to attend EcoWest Festival events taking place in their area.		
Reason for the project	Based on our experience running EcoWest Festival in Waitakere Ranges, Whau and Henderson-Massey, there is a significant community appetite for learning about sustainable living and getting involved in local environmental activities. In 2016, 70% of the people who completed the post-event survey were attending		

	an EcoWest Festival event for the first time, so the Festival continues to be effective in engaging new people. If Local Board areas, and Auckland as a whole, are to achieve their environmental goals, communities need to be informed and engaged on their role as kaitiaki of the local environment.
Community benefit	<p>The benefits for community members include increased knowledge and skills for sustainable living, increased community connections, and raising awareness of opportunities to get involved with caring for our natural environment.</p> <p>The benefits for local groups and organisations doing environmental activities include raised profile and attracting new members, volunteers or supporters. We measure the Festival's success in delivering these benefits by tracking attendee numbers at different types of events, gathering data and feedback from event attendees, and gathering data and feedback from event hosts.</p>
Alignment with local board priorities	<ul style="list-style-type: none"> • Promote healthy, safe, sustainable and active lifestyles , • support and enable a diverse range of local community groups to initiate and implement projects and activities, • support a greener and healthier Puketapapa through sustainability programmes in areas as waste minimisation, ecological protection and restoration <p>EcoWest Festival engages a larger and broader audience with the environmental activities going on in our community. The community benefits include increased knowledge and skills for sustainable living, increased community connections, and raising awareness of opportunities to get involved with caring for our natural environment.</p> <p>Local groups and organisations will be invited and supported to host events for EcoWest Festival to showcase their environmental activities and attract new participants/members/volunteers. The Festival will be widely promoted to attract a broader audience to engage with environmental activities in Puketapapa.</p>

Project details

Project title	2016 Hubbard's Head2Head Walk		
Dates	12/11/2016 - 13/11/2016		
Location	1/507a Great South Road, Papatoetoe, Auckland, 2025		
Summary	<p>Experience a new side of Auckland on this scenic 125km charity walk around the Manukau Harbour. Kicking off in Orua Bay and ending up some 125kms and 24hours later at Huia in the Waitakere Ranges.</p> <p>The route takes in stunning scenery, ambling lanes, steep hills and thigh crunching climbs. Teams of five individuals each walk a relayed 25km section over the walk over the weekend, in an attempt to each raise at least \$1000 for the OKE Charity.</p>		
Requesting grant for	Towards the event delivery cost of the fundraiser 2016 Hubbard's Head2Head Walk; specifically event insurance, promotion, event and traffic management.		
Cost of participation	Team entry is \$250		
Active participants	120	Audience size	50
Promotion	<p>Yes, Details of the event has already been included in 20,000 boxes of Hubbards cereal. We will also have the event mentioned in the local newspaper. OKE will promote the walk through our social media channels and ask that all our supports help spread the word.</p> <p>The intention is to promote the walk through billboard posters around Auckland.</p>		
Local board recognition	We intend on having printed media across Auckland promoting the walk, which will include the local board logo who support the event. As per previous events, will can include the local board logos on the back of the Hi-Vis vests which the walkers have to wear.		
Reason for the project	The original idea was for the Head2Head Walk to be a one off event, back in 2012. Every year since then the event has grown, pulling in teams from all over Auckland and further afield, instilling a great community feel. It also helps to promote areas of the Auckland Super City which people haven't experienced before, especially Awhitu and Huia.		
Community benefit	Since establishing the Head2Head Walk in 2012, the event has raised over \$50,000 and supported many projects around Auckland. The fundraiser now supports OKE and it's invaluable resources it provides to local primary schools, helping kids to develop much needed life skills. The event also promotes the communities around the Manukau Harbour.		
Alignment with local board priorities	<ul style="list-style-type: none"> • support and enable a diverse range of local community groups to initiate and implement projects and activities • foster a more equitable Puketapapa including through building social enterprises and other local economic development opportunities • support a greener and healthier Puketapapa through sustainability programmes in areas as waste minimisation, ecological protection and restoration <p>The Hubbards Head2Head Walk is the only event of its kind in Auckland and is the diamond fundraiser for OKE. The event helps to build a community spirit around the Manukau Harbour, by circumnavigating the entire harbour and</p>		

	<p>bringing together its communities.</p> <p>The fundraiser raises funds to implement our Growing A Future Initiative at primary schools. A percentage of funds raised from the 2016 event, will be donated to community gardens along the route of the walk. It is our intention to support at least one community garden within each local board the #H2HWalk passes through.</p>
