## Demographics

<b>Maori outcomes</b>	Yes. Communicare has a Maori Health Policy where we aim to ensure that Maori feel fully welcome and have a sense of belonging while they are our guests, so our own services need to be responsive to the needs of Maori people. Our services need to be considerate of Maori custodianship regarding their rites/rights, needs and interests. Wherever possible we aim to create an environment which ensures the wairua (spiritual), hinengaro (psychological) and tiana (physical) wellbeing of the tangata mauiui and their Whanau.
<b>Accessible to disabled</b>	Yes. All of our venues cater for wheelchair and walker access- we are conscious of mobility, mental and emotional challengers for all members with disability. These can range from mental health through to physical disability, including early stages of dementia and those recovering from disease and illness such as stroke. We also have to be aware of diet requirements and do not cater to any extreme toileting or late stages of dementia due to health and safety.
